Investment AND Railroad Intelligence.

RAILROAD EARNINGS.

The following table shows the gross earnings of every STEAM railroad from which regular weekly or monthly returns can be obtained. The first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for the period from January 1 to and including such latest week or month.

The returns of the street railways are brought together separately on a subsequent page.

ROADS.	Latest Gross Earnings.			Jan. 1 to Latest Date

a These figures include results on leased lines. b Includes earnings from ferries, etc., not given separately. c Includes Des Moines & Kansas City for all periods. d Includes operations of the Chic. Burlington & Northern in both years. e Includes results on A. T. & S. Fe, Gulf Col. & S. Fe, N. Fe Pacific and Atlantic & Pacific and So. Cal. Ry. f Includes the Pacific system, the Atlantic properties and the Houston & Texas Central system. g Beginning July, earnings of Memphis Division and Middlesborough & Aiken branches are included for both years.

h Results on Kansas City & Independence Air Line are not included for either year.

i Includes Chesapeake & Ohio Southwestern for both years, but Ohio Valley and Chicago & Texas for 1898 only. Results on Yazoo Branch excluded after July 1 1898.

k In Mexican currency.

l Covers results of lines directly operated east of Pittsburg.

Latest Gross Earnings by Weeks.—The latest weekly earnings in the foregoing are separately summed up as follows:

For the fourth week of September our preliminary statement covers 63 roads, and shows 6·84 per cent increase in the aggregate over the same week last year.

Net increase 7·21 p. c.	.....	.....	628,219	....

For the month of September 78 roads (all that have furnished statements for the full month as yet) show aggregate results as follows:

Month of September.	1898.	1897.	Increase.	Per Cent.
	$	$	$	
Gross earnings (78 roads)	35,825,157	33,977,955	1,847,202	5·44

It will be seen that there is a gain on the roads reporting in the amount of $1,847,202, or 5·44 per cent.

Net Earnings Monthly to Latest Dates.—The table following shows the gross and net earnings of STEAM railroads reported this week. A full detailed statement, including all roads from which monthly returns can be obtained, is given once a month in these columns, and the latest statement of this kind will be found in the CHRONICLE of September 24, 1898. The next will appear in the issue of October 29, 1898.

a Net earnings here given are after deducting taxes.
b Net earnings here given are before deducting taxes.
c Deducting other expenditures for repairs, replacements and general expenses, net income applicable to interest on bonds in August was $110,[illegible]8[illegible], against $[illegible]19,243 last year, and for January 1 to August 31 $757,729, against $994,144. This is the result in Mexican dollars treated (according to the company's method of keeping its accounts) as equivalent to 80 cents in United States money—that is, depreciation beyond 20 per cent has already been allowed for.
* Corrected statement furnished by company.

Interest Charges and Surplus.—The following roads in addition to their gross and net earnings given in the foregoing, also report charges for interest, &c., with the surplus or deficit above or below those charges.

STREET RAILWAYS AND TRACTION COMPANIES

The following table shows the *gross* earnings for the latest period of all STREET railways from which we are able to obtain weekly or monthly returns. The arrangement of the table is the same as that for the steam roads—that is, the first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings or the calendar year from January 1 to and including such latest week or month.

Street Railway Net Earnings.—The following table gives the returns of STREET railway gross and net earnings received this week. In reporting these net earnings for the street railways, we adopt the same plan as that for the steam roads—that is, we print each week all the returns received that week, but once a month (on the third or the fourth Saturday) we bring together all the roads furnishing returns, and the latest statement of this kind will be found in the CHRONICLE of September 24, 1898. The next will appear in the issue of October 22, 1898.

Roads.	—Gross Earnings.— 1898.	1897.	—Net Earnings.— 1898.	1897

ANNUAL REPORTS.

Annual Reports.—The usual index is omitted this week but that published in the CHRONICLE of Sept. 24 covers all reports published to Sept. 17, inclusive.

Union Pacific Railroad.

(Report for Six Months ending June 30, 1898.)

The first report of this company appeared this week and will be printed in the next issue of the CHRONICLE. The income account, as given in the report, has already been published and will be found on page 631 of the issue for Sept. 24, 1898.—V. 67, p. 631, 635.

Louisville & Nashville Railroad.

(Report for the year ending June 30, 1898.)

The annual report of the Board of Directors (Mr. August Belmont, Chairman, and Mr. M. H. Smith, President), will be found in full on pages 738 to 746 of the CHRONICLE, with many valuable tables.

The statistics for four years have been fully compiled for the CHRONICLE as below:

—V. 67, p. 222

New York New Haven & Hartford RR. Company.

(Report for the year ending June 30, 1898.)

President Charles P. Clark says in substance:

No Floating Debt, Etc.—There is no floating debt, and no charge to construction except for purchases of real estate, amounting to $153,951. The charges made to operating expenses to meet general depreciation aggregate $1,146,816 viz.:

Three hundred 30 ton coal cars, $165,234; ten freight locomotives, $114,142; payments on account of two tugs and cost of one car float, $103,839; power station, Stamford, $75,101; power station, Hoosic, $41,011; electric equipment New Canaan and New Britain branches, $27,713; new second track, New Britain branch, $31,000; Dedham & Hyde Park improvements, $152,938, etc., etc.

Merger.—The Housatonic RR., extending from Bridgeport to the Massachusetts State line, and branches, 90 miles, has been merged as per certificate filed March 29, 1898. Its mortgage debt of $3,000,000 became an obligation of this company, and its cost of improvements became part of our own construction account. On July 9, 1898, the Shepaug Litchfield & Northern RR. Co., 35·61 miles, was merged, making the sixth road merged under the Act approved June 14, 1899.

On the first day of July this company assumed direct management of the New England RR., the Shepaug Litchfield & Northern RR., and also of the Norwich & New York Transportation Co., the Old Colony Steamboat Co. and the Providence & Stonington Steamship Co. The earnings of these properties will hereafter be included in our returns. On the basis of last year our earnings will aggregate $40,000,000.

New England RR. Lease.—Agreeably with the circular of May 10th, a lease of the New England RR. was unanimously approved by the stockholders, and took effect on July 1, 1898.

Stock Sept. 1, 1898.—The capital stock on the 30th day of June was 476,832 shares, an increase of 210 shares. To Sept. 1st there had been issued, pursuant to the agreement touching the New England RR., 14,831 shares of New Haven stock in exchange for 66,855 shares of the common and 14,707 shares of New Haven stock for 29,414 shares of the preferred stock of the New England Co., which, together with the shares owned by this company, left outstanding only 12,811 shares of common and 5,571 shares of preferred. As a result, on Sept. 1, 1898, there were 8,503 shareholders of this company (an average holding of less than sixty shares) and a capital stock of $50,437,000. Of the total shareholders 3,280 are males, 3 849 females, 264 are partnerships, hospitals, libraries, life and other insurance companies, and savings banks, and 1,115 are trustees and guardians. Geographically they are distributed as follows: Massachusetts, 8,845, holding $16,-317,900; Connecticut, 2,6 4, $12,363,00 ; New York, 1,455, $17,257,700; Rhode Island, 488, $3,388,400; other, $2,110,000.

Union Station of Boston Terminal Co.—Nearly Completed.—The new union station in Boston, erected by the Boston Terminal Co., is fast approaching completion, and the work of extending the tracks of the Boston & Providence RR. to a connection therewith, and the incidental construction of a new passenger station at Dartmouth Street, in Boston, is progressing favorably. The construction of four tracks through the city of Bridgeport has been delayed by the causes mentioned in the last general statement.

Electric Lines.—Since June 30th the use of electricity has been extended on the Plymouth division from East Weymouth to Braintree, 4½ miles, and on the Highland division from New Britain to Bristol, 9 miles, by the third rail; and on the New Canaan branch, 8 miles, by overhead trolley. Arrangements have also been made to operate the line from Providence to Bristol and Fall River, 21 miles, by overhead trolley as soon as practicable.

Reduction of Rates.—The tendency to reduction of freight rates appears by the general statement. At the rates of 1889 our freight earnings of 1898 would have been nearly three millions of dollars greater.

Statistics.—The statistics of operations, earnings, etc., were:

Toledo & Ohio Central Railway Company.

(Report for the year ending June 30, 1898.)

President Stevenson Burke says in substance:

General Results.—A small increase in the gross earnings and a small reduction in the operating expenses have produced an increase in the net earnings of $68,214. This increase, although small, is gratifying, in view of the difficulties encountered during the past year. There was nearly three months of practical suspension of coal mining in Ohio, caused by the miners' strike, which very greatly affected both our gross and net earnings. Notwithstanding the reduction in operating expenses the equipment and line have been fully maintained. The company several years ago ceased to keep any construction account. The increase in earnings since the close of the fiscal year gives promise of much better earnings for the current year.

Kanawha & Michigan.—The gross earnings of the Kanawha & Michigan have increased from $479,488 to $558,842, and the net income from $119,335 in 1897 to $152,442, the net result being that the company has met all its fixed liabilities and has a net balance of $14,294, and this after charging up to interest account, which accrued in previous years, $17,789, showing that the actual net earnings of that line during the past year were about $30,000 over all its fixed charges. The line of this railway has been very much improved by ballasting, filling trestles and otherwise during the year, and should not only be self-supporting in the future but should bring fair revenue on the investment of your company in its stock, as well as greatly add to the earnings of your line.

Statistics.—The operations, earnings, expenses and charges for four years were as follows:

Chicago Indianapolis & Louisville Ry.

(Report for the year ending June 30, 1898.)

President Samuel Thomas says in substance:

General Results.—The results for the year as given are highly satisfactory, the earnings exceeding those of any year, with the exception of the World's Fair year. The surplus over fixed charges is $89,129. This is the result after charging to operating expenses $20,500 each month for the replacement account, or $13,100 more than formerly.

Guaranties.—Recognizing the importance of the stone business along the line of your road, your directors have guaranteed the payment of the principal and interest of the entire issue of the first mortgage gold bonds of the Perry, Mathews, Buskirk Stone Co., amounting to $250,000, in consideration of receiving a majority of the stock.

At the annual meeting of the stockholders to be held on the 21st inst., it is proposed to submit a proposition for the guaranty of the bonds of the Indiana Stone RR. Co. Said railroad will leave our line near Clear Creek Station and connect again near Harrodsburg, forming a cut-off ten miles in length, the maximum grade of which will be thirty feet to a mile. The present grade between these points is eighty-eight feet, over which we can haul fifteen loaded cars with our big engines. On the new line, with the same engines, we can haul thirty eight loaded cars. This road will open up a new stone district and add materially to our business.

Arrangements are now being made to control the business of the Consolidated Stone Co., which owns valuable stone properties in Lawrence and Monroe counties, Indiana.

Financial.—An agreement has been entered into for 250 flat cars and 50 stock cars—payments to be made ten per cent cash and balance in sixty notes of $1,839 37 each, due monthly. Under a resolution adopted Sept. 15, 1897, $1,116,250, the remainder of the $5,000,000 preferred stock authorized by the charter, has been sold at the rate of $30 per share and the proceeds, $334,875, have been deposited in the bank.

The accounts have been examined by the Audit Company.

Physical Condition.—The following data are given:

There was purchased during the year 3,357 tons of 75-lb. per yard steel rail. The main track is all laid with steel rail as follows: 75 lb. 119 miles; 67-lb. 159 miles; 60-lb. 112 miles; 56-lb. 59 miles; 52-lb., 59 miles. Total, 509 miles. Cross-ties placed in track during the year, 252,034 first-class and 40,853 second class. During the year 95 miles of track were ballasted with gravel at a cost of $52,068. The ballasted track includes: Ballasted with earth, 155 miles; cinders, 37 miles; gravel, 284 miles; stone, 53 miles. Total, 509 miles.

On June 30, 1898, there were on hand 83 engines, of which 57 were in good condition; 14 fair condition; 12 in bad condition.

The plan of reducing grades between State line and Monon, commenced last year, has been continued and will be completed by Sept. 30. The reduction in grades and improvement in equipment has enabled us to increase our tonnage per train from 209·91 to 230·07.

Statistics.—The operations, earnings, &c., for four years have been compiled for the CHRONICLE as below:

Oregon Short Line Railroad Co.

(Report for the period from March 16, 1897, to June 30, 1898.)

The company came into possession on March 16, 1897, and this, the first report, covers operations from that date to June 30, 1898. President Samuel Carr says in part:

General Results.—For the first full fiscal year ending June 30, 1898, the company earned its full interest obligations on its income A and income B bonds; viz., 5 per cent on the income A bonds and 3 per cent on the income B bonds. The reorganization committee has furnished this company with funds for the making of necessary improvements, and especially for a large amount of new 70-pound rails, in addition to which there has been expended and charged to operating expenses a larger amount than it is estimated would ordinarily be required for renewals during a corresponding period.

Oregon Railroad & Navigation Company Stock.—This company owns $976,900 in the preferred capital stock of the Oregon RR & Navigation Co. Fee from all incumbrance, upon which it has received dividends to the amount of $39,074, and also owns $16,231,400 of the common capital stock of that company subject only to the lien of the income B bonds.

Coal Industry.—There are now in course of development extensive bituminous coal mines at Diamondville and Kemmerer, Wyoming, on the line of your railroad, which have furnished a large and profitable coal traffic for the company. The coal is of great volume and of superior quality, and the enterprise promises to be one of the most important in the West. The opening of these mines has reduced the average cost per ton for coal consumed by your company during the year to $1 29, in comparison with $1 84 for the year 1896-97.

Extension to Ploche.—Western capitalists, with the co-operation of this company, have recently made arrangements for the construction of a line of road from Milford, Utah, for a distance of about 80 miles southwest towards Ploche, which, it is anticipated, will prove a valuable feeder to this company.

Settlements.—Arrangements have been made for securing to this company the property of the Boise City Railway & Terminal Co. and for the settlement of the old disputes with the Union Pacific Ry. Co.

Earnings, etc.—The operations, earnings and balance sheet are as below:

St. Paul & Duluth Railroad.

(Report for the year ending June 30, 1898.)

President R. Somers Hayes says in part:

General results.—Freight earnings were increased both by greater tonnage carried and better rates received. The large increase in expenses of maintenance of way is due to heavy storms and floods, necessitating repairs costing $26,023, and amount of new steel rails charged for replacement.

Equipment.—Contract has been made under the equipment trust plan for 200 sixty-thousand-pound-capacity box cars, which are necessary for the traffic. The automatic couplers and air-brakes are being placed upon the freight equipment, and it is expected this work will be completed in time to comply with the law; the cost is now charged to "construction, improvement and betterment account."

Maintenance.—During the year 15 miles of steel rails were laid on main track, and 7¼ miles of old iron rails replaced on branches by old steel rails from main line. 114,222 crossties were placed in track, and the store houses in Duluth received more than average repairs.

New mortgage.—Stockholders representing more than two-thirds of the preferred stock and one-half of the common stock voted at the meeting on April 14, 1898, in favor of the issuance of $5,000,000 first mortgage consolidated bonds to be used for the purposes stated in the circular of Feb. 1, 1898, and in accordance with this authority a mortgage for this amount has been executed to the Guarantee Trust Co., of New York, trustee, the bonds bearing rate of interest of 4 per cent, and to run for a period of seventy years from the first day of June, 1898. No sale of any of these bonds, however, has yet been made. At this meeting it was decided also that articles of consolidation of the branch lines upon the basis proposed be submitted to the stockholders for final approval at the next annual meeting of the company, and due notice has been given that such action will then be taken.

Statistics.—The operations, etc., have been as below:

Union Traction Company of Philadelphia.

(Report for the fiscal year ending June 30, 1898.)

The annual report is signed by President John Lowber Welsh, who resigned this week. It says in substance:

Increased Profit.—The result of the year's business is a profit of $24,620, as against a loss last year of $851,935. This has been accomplished by a substantial gain in gross receipts and strict economy in every department.

Hestonville Mantua & Fairmount.—On Jan. 1, 1898, the Hestonville Mantua & Fairmount Passenger RR. was leased at an annual rental of $3 per share on the preferred stock and $3 per share on the common stock. Your company also purchased 4,780 shares of the preferred stock and 35,294 shares of the common stock of said company at a cost of $2,298,408. To make this payment the above amount was borrowed, and the loan is to be repaid Nov. 15, 1898. To meet this loan, and also for improvements made and being made, an instalment of $5 per share on the capital stock of the Union Traction Co. will be called. [This call was announced last week.—Ed.] The receipts and expenditures of the Hestonville system from Jan. 1, 1898, are included in the statement of this company for the year.

Power House.—The power-house at Thirteenth and Mount Vernon streets, which was seriously crippled by fire on March 3, 1897, has been rebuilt, and is now in thorough working order. The net loss of $68,693 was paid out of the insurance fund.

Extensions.—The following extensions are mentioned:

The tracks of the Chelten Avenue Passenger Ry. are now being extended to connect with the tracks of your company on Old York Road. It is also the intention to extend the tracks of the Twenty-second and Allegheny Avenue Passenger RR., which now stop at Germantown Avenue and Hunting Park Avenue, east on Hunting Park Avenue to connect with the tracks on Old York Road. The Germantown Passenger Ry. is being extended from Hillcrest Avenue to the county line, a distance of about 2,000 feet, making a connection with the Roxborough Chestnut Hill & Norristown Passenger Ry. This will give a through line to Norristown. The tracks of the Thirteenth and Fifteenth Streets Passenger Ry. Co. were extended as far as League Island, and the road opened for travel March 13, 1898.

Tax Decision.—By a decision of the Dauphin County Court your company has been relieved from the payment of tax on Electric & Peoples Traction 4 per cent stock trusts, which was estimates at $105,000 per annum. Up to the present time no appeal has been taken by the State from this decision.

Capital Account.—The balance, as per statement, June 30, 1897, was $562,262, and the receipts during the year were $144,768, making the total available $707,030. This sum has been applied as follows: Advances to leased roads, $116,828; construction work, $252,673 (of which $164,755 for power-house and $25,095 for car equipment); construction work extension, account of leased lines, $139,424; paid for stocks of underlying companies, $103,980; real estate, $31,749; advanced in open account, $267,542; miscellaneous, $1,012; total above disbursements, $903,169. Amount of operating cash used in above payments, $196,139.

Earnings, Etc.—The company's earnings and balance sheet compare as follows:

	1897-98.	1896-97.		Inc. or Dec.
No. passengers carried	238,939,353	228,102,758	I.	10,836,595
Gross earnings	$10,860,542	$10,381,015	I.	$479,527
Operating expenses	4,456,375	4,949,850	D.	493,475
Net earnings	$6,404,167	$5,431,164	I.	$973,002
Other income, interest, etc.	110,895	99,630	I.	11,264
Total net income	$6,515,062	$5,530,795	I.	$984,266

			Profit and loss	51,302	.....
Total	$12,741,217	$9,499,676	Total	$12,741,217	$9,49 ,676

The $1,321,748 "open accounts leased lines" do not carry interest and are due only upon termination of the leases. —V. 67, p. 635.

New York & Queens County Railway.

(Report for the year ending June 30, 1898.)

Below is an official statement of the operations of the New York & Queens County Railway Co. compiled for the CHRONICLE in comparison with the figures reported for previous years by its predecessor, the Steinway Railway:

	—N. Y. & Q. Co. Ry.— 1897-8.	1896-7.	—Steinway Ry.— 1895-6.	1894-5.
	$	$	$	$
Gross earnings	488,919	404,439	331,745	233,354
Operating expenses	251,277	232,407	194,912	139,556
Net earnings	157,642	172,051	136,833	93,798
Other income	28,408	69,543	27,125	13,388
Total net income	186, 80	241,594	163,958	107,186
Deduct—				
Taxes	254,841	15,947	12,708	95,370
Interest on bonds		200,000	99,561	
Balance, surplus	df.68,365	25,649	51,689	11,816

Miscellaneous	354,019		
Total assets	$18,951,384	Total liabilities	$18,951,384

above stock the treasury held $2,629,070.—V. 67, p. 635.

GENERAL INVESTMENT NEWS.

Reorganizations, Etc.—*Defaults, Reorganization Plans, Etc.*—The usual index is omitted this week, but that covering the items published to Sept. 17, inclusive, will be found in the CHRONICLE of September 24.

Alabama Steel & Ship Building Co.—Tennessee Coal Iron & RR.—*Mortgage Filed.*—The Alabama Steel & Ship Building Co. has filed its mortgage for $1,1 0,000 to the Manhattan Trust Co. as Trustee.—V. 67, p. 127.

Allegheny & Western Ry.—Buffalo Rochester & Pittsburg Ry.—*Official Statement.*—Adrian Iselin Jr., Vice President of the Buffalo Rochester & Pittsburg, writes us as follows as to the new A. & W. line:

There is no truth in the report that the construction of the line has ceased; on the contrary, it is being actively prosecuted, and there is every prospect of the line being open for business in the spring of 1899. It has however, been decided only to build to Butler, a distance of about 60 miles from Punxsutawney. From Butler to New Castle the Pittsburg & Western Railway will be used under a trackage arrangement. The mortgage has not yet been created, and will not be until the proceeds of $2,0 0,000 of stock at par has been first expended, which will probably not be until the end of the year. On Oct. 11 the amount paid in on the stock will be $1,200,000.—V. 67, p. 423,432, 72.

American Cotton Oil Co.—*Preliminary Report.*—A preliminary report to the directors indicates, it is stated that the complete returns for the fiscal year ending Aug 31, 1898, will show net profits of $700 000 for the common stock, as compared with $103.00 in the previous year. The directors will decide Nov. 1 on disposition of profits.—V. 65, p. 975, 9-38

American Screw Co.—*Sale of Foreign Plants Authorized.*—The stockholders, at a meeting on Sept. 29, voted unanimously to sell the foreign properties of the company, viz: The British Screw Co., Limited, of Leeds, England, and the Canada Screw Co., Limited, of Dundas, Ontario. The action was taken without knowledge of the purchaser or the price to be received for the English company, on the assurance that the sale was satisfactory to the Board of Directors. The last annual report intimated that some such action was desirable.—V. 66, p. 382.

American Type Founders' Co.—*Official Statement.*—The following official statement is made regarding the resumption of dividends announced last week:

The company has had the most successful year since its organization, its net earnings for the fiscal year ended August 31 being over $169 000, after deducting interest, fixed charges and all other expenses. This is at the rate of over 4 per cent upon the entire capital stock of $4,000,000. The company has expended more than $100,000 of its earnings during the past three years in improving its various manufacturing plants, and the manufacturing costs have been reduced to the lowest of any concern in the trade by the improved plants of automatic machinery. Dividends could have been commenced last year, but the management felt that conservatism required the accumulation of a liberal surplus, so that dividends might be maintained when they were resumed. The business of the company has been largely increased during the past year, and it is expected that dividends will be maintained at the rate of not less than 1 per cent quarterly.—V. 67, p. 688.

Boston National Banks.—*Pending Consolidation.*—Kidder, Peabody & Co. are conducting the negotiations for the consolidation of a number of Boston banks. The prices to be given to the shareholders for their stock are about $12 per share above late market values, viz.:

Boston National Bank, $99 25 per share; Columbia National Bank, $98 87½ per share; Hamilton National Bank, $114 per share; Howard National Bank, $97 25 per share; North National Bank, $102 per share; Market National Bank, $77 per share National Eagle Bank, $85 per share; National Bank of North America, $102 25 per share; National Revere Bank, $92 per share.

"The total capital, surplus and undivided profits represented in the book value of these institutions is $10,. 431,500. The total selling price is $8,247,250, but of course the selling price does not apply to all stocks, as many stockholders and possibly some savings banks who have not already voted upon the question will elect to take the proceeds of the receipts in liquidation."

Carolina Central RR.—*Plan Effective.*—The reorganization plan of July last, CHRONICLE of Aug. 6, p. 273, has been declared effective. Jos. S. Stout, Chairman of the bondholders' committee writes us as follows:

"The plan has been declared effective, as two-thirds of each issue of bonds and stock have either signed the agreement or deposited the securities in the Trust Co. Therefore, in the opinion of the committee the plan will succeed and no foreclosure be necessary. As to details the printed plan explains it all, and the new securities may be distributed by the 1st of November."—V. 67, p. 273

Centralia & Chester RR.—*Foreclosure proposed.*—The Farmers' Loan & Trust Co., the trustees under the Centralia & Chester mortgage, have been asked to institute foreclosure proceedings. V. 66, p. 573.

Central RR. of Vermont.—*Reorganization Plan.*—A meeting of the holders of certificates representing the Consolidated RR. of Vermont first mortgage 5s has been called for Oct. 26 at Chipman Hall, Tremont Temple, Boston, to ratify the modified plan referred to last week. Mr. Ezra H. Baker, Chairman of the committee, writes us as follows: "The former plan of reorganization (V. 65, p. 515) agreed upon by the Grand Trunk Railway Co., and accepted by the bondholders, will be carried out, with the modifications noted in the circular. The control of the new property will be in the hands of the Grand Trunk Railway Co. By the terms of the new mortgage, the first mortgage bondholders are to have three members of the board of directors, one of whom shall be a member of the executive committee. The change in the plan has been agreed to by the interests hitherto hostile to our plan of reorganization, and we are assured of their support."

The circular provides for the issue of the following:

Capital stock	$3,000,000
Of which for interest overdue Feb. 1, 1898, on $7,000,000 Consol. RR. of Vt. 1st 5s, viz.: 8 per cent	
To be held by Grand Trunk Railway Co.	560,000 Central
First mortgage 4 per cent 21-year gold bonds, to be dated Aug. 1, 1898, or as near that date as possible. Interest to be guaranteed by the Grand Trunk Railway Co by a traffic contract under which any deficit in earnings in any year will be provided for by the Grand Trunk Railway Co. up to 30 per cent of the gross business interchanged by the Grand Trunk Ry. Co. and the Central Vermont RR. Co. ("The gross business has averaged in the past from $1,200,000 to $1,500,000 yearly and doubtless will be no less in the future") The new mortgage is to cover all the property of the new company, including branches, equipment, lease of the New London Northern RR. Co and also other property not now covered by the first mortgage Total authorized issue to be	$12,000,000
of which in partial exchange for $7,000,000 Consol. RR. of Vt. 1st 5s.	7,000,000
To remain in the treasury, to be issued for improvements and additions only, under proper restrictions	1,000,000
To be used in acquiring branch roads and in settlement of preferred claims, reorganization expenses and other obligations; in the retiring of the equipment bonds and in settlement of the holders of the general mortgage 4 per cent bonds	4,000,000

Exchange of Securities.—Holders of the American Loan & Trust Co certificates and of first mortgage Consolidated RR. of Vermont bonds not deposited are to receive par for their present bonds in the new first mortgage bonds and interest in cash at the rate of 4 per cent per annum from Feb. 1, 1898, to the date of the new bonds. (This interest has already been advanced on May 1 and August 1 to a majority of the certificate holders by the Grand Trunk Railway Co., and will not be paid a second time); they will also receive 8 per cent of the face of their bonds in the capital stock of the new company, representing interest overdue Feb. 1, 1898. The expenses of reorganization will not call for any assessment of the certificate holders.

Of the outstanding $7,0 0,000 first mortgage bonds the Baker committee has on deposit about $5,70 ,00 with the American Loan & Trust Co. Fixed charges under the old plan were reduced from $563 874 to $402,000. Under the new they amount to $440,000. The New London & Northern has also accepted the modified plan.

See also advertisement on another page.—V. 67, p. 689.

Cleveland Akron & Columbus RR.—*Judgment.*—A press despatch from Cleveland on Thursday said that judgments by default have been taken in the United States Circuit Court against the company for nearly $150,000. The judgments were taken on notes given for rolling stock and other material, and were as follows: North Central Wagon Co., $29,391 16; Union Rolling Stock Co. $54 909 90; Scottish Wagon Co., limited, $7,330 29; Bristol & South Wales Wagon Co., limited $54,9 9 90.—V. 65, p. 1170.

Denver Leadville & Gunnison Ry.—Union Pacific Ry.—Henry Budge, Charles A. Peabody, Jr., and Henry de Coppett, the committee for the Un. Pac. 4½% bonds of 1889 secured by pledge of Denver Leadville & Gunnison bonds, have issued a call for a meeting of the bondholders on Oct. 18 to ratify an agreement for the transfer of the property, if acquired at foreclosure, to the reorganization committee of the Union Pacific Denver & Gulf RR. The consideration for the transfer is that each certificate for a deposited Union Pacific 4½ per cent $1,000 bond shall receive (1) $650 in new 4 per cent first mortgage Gulf bonds, bearing interest from Feb. 1, 1899; (2) $300 in trust certificates for new first preferred Gulf stock; and (3) $100 in trust certificates for new second preferred Gulf stock. Scrip will be issued for fractional amounts. The Gulf committee also agrees to pay all the expenses of the Gunnison committee and of the foreclosure. The plan for the reorganization of the Union Pacific Denver & Gulf company is given below.—V. 67, p. 319, 635.

Detroit Mackinac & Marquette RR.—*Interest Payment.*—One per cent will be paid to the registered holders of the land grant bonds on Oct. 12, 1899, for the six months ending Sept. 30, 1899.—V. 66, p. 708.

Edison Electric Illuminating Co. of Brooklyn.—King's County Electric Light & Power.—*Sale of Stock Consummated.*—On Monday the sale of about 91 per cent of the capital stock of the Edison Company to the Kings County Company was effected in pursuance of the plan in CHRONICLE of September 3, page 482. The sale carries with it the control of the Citizens' and Municipal Electric-Lighting Companies and therefore brings under one control substantially all the electric light business in the Borough of Brooklyn. The Kings County Company controls the patents of Nikola Tesla for that borough. Anthony N. Brady, ex-Governor Flower and others are interested in the enterprise. As stated below the New York Gas & Electric Light, Heat & Power Co., with a capital of $25,000,000, was incorporated this week at Albany. The Kings County Electric Light & Power Co. has capital stock of only $2,500,000, and, though only a surmise, it is possible the new corporation may become the controlling power in the Brooklyn consolidation, a consolidation which, as shown on page 482, has a present bonded debt of about $11,150,000. —V. 67, p. 689, 482.

Flint Glass Bottle Companies.—*Consolidation.*—Over twenty companies were represented at a meeting at the Hotel Waldorf on Thursday to discuss plans for the consolidation of the leading flint glass bottle companies of the country. The formation of a New Jersey corporation, with a capital stock of several millions, is suggested. Among those active in the matter are J. H Parks, of Boston, who has effected a number of similar consolidations, and C. H. Beach, President of the American Flint Bottle Manufacturers' Association. Of thirty-four flint bottle manufacturing concerns in the country, twenty-six are reported to have given options.

Galveston La Porte & Houston Ry.—*Re-sold.*—This property was sold under foreclosure on Thursday to L. J. Smith, the only bidder, for $425,000.—V. 67, p. 529.

Hawaiian Commercial & Sugar Co.—*Change of Control.*—A San Francisco syndicate of bankers and brokers has purchased control, and the Spreckels management has been displaced by a board consisting of Edward Pollitz, President, E. M. Walsh, Albert Meyer, R. G. Brown and Charles Sutro. The San Francisco "Chronicle" says: "The new directors own 67,310 shares, which cost them between $1,300,000 and $1,730,000. The price paid, it is stated, ranged from $16 to $35 a share, 30,000 shares having been purchased in the last three weeks at $25@ 27."—V. 67, p. 423.

Kansas City & Northern Connecting RR.—*Listed in Philadelphia.*—The $1,608,000 first mortgage 5s of 1887 ($3,000,000 authorized) have been listed on the Philadelphia Stock Exchange. The company has also outstanding second mortgage incomes, $1,206,000; "floating debt, none."—V. 67, p. 127.

Knickerbocker Ice Co. of Chicago.—*Terms of Preferred Stock.*—An official notice as to the increase in the capital stock noted last week gives the terms of the $3,000,000 preferred stock issue substantially as follows:

The preferred stock is convertible into common stock at the pleasure of the respective holders under such lawful regulations as the board of directors may prescribe, and will be entitled in each fiscal year to a fixed dividend of 6 per cent, payable only out of net earnings, before any dividend for the year is paid or set apart on common stock, such dividend to be cumulative, from year to year, so that any deficit occurring in any year shall be made up as soon as practicable. The preferred stock will not be entitled to dividends, nor to participate in net earnings applicable to dividends, beyond said fixed annual cumulative dividend at 6 per cent.

The shares are $100 each.—V. 67, p. 690

Lake Erie & Western Ry.—*Purpose of New Bonds.*—The company applied to the New York Stock Exchange last week for authority to list $1,000,000 additional second mortgage bonds. President Calvin S. Brice says:

"The bonds are not a new issue, as is understood in some quarters, but part of the original issue of $3,625,000, of which the company has held $1,025,000 in the treasury for several years, where they have drawn interest. The $1,000,000 of bonds have now been sold in part to provide air brakes and automatic couplers under the Inter-State Commerce law and to provide other equipment."

Dividend.—As to the report that the company proposed to reduce the dividend on its preferred stock, the President said:

"There has been no meeting of the directors at which any action on the dividend could have been taken. Any discussion of the subject has been entirely of an informal and private character. One thing is certain, the company will pay its full dividend if it earns it; if it does not earn it, it will not pay it."—V. 67, p. 121.

Litchfield Carrollton & Western.—*Sale Nov. 12.*—The foreclosure sale is set for Nov. 12 at Carlinville, Ill.—V. 67, p. 428.

Metropolitan Street Ry. of Kansas City.—*Trolley in place of Cable.*—A dispatch from Kansas City says the new owners of the property are preparing to have the present cable lines, aggregating 62½ miles of track, equipped with trolley. A Chicago dispatch confirms the report that P. D. Armour and Norman B. Ream have acquired an interest in the property, and states they have "exclusive control."—V. 67, p. 631.

Metropolitan Street Ry. of New York City.—*Electric Service Begun on Sixth Avenue.*—On Oct. 1 the company began operating electric cars over the Sixth Avenue line, between Fifty-ninth Street and Eighth Street.—V. 67, p. 690.

Minnesota Iron — Illinois Steel — Elgin Joliet & Eastern Ry.—Federal Steel.—*Notice to Stockholders.*—The Colonial Trust Co. of New York and the Old Colony Trust Co. of Boston, referring to their notice of Sept. 10, announce that over 90 per cent. of the stock of the Minnesota Iron Co., Illinois Steel Co. and Elgin Joliet & Eastern Railway Co. has been deposited pursuant to the plan for forming the Federal Steel Co., and that further deposits may be made to and including Monday, Oct. 10 (being the date on which the cash payments on deposited stock must also be made), after which date no further deposits will be accepted.—V. 67, p. 578, 689.

Nashville (Tenn.) Street Ry.—*Bonds Called.—Refunding.*—The $149,400 bonds of the McGavock & Mt. Vernon Horse RR. have been called for redemption, and will be paid at par at the First National Bank of Nashville, Tenn., on Oct. 31, interest ceasing that day. An equal amount of 5 per cent bonds of the Nashville Street Railway has been floated, raising the outstanding issue to $633,400.—V. 64, p. 135.

National Linseed Oil.—*Second Suit for Receiver.*—A second suit for a receiver, on the ground of mismanagement, was filed against the company in the United States Court at Chicago by John R. Evans as owner of $150,000 stock

Time Limit Removed.—The New York Committee has removed the limit of time for depositing stock "to such date as may be fixed hereafter by the committee."

Company's Indebtedness.—Thomas L. Greene, of the Audit Company, is examining the company's books, but pending the completion of his investigation the following facts which transpired at the meeting of stockholders in Chicago on Sept. 28, as published in the daily papers, are of interest.

A trial balance of Aug. 1, 1899, was presented, showing:

Current assets.		*Current liabilities.*	
Cash	$27,699	Bills payable	$3,814,790
Stock (mostly pledged)	1,899,480	Accounts payable	613,407
Accounts receivable	2,369,383	Miscellaneous	149,146
Other	11,707		
Total	$1,254,269	Total	$4,577,343
		Balance, deficit	$319,074

The deficit of $319,074 here shown is said to be altogether misleading, "since questions put to the Treasurer brought out the fact that the accounts receivable amounting to $2,369,383 contained an improvement account and another account completely foreign to the item of bills receivable. These foot up upward of $1,100,000" and when deducted from assets leave apparent deficit of about $1,500,000.

Stockholders' Committee.—Regarding the action of the stockholders at the Chicago meeting, we give the following:

A committee from St. Louis, composed of Messrs Edwards, Lee and Lindley, representing 34,000 shares of stock held in Indianapolis, St. Louis and Dubuque, were present. They refused to join in the Central Trust reorganization agreement for the present, stating that they would, before committing themselves, ascertain exactly what was the condition of the company and the value of its property. J. H. Eckles, F. O. Swannell and Ezra Lindley were appointed a committee to devise a plan for the rehabilitation of the company. It was proposed that the stockholders advance $10 a share, or $1,500,000, and take second mortgage bonds, but no conclusive action was taken.

Of the $1,500,000 bonds, $763,000 have been sold, and most of the remainder used as collateral.

The disposition seems to be to effect a change of officers, and, if possible, to place the company on its feet without resorting to a receivership.—V. 67, p. 631.

New England Loan & Trust.—*Death of President.*—The body of President Daniel O. Eshbaugh was found in the Hudson River last Saturday.—V. 67, p. 690.

New Orleans Traction—New Orleans City & Lake RR.—Crescent City RR.—*Reorganization and Consolidation Plan.* The New Orleans City & Lake RR. Co.—or a new company to be formed for that purpose—shall acquire the railway, cars, franchises, etc., of the Crescent City RR., clear of all underlying real estate mortgages, and shall also acquire title to the power house, so that the company shall own in fee all the lines of road, cars, car barns (except such as are unnecessary to the proper operation of the road), shops, franchises and power house now owned by the New Orleans City & Lake RR. Co., the Crescent City RR. Co. and the New Orleans Traction Co. Against this there will be outstanding:

SECURITIES TO BE ISSUED AND ASSUMED.

Power House 6s of 1897, issued by New Orleans Traction Co. and left undisturbed; annual interest charge $8,500, sinking fund $7,500 ..... $143,000

New Orleans City RR. 6s of 1879 (underlying loan N. O. City & Lake) left undisturbed 392,300

New Orleans City & Lake consol. mortgage 5s of 1893, due Jan. 1, 1943, but subject to call at 110, left undisturbed .. 2,539,500

New Orleans City & Lake new general mortgage 45-year gold bonds, to bear 4 per cent interest for five years and 5 per cent thereafter, to be a first mortgage on the lines of railway of the present Crescent City RR. and a lien after the above consol. 5s of 1893 on the present lines of the New Orleans City & Lake RR. They will also be a lien ranking equally with the said consol. 5s on the equity in the power house. Total authorized issue 3,250,000

Of which to exchange for present $3,000,000 Crescent City RR. consol 5s	3,000,000
To be reserved for new property, as from time to time acquired (not in any event exceeding $10),000 at present)	250,000
5 *per cent cumulative preferred stock* to have a preference as to assets as well as for dividends, and the company to have no power to create a new lien without the assent of a majority of the preferred stock. Preferred stock to elect a majority of directors until dividends for five consecutive years have been paid on preferred stock. Total issue	2,500,000
Common stock	5,000,000

Exchange.—The basis of exchange is as follows:

$1,000 *of old bonds or notes and* $100 *of old stock.*	*Amount Outstanding.*	Will receive— *New Bonds.*	*Pref. Stk.*	*Com. Stk.*
N. O. Traction Col. Trust 6s	$1,500,000	....	$1,000	$500 00
Crescent City RR. consol. 5s	3,000,000	$1,000	.....	....
" " minority stock	354,700	.....	.....	100 00
N. O. City & Lake RR., minor. stk	622,900	.....	110	25 00
New Orleans Traction stocks—				
Com. paying assessment of $3	5,000,000	.....	3	32 50
" not paying assessment		.....	.....	10 00
Pref. paying assessment of $6	2,500,000	.....	6	100 00
" not paying assessment		.....	.....	50 00

Position after Reorganization.—The plan shows as follows:

EARNINGS OF ENTIRE SYSTEM.

	Year end. Nov. 30,'96.	*Year end. Nov. 30,'97.*	*Nine mos. end. Sept. 1,'98.*
Gross earnings	$1,334,276	$1,239,216	$1,007,830
Operating expenses	748,547	847,832	622,097
Net, taxes not deducted	$585,727	$391,423	$385,532
Plus power house earnings	.....	.....	25,348
Total net without deduction of taxes			$410,880
New fixed charges for interest and sinking fund ($8,590 for power house bonds) per annum for first five years $290,013 yearly, or for nine months			$217,509
Fixed charges after five years $320,013 yearly, or for nine months			$240,009

—V. 67, p. 690.

New York Gas & Electric Light, Heat & Power Co. of New York City.—*New Company.*—This company, with an authorized capital stock of $25,000,000, has filed a certificate of incorporation at Albany. The directors, with one exception, are lawyers, and all apparently dummies. They are:

Henry J. Hemmens, Frank D. Allen, F. L. Allen, J. F. Yawger, Louis M. King, C. N. Flint and N. W. Smith of New York City.

The purpose of the organization is not made public. The capitalization as at present reported is not large enough to permit the company to absorb all the gas companies of Manhattan borough in fulfilment of the scheme long ago suggested, but an increase of the amount might easily be effected. On the other hand the company is more likely perhaps to be connected with the sale of the capital stock of the Edison Electric Illuminating Co. of Brooklyn to the Kings County Electric Light & Power Co.

New York & New Jersey Telephone.—*New Stock.*—The stockholders will vote Oct. 27th upon a proposition to increase the capital stock from $5,000,000 to $8,000,000, for extensions and improvements. Only about $1,000,000 will be issued in the near future.—V. 66, p. 469.

New York & Harlem RR.—New York Central & Hudson River RR.—*Refunding of Harlem Bonds.*—On Wednesday the stockholders of the New York Central voted almost unanimously in favor of the proposed new contract by which the $420,000 to be saved annually in consequence of the refunding of the Harlem RR. bonds maturing in 1900 was to be shared at the rate of $200,000 for the Harlem and $220,000 for the New York Central. At the meeting of the Harlem stockholders, however, Thomas Hitchcock, as expected, objected to the proposed arrangement, and although a majority of the capital stock was in favor of the agreement, the shareholders agreed to let the questions of law raised go to the courts for settlement.—V. 67, p. 690, 577, 501.

New York National Exchange Bank.—*New Officers.*—Yesterday at a meeting of the board of directors W. H. Albro, H. A. Blyth and John Guth resigned, and were succeeded by Hudson Hoagland, Vice-President National Broadway Bank; James M. Donald, Vice-President Hanover National Bank; Robert H. McCutcheon, Secretary United States Printing Co. D. B. Halstead resigned as President and James Rowland was elected his successor. Mr. Halstead has been an officer of the bank for forty-seven years.

New York & Queens County Ry.—*Default.*—Default occurred October first on the coupons then due of the $2,000,000 first mortgage 5s of 1896. The company has been carrying a large floating debt ($1,207,114 June 30, 1898), and it is claimed the long distance passengers are carried for five cents has made its large business unprofitable. The negotiations for the merger of the Brooklyn roads are understood to have been about concluded, and it is well within the possibilities that this road may be included in the general consolidation believed to be pending. In any case the default is the forerunner, it is said, of thorough reorganization.—V. 67, p. 29.

Northwestern Elevated Ry. of Chicago.—*Bonds.*—*Construction Resumed.*—The stockholders of the Columbia Construction Co. received circulars last week stating that they could subscribe for the bonds of the elevated road at 90 and accrued interest, during the ten days ending Oct. 8. Work was resumed on the structure on Sept. 29. Some of the bonds it is understood have been sold, while the contractors have quite generally agreed to take the company's notes, secured by its bonds as collateral, in payment for the work as it progresses. Early in the year President Londerback said that $6,290,611 had been expended and that $3,500,000 would be required to pay floating debt and to complete the road. The amount now estimated as necessary is somewhat larger, and it is thought the bond issue will probably be limited to $4,500,000 instead of $4,000,000.—V. 66, p. 189.

Philadelphia Reading & New England RR.—*Sold.*—At the foreclosure sale on Thursday the property was purchased for $3,807,000 by Thomas A. Thacher, representing the reorganization committee. The bidding was spirited. Robert A. Meier, of 74 South Broad Street, representing Philadelphia capitalists, bid as high as $3,805,500, and W. W. Kurtz, representing non-assenting bond holders, bid as high as $3,750,000. Reorganization will now be effected under the plan briefly outlined in the INVESTORS' SUPPLEMENT and fully described in the CHRONICLE, V. 66, page 574.—V. 67, p. 75.

Pittsburg Cincinnati Chicago & St. Louis Ry.—*Bonds Called.*—Jeffersonville Madison & Indianapolis RR. first mortgage bonds to a total of $235,000 have been drawn for the sinking fund, and are payable, at 110, at the Farmers' Loan & Trust Co., interest ceasing Nov. 4.—V. 64, p. 756, 762.

Quincy (Ill.) St. Ry.—*Mortgaged for $500,000.*—The company has filed a mortgage for $500,000 to the Portland Trust Co. as trustee. V. 67, p. 372.

Richmond Nicholasville Irvine & Beattyville RR.—*Sold.*—At the foreclosure sale on Thursday Col. Bennett H Young of Louisville, representing, it is said, Ernest Fawke of Liverpool, England, and Magann & Frayer of Canada, purchased the property for $160,000, the upset price.—V. 67, p. 223.

Rockford (Ill.) Traction Co.—*Foreclosure.*—Foreclosure proceedings have been instituted by the Northern Trust Co. of Chicago under the mortgage for $200,000. This action is preparatory to a consolidation of the Traction Company with the Rockford City Ry. Co. V. 67, p. 321.

Royal Trust Co.—Commercial Loan & Trust Co.—*Absorbed.*—The Royal Trust Co. yesterday completed its arrangements for the purchase of the Commercial Company's business. The companies are capitalized at $500,000 each.

Rutgers Fire Insurance Co. of New York.—*Change of Control and Directors.*—The Jameson & Frelinghuysen interests having acquired control of a majority of the stock, the following new board (including nine new names) was elected:

David H McAlpin, David Mahany, Joseph Haight, Jr., Oscar Purdy, James Y. Watkins, Albert Crane, James O. Clark, Henry V. Wagoner, Edward R. Pelton George F. Secor, William H. Gibson, Edwin C. Jameson, Joseph S. Frelinghuysen, George W. Dibble, Charles M. Jameson, Robert Kelly Prentice, Alexander Masterton, Hilary R. Chambers, George W. Quackenbos, William M Cole and Edgar M. Crawford.

The Jameson & Frelinghuysen interests also control the Insurance Company of the State of New York, the Broadway, and the Globe.

Sandusky Mansfield & Newark RR.—Baltimore & Ohio RR.—*Plan Endorsed.*—The Gardiner Protective Committee, representing the Sandusky Mansfield & Newark 7 per cent bonds, has approved and recommended the acceptance of the reorganization plan suggested by the Baltimore & Ohio Advisory Committee. The President and Secretary of the Sandusky Mansfield & Newark also recommend the stockholders of the road to come in under the plan.—V. 67, p. 688.

St. Louis Chicago & St. Paul Ry.—*Receiver.*—At Springfield, Ill., Oct 1. Judge Allen in the United States Circuit Court appointed William H Male of New York receiver of the road, on application of the Mercantile Trust Co. of New York, the mortgage trustee. The receivership is incidental to the foreclosure of the mortgage of 1897 for $1,250,000, interest on which went to default May 1. It is understood the property will be consolidated with the Chicago Peoria & St. Louis, which is controlled in the same interest.—V. 66, p. 135.

Seaboard & Roanoke RR.—*Old Officers Re-elected.*—At Richmond, on Sept. 29, Judge Simonton of the United States Court revoked the order of Oct. 2, 1897, restraining the voting of the company's pooled stock by Louis McLane and Leigh M. Watts, the pooling committee, except so far as the prior order related to about 1,500 shares of stock sold to the Raleigh & Gaston RR. This left the pooling committee free to vote the great bulk of the pooled stock in the interest of the Hoffman management for which the pool was created. Accordingly, at the annual election this week the Hoffman ticket was re elected. Thomas F. Ryan, it is stated, will continue in the Federal courts the fight begun two years ago to secure the election of a new management in his interest. (See V. 63, p. 921; V. 65, p. 635.)—V. 67, p. 579.

Staten Island Rapid Transit Co.—*Notice to Holders of First Mortgage 6s.*—The Investment Company, of 310 Chestnut Street, Philadelphia, referring to the offer of Dick Bros. & Co. quoted last week, requests the deposit of first mortgage 6s of 1913 under an agreement which has been prepared for concerted action "to secure an order of court for the receiver to pay the defaulted interest and to preserve the integrity of the first mortgage as against floating debt or the interests of junior securities." The Investment Company is prepared to advance to the holders of bonds deposited with it under the terms of the agreement the interest due the 1st of October, 1898, and if the litigation should be sufficiently protracted the interest payable April 1, 1899. Bondholders in New York can deliver their bonds to Dick Bros. & Co., bankers, 30 Broad Street, New York, for transmission to Philadelphia.

A committee consisting of J. W. Davis, Chairman, 9 Broad Street; T. Denny, Jr., 62 Cedar Street, and F. J. Lisman, 30

Broad Street, also with a view to protecting the interests of all the bondholders, invites deposits of the bonds with the Guaranty Trust Co., corner Nassau and Cedar streets, New York.—V. 67, p. 691.

Syracuse Rapid Transit Co.—*Loan for Improvements.*—The stockholders have authorized a $1'00,000 second mortgage to provide for improvements. It has been proposed to borrow $200,000 with the new bonds as collateral.—V. 66, p. 385.

Texas & Pacific RR.—*Bonds Called.*—First mortgage bonds, Eastern division, dated May 15, 1875, to the aggregate amount of $438,000 (of the total $3,784,000 outstanding) have been designated by lot for payment, in accordance with the terms of the sinking fund, and will be paid at par and interest on or before March 1, 1899.—V. 67, p. 75.

Third Av. RR. Co. of New York.—*Official Statement.*—*New Stock.*—*Possible Consolidation.*—A statement appeared in some of the daily papers last week to the effect that the company was proposing to consolidate with its branch lines, and that for improvements and other purposes it was likely to increase its capital stock to over $50,000,000. In response to our inquiries, Secretary Alfred Lazarus explains the company's real intentions as follows:

"For the purpose of paying its floating debt incurred in the acquisition of the securities of other street railways, and for changing the motive power of the main line and these acquired lines, it is the policy of the board of directors to issue stock, from time to time, instead of issuing bonds. Two million dollars of stock now in the treasury and long since authorized to be issued is now being issued, and further issues will be made in all probability, from time to time, as additional moneys will be required. The amount required for improvements will not be more than $15,000 00', and the total amount of stock issued in any event will not exceed $35,000,0 0. A consolidation between the present Third Av. and some of its affiliated companies is being considered, and if carried out the additional stock will be that of the consolidated company."

Application was made this week to the New York Stock Exchange to list the $2,000,000 stock now being issued, making the total capital stock outstanding and listed $12,000,000.—V. 67, p. 691.

Tradesmen's National Bank of New York. *Doors Closed.*—The doors of this institution were closed on Monday at the instance of the clearing House Committee, which made a partial examination and reported that it found the capital impaired. The extent of the impairment is uncertain.

Union Depot of Spokane Falls, Wash.—*Foreclosure Sale Nov. 12.*—This property will be sold Nov. 12, under foreclosure of the first mortgage for $473,0 0, the interest on which has long been in default. The upset price is $250,000

Union Pacific Denver & Gulf.—The reorganization plan agreed this week will be found on page 748 of to day's CHRONICLE.

United States Oil Co.—*New Stock.*—The company has issued 10,000 shares of new stock, increasing its total capital to 50,000 shares, of the par value of $25 per share. The new stock was sold to the directors and their friends at a price said to be from $18 to $20 per share. The proceeds are to be used to pay for new properties and to increase production.

Bonds Called.—Bonds to the number of thirty have been drawn, and will be redeemed at par on presentation at the American Loan & Trust Co., Boston.

United States Rubber.—*President Converse of Boston Rubber Co. becomes a Director.*—Hon. E. S. Converse President of the Boston Rubber Shoe Co., was elected a Director on Thursday, at which time it was officially announced that a controlling interest in his company had been acquired.

Dividend.—In view of the payments for the Boston Rubber Co., and for other reasons, the Directors, it is stated, have postponed action on the common stock dividend until January next. The business of the company, it is reported, is exceptionally good. The quarterly dividend of 2 per cent on the preferred stock has been declared, payable Oct. 31 of record Oct. 15, 1898.—V. 67, p. 691.

Union Switch & Signal—National Switch & Signal.—The stockholders of the Union Switch & Signal Co. of Pittsburg, one of the Westinghouse companies, will vote Dec. 13 on a proposition to authorize $500,000 5 per cent gold bonds, and to ratify the purchase of the entire capital stock of the National Switch & Signal Co. A portion of the bonds will be used for the purchase of the National Co., and the remainder for improvements, etc. The National works at Easton, employing some 500 men, it is understood, will be brought to Pittsburg. Both the Union and the National companies own valuable patents for the manufacture of the block signal systems, and have of late operated in harmony. The last annual report of the Union company was in the CHRONICLE of April 16, 1898, page 758.

Wilkesbarre Electric Light.—*Purchased.*—Edward C. Jones, Banker, of 1 Nassau Street, New York, and Abram Nesbitt and E. W. Mulligan, respectively President and Cashier of the Second National Bank of Wilkesbarre, and their associates, have purchased the Wilkesbarre Electric Light Co. of Wilkesbarre, Pa. These are the same parties who recently purchased and consolidated the gas interests of Wilkesbarre. The price paid is not stated, but it is understood to have been large. The capital stock is given as $1'0,000.

Reports and Documents.

LOUISVILLE & NASHVILLE RAILROAD CO.

FORTY-SEVENTH ANNUAL REPORT—FOR THE FISCAL YEAR ENDED JUNE 30, 1898.

To the Stockholders of the Louisville & Nashville Railroad Company:

The Board of Directors of the Louisville & Nashville Railroad Company respectfully submit their report for the fiscal year ended June 30, 1898, as follows:

LENGTH OF ROADS.

The length of roads operated by this Company, and of those in which it is interested, at the close of the fiscal year, June 30, 1898, is as follows:

I.—Owned Absolutely or Through the Ownership of the Entire Capital Stock		2,638·53
II.—Lines over Which This Company Runs Its Trains, the Earnings of Which Accrue to This Company:		
Birmingham Mineral RR.—Blocton to Bloct'n Junction	7·91	
Gurnee Junction to Blocton..	14·41	
		22·32
III.—Operated under Lease, Earnings in Excess of Fixed Charges Accruing to This Company:		
Nashville & Decatur Railroad—Nashville to Decatur..	119·24	
Shelby Railroad—Anchorage to Shelbyville	19·10	
		138·34
IV.—Operated for Account of the South & North Alabama Railroad Company:		
South & North Ala RR.—New Decatur to Montgomery.	182·67	
Wetumpka Branch—Elmore to Wetumpka	6·30	
		188·97
V.—Operated Under Lease for Account of the Following Companies:		
Southern Division Cumberland & Ohio Railroad—Cumberland & Ohio Junction to Greensburg	30·90	
Glasgow Railroad—Glasgow Junction to Glasgow ...	10·50	
Elkton & Guthrie Railroad—Elkton Junct. to Elkton	10·92	
		52·32
VI.—Operated, as Agent, for J. A. Middleton, Receiver, to December 31, 1897.		
Northern Division Cumberland & Ohio Railroad—Shelbyville to Bloomfield		26·72
VII.—Lines in Which This Company Is Interested as Owner of a Majority of the Capital Stock in the Company that Operates the Road.		
Nashville Chattanooga & St. Louis Railway	904·10	
Nashville Florence & Sheffield Railway—		
Columbia to Sheffield	82·13	
West Point Branch—from City to Pinkney	11·78	
Napier Branch—Summertown to Napier	10·92	
Sheffield & Tuscumbia Railroad—Sheffield to Tuscumbia (leased from L. & N. RR. Co.)	2·63	107·46
Henderson Bridge and Connecting Track	10 06	
		1,021·62
VIII.—Lines in Which this Company is Interested as Lessee.		
Georgia Railroad and Dependencies		615·09
IX.—Lines Owned but Not Operated by This Company.		
Paducah & Memphis Division (leased to Nashville Chattanooga & St. Louis Railway)	254 20	
Cecilia Branch, Louisville to Cecilia Junction (leased to Chesapeake Ohio & Southwestern RR. Company at $ 0,000 per annum)	46·00	
Clarksville & Princeton Branch, from Gracey to Princeton (leased to the Ohio Valley Railroad Company at $12 0 9 70 per annum)	20·70	
New and Old Decatur Belt & Terminal Company (from which no earnings accrued)	3·62	
		324·52
Total Mileage		5,028·34

The earnings and expenses in this report are based on an average of 2,988 miles, as shown in Table No. VII. Attention is called to the tables submitted herewith for details of the year's business:

I. Income Account, Fixed Charges, etc.
II. Profit and Loss Account.
III. Balance Sheet, condensed from General Balance Sheet.
IV. General Balance Sheet.
V. Bonded Debt, in Detail.
VI. Securities Owned by the Company.
VII. Gross Earnings, Operating Expenses and Net, by months.
VIII. Gross Earnings, Operating Expenses and Net, summarized.

CAPITAL STOCK.

There has been no change in the Capital Stock this year; the amount is $55,000,000. Included in this amount is $2,200,000 held in the treasury. The additional Increase of $5,000,000, which was authorized November 8, 1893, has not been issued.

BONDED DEBT JUNE 30, 1898.

The bonded debt as per Table No. V., last year's report was		$93,520,060
Bonds Issued—		
Unified Fifty-year Four per cent Gold Bonds	$7,445,000	
Paducah & Memphis Division Fifty-year Four per cent Gold First Mortgage Bonds	4,330,000	
Louisville & Nashville RR Co Five-Twenty Collateral Trust Four per cent Gold Bonds	12,500,000	
Total Bonds Issued		24,275,000
		$117,795,660

Brought forward		$117,795,000
DEDUCT BONDS REDEEMED AND CANCELED—		
General Mortgage Bonds canceled for the sinking fund	$254,000	
Cecilia Branch Bonds canceled for the Sinking Fund	56,000	
Evansville Henderson & Nashville Division Bonds canceled for the Sinking Fund	44,000	
Pensacola & Atlantic RR First Mortgage Bonds canceled for the Sinking Fund	41,000	
Lon. Cin. & Lex. Railway First Mortgage Bonds, Seven per cent, redeemed	10,000	
Consolidated Mortgage Bonds, Seven per cent, redeemed	7,001,000	
Total Bonds redeemed and canceled		7,406,000
Bonded Debt June 30, 1898		$110,389,660
Showing an increase over last year of		$16,869,000

The increase is accounted for as follows:

UNIFIED FIFTY-YEAR FOUR PER CENT GOLD BONDS issued for the following purposes:		
For Louisville Cin. & Lex. First Mort. Bonds redeemed.	$11,000	
For Consolidated Mort. Bonds, Seven per cent, redeemed	6,981,000	
For Bonds redeemed for Sinking Funds	361,000	
For expenditures lining Cumberland Gap Tunnel	92,000	
		$7,445,000
Paducah & Memphis Division Fifty-year Four-per-cent Gold First Mortgage		4,330,000
Louisville & Nashville Railroad Company Five-twenty Collateral Trust Four-per-cent Gold Bonds		12,500,000
Total		$24,275,000
FROM WHICH DEDUCT—		
Bonds redeemed during the year		7,406,000
Increase in Bonded Debt		$16,869,000
The Bonded Indebtedness June 30, 1898, as shown above, is		$110,389,660
FROM WHICH DEDUCT the following Bonds in the Treasury—		
Lebanon & Knoxville Branch Bonds, Six per cent	$1,500,000	
Pensacola & Selma Division Bonds, Six per cent	398,000	
Pensacola & Atlantic Railroad Company Bonds, Six per cent	887,000	
Unified Fifty-year Four per-cent Gold Bonds	2,653,000	
Paducah & Memphis Division Fifty-year Four-per-cent Gold First Mortgage Bonds	330,000	
	$5,768,000	
DEPOSITED WITH UNITED STATES TRUST COMPANY as Collateral for Five-twenty Collateral Trust Gold Bonds—		
Unified Fifty-year Four-per-cent Gold Bonds	$14,000,000	
Paducah & Memphis Division Fifty-year Four-per-cent Gold First Mortgage Bonds	4,000,000	
	18,000,000	
DEPOSITED WITH FARMERS' LOAN & TRUST COMPANY as Collateral for Georgia Railroad Lease—		
Louisville & Nashville, Pensacola & Selma Division First Mortgage Bonds, Six per cent	850,000	
		24,618,000
Leaving the *outstanding* Bonded Debt June 30, 1898		$85,771,660
The outstanding Bonded Debt June 30, 1897, was		80,503,660
Increase in outstanding Bonded Debt		$5,268,000

GENERAL RESULTS.

The general results from operations for the year were:

Gross earnings		$21,996,652 82
Operating expenses, 67·84 per cent		14,921,730 14
Net earnings from traffic, 32·16 p. c		$7,074,922 68
TO WHICH ADD:		
Income from rents, as per statement following	$236,893 12	
Income from investments, as per statement following	353,883 33	
		590,776 45
Total income		$7,665,699 13
FROM WHICH DEDUCT—Charges against income:		
Interest	$4,815,998 14	
Rents	156,594 44	
Taxes	640,249 49	
	$5,612,842 07	
Loss on Georgia Railroad	$162,620 07	
Loss on other roads	12,489 20	
Discount on bonds received for Sinking Fund paym'ts $41,907 50		
Sinking Fund payments for which no bonds are received, charged to this account and credited to profit and loss account 120,100 00		
	162,007 50	
Unfunded discount	26,375 03	
South and North Alabama RR. Co. surplus earnings for year included in gross earnings	56,472 39	
	419,955 19	
		6,032,797 20
Net income for the year		$1,632,901 87

The average length of roads operated was 2,988 miles.

	1897 98.	1896-97.
Gross earnings per mile	$7,361 66	$6,834 22
Operating expenses per mile	4,993 88	4,645 95
Net earnings per mile	$2,367 78	$2,188 27

INCOME FROM RENTS AND FROM INVESTMENTS.

The income from these sources is as follows:

Rent of Cecilia Branch	$60,000 00
" Clarksville & Princeton Division	12,039 70
" Paducah & Memphis Division	154,772 58
" St. Louis property	10,080 84
Income from Nashville Chattanooga & St. Louis Ry. Stock	221,040 00
" Nashville & Decatur RR. Stock	58,260 00
" Henderson Bridge Company Stock	25,050 00
" Sundry Bonds and Stocks	50,513 33
Total	$590,776 45

GROWTH OF TRAFFIC.

The growth of traffic for the past ten years is shown by the following table:
(Cents omitted in "Gross Earnings," "Oper. Expen." and "Net Earns.")

Years.	Aver'ge Miles Operated.	Gross Earnings	Operating Expenses.	Net Earnings	Gross Earn'gs per Mile.	Operat'g Expen's per Mile.	Net Earn'gs per Mile.	P. Ct. of Expen. to Earn'gs.
		$	$	$	$	$	$	
1888-89.	2,161·64	16,592,396	10,326,085	6,273,310	7,679 08	4,776 97	2,902 11	62·21
1889-90.	2,198·25	18,846,003	11,419,092	7,426,911	8,573 19	5,194 63	3,378 56	60·59
1890-91.	2,250·32	19,220,728	12,053,444	7,162,284	8,541 33	5,358 54	3,182 79	62·74

IMPROVEMENT ACCOUNT.

The following expenditures made during the year for equipment, improvements and additions to the several properties, which heretofore were charged to Construction Account, have been charged to Operating Expenses, and are as follows:

Equipment, additional passenger equipment	$35,873 99
Air brakes applied to locomotives	29,976 74
Air brakes applied to freight cars	105,309 62
Automatic couplers applied to freight cars	65,351 50
Reduction of grade	816 98
Right of way	2, 57 00
Real estate	16,076 50
Side tracks, 16 6-10 miles	99,030 36
Tunnels	24,218 28
Bridges	34,664 80
Trestles	874 44
Filling trestles, 4,085 lineal feet	14,997 06
Rails—value of the difference of new steel rails replacing rails of lighter weight	44,020 51
Ballast, 320,688 cubic yards	102,621 62
Buildings	41,398 41
Fencing on line of road, 164 9-10 miles	34,510 62
Fire protection on line of road	1,585 02
Other items	3,266 68
Total	$655,950 13

COST OF ROAD AND EQUIPMENT.

The cost of the road to June 30, 1897, was		$110,483,393 34
To which add the following:		
SOUTHEAST & ST. LOUIS RY.—		
Grading in Yards E. St. Louis	$1,472 23	
New Freight Depot and Tracks East St. Louis	31,181 20	
	$32,653 43	
CUMBERLAND VAL'Y BRANCH—		
Right-of way and changes in connection at Cumb'd Gap	$1,093 75	
Cost of lining Cumberland Gap Tunnel	23,186 22	
	$24,279 97	
Less sales of land	2,400 00	
	21,879 97	
PADUCAH & MEMPHIS DIVISION—		
Cost of Improvements and Betterments	278,871 73	
SHELBY CUT-OFF—		
For Ballast	553 91	
MONTGOMERY & PRATTVILLE RR.—		
Right of way in Elmore County, Ala	45 00	
	$334,004 04	

Brought Forward.		$111,091 01	$110,697,303 94
CREDITS.			
ALABAMA MINERAL RR.—			
Sales of land	$1,649 00		
LOUISVILLE CINCINNATI & LEXINGTON RY.—			
Sales of land	4,050 00		
PENSACOLA & SELMA RR.—			
Sales of land	170 00		
MIDDLESBORO RR.—			
Value of rails and splices removed from track taken up and sundry maintenance of way tools and material	14,522 07		
		20,391 07	
			313,612 97
Total cost to June 30, 1898, as per Table No. IV.			$110,797,006 31

RAILS.

At the close of the fiscal year ended June 30, 1897, there were in track:

Steel rails	2,980·61	
Iron rails	75·54	
	2,063·15	miles
The length of the Main Stem has been increased by the trestle between College Street and Church Street depots, Nashville	·69	miles
Total	2,965·84	miles

Fifteen and 73-100 miles of old steel from main lines was used to replace old iron on branches.

There are in track, therefore, on June 30, 1898:

Steel rails	2,906 03	
Iron rails	59·81	
Total	2,965·84	miles

Two hundred and ninety-three and 48-100 miles of track have been relaid with new steel rails during the year, of which 285·59 miles are of the 70-lb. pattern and 7·89 miles are of the 60-lb. pattern.

INTEREST CHARGES FOR 1898-99.

The interest charges against Income Account are estimated as follows:

Total	$337,000

EQUIPMENT.

The following equipment has been acquired and destroyed during the year:

LOCOMOTIVES—		
On hand July 1, 1897		549
Bought during the year	11	
Acquired from the Morristown & Cumberland Gap RR.	2	
	13	
		562
FROM WHICH DEDUCT—		
Destroyed during the year	14	
Sold	1	
	15	
On hand June 30, 1898		547

There has been charged to Operating Expenses, Locomotive Repairs, the sum of $1,073,001 54, an increase of $119,-917 26 over the previous year. The value of fifteen locomotives destroyed, viz.: $94,000 00, is included in this amount which charge fully perpetuates the Locomotive Equipment for the year. The cost of eleven locomotives bought has been charged to Mobile & Montgomery Railway Company Improvements and Betterments, and the cost of the two locomotives acquired from the Morristown & Cumberland Gap Railroad has been charged to Reserve Fund, Locomotive Account.

PASSENGER EQUIPMENT—		
Cars on hand July 1, 1897		439
Built during the year	13	
		452
FROM WHICH DEDUCT—		
Destroyed during the year		
On hand June 30, 1898		446

There has been charged to Operating Expenses, Passenger Car Repairs, the sum of $310,662 02, a decrease of $6,035 87

from the previous year. The value of the six cars destroyed, viz., $19,250, is included in this amount, which charge fully perpetuates the Passenger Equipment for the year. The cost of the seven additional cars built has been charged to Operating Expenses, Improvement Account, Increased Equipment.

FREIGHT EQUIPMENT—		
Freight cars on hand July 1, 1897		19,660
Bought and built	1 531	
		21,191
FROM WHICH DEDUCT—		
Destroyed during the year	816	
On hand June 30, 1898		20,375

There has been charged to Operating Expenses, Freight Car Repairs, the sum of $1,535,610 67, an increase of $166,806 24 over the previous year. The value of the 816 cars destroyed. viz., $289.805 00, is included in this amount, which charge fully perpetuates the Freight Equipment for the year. Of the cars bought and built, 1,381 cars were charged to Reserve Fund, Freight Car Equipment, and 150 cars have been charged to Mobile & Montgomery Railway Company, Improvements and Betterments.

MAINTENANCE OF EQUIPMENT.

The average cost per mile for repairs to Equipment for the past ten years has been as follows:

	'88-9	'89-90	'90-91	'91-2	'92-3	'93-4	'94-5	'95-6	'96-7	'97-8
Per mile—	Cts.	Cts.	Cts.	Cts.	Cts.	Cts.	Cts.	Cts.	Cts.	Cts.
Locomotive repairs	3·738	4·485	4·482	4·858	4·485	4·353	4·651	4·726	4·812	5·141
Passenger Car repairs	1·217	1·221	1·378	1·331	1·500	0·933	1·245	1·363	1·399	1·378
Freight Car repairs	0·650	0·650	0·661	0·720	0·708	0·646	0·599	0·634	0·531	0·717

AIR BRAKES AND AUTOMATIC COUPLERS.

The cost of applying Air Brakes and Automatic Couplers during the past year has been charged to Operating Expenses, Improvement Account, as follows:

Locomotives—Air Brakes	$29,976 74
Freight Cars— "	105,309 62
Freight Cars—Automatic Couplers	65,351 50
Total	$200,637 86

The Company now has the following equipment provided with Air Brakes and Automatic Couplers:

481	Locomotives	—Air Driver and Train Brakes, complete, or 88·48%
15	"	—Air for Train Brakes; no Driver Brake.
20	"	—Vacuum Driver Brakes; switching service.
10	"	—Steam Driver Brakes; switching service.
18	"	—Hand Brakes.
4,630	Freight cars	—With Air Brakes, or 22·72%.
7,895	"	—With Automatic Couplers, or 38·75%.

For comparison your attention is called to the following tables, showing the number of locomotives, passenger and freight cars on hand for the past ten fiscal years:

LOUISVILLE & NASHVILLE RAILROAD COMPANY.

	1888-9	'89-90	1890-1	1891-2	1892-3	1893-4	1894-5	1895-6	1896-7	1897-8

GENERAL REMARKS.

CONSTRUCTION ACCOUNT.

This account was closed July 1, 1894, since which date the items heretofore charged to this account have been charged to Operating Expenses, under the sub-account—Improvement Account. The details of this account for the year ended June 30, 1893, amounting to $359,050 18, appear at length in this report.

The improvements and betterments upon the Nashville & Decatur Railroad, to be settled for at the expiration of the lease, and which have been charged to "Construction Account, Nashville & Decatur Railroad" during the year, amount to $23,847 50.

SOUTHEAST & ST. LOUIS RAILWAY.

There has been charged to Cost of Road during the past year, for grading, new freight depot and tracks, East St. Louis	$32,653 43
CUMBERLAND VALLEY BRANCH.	
There has been charged to Cost of Road for right-of-way and lining Cumberland Gap Tunnel	21,879 97
PADUCAH & MEMPHIS DIVISION.	
There has been charged to Cost of Road the cost of improvements and betterments	278,871 73
SHELBY CUT-OFF.	
There has been charged to Cost of Road for new ballast	552 91
MONTGOMERY & PRATTVILLE RAILROAD.	
There has been charged to Cost of Road for right-of-way	45 00
Making a total charge to Cost of Road to the above lines	$334,004 04

L. & N. RR. 5-20 COLLATERAL TRUST FOUR PER CENT GOLD BONDS.

April 1, 1898, the Louisville & Nashville Consolidated Mortgage Seven per cent Bonds, amounting to $7,070,000 00, matured. In order to provide for the payment of these bonds, for the cost of the Paducah & Memphis Division and the liquidation of the floating debt of the Company, there have been issued $12,500,000 00 Collateral Trust Five-twenty year Gold Bonds, secured by $14,000,000 00 of Unified Fifty-year Four per cent Gold Mortgage Bonds and $4,000,000 00 Paducah & Memphis Division Fifty-year Four per cent Gold First Mortgage Bonds as collateral.

These bonds have been sold at a satisfactory price and the proceeds have been applied to the payment of $7,001,000 00 Consolidated Mortgage Bonds (leaving still outstanding $69,000 00) and to reimburse the Company for its expenditures for the Paducah & Memphis Division, amounting to $3,623,319 09, and the balance of the proceeds is in cash in the treasury of the Company.

OUTSTANDING BONDED DEBT.

By reference to page 4 it will be seen that the Outstanding Bonded Debt, less bonds of the various issues held in the treasury,

On June 30, 1898, amounted to	$85,771,660 00
On June 30, 1897, it was	80,503,660 00
Showing an increase of	$5,268,000 00

This increase is accounted for as follows:

Bonds issued—		
Unified Fifty-year Four per cent Gold First Mortgage Bonds	$7,445,000 00	
Paducah & Memphis Division Fifty-year Four per cent Gold First Mort. Bonds	4,330,000 00	
Louisville & Nashville RR. Co. 5-20 Collateral Trust Four per cent Gold Bonds	12,500,000 00	
Total issued		$24,275,000 00
From which Deduct—		
Bonds redeemed and canceled	7,406,000 00	
Increase in Bonded Debt		$16,869,000 00
From which Deduct—		
Bonds in the treasury and deposited with trust companies as collateral, being an increase over the previous year of	11,601,000 00	
Net increase in *Outstanding* Bonded Debt		$5,268,000 00

INTEREST ACCOUNT.

By reference to General Results statement it will be seen that the Interest and Rent Account for 1896-97 was		$4,981,993 03
For 1897-98		4,972,592 58
A reduction of		$9,400 45

Heretofore Interest Account has been credited with rent from the Paducah & Memphis Division, amounting to $154,772 58. During the year 1897-98 this amount ($154,772 58) has been credited to Income from Rents. If Interest Account had been credited with this amount during the year just ended, Interest Account would show a reduction of $164,178 03.

INCOME AND PROFIT AND LOSS ACCOUNTS.

Income Account has been charged with the discount on bonds received for the Sinking Fund Payments and for Sinking Fund Payments for which no bonds were received, amounting to $162,007 50; also the annual pro rata discount on bonds sold, amounting to $26,375 03; and the loss on the other roads amounting to $175,100 27, leaving a balance to the credit of Income Account of $1,632,901 87, which has been transferred to the credit of Profit and Loss Account.

The Directors have re valued the assets of the Company, and have charged all losses, accounts and advances considered uncollectible, to the amount of $128 246 65, to Profit and Loss Account. The balance to the credit of Profit and Loss Account June 30, 1898, is $2,846,360 45.

RESERVE FUND.

There has been credited to this account and charged to Profit and Loss the following amounts appropriated out of this year's surplus:

For Couplers and Air-Brakes, to comply with the law passed by Congress for equipping the balance of the Company's rolling-stock	$300,000 00	
For Rolling-stock	500,000 00	
For reduction of grade	248,441 00	
		$1,248,441 00
There was still unexpended from amounts previously appropriated for Rolling-Stock		380,883 00
Making a total appropriation of		$1,629,324 00

The physical and financial condition of the Company is eminently satisfactory. It has upwards of $2,000,000 00 in bank, and is entirely free from floating debt.

The improvement of the physical condition of the Company's property, its rolling-stock, etc., which has been made during the past five years, will relieve the management from further extraordinary expenditures for improvement of the road.

The expenditures for the terminal facilities at Nashville, Tenn., will be represented by bonds secured by a lease of the terminal property jointly to the Nashville Chattanooga & St. Louis Railway and Louisville & Nashville Railroad Company.

It was the understanding with the employes of the Company, at the time that their salaries and wages were reduced, that the same should be restored when the business of the Company warranted it. The reductions were to the extent of twenty per cent on salaries in excess of $4,000 and ten per cent on all salaries and wages less than that amount. Partial restoration has been made as of July 1, 1898, to the extent of one-half of the respective reductions, and assurances given that the remainder will be restored on the 1st of January, 1899.

It may be proper to state that it is proposed to consider surplus hereafter earned over and above operating expenses and fixed charges for each year as a basis for dividends for such year, which dividends will be regulated by the amount so earned for that period, but it is not contemplated to use any of the accumulated surplus of the Company for the payment of dividends.

The Board has to record the death of one of its members, Mr. John D. Taggart died at Louisville, Kentucky, on June 5, 1898. He was elected a Director of the Company on October 1, 1884, and has been Chairman of the Finance Committee at Louisville since October, 1888. The stockholders have lost a watchful and prudent guardian of their interests, and his fellow-directors a judicious adviser and a warm friend.

By order of the Board of Directors.

M. H. SMITH, *President.* AUGUST BELMONT, *Chairman.*

THE AUDIT COMPANY OF NEW YORK.

120 Broadway, Equitable Building.

AUGUST BELMONT, ESQ., *Chairman of the Board of Directors:*

LOUISVILLE & NASHVILLE RAILROAD COMPANY, 120 Broadway, New York City.

DEAR SIR: We have made an audit of the books and accounts of the Louisville & Nashville Railroad Company for the fiscal year ending June 30, 1898, and, in accordance therewith certify that the attached statements of Income Account, Profit and Loss Account, and the General Balance Sheet, are true exhibits of the earnings and expenses of the Company for the said fiscal year, and of its condition as of June 30, 1898, as shown by said books and accounts.

THE AUDIT COMPANY OF NEW YORK,
THOMAS L. GREENE, *Manager.*

Attest: EDWARD T. PERINE, *Secretary.*

NEW YORK, September 28, 1898.

NASHVILLE CHATTANOOGA & ST. LOUIS RAILWAY.

ANNUAL REPORT FOR THE FISCAL YEAR ENDING JUNE 30, 1898.

NASHVILLE, TENN., July 1, 1898.

To the Stockholders:

The Forty-seventh Annual Report of the President and Directors of the Nashville Chattanooga & St. Louis R'y for the fiscal year ending June 30, 1898, is herewith submitted:

MILES OF ROAD OPERATED.

Main Line	320·21
McMinnville	09·54
Fayetteville & Columbia	56·47
Huntsville & Gascden	80·21
Lebanon	20·21
Tracy City	0·73
Sequatchie Valley	63·14
Centreville	05·94
Shelbyville	8·01
West Nashville	0·28
Rome Railroad	18 15
Western & Atlantic Railroad (Leased)	136·82
	904·08
To this should be added:	
Mileage of Memphis & Paducah Division, the operations of which are kept separate	253·74
Also that part of the Middle Tennessee & Alabama RR. which has been rebuilt and is ready for operation	3 ·44
Making the total mileage	1,188 86

Which is located in the following States:

Tennessee	874·84
Alabama	114·48
Georgia	142·25
Kentucky	57·29
	1,188·86

FINANCIAL.

The Bonded Debt as per last report was		$15,397,000 00
There have been redeemed:		
Tracy City Branch Six Per cent Bonds		20,000 00
		$15,377,000 00
First Consoldated Mortgage Five Per Cent Bonds have been issued as follows:		
For the purchase and improvement of the Middle Tennessee & Alabama RR	$575,000 00	
In lieu of Tracy City and Duck River Valley Bonds redeemed	44,000 00	
		619,000 00
Leaving the Bonded Indebtedness this date		$15,996,000 00

GENERAL RESULTS.

GROSS EARNINGS.

Passenger	$1,352,867 32	
Freight	3,919,585 22	
Mails	168,811 06	
Express	69,345 09	
Rents	135,940 20	
		$5,646,548 89

OPERATING EXPENSES.

Maintenance of Way	$753,621 48	
Maintenance of Equipment	438,275 37	
Conducting Transportation	2,294,503 35	
General Expenses	178,425 16	
		3,663,825 36
Net Earnings		$1,982,723 53
Deducting charges against Income:		
Interest	$970,030 00	
Taxes	132,156 83	
Rental—Western & Atlantic Railroad	420,012 00	
		1,522,198 83
Surplus		$460,524 70

From which the usual dividends, amounting to $400,000 have been paid.

COMPARISON.

The following statement shows the operations of the road—905 miles, for the year ending June 30, 1898, as compared with the previous year:

	For Twelve Months —Ending June 30, 1898.— $	$	For Twelve Months —Ending June 30, 1897.— $	$
Gross Earnings	5,646,548 89		5,116,118 44	
Operating Exp.	3,663,825 36		3,204,671 55	
Net Earnings.		1,982,723 53		1,911,446 89
Interest	970,000 00		962,780 00	
Taxes	132,156 83		125,639 75	
Rental Western & Atlantic RR.	420,012 00	1,522,198 83	420,012 00	1,508,431 75
Surplus		460,524 70		403,015 14

The earnings and expenses per mile for the past four years have been;

	1894-95.	1895-96.	1896-97.	1897-98.
Gross Earnings	$5,109 20	$5,625 97	$5,658 77	$6,239 28
Operating Expenses	3,022 57	3,508 15	3,544 60	4,048 42
Net Earnings	$2,086 63	$2,117 82	$2,114 17	$2,190 86

The gross earnings per mile for the past seven years have been:

1891-92	$6,609 00
1892-93	6,333 53
1893-94	5,109 22
1894-95	5,109 20
1895-96	5,625 97
1896-97	5,658 77
1897-98	6,239 28

The proportion of expenses to receipts for the same period was:

	Percent.
1891-92	62·09
1892-93	61·17
1893-94	59·09
1894-95	59·16
1895-96	62·35
1896-97	62·63
1897-98	64·88

The train mileage for the year was:

Passenger	1,429,867
Freight	2,641,881
Mixed	351,089
Construction	131,360
Switching	902,658
Total	5,456,255

The earnings per train mile were:

Freight	$1 58
Passenger	1 00

EQUIPMENT.

ENGINES.

Two new locomotives were purchased, and five condemned and sold, making the total number 166, all of which are in good condition, ninety-eight having been thoroughly overhauled during the year.

The engine mileage was 5,456,255, against 5,074,963 for the preceding year.

The cost per train mile has been:

	Cents.
For repairs	2·04
For engine and roundhouse men	6·08
For water supply	·41
For stores	·68
For fuel	7·35
Total	16·78

CARS.

The passenger equipment consists of:

Passenger coaches	112	
Baggage cars	36	
Postal cars	10	— 158

Freight equipment:

Box cars	2,260
Coal cars	1,146
Flat cars	564
Stock cars	104
Coke cars	206
Ore cars	50
Gravel cars	25
Cabooses	187—4,542

Other cars:

Pay car	1
Wrecking cars	3
Pile driver	1
Cook cars	2
Derrick cars	3
Tool cars	6
Air brake car	1— 17
Grand total	4,717

Two coaches and one baggage car were purchased. Sixty-five coaches and baggage cars received general repairs. One hundred and thirteen freight cars were built; and 2,569 thoroughly repaired. Six hundred and three cars were fitted with air-brakes and automatic couplers, making a total of six hundred and thirty prior to July 1, 1898, leaving 3,912 to be equipped in the next eighteen months in accordance with the United States law in regard to safety appliances, which will cost $312,960.

ROAD DEPARTMENT.

There was laid on the Chattanooga Division 9·92 miles of 68-lb. steel rail; Northwestern Division ·66 miles. 11·62 miles of 56-lb. steel rail was laid on the Northwestern Division between Union City and Hickman, and ·22 miles on the Shelbyville Branch. The old steel taken up was laid on branches and side lines.

ROADWAY.

There were 356,210 cross ties renewed, and 42,859 used in new side tracks, the average cost being 28½ cents; 269 sets of switch ties were used of which 48 were on new side tracks.

There were 6·15 miles of new side track constructed, and 72,665 cubic yards of ballast placed in the track.

The right of way has been secured and grading completed for a cut-off at Hollow Rock, which will make a more direct connection with the Memphis & Paducah Division, and reduce expenses.

Cumberland Mountain tunnel has been enlarged so as to admit of the passage of larger cars.

BRIDGES AND TRESTLES.

The four 50-foot pony truss spans over Overall's Creek and three over Wartraoe Creek have been replaced by plate girders, and six of the old spans have been strengthened and re-erected over Little Sequatchie River on the Jasper Branch. The two 160-foot combination spans over Little Sequatchie River were changed to 120-foot spans and erected over Elk River on the Middle Tennessee & Alabama Railroad. The two 50-foot plate girders over Crow Creek have been completed.

Contracts have been let for replacing six combination spans over Harpeth River on the Northwestern Division, each about 96 feet long.

4,987 lineal feet of trestles have been filled.

BUILDINGS.

The old freight and passenger depots at Rome, Ga., have been torn down and new ones built, and the yard re-arranged. New depots at Gleason and Gardner and a waiting room at East Sparta have been erected.

WESTERN & ATLANTIC RAILROAD.

The operations of the above railroad for the fiscal year ending June 30, 1898, were:

RECEIPTS.

Total tons of freight carried one mile	153,518,345	
Average receipts per ton per mile		·00811

There has been laid 26·41 miles of new 68 lb steel rail and 13,490 yards of stone ballast put in the track. 1·86 miles of new side tracks have been constructed, and the tunnel at Tunnel Hill has been extensively repaired and the track and side walls straightened. New Section houses have been constructed on sections 12, 13 and 19. On Section 7, a four-room house was purchased and two new section houses erected.

MEMPHIS & PADUCAH DIVISION.

The operations of the Memphis & Paducah Division for the fiscal year ending June 30, 1898, not included in the general results, have been:

Gross earnings		$501,391 03
Total expenses	$700,624 80	
Less improvements paid by lessor	278,871 73	— 421,753 07
Net earnings		$139,637 96
Taxes	$ 21,000 00	
Rental	168,379 19	— 189,379 19
Deficit		$ 49,741 23

The revenue derived by the Main Line on business received from and delivered to this division for the fiscal year was $366,963·73.

The equipment consists of:

Locomotives	16
Passenger, baggage and mail cars	15
Freight and other cars	547

A large amount of work has been done in improving this Road. One hundred and six feet of old wooden bridges and 52 feet of oak pile trestle have been replaced with iron; 958 feet of new trestle built; 142,113 lineal feet of cedar piling driven, and 13,003 feet of deck renewed; 7,840 feet of trestles filled; 25·32 miles of new fence built; 33 stock gaps renewed, seven new ones put in and 2·12 miles new side tracks built. New water tanks have been built at Jackson and Yuma; three section houses at Elva; tool house at Wildersville, and one at Murray; 27·76 miles of track have been ballasted.

The total mileage of steel is 118·16 of 60-lb. and 135·56 of 56-lb. rail.

The cost of improvements on this road, amounting to $278,871·73, has been paid by the Louisville & Nashville Railroad Company, the Lessor.

MIDDLE TENNESSEE & ALABAMA RAILROAD.

Under authority of resolutions adopted by the Stockholders at the last annual meeting, your Company has purchased the Middle Tennessee & Alabama Railroad, extending from Shelbyville, Tennessee, to Decatur, Alabama, a distance of 79·10 miles; and that portion of the road from Fayetteville, Tennessee, southwardly, a distance of 30·44 miles, to Jeff, in Madison County, Alabama, has been completed, and is now ready for operation.

STATEMENTS.

The following statements, showing the business of the road in detail, are respectfully submitted herewith. [They will be found in the pamphlet report.]

No. 1—Resources and Liabilities.
No. 2—Amount and Maturity of Mortgage Debt.
No. 3—Statement of Operations.
No. 4—Earnings, Expenses and Net, by Months.
No. 5—Revenue Earned by each Division.
No. 6—Revenue Originating on each Division.
No. 7—Passenger Earnings.
No. 8—Passenger Statistics.
No. 9—Freight Earnings by Months.
No. 10 and 11—Local and Through Freight Earnings.
No. 12—Freight Forwarded.
No. 13—Tonnage Statistics.
No. 14 and 15—Classification of Freight Forwarded and Received.
No. 16—Freight Statistics.
No. 17—Mileage of Cars and Cost of Repairs.

The Board of Directors desire to express their appreciation of the faithful and intelligent services rendered by officers and employes.

J. W. THOMAS, *President.*

On page 732 will be found statistics of operation, earnings and expenses, and comparison of income account and balance sheet.

Union Pacific Denver & Gulf Ry. Co.—Denver Leadville & Gunnison Ry.—*Reorganization Plan.*—Under date of Sept. 29, 1898, the reorganization committee of the Union Pacific Denver & Gulf Ry. Co. has issued a plan of reorganization providing for the retirement of all the securities of that road, and also for the acquisition of the Denver Leadville & Gunnison (336 miles), and for the issuance by a new company owning the combined properties [1,046 miles, exclusive of the 151 miles of the Julesburg branch, under contract to be sold to the Union Pacific RR. Co.] of:

1.	*First mortgage 4 per cent gold bonds*, to be secured by a mortgage and pledge of all property and securities embraced in the reorganization, and also all other property acquired by use of the new bonds. They will bear interest from Feb. 1, 1899, payable semi annually Aug. 1 and Feb. 1, and will mature Feb. 1, 1929 Total	$20,000,000
	Of which in partial exchange for old bonds	14,043,300
	In partial payment for Denver Leadville & Gunnison	1,314,000
	Sold to syndicate for cash requirements	1,250,000
	Offered for sale to depositing stock holders	700,750
	For reorganization expenses and contingencies	341,450
	Residue to be reserved for the acquisition of coal properties and for issue, under proper restrictions, at the rate of not exceeding $400,000 in any one year, for the purpose of future additions, betterments, equipments, etc.	2,250,000
2.	*Non-cumulative 4 per cent first preferred stock*	8,500,000
	Of which in partial exchange for old securities	5,152,300
	In partial payment for Denver Leadville & Gunnison	416,800
	Sold to syndicate for cash requirements	1,030,000
	Offered to depositing stock holders	1,381,400
	Contingencies	7,501
3.	*Non-cumulative 4 per cent second preferred stock*	8,500,000
	Of which in partial exchange for old securities	5,352,300
	In partial payment for Denver Leadville & Gunnison	312,000
	Sold to syndicate for cash requirements	800,000
	Offered to depositing stockholders	1,381,400
	For acquisition of coal properties and contingencies	513,701
4.	*Common stock*	31,000,000
	Offered to depositing stockholders	30,429,982
	For acquisition of coal properties and for contingencies	570,018

Voting Trust.—The plan provides as additional protection to the new bonds that all classes of stock, except shares to qualify directors, are to be vested in these voting trustees: Grenville M. Dodge, Frederic P. Olcott, Harry Walters, Henry Budge and J. Kennedy Tod, and says:

The stock shall be held by the voting trustees for five years, and for such further period, if any, as shall elapse before the first preferred stock shall have received a 4 per cent cash dividend for three consecutive years, although the voting trustees may, in their discretion, deliver the stock at any earlier date. Until delivery of stock the voting trustees will issue certificates of beneficial interest. No additional mortgage shall be put upon the property or the amount of the first preferred stock authorized under this plan be increased, except with the consent in each instance of the holders of a majority of the whole amount of first preferred stock, given at a meeting of the stockholders called for that purpose. During the existance of the voting trust, the voting trustees will not vote on their said first preferred stock for the purposes indicated without the consent of holders of the like amount of that class of beneficial certificates.

The new company may reserve the right at any time to redeem its preferred stock at par, in cash, if allowed by law.

Exchange of Securities.—The basis of exchange is as follows, the old bonds to carry the overdue coupons:

	Amount Issued.	Will receive. 1st M. 4s.	1st pref. Stock.	2d pref. Stock.	Com. Stock.
For each $1,000 bond and $100 stock dep'd.					
U. P. Denver & Gulf Consols	$15,891,000	$800	$300	$300	....
Denver Tex. & Gulf 1st M	1,032,000	800	150	300	....
Denver Tex. & Fort W. 1st M	721,000	800	300	300	....
" Funded int. certificates	81,000	....	....	1,000	....
aColorado Central 1st M	4,788,000	See foot note "a."			
bU. P. Ass 1899 (Den. Lead. & Gun.)	2,306,000	650	200	150	....
U. P. D. & G. / Den. Tex. & F. W. (Stock of paying $10 per share.)	30,429,982	250	5	5	$100

a. The mortgage securing these bonds will be foreclosed, the bonds to receive par and interest in cash.
b. From notice of Denver Leadville & Gunnison committees as above cited.

Cash Requirements.—A syndicate has been formed by Messrs. Haligarten & Co. and J. Kennedy Tod & Co. which agrees to underwrite the stockholders' payments and to purchase $1,250,000 first mortgage bonds; $1,030,000 first pref. stock trust certificates); $800,000 second preferred stock (trust certificates) The cash contributions of stockholders and the amounts to be paid in by the syndicate will aggregate $4,512,998. In addition about $2 653,000 will be available from proceeds of sale of Julesburg branch and of Panhandle RR. (estimated), cash in the hands of the Receiver, Dec. 1, 1898, and in the hands of the trustee of the consolidated mortgage. The total, $7,165,998, is applicable as follows:

For taking up $1,788,000 Colorado Central RR. Co. 1st mortgage 7 per cent bonds, for new machine shops at Denver, air brakes, couplers, equipment and improvements during first fiscal year, additional terminal facilities at Denver, and other purposes of the new company, expenses of the reorganization, including commission to syndicate and franchise and stamp taxes, and for working capital.

Fixed Charges, Etc.—The charges, etc., appear as follows:

	—U. P. Den. & Gulf Ry.—		—D. Lead. & Gun. Ry.—	
Year end. June 30—	1898.	1897.	1898.	1897.
Gross earnings	$3,737,001	$3,223,635	$695,719	$704,398
Operating expenses	2,525,572	*2,225,884	543,413	605,156
Taxes paid	185,306	155,520	44,702	45,447
Betterments	50,021	78,827	7,693	6,239
Net earnings	1,026,102	763,403	89,911	47,556

Average net earnings, both lines, for above years $983,486
Deduct approximate net earnings of Julesburg branch (sold) $170,000, and add miscellaneous income $15,000, net 155,000
Average net earnings of roads included in plan $828,486

Estimated net earnings for year 1897-98—
The receiver estimates that the net earnings of the properties embraced in the reorganization, excluding the Julesburg Branch, for the year 1894 will be at least $1,000,000, and that, with the savings in operation of $50,000 under D. & R. G. contract and of $50,000 through new shops and equipment to be provided by reorganization, the future average net earnings of the properties, under ordinary conditions, may safely be taken as $1,050,000

Fixed charges—
Fixed charges under plan—4 p. c. on $17,500,000 bonds $700,000
Present fixed charges—U. P. D. & G. Ry. Co., $1,217,560; D. L. & G. Ry. Co., $103,860; total 1,321,420

*In these operating expenses there were charged expenditures made for repairing the effects of the disastrous and unprecedented cloudbursts of July 24, 1894, the losses resulting from which the receiver estimates, exceeded $100,000, and without which the average net earnings should have been over $941,753

Right to Participate.—Holders of U. P. D & G. consols deposited who shall not have withdrawn their bonds by Oct. 23 will be bound by the terms of the plan. Those approving the plan should have their certificates stamped as assented. Consols not deposited may come in on or before Oct. 25. Certificates of deposit for Denver Texas & Gulf and Denver Texas & Fort Worth securities, and also securities of those companies not deposited, must be delivered to the Central Trust Co. on or before Oct. 25, 1898, in exchange for new certificates, in order to participate. Depositing stockholders must have their certificates of deposit stamped assented, and holders of stock not deposited must deposit the same, on or before Oct. 25, 1898, and must pay at the depositary in New York, or at its agency in Boston, two equal instalments of $5 each the first on or before Oct. 25, 1898, the second on or before Nov. 28, 1898. Failure to pay either instalment when and as payable will forfeit all rights of purchase.—V. 67, p. 691, 819.

Whitebreast Fuel—Iowa & Illinois Coal Co.—*Receiver.*—At Chicago, on Sept. 30, Judge Showalter of the United States Circuit Court appointed E. A. Potter receiver of both these companies. Mr. Potter is President of the American Trust & Savings Bank of Chicago.—V. 67, p. 691.

—The semi-annual dividend of the Cincinnati Sandusky & Cleveland Railroad Company of three per cent on the preferred stock will be paid Nov. 1, by J. P. Morgan & Co. Transfer books will close Oct. 20, and reopen Nov. 2

—The Empire State Idaho Mining & Developing Company has declared its monthly dividend of one per cent, payable Oct. 15. The net earnings of this company for the four and a-half months since its incorporation are reported to have been a little over $90,000, equivalent to nine per cent on its capital stock.

The Commercial Times.

COMMERCIAL EPITOME.

Friday Night, Oct. 7, 1898.

The warm weather experienced early in the week had a tendency to interrupt business to some extent in seasonable goods. As a rule, however, trade conditions have undergone few important changes. The volume of merchandise moving has continued of fairly large proportions and values in the main have held to a steady to firm basis. High ocean freight rates have continued to have a tendency to hold the export business in breadstuffs in check. This was particularly noticeable during the first half of the week. A feature of the week has been the starting of the expected trade war between the American Sugar Refining Company and independent refiners. Advices received from the Northwest reported an Indian outbreak.

Lard on the spot has been in fairly active demand from refiners. Early in the week there was some pressure to sell, but the close was steadier, with nearly all of the loss recovered, closing at 5·10c. for prime Western and 4·50c. for prime City. Refined lard has had a fairly large sale. The close was steady at 5 40c. for refined for the Continent. Speculation in lard for future delivery has been moderately active. Early in the week prices declined under large receipts of swine, yellow fever reports from the South and aggressive selling by some operators. Subsequently, however, there developed a demand from shorts to cover contracts and most of the loss was recovered. The close was steady.

DAILY CLOSING PRICES OF LARD FUTURES.

	Sat.	Mon.	Tues.	Wed.	Thurs.	Fri.
October delivery.....c.	5·05	5·03	4·97	4·97	5·10	5·07

Pork has had a moderate sale at slightly lower prices, closing at $8 62½@8 87½ for mess. Cutmeats closed steady. Tallow has been unchanged at 3½c. Cotton seed oil has been in moderate demand and steady, closing at 22c. for prime yellow. Butter has been firm for desirable grades. Cheese has held steady. Fresh eggs have been steady.

Brazil grades of coffee have had only a limited distributing sale, and at the close prices were being shaded slightly. The market for invoices has been quiet, and during the latter part of the week the tone was easier owing to primal markets showing more of a disposition to sell coffee, closing at 6¼c. for Rio No. 7. Mild grades have been in increased supply and easier, closing at 8¾c. for good Cucuta. Speculation in the market for contracts has been quiet and prices have declined under liquidating sales by longs and the continued full movement of the crop. Following are final asking prices:

Oct.....5 35c.	Jan.....5·75c.	May.....6·00c.
Nov.....5·45c.	Mar.....5·90c.	June.....6·05c.
Dec.....5·65c.	April.....5·95c.	July.....6·10c.

Raw sugars have been dull, as refiners have been indifferent buyers, and prices have weakened slightly, closing at 4 3-16c. for centrifugal, 96-deg. test, and 3 11-16c. for muscovado 89-deg. test. Refined sugar has been depressed as refiners have been cutting prices. The close was steady at 5c. for granulated. Rice has advanced on crop damage reports. Other groceries have been steady.

Kentucky tobacco has been in fair demand and steady. Sales 235 hhds. Seed leaf tobacco has been less active but steady. Sales for the week were 2,400 cases, including 500 cases, 1897 crop, flat, 13@21½c.; 200 cases, 1897 crop, Onondaga, 11@13c.; 100 cases, 1895-6 crops, New Eng., 30@40c., &c.

Straits tin has been in fairly active demand and prices have advanced in response to stronger foreign advices, closing at 16·60@16·70c. Ingot copper has had only a limited sale, but prices have held fairly steady at 12¼@12½c. for Lake. Lead has been quiet and prices have weakened to 3·90@3·92½c. for domestic. Spelter has been firm but quiet at 4·85c. for domestic. Pig iron has been in fair demand and steady at $9 75@$11 50 for domestic.

Refined petroleum has been advanced, closing at 7·10c. in bbls., 4·60c. in bulk and 7 85c. in cases; naphtha steady at 6·75c. Crude certificates have been firmer, closing at $1 11; credit balances have been advanced to $1 10. Spirits turpentine has been firmer, closing at 32½@33c. Rosins have been quiet but steady at $1·30 for common and good strained. Wool has been dull. Hops have been in fair demand and firm.

COTTON.

Friday Night, October 7, 1898.

The Movement of the Crop, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening the total receipts have reached 346,231 bales, against 318,695 bales last week and 300,265 bales the previous week, making the total receipts since the 1st of Sept., 1898, 1,044,015 bales, against 1,115,668 bales for the same period of 1897, showing a decrease since Sept. 1, 1898, of 71,653 bales.

Speculation in cotton for future delivery has been quiet, but there was a slight advance in prices early in the week. There was a general disinclination shown to sell the market short with prices on the present low basis. The appearance early in the week of a cold wave in the Northwest had a tendency to create more or less talk as to the possibilities of frosts in the cotton belt during the next ten days or fortnight, which would seriously injure the maturing crop. Until this period is past operators, who were otherwise bearish in their views, were disposed to hold aloof; in fact there has been a disposition shown by some shorts to reduce their lines and their buying helped to give a steadier to the situation, particularly as there were comparatively few sellers. Europe was reported as a free buyer of actual cotton early in the week, and this demand served to relieve the pressure of the large movement of the crop. Heavy rains were reported in the cotton belt east of the Mississippi River, and they, too, had a favorable effect upon values. Thursday, however, there developed a weaker tone during the closing hours of 'Change, and much of the improvement was lost. Recent buyers took advantage of the higher prices to realize profits, and there was a moderate amount of selling against purchases at lower prices of cotton at the South. Weather conditions were reported more favorable, and this also had a weakening influence upon values. To-day the market was easier during early 'Change, under limited selling by the Continent. Subsequently, however, this selling had subsided, the market turned steadier and most of the loss was recovered. The close shows prices 2 points lower for the day. Cotton on the spot advanced 1-16c. on Wednesday. To day the market was quiet and easy at 5 7-16c. for middling uplands.

The rates on and off middling, as established Sept. 15, 1898, by the Revision Committee, at which grades other than middling may be delivered on contract, are as follows.

Fair	c. 1 on	Good Ordinary	c. 11/16 off
Middling Fair	3/4 on	Good Middling Tinged	Even
Strict Good Middling	7/16 on	Strict Middling Stained	7/32 off
Good Middling	8/16 on	Middling Stained	7/16 off
Strict Low Middling	8/16 off	Strict Low Mid. Stained	1 off
Low Middling	7/16 off	Low Middling Stained	1 3/4 off
Strict Good Ordinary	3/4 off		

On this basis the official prices for a few of the grades for the past week—Oct. 1 to Oct. 7—would be as follows.

UPLANDS.	Sat.	Mon	Tues	Wed	Th.	Fri.

☞ The imports into Continental ports the past week have been 46,000 bales.

The above figures indicate an *increase* in the cotton in sight to-night of 507,614 bales as compared with the same date of 1897, a loss of 185,923 bales from the corresponding date of 1896 and a decrease of 464,295 bales from 1895.

AT THE INTERIOR TOWNS the movement—that is the receipts for the week and since September 1, the shipments for the week and the stocks to-night, and the same items for the corresponding period of 1897—is set out in detail below.

TOWNS.	Movement to October 7, 1898. Receipts This week.	Since Sept. 1, '98	Ship'ts This week.	Stock Oct. 7.	Movement to October 8, 1897. Receipts This week.	Since Sept. 1, '97.	Ship'ts This week.	Stock Oct. 8.

* Last year's figures are for Columbia, S. C.

The above totals show that the interior stocks have *increased* during the week 73,228 bales, and are to-night 74,448 bales *more* than at the same period last year. The receipts at all the towns have been 54,339 bales *more* than the same week last year and since Sept. 1 they are 33,495 bales *more* than for the same time in 1897.

OVERLAND MOVEMENT FOR THE WEEK AND SINCE SEPT. 1.—We give below a statement showing the overland movement for the week and since Sept. 1, as made up from telegraphic reports received Friday night. The results for the week ending Oct. 7 and since Sept. 1 in the last two years are as follows.

October 7.	1898. Week.	1898. Since Sept. 1.	1897. Week.	1897. Since Sept. 1
Shipped—				
Via St. Louis	13,342	32,562	21,348	42,968
Via Cairo	8,371	19,228	11,120	27,436
Via Parker	.....	.....	528	1,309
Via Rock Island	1,317	2,941	100	800
Via Louisville	1,295	3,711	2,683	4,204
Via Cincinnati	1,119	5,832	1,684	3,680
Via other routes, &c.	1,993	7,330	1,692	4,561
Total gross overland	27,437	71,604	39,155	84,959
Deduct shipments—				
Overland to N. Y., Boston, &c.	3,028	9,775	3,764	10,073
Between interior towns	203	344	351	574
Inland, &c., from South	1,024	4,183	1,579	5,355

Atlanta	4 7/8	Eufaula	4 5/8	Natchez	4 15/16
Charlotte	4 7/8	Little Rock	4 3/4	Raleigh	5
Columbus, Ga.	4 3/4	Montgomery	4 11/16	Shreveport	4 9/16

WEATHER REPORTS BY TELEGRAPH.—Reports to us by telegraph from the South this evening indicate that rain has been quite general the past week, and that at some points the precipitation has been rather heavy. Picking is making good progress, on the whole, but has been interfered with at some points by the wet weather. The storm in Georgia the early part of the week is stated to have done much damage to cotton. The movement of cotton to market has been very free, but has been checked in some sections by the quarantines against yellow fever.

Galveston, Texas.—It has been dry all the week. Average thermometer 82, highest 87, lowest 74. Rainfall for the month of September six inches and seventy-eight hundredths.

Palestine, Texas.—We have had showers on three days of the past week, the precipitation being twenty-eight hundredths of an inch. The thermometer has averaged 83, the highest being 93 and the lowest 68. During the month of September the rainfall reached one inch and ninety-two hundredths.

Huntsville, Texas.—There has been heavy rain on one day of the week, the rainfall reaching four inches. The thermometer has averaged 82, ranging from 70 to 94. Rainfall for September seventy-seven hundredths of an inch.

Dallas, Texas.—It has rained on one day of the week, the precipitation reaching eighty-five hundredths of an inch. The thermometer has ranged from 64 to 97, averaging 81. During the month of September the rainfall was ninety hundredths of an inch.

San Antonio, Texas.—There has been no rain during the week. Minimum temperature 66. During the month of September the rainfall reached one inch and thirty-two hundredths.

Luling, Texas.—We have had rain on one day the past week, to the extent of fourteen hundredths of an inch. The thermometer has averaged 81, the highest being 95 and the lowest 66. Rainfall for the month of September two inches and fifteen hundredths.

Columbia, Texas.—There has been no rain the past week. The thermometer has averaged 80, ranging from 67 to 92. Rainfall for the month of September two inches and sixty-eight hundredths.

Cuero, Texas.—It has rained on two days of the week, to the extent of seventy hundredths of an inch. The thermometer has ranged from 64 to 93, averaging 79. September rainfall two inches and seventy-eight hundredths.

Brenham, Texas.—We have had no rain during the week. Average thermometer 83, highest 95 and lowest 70. During the month of September the rainfall reached one inch and sixty-four hundredths.

Corpus Christi, Texas.—We have had rain on one day during the week, the rainfall being ten hundredths of an inch. The thermometer has averaged 83, the highest being 94 and the lowest 72. During the month of September the rainfall reached two inches and thirty-five hundredths.

Weatherford, Texas.—We have had rain on two days during the week, to the extent of thirty-five hundredths of an inch. The thermometer has ranged from 65 to 95, averaging 80. Rainfall for the month of September one inch and thirty-seven hundredths.

New Orleans, Louisiana.—Rain has fallen on four days of the week to the extent of one inch and eighteen hundredths. Average thermometer 80. September rainfall thirteen inches and ninety hundredths.

Shreveport, Louisiana.—Rain has fallen on three days of the week to the extent of thirty hundredths of an inch. The thermometer has averaged 81, the highest being 93 and the lowest 69. September rainfall five inches and forty-two hundredths.

Columbus, Mississippi.—There has been rain on two days of the week, to the extent of ten hundredths of an inch. The thermometer has averaged 84, ranging from 60 to 100. September rainfall five inches and forty-eight hundredths.

Leland, Mississippi.—It has rained on three days during the week, the rainfall being one inch and eighty-two hundredths. The thermometer has ranged from 65 to 93, averaging 74 3. September rainfall five inches and seventy six hundredths.

Vicksburg, Mississippi.—Conditions are practically unchanged, but wet weather has retarded picking somewhat. The week's rainfall has been eighty-seven hundredths of an inch, on three three days. Average thermometer 86, highest 91 and lowest 70.

Little Rock, Arkansas.—We have had rain on five days of the week, the rainfall being two inches and twelve hundredths. The thermometer has averaged 76, the highest being 90 and the lowest 67. September rainfall ten inches and twenty-five hundredths.

Helena, Arkansas.—Wet weather interferes with picking and damages lint. The weather has been much warmer than last year. There has been rain on four days the past week, the rainfall being two inches and sixty-seven hundredths. The thermometer has averaged 73, ranging from 66 to 85. September rainfall four inches and fifty-nine hundredths.

Memphis, Tennessee.—Local quarantines continue to delay receipts. Picking has been interfered with to some extent by wet weather. There has been rain on three days of the week, the rainfall reaching two inches and seventy-two hundredths, and rain is now falling. The thermometer has ranged from 64·5 to 90, averaging 76 6. During the month of September the rainfall reached five inches and fifty-seven hundredths.

Nashville, Tennessee.—There has been rain the past week to the extent of ninety-five hundredths of an inch. Average thermometer 75, highest 86, lowest 63.

Mobile, Alabama.—Picking is active. We have had rain on two days during the week, to the extent of four inches and forty-four hundredths. The thermometer has averaged 78, the highest being 87 and the lowest 72. During the month of September the rainfall reached sixteen inches and forty hundredths.

Montgomery, Alabama.—The weather has been unseasonably warm. Picking progresses without interruption and quality is improving. We have had showers on five days during the week, the precipitation being one inch and eight hundredths. The thermometer has averaged 80, ranging from 70 to 90. September rainfall one inch and thirteen hundredths.

Selma, Alabama.—We have had rain on five days during the week, to the extent of eighty five hundredths of an inch. The thermometer has ranged from 67 to 93, averaging 81.

Madison, Florida.—We have had rain on three days during the week, the rainfall being two inches and forty hundredths. Average thermometer 81, highest 90 and lowest 71.

Savannah, Georgia. There has been rain on six days during the week, the precipitation reaching three inches and twenty-nine hundredths. The thermometer has averaged 79, ranging from 70 to 89. September rainfall five inches and six hundredths.

Augusta, Georgia.—Rain has fallen on three days of the week, to the extent of one inch and sixty-two hundredths. Heavy storms have greatly damaged the crop. Much cotton was beaten out and at current prices is not worth the expense of saving. The thermometer has ranged from 66 to 89, averaging 78.

Charleston, South Carolina.—We have had rain on five days of the week, the precipitation reaching two inches and fifty-six hundredths. Average thermometer 78, highest 84, lowest 71. Rainfall for the month of September one inch and forty-nine hundredths.

Stateburg, South Carolina.—Picking has been retarded We have had rain on six days the past week—heavy on Monday—the precipitation being two inches and fifty-three hundredths. The thermometer has averaged 77, the highest being 87 and the lowest 64. During the month of September the rainfall reached two inches and fifty-eight hundredths.

Greenwood, South Carolina.—The week's rainfall has been two inches and sixty five hundredths, on three days. The thermometer has averaged 75, ranging from 64 to 83. Rainfall for September four inches and forty-four hundredths.

Wilson, North Carolina.—It has rained on three days of the week, the precipitation reaching sixty hundredths of an inch. The thermometer has ranged from 64 to 86, averaging 78.

The following statement we have also received by telegraph, showing the height of the rivers at the points named at 8 o'clock October 6, 1898, and October 7, 1897.

Jute Butts, Bagging, &c.—During the week under review the market for jute bagging has continued fairly active and the close tonight is at 6¼c. for 1¾ lbs and 6⅝c. for 2 lbs., of standard grade. Car-load lots of standard brands are quoted at 6⅛c. for 1¾ lbs. and 6¼c. for 2 lbs., f. o. b., a New York. Jute butts have been in good demand for parcels to arrive at 1·90c. for paper quality and 1¾c. for mixing. From Messrs. Ira A. Kip & Co.'s circular we learn that the deliveries of jute butts and rejections at New York and Boston during September were 16,653, against 9,392 for the same month last year, and for the nine months the deliveries reached 355,759 bales against 298,783 bales in 1897. The aggregate stock in the hands of importers and speculators at New York and Boston on September 3, was *nil*, against 1,000 bales at the corresponding date on 1897, and the amount afloat for the United States reaches 20,100 bales against 55,111 bales last year.

Sea Island Cotton Movement.—We have received this (Friday) evening by telegraph from the various ports the details of the Sea Island cotton movement for the week The receipts for the week ending to-night (Oct. 6) and since Sept. 1, 1898, the stocks to-night, and the same items for the corresponding periods of 1897, are as follows.

Receipts to Oct. 7.	1898.		1897.		Stock	
	This week.	Since Sept. 1.	This week.	Since Sept. 1.	1898.	1897.

BREADSTUFFS.

FRIDAY, October 7, 1898.

Only a very moderate volume of business has been transacted in the market for wheat flour. Despite the fact that the prices for the grain have advanced to a slightly higher basis, values for flour have been easier, as a few sellers, owing to the apathy shown by buyers, have shown a willingness to make some concessions to effect sales. At the close, however, the market showed a steadier tone at the lower figures ruling. Rye flour has been in light supply and firmly held. Buckwheat flour has been quiet but steady at unchanged prices. Corn meal has continued to meet with a fair sale at steady values.

Speculation in the market for wheat futures has been a limited scale only. During the first half of the week prices weakened slightly under quiet and easier foreign advices, and a continued large movement of the crop in the Northwest. The export business early in the week was only moderately active, the demand being held in check to some extent by the high ocean freights and the fact that buyers were holding back in the hope that the premiums on cash wheat would weaken somewhat. Tuesday, however, there was a more active export demand, the sales here and at outports being reported as amounting close to 1,000,000 bushels despite the fact that ocean freight rates continued high; premiums for cash wheat, however, weakened slightly. The market for futures during the latter part of the week showed a hardening tendency, in response to stronger foreign advices, and a cold wave in the Northwest started buying by some shorts to cover contracts. To-day the market advanced slightly for the nearby deliveries on a demand from shorts to cover contracts, stimulated by a revival of the export demand. The distant deliveries held steady. The close showed prices unchanged to ½c. higher. The spot market was active and higher. The sales to-day for export here and at outports were 792,000 bushels.

Indian corn futures have been quiet, but there has been a fractional advance in prices. The improvement was most pronounced during the latter part of the week. Reports received from some sections of the corn belt stated that the crop was showing a poor yield, and this stimulated some buying for investment account. Foreign advices were firmer and they also had their influence in strengthening values. Business in the spot market was rather quiet early in the week, but at the close exporters were buying with some show of freedom. To-day the market was dull but steady. The spot market was fairly active and firm. The sales to-day for export were 460,000 bushels.

Oats for future delivery have been neglected in the local market. At Chicago prices have advanced on a fairly brisk cash trade, both the home trade and exporters buying with some show of freedom. The advance in other grains during the latter part of the week also stimulated some buying for investment account. The spot market has been fairly active at gradually hardening prices. To-day the market for futures was steady. The spot market was firmer but quiet No sales were reported for export.

THE DRY GOODS TRADE.

NEW YORK, FRIDAY, P. M., Oct. 6, 1898.

Business during the week has been on a quieter scale than for a number of weeks past. The weather has been unseasonably warm and an adverse factor. Yellow fever has been more obstructive in the South, and the fall season in the primary market is drawing to a close. Nevertheless, when compared with the results of the first week in October last year, this week shows a considerable gain in the aggregate volume of sales, which is fair evidence that although distribution by jobbers and retailers may have been checked, it is still of more satisfactory extent than a year ago, and is likely to continue so during the balance of the year. The tone of the market here has not undergone any material change in either cotton or woolen goods. In both, sellers refrain from exercising any marked pressure to move stocks, but in both the market tends more or less in favor of buyers. Print cloths are quotably lower, and their situation is again the subject of consideration by the Fall River manufacturers, who are likely, it is said, to evolve a plan for improvement upon lines entirely different from any previous effort, although concerted curtailment is to be one of its features.

WOOLEN GOODS.—The general condition of the woolen goods market shows little change at the close of the week. It was disturbed early in the week by the failure of the Sawyer and the Plymouth Woolen Mills, concerns held in high standing; but as the cause was ascertained later to be in outside speculation the failure ceased to figure as a market influence. At the same time the persistent conservative action of buyers of men's wear fabrics is causing much embarrassment to manufacturers and some who recently resumed work have announced their intention of shutting down again. In no direction has the spring business been satisfactory. Some lines are reported to have sold their season's production, but they are exceptional, and the prices realized by them comparatively low. The dress goods division is no better than the men's fabrics, and both fall and forward business is unsatisfactory in extent and in price. Overcoatings are quiet, without quotable change, and cloakings inactive. Flannels and blankets dull but steady.

DOMESTIC COTTON GOODS.—The exports of cotton goods from this port for the week ending October 3 were 1,750 packages, valued at $78,895 their destination being to the points specified in the tables below:

NEW YORK TO OCT. 3.	1898.		1897.	
	Week.	Since Jan. 1.	Week.	Since Jan. 1

Total	1,750	272,692	2,480	226,021

* From New England mill points direct.

The value of the New York exports for the year to date has been $8,814,437 in 1898 against $3,211,396 in 1897.

The demand for export in heavy-weight cotton sheetings and drills still continues slow and the mills are running out of orders The home demand does not make amends for this continuing quiet, and prices tend in favor of buyers. Light-weights are quiet and also in buyers' favor. Bleached cottons irregular, but quotations of leading makes unchanged; the demand has been for limited quantities only. Wide sheetings are dull and easy to buy. Cotton flannels quiet and cotton blankets in moderate demand at firm prices. Denims are more inquired after at previous prices. Other coarse, colored cottons quiet, with ready sellers. White goods in fair request for spring, and quilts well sold and firm. Fancy prints are in average request in a regular way, with special business doing in some lines at irregular prices. Indigo blues and mournings are steady, with moderate demand. Other staple lines quiet and easy. Staple ginghams steady. Fine dress styles for spring have sold well at firm prices. Print cloths have declined 1-16c. to 1 15-16c. for regulars, with small sales and a moderate business done in odds on the basis of 2 11-16c. for 38½-inch 64-square 5 15 goods.

FOREIGN DRY GOODS.—The demand for seasonable lines has been light and featureless. For spring there is but slow development, and business in dress goods, men's-wear woolens and worsteds and in cotton and silk fabrics is all backward. Linens are in fair demand.

Importations and Warehouse Withdrawals of Dry Goods.

The importations and warehouse withdrawals of dry goods at this port for the week ending Oct. 6, 1898, and since January 1, 1898, and for the corresponding periods of last year are as follows:

MUNICIPAL BOND SALES IN SEPTEMBER.

Our usual monthly compilation of municipal bond sales shows that during the month of September but $6,145,665 bonds were marketed, which total does not include $1,734,530 of temporary loans reported. These figures present a decided decrease, whether we compare them with the $9,272,691 reported for September of last year or with the exceptionally large total ($25,029,784) for August of the present year.

This decrease is partly due to the fact that during September but few large issues were floated, though also to the smaller number of municipalities issuing bonds, there being of the latter but 145 (emitting 170 separate issues) in September, as against 166 (emitting 214 separate issues) for August. In September 1897 there were 179 municipalities and 230 separate issues.

An important event of the month—one which has attracted much attention among bond dealers and investors generally—was the decision in the suits growing out of the award of the $12,688,992 36 bonds of New York City to the Produce Exchange Trust Company of New York. For reasons explained last month, these bonds were not included in our total of sales for August, but now that all litigation has ceased we place them in the table of additional sales for that month, which, with a few other issues, brings the total up to $25,029,784—an amount which has been but once exceeded.

The principal sales of the month were as follows: Mobile, Ala., $750,000 4½ per cent 40-year water and sewer bonds, awarded to Sperry, Jones & Co., Baltimore, at 100·563; Buffalo, N. Y., $466,003 3½ per cent 5-year tax loan bonds, awarded to Farson, Leach & Co., at 101·773; Great Falls, Mont., $375,000 5 per cent water bonds, sold at auction at 103, and $343,000 4 per cent bonds for various purposes issued by Los Angeles, Cal., and sold to E. D. Shepard & Co., New York, at 105·25. These constitute all the sales of $250,000 or over.

In the following table we give the prices which were paid for September loans to the amount of $5,223,910 issued by 117 municipalities. The aggregate of sales for which no price has been reported is $921,755, and the total bond sales for the month $6,145,665. In the case of each loan reference is made to the page of the CHRONICLE where a full account of the sale is given.

These additional loans will make the total sale (not including temporary loans) as reported for August 1898 amount to $25,029,784.

Houston, Texas.—*Bond Litigation.*—W. J. Hayes & Sons, Cleveland, have entered a suit in the Federal Court, asking for a writ of mandamus to compel the city to complete its contract with the Cleveland firm and deliver to them the $100,000 bonds awarded last August. The city, claiming that W. J. Hayes & Sons had not complied with the terms of purchase, re-awarded the bonds to Rudolph Kleybolte & Co., Cincinnati, on September 18, 1898. It is stated that the case will come up for a hearing late in October. See CHRONICLE, September 17, 1898, and October 1, 1898.

Vermont.—*Legislature Convened.*—On October 5, 1898, the regular biennial session of the State Legislature was convened.

Bond Proposals and Negotiations this week have been as follows:

Alden (Village), N. Y.—*Bond Sale.*—On September 28, 1898, the $18,000 water-works bonds were awarded to Joseph K. Gavin, Buffalo, at 100·715 for a 3·50% bond. Following are the bids:

For 3½ Bonds.	*For 4% Bonds.*
Joseph K. Gavin, Buffalo.....100·715	Jose, Parker & Co., Boston.....103·791
For 3·50% Bonds.	Edw. C. Jones Co., New York.....103·15
R. R. Smith & Co., New York ....100·625	Daniel A. Moran & Co., N. Y.....103·02
Mertron & Sherry, New York.....100·45	Walter Stanton & Co., N. Y.....102·50
Street, Wykes & Co., New York.100·00	Isaac W. Sherrill, Poughkeepsie...102·28
For 4% Bonds.	Lamprecht Bros. Co., Cleve ....101·57
Seymour Bros. & Co., N. Y.....104·49	W. J. Hayes & Sons, Cleveland.104·40

Principal will mature $900 yearly from 1903 to 1922, inclusive. For description of bonds see CHRONICLE of September 24, 1898, p. 654.

Anacortes, Wash.—*Bond Ordinance Repealed.*—According to the Seattle "Post" the City Council of Anacortes has repealed an ordinance passed in 1898, which authorized the issuance of $85,000 of bonds at a "stiff" rate of interest. At the election the vote was overwhelmingly in favor of issuing the bonds, but the placing of them was not so easy, and the bonds were never sold. The action of the present Council was taken to prevent the possibility of the bonds ever being issued.

Annapolis, Md.—*Loan Authorized.*—The Finance Committee has been authorized by the City Council to negotiate a loan of $10,000 at 6% with the Farmers' National Bank, Annapolis, for purposes of street paving and other permanent improvements.

Ashtabula, Ohio—*Bond Offering.*—Proposals will be received until October 10, 1898, for $2,400 6% bonds.

Battle Creek, Mich.—*Bond Sale.*—According to local reports, this place recently sold $10,000 4% sewer bonds to N. W. Harris & Co., Chicago, at 102·69.

Cairo, Ill.—*Warrants Not Yet Sold.*—In reply to our inquiry, Mr. J. S. Rearden, City Comptroller, informs us that the coupon anticipation warrants of the 1900 1901 series yet remain unsold. Mr. Reardon says: "Our Financial Committee seem hard to please and may yet dispose of them to our local banks."

Cambridge, Ohio—*Bond Offering.*—Proposals will be received until 12 M. October 24, 1898, at the office of T. R. Deelm, City Clerk, for $24,480 4½% street-pavement assessment bonds. Securities will be in denomination of $2,448, dated October 1, 1898; interest will be payable annually. Principal will mature $2,448 yearly on October 1 from 1899 to 1908 inclusive. Bonds are issued pursuant to Section 2264, Revised Statutes of Ohio, and of Ordinance No. 208, passed April 18, 1898, and of Ordinance No. 225, passed September 5, 1898.

Chautauqua County (P. O. Sedan), Kansas—*Bonds Refunded.*—This county has refunded $140,000 railroad-aid bonds at 5%. These bonds were voted in 1887 to the D. M. & A. RR., a road intended to be built between Denver and Atlanta, but which never reached either place. See CHRONICLE, July 30, 1898.

Cherry Creek (N. Y.) Union Free School District No. 1—*Bond Sale.*—On October 3, 1898, $7,500 4% 20-year bonds of this district were sold to C. H. White & Co., New York, at 107·42. There were twelve other bids received, ranging from 102·81 up to the price paid. Interest on the securities will be payable semi-annually at the Hanover National Bank, New York City.

Clay, Washington and Webster Districts, Marshall County, W. Va.—*No Prospect of Bond Issue.*—Upon inquiry we learn that no action has been taken looking towards the issuance of the $50,000 5% railroad-aid bonds which were voted last April. County Clerk E. M. Lewis says: "It looks very much as though the whole affair had been a 'bluff' on the part of the railroad company."

Clinton, Mass.—*Bonds Voted.*—Local reports state that the issuance of $3,000 road bonds was recently voted.

Columbia, Mo.—*Bonds Defeated.*—At the election held on September 27, 1898, the proposition to issue $25,000 of sewer bonds was defeated.

Columbus, Ohio—*Bond Sale.*—The $175,000 4% water-works bonds which were authorized last June were recently taken by the Sinking Fund Commissioners. Securities are issued in denomination of $1,000; interest will be payable June 1 and December 1.

Bonds Authorized.—The Finance Committee has been authorized by the City Council, under Ordinance No. 14,253, passed September 26, 1898, to issue $1,500 4% coupon bonds for the improvement of State Street from Sandusky Street to Davis Avenue. Securities will be in denomination of $500, dated Sept. 1, 1898; interest will be payable March 1 and September 1 at the office of the City Treasurer. The Finance Committee has been authorized and empowered to arrange for the issuance and sale of said bonds.

Crystal Springs, Miss.—*Correction.*—In the CHRONICLE last week we reported a bond offering for the city of Crystal Springs, *Minn.* The State should have been *Miss.* and is correctly given below.

Crystal Springs (Town), Miss.—*Bond Offering.*—Proposals will be received until October 15, 1898, by W. C. Wilkinson, Chairman, for $14,000 6% water-works bonds. Interest will be payable annually on July 5, and the principal will mature 20 years from date of issue.

Dalton, Ga.—*Bond Election.*—At the election to be held in November the question of issuing $30,000 sewer and electric-light bonds will be submitted to a vote of the people.

Deer Park (N. Y.) Union Free School District No. 1—*Bond Offering.*—Proposals will be received until October 12, 1898, for $23,000 4% school bonds.

Dorrancetcn (Pa.) School District—*Bond Sale.*—On September 26, 1898, $5,500 5% coupon bonds were awarded as follows:

Bonds Nos. 1 to 7 inclusive to the Second National Bank at par.
Bonds Nos. 8 and 11 to Ellen S. Wallace at 100·50.
Bonds Nos. 9 and 10 to Susan Norris at 100·75.

Securities are in denomination of $500, dated September 26, 1898. Interest will be payable semi-annually and the principal will mature one bond yearly from 1899 to 1909 inclusive.

East Windsor, Mass.—*Loan Authorized.*—At a town meeting held October 4, 1898, the Selectmen were authorized to borrow $10,000 for the general expenses of the town.

Edwards County, Texas—*Bonds Approved.*—On October 3, 1898, the Attorney General approved an issue of $23,000 refunding court-house bonds of this county.

Elmira, N. Y.—*Bond Offering.*—Proposals will be received until 8 P. M. October 10, 1898, by Edgar Denton, Mayor, for $29,000 city funding debt bonds. Securities will be in denomination of $1,000, dated October 1, 1898; interest will be payable semi-annually. Principal will mature $1,000 yearly from 1899 to 1927, inclusive. Bonds are issued pursuant to Section 7 of Chapter 685 of the Laws of 1892 as amended by Chapter 466, Laws of 1893, and by Chapter 54 of the Laws of 1897; they are exempt from all taxation. Each bidder must bid the lowest rate of interest at which bonds will be taken at par value, and may also bid a rate of interest and premium on the bonds bid for.]

Essex County, Va.—*Bond Election.*—At the election to be held on November 8, 1898, the question of issuing $40,000 in aid of the proposed Richmond & Tidewater Electric Railway Co. will be submitted to a vote of the people.

Glenville (Village), Ohio—*Bond Offering.*—Proposals will be received until 12 M. October 26, 1898, at the office of Ira C. Farley, Village Clerk, for $21,000 6% sewer bonds. Securities are in denomination of $500, dated October 1, 1898; interest will be payable semi-annually. Principal will mature $10,500 October 1, 1899, and $10,500 October 1, 1900. Bonds are issued pursuant to Section 2705 of Revised Statutes of Ohio, as amended January 19, 1892, and of an ordinance passed September 23, 1898, authorizing their issue.

Grafton (Town), W. Va.—*Bond Offering.*—Proposals will be received until 12 M. October 20, 1898, by O. G. Augir, Chairman of Finance Committee, for $10,000 5% electric-light bonds. Securities are in denomination of $100, dated

eptember 1, 1898. Interest will be payable annually, on eptember 1, at the Bank of Grafton. Principal will mature eptember 1, 1918, subject to call after Sept. 1, 1908. Bonds re issued pursuant to Chapter 141, Acts of 1872 and 1873, of he State Legislature, and to an ordinance passed by the Town Council and ratified by the voters thereof.

Greensboro, Greene County, Ga.—*Bond Sale.*—On October 3, 1898, the $22,000 6% water works bonds were sold to W. H. Patterson & Co., Atlanta at 105·73. Bids were also received from Farson, Leach & Co., Chicago, at 105·179, and from F. M. Stafford & Co., Chattanooga, at 106·01. Principal will mature $1,000 yearly on November 1 from 1908 to 1927, inclusive, and $2,000 on January 1, 1928. For description of bonds see CHRONICLE of August 27, 1898, p. 443.

Hancock (Town), Vt.—*Bonds Authorized.*—This town has authorized the issuance of $2,000 4% White River Valley Railroad-aid bonds. Interest will be payable semi-annually. Further details of the issue have not yet been determined.

Hartford (Conn.) Arsenal School District.—*Bond Offering.*—Proposals will be received until 2 P. M. October 13, 1898, for $20,000 4% 20-year coupon bonds.

Hastings, Neb.—*Bond Sale.*—According to local report, the City Council, at a special session held on September 28, 1898, sold the $245,000 4½% 10-20 year (optional) refunding bonds to Spitzer & Co., Toledo. These bonds were offered for sale September 12, 1898, but were not disposed of at that time. A description of them will be found in the CHRONICLE August 20, 1898.

Herman (Village), Neb.—*Bond Offering.*—Proposals are asked until to-day (October 8, 1898), for the $2,000 4½% waterworks bonds a description of which was given in the CHRONICLE of July 16, 1898. Principal will mature 20 years from date of issue, subject to call after five years. Louis Wachter is the Village Clerk.

Holyoke, Mass.—*Loan Proposed.*—It is stated that a loan of $25,000 for sewers will be negotiated shortly.

Johnstown (City), N. Y.—*Bond Sale.*—On October 1, 1898, the $50,000 4% water bonds were awarded to Denison, Prior & Co., Cleveland, at 105·95. Following are the bids:

Denison, Prior & Co., Cleveland	105·95	W. Holman Cary, Boston	105·361
R. B. Smith & Co., New York	106·09	C. H. White & Co., New York	105·80
N. W. Harris & Co., New York	105·78	Geo. M. Hahn, New York	104·84
Street, Wykes & Co., New York	105·65	W. J. Hayes & Sons, Boston	104·52
Rudolph Kleyholte & Co., N. Y.	105·01	Daniel A. Moran & Co., N. Y.	104·52
Benwell & Everitt, New York	105·57	Edw. C. Jones Co., New York	104·20
Walter Stanton & Co., N. Y.	105·54	S. A. Kean, Chicago	102·25
E. H. Rollins & Sons, Boston	105·51		

Kansas—*Bond Sale.*—The following school district bonds have recently been purchased by the State School Fund Commissioners:

School District.		School District.	
No. 21, Osage Co.	$4,500	No. 73, Miami Co	$400
No. 87, Republic Co	750	No. 11, Tacomas Co	400
No. 74, Atchison Co.	500	No. 24, Chautauqua Co.	400
No. 2, Reno Co.	750	No. 43, Wabaunsee Co.	1,200

No. 53, Crawford Co.	600	No. 17, Pratt Co.	100
No. 15, Rooks Co.	450	No. —, Pratt Co.	200
No. 33, Ottawa Co.	800	No. 16, Pratt Co.	200

Kaukauna, Wis.—*Proposed Bond Issue.*—The city is about to issue $35,000 refunding bridge bonds. These securities become optional December 8, 1898; they are now carrying 6% interest. The Milwaukee "Journal" says; "Several offers have been received to take them as low as 4½% interest."

Knoxville (Borough), Pa.—*Bond Offering.*—We are advised that this borough desires to sell the issue of waterworks bonds which were authorized on August 23, 1898, at private sale. They will bear 3% interest if sold within the State and 3½% if sold ont of the State, and will be in denomination of $500. Principal will mature 30 years from date of issue, subject to call after 5 years. Mr. H. A. Ashton, Borough Clerk, says: "We desire to make private sale and would like to agree upon rate of interest and sell at face value."

Lake Odessa (Village), Mich.—*Bonds Not Sold.*—We are advised that the $9,600 4% water bonds which were to be sold on October 3, 1898, were not disposed of.

Laurium, Mich.—*Bond Sale.*—On October 4, 1898, the $15,000 5% 10-20-year (optional) water bonds were awarded to the First National Bank of Calumet at 106·25. For description of bonds see CHRONICLE last week, p. 704.

Long Branch (N. J.) School District—*Bond Sale.*—On October 1, 1898, the $15,000 5% 32 year high-school bonds were awarded to E. D. Shepard & Co., New York, at 117·18.

Lynn, Mass.—*Temporary Loan.*—The city recently negotiated a six-months' loan of $75,000 with Rogers, Newman & Tolman at 3% and $10 premium.

McComb City, Miss.—*Bond Sale.*—On September 21, 1898, the $35,000 6% water-works bonds were awarded to the McComb City Bank at 103. Principal will mature October 5, 1918, subject to call after October 5, 1903. For description of bondssee CHRONICLE of September 17, 1898, p. 602.

Madison County, (P. O. Richmond,) Ky.—*Bond Offering.*—In the CHRONICLE last week we stated that proposals would be received until October 4, 1898, for $112,000 refunding bonds. We are now advised by J. Tevis Cobb, County Attorney, that *no* bids were to be received until October 4, 1898, but after that date and until January 1, 1899, he will entertain propositions. Mr. Cobb says that on October 4, 1898, they had complied with all the statutory requirements looking to the refunding of these bonds. They will bear 4% interest, payable semi annually, probably in Louisville. Principal will mature $12,000 January 1, 1909 and $5,000 yearly thereafter. Bonds are dated January 1, 1899 Mr. Cobb states that a committee will probably be appointed to negotiate and sell the e bonds, with power to receive bids in any manner whatever looking to the best and most advantageous sale of the bonds.

Bond Election.—At the election to be held in November the question of issuing $70,000 of turnpike bonds will be submitted to a vote of the people.

Mahanoy City (Borough), Pa.—*Bonds Awarded.*—We are now advised that the $45,000 borough bonds which we reported as having been sold in the CHRONICLE of August 20, 1898, were awarded to W. J. Hayes & Sons, Cleveland, at 103.

Marshfield (Wis.) School District No. 1.—*Bond Sale.*—On October 1, 1898, the $18,500 5% high school bonds were awarded to the First National Bank of Marshfield at 105·080. Following are the bids:

First Nat. Bank, Marshfield.	$19,439 89	Kane & Co., Minneapolis	$19,160 00
N. W. Harris & Co., Chicago	19,405 00	Phelps, Eyman & Co., Chic.	19,156 00
Trowbridge, MacDonald & Niver Co., Chicago	19,393 00	Denison, Prior & Co., Cleve.	19,150 00
W. J. Hayes & Sons, Cleve.	19,301 00	F. R Fulton & Co., Chicago.	19,086 00
Farson, Leach & Co., Chicago.	19,300 00	Spitzer & Co., Toledo	19,065 80
Mason, Lewis & Co., Chicago.	19,247 40	Seasongood & Mayer, Cincin.	18,998 00
U. M. Stoddard, Minneapolis.	19,212 25	Duke M. Farson, Chicago	18,948 00
German-Amer. Bk., Marshfi'd.	19,183 50	J. C. Norton, St. Paul	18,884 50
		S. A. Kean, Chicago	18 602 50

For description of bonds see CHRONICLE of September 24, 1898, p. 656.

Mason County (P. O. Shelton, Wash.), School District No. 1.—*Further Details of Bond Offering.*—As stated in the CHRONICLE of last week, proposals are asked until noon to-day (October 8, 1898), for $2,000 refunding bonds. We are now advised that this issue is to refund bonds falling due October 12, 1898, which were voted 10 years ago, and no provision made for their payment. The interest will be payable semi-annually Principal will mature $500 yearly from 1901 to 1904, inclusive. Bids will be for the lowest rate of interest at par. This district has a population of about 1,000. Equalized valuation of the district for this year is $182,152. There are $1,200 of bonds outstanding besides this $2,000, and these two issues comprise the total debt of the district.

Massillon, Ohio.—*Bond Sale.*—On October 4, 1898, the $4,000 6% public library bonds were awarded to W. J. Hayes & Sons, Cleveland, at 108·325. Following are the bids:

W. J. Hayes & Sons, Cleve.	$4,333 00	First Nat. Bank, Barnesville	$1,176 00
R. Kleyholte & Co., Cincin.	4,303 00	First Nat. Bank, Massillon	Par
Briggs, Smith & Co., Cincin.	4,281 50		

Bonds mature $500 yearly on April 1 from 1900 to 1907, inclusive. For further description of bonds see CHRONICLE September 10, 1898, p. 549.

Memphis (Tenn.) School District—*Bonds Authorized.*—The Legislative Council has granted permission to the Board of Education to issue $30,000 bonds for the completion of the high-school building.

Miami County (P. O. Troy), Ohio—*Bond Offering.*—Proposals will be received until October 22, 1898, for $7,000 6% ditch bonds. These bonds were to have been sold on October 1, 1898, but owing to a defect in the advertisement which was not discovered until the day on which the sale was to take place, the county was obliged to re-advertise the issue. J. T. Bartmess is the County Auditor.

Minneapolis, Minn.—*Bonds Proposed.*—The Council has under consideration the submitting to a vote of the people a proposition to issue $80,000 bonds for the purpose of constructing a bridge across the Mississippi between Thirty-second Avenue North and Twenty-fifth Avenue Northeast. The bonds, if issued, will bear date of June 1, 1899, and are to mature January 1, 1929. The matter is now in the hands of the Ways and Means Committee.

Minneapolis (Minn.) School District.—*Bonds Proposed.*—The Board of Education has voted to ask the City Council to submit to the people at the election to be held in November the question of issuing $200,000 in school bonds. More money is needed for the erection of new school houses, the present income being sufficient for current expenses only.

Minnesota.—*Bond Sale.*—On October 4, 1898, the $100,000 4% certificates of indebtedness were awarded to August T. Koerner, State Treasurer, at 102·98. Following are the bids:

	Bonds Due in 1902.	Bonds Due in 1903.	Entire Issue.
August T. Koerner, State Treasurer	$1,815 00	$1,665 00	$2,980 00
W. J. Hayes & Sons, Cleveland	1,120 00	1,547 00	2,667 00
Rudolph Kleyholte & Co., Cincinnati	.....	.....	2,180 00
Parkinson & Burr, Boston	915 00	1,165 00	2,080 00
Denison, Prior & Co., Cleveland	782 50	1,002 50	1,785 00
Farmers' & Mechanics' Savings Bank, Minn.	735 00	1,035 00	1,770 00
S. A. Kean, Chicago	.....	.....	1,000 00
Geo. B. Lane, Minneapolis	433 50	541 50	975 00
First National Bank, St. Paul	435 00	.....	.....
State Savings Bank ($25,000 of each issue)	220 00	272 00	.....
Chas. T. Miller, St. Paul ($10,000 of each issue)	225 00	285 00	.....
First State Bank, Towner ($3,000 due 1902)	25 00	.....	.....
Amos Squire, St. Paul Park ($1,000 each issue)	Par	Par	.....
E. A. W. Frick, St. Paul ($500 due 1902)	Par	.....	.....
Rosa M. Alair, St. Paul ($500 due 1902)	Par	.....	.....
Max Shapalo, Towner ($10,000 due 1903)	.....	Par	.....
A. Z. Putnam Minneiska ($250 due 1903)	.....	Par	.....

The certificates mature $50,000 July 1, 1903, and $50,000 July 1, 1903. For further description of certificates see CHRONICLE September 24, 1898, p. 656.

Missouri.—*Bonds Registered.*—On September 28, 1898, the State Auditor registered the following bonds:

$1,200 5% School District No. 3, 47, 29 and 30 of Jackson County, dated Sept. 23, 1898.

2,000 6% School District No. 2, 60 and 31 of DeKalb County, dated Sept. 16, 1898.

Mount Pleasant, Mich.—*Bonds Defeated.*—At the election held on September 21, 1898, the propositions to issue $20,000 water bonds and $7,500 electric light bonds were defeated.

Natchitoches, La.—*Bond Election.*—The City Council has under consideration the calling of a special election to submit to the people the question of issuing water-works and electric-light bonds in accordance with a recent Act of the State Legislature.

New Kensington, Pa.—*Bond Sale.*—On October 3, 1898, the $45,000 4% street-improvement bonds and $15,000 4% sewer bonds were awarded to the Lamprecht Bros. Co., Cleveland, at 102·114. A bid of 100·75 was received from the Mercantile Trust Co. of Pittsburg. For description of bonds see CHRONICLE October 3, 1898, p. 705.

New London, Conn.—*Bonds Authorized.*—At a recent town meeting the issuance of $30,000 additional sewer bonds was authorized.

New York City.—*Bonds Authorized.*—The Sinking Fund Commission, on October 2, 1898, authorized the Comptroller to sell $1,000,000 bonds for the maintenance of docks and ferries. The issuance of $4,600 bonds for repairs to the Twenty-second Regiment Armory was also authorized.

Norfolk, Va.—*Bonds Authorized.*—At a meeting of the Common Council held October 5, 1898, the issuance of $5,000 Atlantic Bridge bonds, $250,000 water bonds and $33,000 bonds for general purposes was authorized.

Oakmont, Pa.—*Bond Sale.*—On October 5, 1898, the $24,000 4% street improvement bonds and $41,000 4% sewer bonds were awarded to Robinson Bros., Pittsburg, at 101·081. A bid of 100·76 was received from the Mercantile Trust Co. of Pittsburg. For description of bonds see CHRONICLE October 1, 1898, p. 705.

Ohio County (P. O. Hartford), Ky.—*Bond Sale.*—On October 1, 1898, the $30,000 4% refunding bonds were awarded to N. W. Harris & Co., Chicago, at 100·68. Following are the bids:

N. W. Harris & Co., Chicago.	100·68
R. Kleybolte & Co., Cincinnati	100·358
Seasongood & Mayer, Cincin	100·056
Trowbridge, McDonald & Niver Co., Chicago	Par
Mason, Lewis & Co. (less $275 dis.)	Par
Lamprecht Bros. Co. (less $275 dis.)	Par
W. J. Hayes & Sons (less $300 dis.)	Par
Briggs, Smith & Co. (less $600 dis.)	Par

* And blank bonds.

Bonds mature 20 years from date of issue, subject to call after 5 years. For further description of bonds see CHRONICLE September 10, 1898, p. 550.

Omaha, Neb.—*Details of Proposed Bond Issue.*—If the proposition to issue $50,000 paving and $50,000 sewer bonds, referred to in the last issue of the CHRONICLE, is carried at the election to be held in November, the securities will bear 4% interest, payable at Kountze Bros., New York City, and the principal will mature 20 years from date of issue. We are advised that the bonds if authorized will be issued "prior to the completion of the work."

Oneida, N. Y.—*Bond Sale.*—On September 29, 1898, $6,000 sewer bonds were awarded to Jose Parker & Co., Boston, at par for 3·20%. Following are the bids received, all at par:

Jose, Parker & Co., Boston	3·20%	Walter Stanton & Co., New York	3·60%
Herron & Storrs, New York	3·20%	R. H. Smith & Co., New York	3·60%
Isaac W. Sherrill, Poughkeepsie	3·50%		

Oneida County (P. O. Utica), N. Y.—*Bond Offering.*—We are advised by W. E. Richards, County Treasurer, that proposals will be received until 12 M. November 1, 1898, for the $8,000 6% road bonds, to which reference was made in the CHRONICLE of September 24, 1898. Interest will be payable at the County Treasurer's office, and the principal will mature April 1, 1899. This loan is for the purpose of improving the river road in the town of Denfield.

Oneonta, N. Y.—*Bond Offering.*—The village will sell at public auction on October 12, 1898, $15,000 5-20 year (serial) bonds.

Payette Independent School District No. 32, Canyon County, Idaho.—*Bond Sale.*—On September 24, 1898, the $8,000 6% bonds were sold to W. E. Bell, Spokane, at 102·3375. Other bidders were Kane & Co., Minneapolis, who bid par, less $100 commission; Duke M. Farson, Chicago, at 100·5625, and S. A. Kean, Chicago, at 101·275. Principal will mature $2,000 September 1, 1908, $2,000 September 1, 1913, and $4,000 September 1, 1918. For description of bonds see CHRONICLE of September 10, 1898, p. 550.

Perth Amboy, N. J.—*Bond Sale.*—On October 3, 1898, the following bids were received for the $25,000 4% gold coupon school bonds and $2,000 4% gold paving bonds:

	School.	Paving.
S. A. Kean, Chicago	103·60	
W. J. Hayes & Sons, Cleveland	102·52	101·14
E. H. Rollins & Sons, Boston	101·87	
Whann & Schlesinger, New York	102·00	100·75
Bonbright & Everitt, New York	101·41	100·77
New Brunswick Savings Institution	101·38	
Edward C. Jones Co., New York	101·315	101·346
Daniel A. Moran & Co., New York	101·09	101·04
Walter Stanton & Co., New York	101·02	101·02
Herron & Storrs, New York	100·75	100·75
Blodget, Merritt & Co., Boston	100·58	100·28

On Oct. 6 the school bonds were awarded to S. A. Kean, Chicago, and the paving bonds to Edw. C. Jones Co., New York. The school bonds mature September 1, 1918, and the paving bonds in 1908.

Philadelphia, Pa.—*Loan Resolution.*—On October 6, 1898, the Select Council passed a resolution authorizing the Mayor to advertise and offer for sale such bonds as may be necessary to provide funds for public work already authorized and for which appropriations have been made from the $11,200,000 loan.

Plymouth, N. H.—*Bonds Proposed.*—At a special town meeting held September 29, 1898, the question of issuing $50,000 water-works bonds was laid on the table, to be taken up at a later meeting. These bonds, if authorized, will bear not more than 4% interest.

Pittsford (N. Y.) School District No. 13.—*Bond Sale.*—On September 22, 1898, $2,000 4% school bonds of this district were sold at public auction.

Ravenswood, W. Va.—*Bonds Voted.*—At an election held on September 28, 1898, the proposition to vote bonds for the Ohio Valley College carried almost unanimously. The bonds are voted with the condition that the Methodist Protestant and United Brethren conferences raise a sum equal to that voted by the town.

Richwood (Village), Ohio—*Bond Offering.*—Proposals will be received until 12 M. October 24, 1898, by S. D. Evans, Village Clerk, for the $6,000 6% coupon sidewalk bonds to which reference was made in the CHRONICLE of September 17, 1898. Securities will be in denomination of $1,000, dated September 20, 1898; interest will be payable semi annually. Principal will mature $1,000 yearly on September 20 from 1899 to 1904 inclusive. Bonds are issued pursuant to Section 2330b of Revised Statutes of Ohio, and of Village Ordinance No. 175, passed September 2, 1898. Indebtedness, outside of this issue, $2,225 35. The Village Clerk informs us they have never defaulted in payment and have funds enough in the treasury to liquidate all their indebtedness.

Roane County (P. O. Kingston), Tenn.—*No Bonds at Present.*—It has been reported that the county had under consideration the advisability of submitting to a vote of the people the question of issuing bonds for the purpose of liquidating its indebtedness. We are advised that "the matter of issuing bonds is only a probability. Nothing definite has been done as yet."

Rossville (Town), Ind.—*Bond Offering.*—According to local reports the Town Board is offering for sale $300 bonds for the improvement of the public school grounds.

Salem, Ind.—*Bond Offering.*—Proposals will be received until 10 A. M. October 15, 1898, by the Town Treasurer, for $11,500 5% refunding bonds. Twenty-five bonds will be in denomination of $50, twenty-five in denomination of $100 and sixteen in denomination of $500 each. Interest will be payable semi-annually. John W. Spaulding is Town Clerk.

Sanger (Texas) School District No. 79.—*Bond Offering.*—Proposals will be received and opened "at any and all times until bonds are sold" for $4,000 6% school house bonds. Interest will be payable at the office of the District Treasurer, and the principal will mature September 25, 1918, subject to call after September 25, 1903. P. J. Bowers is Secretary of the Board of Trustees.

Shamokin (Borough), Pa.—*Bond Offering.*—Proposals will be received until 7 P. M. October 12, 1898, for the $65 000 4% street-paving bonds which were voted August 23, 1898. Interest will be payable semi-annually at the office of the Borough Treasurer and the principal will mature yearly on October 15, as follows: $2,000 from 1900 to 1908 inclusive, $2,200 from 1909 to 1918 inclusive and $2,500 from 1919 to 1928 inclusive.

Sharpsburg, Pa.—*Bond Offering.*—Proposals are asked until October 11, 1898, for $60,000 4% street improvement bonds.

Shelby County, Ohio—*Bond Offering.*—Proposals will be received until 12 M. October 18, 1898, by the Commissioners of this county for $30,000 6% county-deficiency bonds. Securities will be in denomination of $500, dated October 1, 1898; interest will be payable January 1 and July 1 at the office of the County Treasurer. Principal will mature $1,500 on January 1, 1900, and $1,500 each six months thereafter up to and including July 1, 1909. Securities are issued pursuant to a resolution of the County Commissioners passed September 22, 1898, and in accordance with the provisions of Section 2834a, Revised Statutes, as amended April 23, 1898 (O. L., Vol. 93, page 233). Each proposal must be accompanied by $200 in currency. J. S. Laughlin is the County Auditor.

Sherman, Texas.—*Bonds Authorized.*—On October 4, 1898, the City Council authorized the issuance of $40,000 bonds for various purposes.

Smithtown School District (P. O. Kings Park, N. Y.—*Bond Offering.*—This district will offer at 11 A. M. to day (October 8, 1898), at public sale, in Forester's Hall (Kings Park), $2,500 5% school bonds. Securities are in denomination of $250; interest will be payable annually. Principal will mature $250 yearly on December 31 from 1899 to 1908, inclusive. The school district property is valued at $335,904 52.

Somerville, Mass.—*Temporary Loan.*—The city has negotiated a six months' loan of $100,000 with Blake Bros. & Co., Boston, at 2·93%.

South Omaha, Neb.—*Bond Sale.*—Local papers report that the $47,000 6% refunding bonds recently authorized have been sold to Frank J. Moriarty at a premium.

Loan Authorized.—In order to meet the district improvement bonds which matured October 1, 1898, the Mayor and City Treasurer were authorized by the Council to borrow $5,000 from one of the local banks. This loan will be paid by the proceeds of the sale of district funding bonds.

Springfield, Ohio.—*Bond Election.*—At the fall election, the question of issuing $20,000 bonds for a new station, patrol and workhouse will be voted upon

Syracuse, N. Y.—*Temporary Loan.*—The city has negotiated a loan of $113,000 with Blake Bros. & Co., New York, at 3·71%. Loan matures December 2, 1898.

Tazewell County (P. O. Pekin), Ill.—*Bond Election.*—An election will be held in this county for the purpose of submitting to the voters the question of issuing $20,000 county building bonds.

Toledo, Ohio.—*Proposed Bond Issue.*—According to local report, this city will soon issue bonds for the paving of several different streets.

Tulare County (Cal.) Linwood School District—*Bond Sale.*—The $950 8% gold bonds of this district which we stated in the CHRONICLE of September 10, 1898, had recently been voted were sold to A. H. Glascock, Oakland, at 107. In writing us of the sale Mr. E. A. May, County Treasurer, says: "The time in which these school bonds are offered for sale is so short that New York buyers have no opportunity."

Tyrone, Pa.—*Proposed Purchase of Gas and Water Plant.*—The Council has passed a resolution offering the Tyrone Gas & Water Company $90,000 for their property and franchises. Bonds were voted in July, 1897, for this purpose, and it is stated if the company do not accept the $90000 offered proceedings will be instituted to take the works under provision of an Act of the Assembly.

Upshur County (P. O. Buckhannon), W. Va.—*Bond Election.*—An election will be held in this county to vote on the question of issuing $40,000 court-house and jail bonds.

Versailles, Ky.—*Bond Election.*—At the election to be held in November the question of issuing $1 000 bonds for the purpose of erecting a public-school building for the colored children of the city will be voted upon. The question was voted on last year, but failed to carry.

Walnut Grove (Village), Minn.—*Bond Sale.*—On September 28, 1898, the $3,500 6% water-works bonds were awarded to J. D. Cleghorn & Co., Minneapolis, at 100 714 and blank bonds. Following are the bids:

J. D. Cleghorn & Co., Minneapolis	*100·204	Minnesota Loan & Trust Co., Minneapolis	100·00
Duke M. Farson, Chicago	*100·00		
Kane & Co., Minneapolis	*100·571	E. W. Peet & Co., St. Paul	100·00

* Bid includes blank bonds.

Principal will mature $700 yearly on June 1 from 1899 to 1903 inclusive. For description of bonds see CHRONICLE of September 17, 1898, p. 605.

Ward, Col.—*Bonds Voted.*—At the election held on September 27, 1898, the proposition to issue $12,000 water-works bonds was carried by a vote of two to one. The Council will at once issue the necessary bonds, and as soon as they are negotiated bids will be asked for.

Warren County, N. Y.—*Bond Offering.*—It is stated that proposals will be received until October 11, 1898, for $12,000 5% county bonds.

Wellston, Ohio.—*Bonds to be Issued.*—We are advised by the City Clerk that the city will issue about January 1, 1898, bonds for the purpose of improving streets. Securities will be dated December 1, 1898, and will bear 5% interest.

Wellsville, Ohio.—*Proposed Bond Issue.*—The question of issuing $15,000 of bonds to extend the water-works system is under consideration.

Bond Election.—At the general election in November the question of issuing $75,000 sewer bonds will be voted upon.

West New York (P. O. Guttenberg), N. J.—*Loan Negotiated.*—This town has borrowed $10,000 at 5% to meet overdue improvement certificates from the Hudson Trust & Savings Institution of Hoboken on a demand note.

CLEARING HOUSE RETURNS.

The following table, made up by telegraph, etc., indicates that the total bank clearings of all the clearing houses of the United States for the week ending to-day, October 15, have been $1,378,163,006, against $1,474,644,677 last week and $1,330,870,860 the corresponding week of last year.

CLEARINGS. Returns by Telegraph.	Week Ending October 15. 1898.	1897.	Per Cent.
New York	$685,365,387	$668,597,781	+2·5
Boston	91,851,714	87,600,702	+5·0
Philadelphia	57,902,481	58,870,732	−1·3
Baltimore	16,768,860	14,384,861	+16·6
Chicago	96,324,853	85,521,630	+12·6
St. Louis	27,554,243	26,272,081	+4·9
New Orleans	6,304,411	6,567,632	−4·0
Seven cities, 5 days	$981,972,952	$947,518,470	+3·6
Other cities, 5 days	170,276,413	160,917,243	+5·8
Total all cities, 5 days	$1,152,255,365	$1,108,435,713	+4·0
All cities, 1 day	225,907,641	222,435,147	+1·6
Total all cities for week	$1,378,163,006	$1,330,870,860	+3.5

The full details of clearings for the week covered by the above statement will be given next Saturday. We cannot, of course, furnish them to-day, bank clearings being made up by the various clearing houses at noon on Saturday, and hence in the above the last twenty-four hours of the week have to be in all cases estimated, as we go to press Friday night.

We present below our usual detailed figures for the previous week, covering the returns for the period ending with Saturday noon, October 8, and the results for the corresponding week in 1897, 1896 and 1895 are also given. In comparison with the preceding week, there is an increase in the aggregate exchanges of one hundred and ninety-eight million dollars, and at New York alone the gain is one hundred and fifteen millions. Contrasted with the week of 1897 the total for the whole country shows an increase of 12·2 per cent. Compared with the week of 1896 the current returns record a gain of 50·0 per cent, and the excess over 1895 is 29·2 per cent. Outside of New York the increase over 1897 is 7·6 per cent. The excess over 1896 reaches 38·4 per cent, and making comparison with 1895 the gain is seen to be 16·1 per cent.

Clearings at—	Week ending October 8. 1898.	1897.	1898. P. Cent.	1896	1895.

THE STATE AND CITY SUPPLEMENT.

A new number of our STATE AND CITY SUPPLEMENT is sent to our subscribers this week. It will be found more comprehensive than any preceding issue, a net addition of 128 having been made this time to the number of places represented in it, after continuous increases in all the preceding issues. At the same time the statements already included have been extensively revised through the insertion of new and later data. In brief, in every way the effort has been to add to the usefulness and value of the book.

THE FINANCIAL SITUATION.

Affairs in Wall Street have worn much the same unsettled aspect that has been so prominent a feature during recent weeks. Most of the ordinary and more substantial conditions have continued of an encouraging character, and have led to a reaction the last few days; but the influences dominant the greater part of the week kept the market unsettled. The important centre of disturbance has been the industrial organizations, of which the more notable in speculative circles have developed great weakness. The movement would seem to have been manipulated from the first, and to date back many weeks, when there was a rise in values to extreme high figures, which has been followed now by an equally conspicuous break. We referred two weeks ago to the circle described by the movement in American Tobacco stock, and last week to the advance and to the tumble which has signalized the American Sugar Refining stock. These properties have both touched a materially lower point since we wrote about them, and the indications are that the downward movement has in neither case been arrested. More than that, the entire industrial list, and indeed all securities, were for the time more or less adversely affected by the developments in that class of stocks, and the weaker ones were more closely scrutinized by money lenders.

In some measure, too, the political struggles now in progress and to be determined early in November have discouraged buyers. Such a result appears to be most reasonable. We are in the midst of contests which will settle the complexion of the Senate and House for another two years. There are but few investors that have it in mind to purchase securities who would not hesitate if they thought these elections were the prelude to the introduction of another term of Populistic talk, agitation and voting—even in one branch of Congress and perhaps in both—notwithstanding they knew that a President's veto stood between that talk and action. The past disturbances to business and values that the mere agitation by our law-makers of propositions affecting the stability of values has caused, are too fresh in memory to permit the public to free itself wholly from hesitancy with reference to a future that involves such disturbing possibilities. Then, too, a like state of mind is further encouraged by the conviction that a Congressional victory now of the Silver forces would go far towards compelling the country to pass through another Presidential election, with 16 to 1 as the controlling issue.

Moreover, besides these domestic contests and the restful feeling they give rise to, there have been of late European complications and anxieties, the outcome of wide differences in many quarters, which are keeping the old world in a kind of quiver, as if leading governments were on the edge of actual hostilities, all of which is necessarily in some measure reflected in our markets. It is not required to interpret these clashings between opposing interests as meaning war; all it is necessary to say is they tend to arrest the growth of confidence. For latest illustration of the feeling which prevails we may mention the speech of Lord Rosebery, the Liberal leader and ex-Premier, at an agricultural dinner at Epsom on Wednesday. He said on that occasion that he was responsible, both personally and ministerially, for the declaration of Sir Edward Grey on which the present policy in regard to Fashoda is founded, and that he had no disposition to recede from a word or a syllable of that declaration. Then he added what he called "a few guarded and, I hope, inoffensive words on a subject so vital to our interests." They were these—

> "There are two or three considerations in connection with the question which make it of supreme gravity, the greatest being that, in face of a deliberate warning that a particular act would be considered an unfriendly act, that act, in spite of great geographical difficulties, great hardships, and almost insurmountable obstacles, has been deliberately committed.
>
> "The word 'unfriendly,' used diplomatically, is of exceptional weight and gravity, and when used to denote an act committed by one government against another, the situation is grave. On that point I will say no more. Behind the policy of the Government in this matter there is the untiring and united strength of the nation. It is the policy of the nation itself, and no government that attempted to recede from it, or palter therewith, would last a week. I am perfectly certain that no idea of any weakening on this question has entered the heads of Her Majesty's present advisers. They have only to maintain the attitude revealed in the Blue Book, and the nation will make any sacrifice and go to any length to sustain their action."

Lord Rosebery, of course, does not represent the Government. If he did, such words would mean war. He represents the opposition and, no doubt, represents also public opinion in Great Britain.

But, as already stated, the more substantial domestic conditions affecting the markets have continued, as heretofore, encouraging. Railroads have for weeks shown a gratifying traffic movement, and now that wheat has begun to come forward very freely from the Northwest, the gains in earnings are becoming even larger. The week is also conspicuous for the active foreign buying of wheat and to a considerable extent of corn; exports of these cereals were very heavy, and though for the last day or two the demand appears for the moment in large part satisfied, there is no doubt of its renewal. Higher freights were a feature, and very likely a cause of the smaller business towards the close, buying being perhaps held in abeyance while getting purchases already made shipped. It is, though, becoming more and more evident that all our surplus wheat will be needed by the outside world. The report has again been persistently repeated that exports from Russia were soon to be prohibited by the Government. Very little credence was given the statement here, as it has been so often and so positively rumored; but that the crop in that country is a very short one appears to be generally admitted now; higher prices have failed to increase the outflow. A drought harmful to the growing wheat in Australia has been reported.

Another condition favoring stock operations has been the growing ease of money. No effect on our market is likely to follow the advance on Thursday of the Bank of England minimum rate of discount to 4 per cent from 3 per cent. The advance has affected foreign exchange and improved the conditions for the purchase of exchange for investment; it may, too,

lessen for a time the movement of gold to New York and not unlikely will turn whatever demand there is for gold shipments to this country over to Paris and Berlin. But our money currents have set so strongly toward ease, and at present so many conditions are contributing to an increase of loanable funds at this centre, that a return of active money here is out of the question. Nothing but an absolute reversal in the policy of the Treasury Department could lead to such a change, and that is not presumable. It is stated from Washington that a little more than $189,000,000 has been received on account of subscriptions for the 3 per cents, leaving about $11,000,000 still outstanding. Almost daily the Treasury Department is increasing the amount of public money on deposit with depository banks; presumably the institutions in the interior are receiving the larger portion of this, for supplies are most needed there, and additional deposits in our banks would serve no good purpose. Treasury disbursements have continued in excess of receipts. The transfers of cash to the interior through the Treasury have been heavier than in any previous week. These increased calls are from the West and the Southwest and indicate a demand just such as current facts would lead one to expect. Cotton this year is late, so that the cash requirements for its movement are late. As to wheat, what we have said above about the much fuller shipments from the Northwest and the active export demand afford good and sufficient reason for the enlarged employment of money in that section.

The report of the Agricultural Bureau at Washington, issued this week, serves to define pretty clearly the present year's crop situation. The wheat report is withheld pending the result of further investigations, but all accounts agree in saying that the crop will be a large one—the spring-wheat portion of it of unusual dimensions. In the case of corn the average of condition has been reduced about two points since last month, but the condition is nevertheless five points better than at the corresponding date in 1897—that is, the average is 82, against 77·1. The promise is therefore of a larger total yield than last year, even though the acreage is slightly less. The indications point to a crop of between 1,900 and 2,000 million bushels, which will compare with 1,903 million bushels in 1897 and 2,283 million bushels in 1896. One geographical section will show a decided improvement over a year ago, namely that composed of the States in the Central Western belt, where the average for Indiana is 91 against 76, for Illinois 84 against 81 and for Ohio 92 against 81. Texas also will have an unusual crop, the Bureau reporting a condition of 97 this year against 78 last year and 41 in 1896. In Kansas and Nebraska the yield will be poor, the first-mentioned having the same low average as in the preceding season—that is, 58—and Nebraska showing a condition of 57 against 86 in 1897 and 101 in 1896. The only other important grain crop is oats, and this we figure, from the Bureau's report of yield per acre, will differ very little in aggregate production from either of the two years preceding; that is, the crop will be 703 million bushels, against 698 and 707 million bushels, respectively, in 1897 and 1896.

The iron trade seems to keep in good shape, the finished forms of iron and steel being particularly in demand. A feature of strength as far as the raw material is concerned is that notwithstanding the favorable outlook, production has thus far increased in only a moderate way, while on the other hand stocks are being steadily reduced. The "Iron Age" of this city this week publishes its usual monthly record, from which it appears that between September 1 and October 1 the increase in the weekly output of pig iron was only 2,592 tons, raising the total to 215,635 tons per week. On August 1 the weekly production had been only 206,777 tons, but as recently as May 1 it was 234,163 tons. As compared with this latter figure, therefore, there is a decrease at the rate of nearly a million tons per year. At the same time each month since May 1, as it happens, stocks, sold and unsold, have diminished, until now they are 212,796 tons less than they were at the date mentioned.

On account of the crowded condition of our columns we are unable to review this week two very interesting reports of large companies, namely the Great Northern and the Chicago Burlington & Quincy. Both companies make a surprisingly favorable showing, and that of the Burlington & Quincy comes at a time when the death of Mr. John M. Forbes—who was so long and so prominently connected with the affairs of the company, and who contributed in no unimportant degree to its prosperity—is announced. As to the Great Northern, it stands almost unequaled as a money-maker. We hope to speak more at length with regard to both properties next week.

Money on call, representing bankers' balances, has loaned at the Stock Exchange during the week at 3 and at 2 per cent, with the bulk of the business and the average at 2½ per cent. The higher rate was recorded on Monday but thereafter the range was from 2½ to 2 per cent, and almost daily large amounts of money were left unemployed at the close. Banks and trust companies quote 2½ per cent as the minimum. While there is an abundance of money offering on time, there does not appear to be any particular pressure, lenders probably feeling that, considering the period of the year, money is worth current rates. Brokers who make a specialty of loaning on time quote 2½ per cent for thirty days, 3 per cent for ninety days and 3 per cent bid with offerings at 3½ per cent for six months. Other brokers whose business is more widely distributed quote 2½ per cent for thirty to sixty days, 3 per cent for ninety days to four months and 3@3½ per cent for five to six months, with a fair amount of transactions. The dealings in commercial paper are moderately large, the supply is increasing, and the demand for the best names is good, not only from the city, but from out-of-town institutions. Rates are 3¼@3½ per cent for sixty to ninety-day endorsed bills receivable, 3½@4¼ per cent for prime and 4½@5 per cent for good four to six month's single names.

The Bank of England minimum rate of discount was unexpectedly advanced on Thursday to 4 per cent from 3 per cent, at which it had stood since Sept. 22. This advance was in part due to the advance in the Bank of Germany's rate on Monday to 5 per cent and to higher discounts at Vienna, the Austrian Bank rate advancing to 4½ per cent. The cable reports discounts of sixty to ninety-day bank bills in London 3½@3¾ per cent, against 3@3⅛ per cent on Wednesday. The open market rate at Paris is 2 per cent, and at Berlin and Frankfort it is 4@4⅛ per cent. According to our special cable from London the Bank of England lost £550,99 bullion during the week and held £31,195,951 at the

close of the week. Our correspondent further advises us that the loss was due to the export of £219,000 (£150,000 being to Egypt, £35,000 to China, £5,000 to Calcutta and £29,000 miscellaneous), to the shipment of £377,000 net to the interior of Great Britain, and to imports of £45,000, wholly from Australia.

The foreign exchange market has been easier in tone this week, influenced by liberal offerings of cotton and grain bills for spot and for future delivery. The buying of bankers' long sterling for investment, to hold until it runs to sight, has continued, though purchases have been somewhat limited for the reason that the tendency of the market being downward, intending buyers were disposed to wait for a further decline in rates. Easier money here and higher discounts in London will most likely encourage liberal purchases of long sterling for investment in the near future. The advance in the Bank of England rate of discount on Thursday had very little influence upon the market. The engagement of $500,000 gold in London for shipment to New York was reported consigned to J. & W. Seligman & Co. and also $500,000 to Lazard Freres. The arrivals of gold from Europe during the week have been $1,280,293; previously reported, $20,713,210; making a total of $21,993,503 on this movement.

The posted rates for exchange remained at 4 82½ for sixty day and at 4 85 for sight until Thursday, when the Bank of British North America reduced the long rate to 4 82, and the range thereafter was from 4 82 to 4 82½ for sixty day and 4 85 for sight. Rates for actual business opened on Monday unchanged for long, compared with those at the close on Friday of last week, at 4 81¾@4 82, but short bills and cable transfers were advanced one-quarter of a cent, to 4 84¼@4 84½ for the former and 4 84¾@4 85 for the latter. On the following day the tone was easier and rates for actual business were reduced one-quarter of a cent all around, to 4 81¼@4 81¾ for long, 4 84@4 84¼ for short and 4 84½@4 84¾ for cables. The market was barely steady on Wednesday. On Thursday the only change caused by the advance in the Bank of England rate was a rise of one-quarter of a cent in short sterling and cable transfers to 4 84¼@4 84½ for the former and 4 84¾@4 85 for the latter, and the tone was firm, so continuing on Friday. The following shows daily posted rates for exchange by some of the leading drawers.

DAILY POSTED RATES FOR FOREIGN EXCHANGE.

		Fri., Oct. 7.	Mon., Oct. 10.	Tues., Oct. 11.	Wed., Oct. 12.	Thu., Oct. 13.	Fri., Oct. 14.
Brown Bros.	60 days	82¼	82¼	82¼	82¼	82¼	82
	Sight.	85	85	85	85	85	85
Baring, Magoun & Co.	60 days	82¼	82¼	82¼	82¼	82¼	82¼
	Sight.	85	85	85	85	85	85
Bank British No. America	60 days	82¼	82¼	82¼	82¼	82	82
	Sight.	85	85	85	85	85	85
Bank of Montreal	60 days	82¼	82¼	82¼	82¼	82¼	82¼

	Sight.	85	85	85	85	85	85
Merchants' Bk. of Canada	60 days	82¼	82¼	82¼	82¼	82¼	82¼
	Sight.	85	85	85	85	85	85

The market closed firm on Friday, with rates for actual business 4 81¼@4 81¾ for long, 4 84¼@4 84½ for short and 4 84½@4 85 for cable transfers. Prime commercial 4 80½@4 81 and documentary 4 80@4 81. Cotton for payment, 4 80@4 80½, cotton for acceptance 4 80½@4 81 and grain for payment 4 80½@4 81.

The following statement gives the week's movement of money to and from the interior by the New York banks.

Week Ending Oct. 14, 1898.	Received by N. Y. Banks.	Shipped by N. Y. Banks.	Net Interior Movement.
Currency	$3,117,000	$5,394,000	Loss. $2,277,000
Gold	2,824,000	2,318,000	Gain. 506,000
Total gold and legal tenders	$5,941,000	$7,712,000	Loss. $1,771,000

With the Sub-Treasury operations and gold imports the result is as follows.

Week Ending Oct. 14, 1898.	Into Banks.	Out of Banks.	Net Change in Bank Holdings.
Banks' interior movement, as above	$5,941,000	$7,712,000	Loss. $1,771,000
Sub-Treasury oper. and gold imp'ts	28,800,000	22,300,000	Gain. 6,500,000
Total gold and legal tenders	$34,741,000	$30,012,000	Gain. $4,729,000

The following table indicates the amount of bullion in the principal European banks.

Bank of	Oct. 13, 1898.			Oct. 14, 1897.		
	Gold.	Silver.	Total.	Gold.	Silver	Total.

*BRIGHTER PROSPECTS OF INDUSTRY AND TRADE IN THE UNITED KINGDOM—HOME AND FOREIGN.**

MANCHESTER, October 5th.

Thoughtful and experienced merchants and manufacturers have, within the last few weeks, become increasingly hopeful, and even confident of a coming improvement, substantial and progressive, in the general trade of the country, both home and foreign. This confidence is founded, first, upon the abundant harvests this year in Europe and America, the deficiency over a large area of Russia being the only conspicuous exception. In this country and in the United States the cheap loaf is not now a vital consideration, and even so great a rise in the price of wheat as we have seen during the last twelve months does not curtail at all seriously the consumption of higher forms of food products or of manufactures. On the European Continent, however, where the standard of living is lower, it has undoubtedly this effect. In that part of the world consequently, and in a lesser degree even amongst the more advanced population, the great saving effected by the abundance and cheapness of the primary element of food supply must leave an enormously increased margin of income to be expended upon the satisfaction of other wants, and in particular upon manufactures.

Another ground of confidence is the cessation of the Spanish-American war. This removes a powerful hindrance to the progress of the revival in the domestic trade of the United States, which was visibly growing when the shadow of the conflict fell upon the land last spring. Observant people on this side who carefully follow important new developments of industry and commerce are not unmindful of the great strides which the manufactures and the manufacturing capacity of America have made within recent years, nor of the evidence of power to produce in excess of home requirements which has manifested itself in certain branches. Some indeed are so strongly impressed by it as to conclude that the United States will never again become so important a market for British manufactures as in past times. Others, how-

*Communicated by our Special Correspondent at Manchester.

ever, with perhaps better justification, remember that since 1890 the United States markets have, owing to a succession of causes, been subject to adverse influences of one kind or another, and they hold that as soon as general prosperity is again restored our exports thither will rise to, if not beyond, the largest figures of past times. It is not doubted, even by those who hold this opinion, that in respect of some classes of manufactures—those of certain kinds of iron and steel for example—America will in any case retain her power of effective competition in the markets of the world. Not so, however, in regard to other classes. For, it is urged, a proportion of the growth of exports is of the nature of surplus production, forced out, so to speak, without regard to profit because of the temporary incapacity of the home market to absorb the whole of it.

Even in respect of some descriptions of iron, steel and machinery, a portion of the demand for American manufactures, beyond the limits of the States, can be traced to the heavy engagements of European—chiefly English—producers. Never before have the numerous branches of the engineering, ship-building and steel manufacturing industries in the United Kingdom been so fully employed, or their productions so extensively appropriated beforehand under contract as they are now. Largely, no doubt, or at least to a considerable extent, the busy state of these industries may be ascribed to the prolonged engineers' strike, but even when that began the engagements of manufacturers were already very heavy. They are heavier now, and it is known that orders both from this country and from other parts of the world have gone to the United States simply because they could not be executed here within the desired limit of time, or else because English producers, encouraged by the abundance of their orders and the continued large demand, had greatly raised their prices.

But the return of general prosperity in the United States, already distinct enough, is not the only beneficial consequence of the close of the war which is assuredly looked for. English merchants trading with Cuba, Porto Rico and the Philippines have had a bad time this year. Ever since 1892, indeed, when the Spanish Colonial import tariffs were enormously raised against foreign goods, whilst those of Spain were admitted free from purely Customs duties, the exports of English manufactures to these possessions had greatly fallen off. Manchester houses shipping to Manila were, indeed, compelled to open branches at Barcelona, whence they exported Spanish textiles to the Philippines. These branches have now been given up, and it is expected that, under the new and better administration of these naturally rich islands, our trade with them will, under any circumstances, be greatly improved. Everyone who is interested in this question sees, of course, that the future Customs arrangements in Cuba, Porto Rico and the Philippines are an important consideration, but this aspect of the matter is little discussed, partly because no one really knows anything about it, and partly because the prevailing opinion is that whatever these arrangements may be, or whatever disposition may be made of the Philippines, British trade with all the possessions lately in the hands of Spain will be carried on under much more favorable conditions than before.

A further consideration regarded as pointing to an improvement in business is the re-establishment of Egyptian authority in the Upper Nile region. Years ago comparatively large quantities of cotton goods were sent, via Cairo, to the Soudan, but this trade has almost ceased to exist since the revolt against the Khedive, the cultivation of large fertile tracts has been abandoned, and commercial intercourse with the Soudan has all but ceased. It is now expected that under the new order agriculture and other industries will be revived and will receive a fresh stimulus, greatly to the advantage of the inhabitants, and that the commerce of Egypt with the interior, and consequently with the rest of the world, will expand very considerably. It is certain that more attention is being devoted to the Egyptian trade, and a significant circumstance is that some of the Armenians, in whose hands is the larger part of the important trade between England and Turkey, have lately begun to establish houses in Cairo and Alexandria. They are shrewd, industrious and often highly honorable merchants, and they may be trusted to make the most of the opportunity of extending the trade of Egypt which is presented by the Sirdar's decisive victories on the Upper Nile.

To these indications of improvement must be added the prospect of a revival in the Indian trade. Merchants engaged in it are certainly more hopeful than they have been for a long time past, although they do not express their more cheerful anticipations without some reserve. The famine is a thing of the past, but plague still lingers, and it may become more formidable in the coming winter. Money is rather scarce, too, in India even now, in the quiet season, when it is usually most abundant. Within the last fortnight the discount rate of the Bank of Bengal has been put up from 4 to 5 per cent, and some experienced merchants are apprehensive of even greater stringency than that experienced last spring and early summer when the next produce season comes round, about six months hence. Still the monsoon has been on the whole a very favorable one and the warm weather crops now being reaped—the principal crops of the year—are undoubtedly plentiful, assuring to the people abundant and cheap food, and furnishing the basis of a large export of such produce as is grown under the summer monsoon rains. Wheat and oil seeds are winter crops and are only now being sown, chiefly in the northern half of the Peninsula. During the last ten days some foretaste of the expected revival of the Indian demand for Manchester goods has been experienced. Very considerable orders, chiefly from Calcutta, have come by telegraph, and manufacturers of several leading descriptions of goods have taken orders which place their production under contract for some months to come. The hope of a continuance of better intelligence from India is founded not only upon the good summer crops but also upon the falling off in the supplies of cotton manufactures shipped to the Dependency in 1897. The following table shows at a glance the exports from the United Kingdom in each of the last ten years.

EXPORTS OF COTTON PIECE GOODS TO INDIA.

	Yards.	£
1888	2,035,138,900	18,231,349
1889	2,09 ,153,400	17,899,475
1890	2,021,028,500	18,281,263
1891	1,836,-91,9 0	16,738,635
1892	1,850,872,200	15,302,558
1893	1,848,291,200	15,779,536
1894	2,276,227,700	17,994,094
1895	1,718,224,000	12,608,043
1896	2,038,024,500	16,666,316
1897	1,759,140,600	13,474,593

No reliable information as to the stocks of goods held up-country can be obtained. It is inferred, how-

ever, that they must be exceedingly light, because the distributers everywhere have been compelled for many months past to restrict their business owing to the scarcity of money and the high rate of interest—generally 20 per cent—which they had to pay for loans during the first half of this year. A further circumstance tending to lessen the distribution of certain kinds of cloth—the finer bleached goods, prints and colored woven fabrics—was the pronouncement that the year 1897 was unlucky for marriages. At a Hindoo wedding presents of these finer and fancy clothing materials are made on a scale which, in proportion to their means, must be considered lavish for the great mass of Indian families; many of them go heavily into debt in order to comply with a time-honored custom. Manchester is always made aware by the fluctuations in the demand for certain kinds of goods of these lucky or unlucky seasons, and it is expected that the diminished requirements of the last inauspicious year will have left gaps to be supplied which will now be filled up. Already, indeed, the shipments this year have shown a decided increase upon those of the corresponding portion of 1897, although they are smaller than those of 1896. The figures for the eight months ended August 31st of this and the two preceding years are.

EXPORTS OF COTTON PIECE GOODS TO INDIA JAN. 1 TO AUG. 31.

	Yards.	£
1896	1,389,803,400	10,920,775
1897	1,092,733,500	8,404,735
1898	1,355,393,900	10,122,551

Of the prospects of the China trade, those most closely engaged in it seem unable to form a firm opinion. Certainly it has shown no such expansion during the last two years as has that of the United States with China. The total amount of the exports of British productions of all kinds to China and Hong-Kong—the latter being mainly a depot for the South China trade—were last year only £7,117,796, against £8,540,543 in 1896 and £7,167,459 in 1895. Of cotton piece goods alone they were £4,210,941 in 1897, £5,401,712 in 1896 and £4,620,178 in 1895. In the first eight months of this year a still more marked decrease in the shipments of cotton goods has occurred. Here are the figures.

EXPORTS OF COTTON PIECE GOODS TO CHINA AND HONG KONG.

	—Jan. 1st to August 31st.— Yards	£
1896	381,817,000	3,760,138
1897	347,326,100	3,314,635
1898	337,055,400	2,977,442

There is not the least ground for the belief that the new cotton mills set up in China are in any degree competing with English cloth. The kinds and qualities which they produce are far too coarse to touch the demand for it, although there is good reason to believe that they tend to displace the product of the native hand-loom. The only distinct reason alleged for the falling off in the China demand for English goods is the scarcity of copper "cash," the universal money for the retail trade and the smaller wholesale trade of the country, at any rate in Middle and Southern China, where the bulk of British cotton productions is consumed. It has thus come about that when no change has happened in the tael or dollar (silver) prices of goods at the ports, or even when they have declined, the demand by the people in the interior has been restricted and the consumption has fallen off. In view of all these considerations, not to speak of political uncertainties, it is not surprising that those who are interested in the China trade hardly venture to entertain confident hopes of coming improvement in their business.

On the other hand, the outlook in the English home trade is decidedly promising. Reports recently received from all parts of the country of the retail dry goods business during the past summer are generally quite cheering. In the early part of the season cold and wet weather operated against the distribution, but high temperature and bright sunshine during August and the first half of September supplied ample amends, and drapers finished the season with light stocks. Even more favorable is the circumstance that nearly all the leading industries of the country are very fully employed, and although something is to be desired in the textile districts, particularly in the Yorkshire woolen and worsted industries, some improvement has lately become distinctly visible Then there are the abundant crops of nearly all kinds, which have put heart into the agricultural population, and the close of the great colliery strike in South Wales has removed the only important interruption of that kind to the industry of the country. Much the most important part of the agricultural production of the United Kingdom is that of the fields and pastures, and this has been enormous everywhere. Indeed specific reports have come from various parts of England and Ireland that the yield from the soil, taken altogether, has not been so large for forty years past as in 1898.

The condition of the Lancashire cotton industry has undoubtedly improved within the last three months. It is necessary, however, to make a distinction between the spinning and weaving branches which in Great Britain are for the most part carried on separately. Spinners are now making fair profits, except perhaps a section of those who produce the finer yarns from Egyptian cotton. But manufacturers who buy yarn and weave it are often unable to secure a profitable "margin" between the price of their raw material and that of the cloth they produce. Their relatively unfavorable position in this respect is mainly due to the fact that until about two years ago the number of looms increased whilst that of the spindles tended rather to diminish. There are, however, a few new spinning mills of large size either approaching completion or in process of erection, and there can be little doubt that before long the disparity will be removed.

THE RIO GRANDE WESTERN RAILWAY.

We have had occasion of late, in reviewing the annual reports of the various railroads for the fiscal year ending June 30, to call attention to many noteworthy records of growth in revenue and traffic established during the last twelve months. In some respects the Rio Grande Western furnishes the most striking instance which has yet come to our notice of this growth and expansion. As the system is a small one (it comprises only 583 miles of road) we will not be understood by this to mean that its gains are equal *in amount* to those of the larger and more prominent companies. What we do have reference to is the *rate* of growth; this in the present case is of really remarkable proportions.

While there are many evidences of the expansion referred to, the gain in aggregate freight tonnage during the late twelve months serves better than anything else to indicate the magnitude and extent of this expansion. In the number of tons of revenue-earning freight, it appears there was an increase of over 50 per cent; in 1896-7 the road had carried 727,611 tons, in 1897-8 the amount was added to

374,580 tons, raising the total to 1,102,191 tons. In exact figures the increase was 51½ per cent. In the tonnage movement one mile the increase was of even greater dimensi ns. Roughly, the road in 1896-7 moved 123 million tons one mile; for 1897-8 the same item is reported at 208 million tons, an addition of 85 million ton miles, or nearly 70 per cent. We need hardly say that, striking though the gains have been on all Western roads, an increase of 70 per cent in a single period of twelve months on an old established road can have few, if any, paral els.

Nor must it be supposed that this phenomenal increase is simply a recovery of what the road had lost in the years preceding. The year 1896-7 did fall behind a little, but as far as the tonnage is concerned the contraction was so small that it might well be ignored, the decrease from 1895-6 having been hardly more than one per cent. The late year's very exceptional growth therefore came practically on top of the largest tonnage previously made in the company's history. As a matter of fact the traffic has been rising almost uninterruptedly year by year. This is a circumstance of more than ordinary importance in the case of the Rio Grande Western, for the road lies in a silver-mining State (Utah), and many had feared that the depression in that industry would work serious harm to the property. There was a setback at that time, it is true, but it proved only temporary. The falling off in traffic was never important. The loss in revenue was of more consequence, but it followed mainly from the decline in rates which the depression had brought with it. The road quickly recovered, however, from the effects of both.

In view of the importance at one time attached to the depression in silver, it is interesting to note Gen. Palmer's reference to the subject in the present report. He says there seems to be no longer any reason for feeling anxiety regarding the future of the railroad business in connection with the mining of the precious minerals in Utah. "The processes of concentration and other economies set going by the silver panic of 1893 have practically caught up with the 'decline in silver,' and even outstripped it as regards the actual output of ores." It is proper to note that in the development of the road's traffic an important advantage has accrued from the opening of the Oregon Short Line (which formerly had exclusive arrangements with the Union Pacific) to equal use by all roads, thus placing the Rio Grande Western in position where it could secure a share of the through traffic both east-bound and west-bound, between vast sections of the country.

But lest too much stress should be laid on this one circumstance aiding development, it is well to point out that the most gratifying feature in the growth of the road's business is the varied character of the increase, practically all sources of traffic having contributed to it. Aggregate gross receipts improved over the year preceding $893,783, or 36 per cent. In the freight earnings the increase was $749,266, or 41·72 per cent. And it is a noteworthy circumstance (considering that many of our Eastern roads have failed to show any tendency towards expansion in passenger revenues) that even the passenger department of the Rio Grande Western has been able to record improvement, the addition here over 1896-7 having been $137,671, or 26·20 per cent. The total in this case, as it happens, was not quite equal to that for 1891-2, which was the company's best year in passenger receipts, but the difference against the late y ear was entirely owing to the shrinkage in rates; in number of passengers carried the 1897 8 total was actually 5 per cent better than that of the year referred to.

In the freight traffic we have already shown that the results have far surpassed all previous records. President Palmer, whose remarks always deserve study because of his analysis of the character of the road's tonnage and the conditions governing the same, states that excepting alone in sugar, sugar beets and asphaltum, every class of commodity carried gave increased earnings ranging from 23 per cent in fuel to 170 per cent in fruits and vegetables. This gain in the last mentioned item—fruits and vegetables—shows how the traffic gradually is being diversified. The revenue from that item in 1896-7 had been $80,030; for 1897-8 it was $182,006, giving an addition of $101,976, which it will be seen is almost one-seventh the entire gain in the freight revenues. The earnings from bituminous coal in the late year were $432,550, against $338,618 in the year preceding; from merchandise $449,028, against $283,713; from ores $341,279, against $272,159; from live stock $204,404, against $132,885; from coke and charcoal $138,740, against $124,734; from lumber, &c., $87,325, against $57,263; from castings and machinery $75,139, against $36,344; and so we might go through the list. With reference to the falling off in sugar and sugar beets, already noted, the report explains that this was because of the failure of the 1897 crop. The 1898 beet crop, however, is by far the best ever raised in Utah. Moreover, Gen. Palmer points out that the results at the sugar works at Lehi have proven so satisfactory that new works, with a capacity of 350 tons of beets per day have just been completed at Ogden, the road's western terminus, and plans are on foot for the erection of still another mill at Goshen on the Tintic branch.

After what has been said above, it is hardly necessary to state that not alone in traffic but in aggregate revenues, gross and net, the late year has been the most prosperous ever enjoyed by the company. As compared with 1891-2, the largest previous fiscal year, the increase in gross earnings is 27 per cent and the increase in net earnings 32½ per cent. As compared with the year 1896-7, the increase in net has been almost 50 per cent, the total of the net for 1897-8 being $1,293,111, against $863,960 for 1896-7. We need scarcely refer again (as we have done so only quite recently) to the great change this improvement has worked in the prospects of the company—how the company now is able to pay the full 5 per cent dividends on the preferred shares and has even begun the payment of dividends on the common shares. Nor need we advert to the conservatism of the management in the distribution of the dividends. These are facts familiar to our readers.

In conclusion, it is worth noting that General Palmer takes pains to express his belief in the permanence of the arrangement under which the Rio Grande Western has obtained facilities for through business over the Oregon Short Line. He says this arrangement has resulted so handsomely for that road, as well as for the Western, that there is no apparent likelihood of its being broken. Not an inconsiderable advantage, he asserts, to both companies has been the complete avoidance of rate-cutting in Utah and the

saving in various ways due to harmonious relations. He adds: "We are advised that no attempt will be made to close these 'Gateways,' and as the policy in regard to them adopted by the directors of the Oregon Short Line has proven after a year's trial to be highly advantageous to that line, there is no reason to believe that a narrower view will be taken of the interests of their trust by any future Board."

THE MINNEAPOLIS & ST. LOUIS.

Among the smaller roads in the Northwest, the Minneapolis & St. Louis is showing good results. The road may be said to have had a prosperous career ever since it was reorganized on a drastic basis in 1894, and stockholders were called on to pay an assessment of $25 00 per share. Whatever may have been thought of the policy at the time, its advantages must now be obvious to all. The road has been on the dividend-paying list since then, and both physically and financially its condition seems to be very satisfactory.

The company's annual report is before us, and, as was made evident by the monthly returns, improvement in both gross and net earnings is recorded. The addition to the gross earnings is almost a quarter of a million dollars, which for a system of this size is considerable, reaching nearly 12 per cent; in exact figures the increase was $240,075, or 11·96 per cent. The gain in the net amounts to $76,169, or 8·77 per cent. As a result of this improvement dividends on the second preferred shares have been raised from a 3½ per cent basis to 4 per cent. As the change, however, was not made until the last half of the fiscal year the actual amount paid out during the twelve months was only 3½ per cent. The first preferred shares have of course had 5 per cent from the start. After paying out of the income for the late year the dividends mentioned (5 per cent on first preferred, 3½ per cent on second preferred), there remained a surplus on the operations of the twelve months of $145,827. The company could have paid the full 5 per cent on both classes of stock and yet have carried forward a surplus of $85,827.

The increase in traffic did not come from any one source, but extended to all classes, except that the mineral traffic fell off slightly. President Hawley points out that while in 1897 the wheat crop, which is the principal agricultural product tributary to the company's lines, was disappointing, the unusual price which the staple commanded in the earlier months of the year brought into the market large quantities of this grain held over from previous years, making the movement of wheat originating locally along the line somewhat heavier than for 1896-7. Mr. Hawley thinks that the prospects for the current year are most encouraging. The wheat crop in the section of the country traversed by the company's lines is very heavy, he says, probably as large as in any preceding year. The crops of small grains and of corn will equal the average of any previous year. It is expected that the farmers will store from the present crop as much as was taken from their warehouses to market in the spring months to get the benefit of the high prices then ruling. Nevertheless, the yield is so large that after making allowance for probable storage, it may still reasonably be expected, he says, that the movement for 1897-8 will equal that for 1896-7.

RAILROAD GROSS EARNINGS FOR SEPTEMBER.

Our compilations for September afford the most striking illustration yet furnished of the satisfactory nature of the current returns of railway earnings, taking the country as a whole. In reviewing the results for the corresponding month of last year, we noted that in amount the increase then recorded, namely $6,385,823, was the largest ever shown in any preliminary monthly statement as far back as our records went. In view of the fact that some leading traffic conditions were adverse the present year, it would have been no surprise to find a loss now after this large gain of 1897. Quite a number of the separate roads, indeed, have suffered decreases, but these are so far overbalanced by the roads with gains, that in the final result we have a further increase of 2¾ million dollars—$2,790,305, or 6·04 per cent. We append a summary of the September results for a series of years.

To say, however, that there has been a large increase the present year additional to the very exceptional increase of last year, is only telling half the story. What gives special prominence to the improvement is that it has occurred in face of a large contraction in two leading staples which play an important part in the traffic movements of the roads at the present season—we mean the grain movement in the West and the cotton movement in the South. The grain deliveries at the Western primary markets were of phenomenal extent in September last year. The present year wheat receipts, as it happens, were somewhat heavier even than those for 1897, but in corn there was a contraction of over 14 million bushels. As regards the cotton movement, it is only necessary to say that the receipts at the Southern ports for September 1898 aggregated but 691,037 bales, against 781,475 bales in September 1897 and 901,613 bales in 1896. The explanation of the falling off of course is that the crop is a late one this year. Besides this there was also a decrease in the deliveries of live stock at Chicago.

Obviously there must have been a good many favoring circumstances. Chief of these is to be mentioned the activity of trade. The transportation of United States troops was also an element contributing to improved returns, particularly with some of the Southern roads. We should judge likewise that the traffic in iron ore must have been heavier than in 1897; this would be a factor even in the case of roads like the Milwaukee & St. Paul, the Chicago & North Western, &c., which have lines to the ore regions. Then, too, the holding of the Grand Army Encampment at Cincinnati added to the earnings of a number of roads, but more especially the Baltimore & Ohio Southwestern and the Big Four. The Trans-Mississippi Exposition at Omaha, which has had a large attendance, undoubtedly operated in the same direction.

It should be said with reference to the wheat receipts at the West, which, as stated above, were heavier even than the exceptional receipts of last year, that the augmentation occurred mainly at the spring-wheat points, which, with the other circumstances already noted, will explain the increase of $481,287 in the earnings of the St. Paul and the large increases by some other roads in the same section. Herewith we present a list of all changes in excess of $30,000, both losses and gains.

* For three weeks only.

In the following we show the Western grain movement in detail in our usual form. As confirmatory of our remarks above, it will be observed that at Duluth the receipts for the five weeks were 13,856,421 bushels this year against 11,869,370 bushels last year, and at Minneapolis 9,616,560 bushels against 7,925,290 bushels. Thus we see reflected the well known fact of a much better spring wheat crop in 1898 than in 1897.

Outside the spring-wheat districts the situation was different, and we find at Chicago (where we have the figures for the even month) grain deliveries were only 33,379,710 bushels, against 43,448,731 bushels in 1897. We may add that while the number of head of hogs delivered at the same point was 702,184, against 601,127, this does not indicate the comparison as to the live-stock movement as a whole, which is 23,158 car loads against 24,767 car loads.

RECEIPTS AT CHICAGO DURING SEPTEMBER AND SINCE JANUARY 1.

a Figures here for 1898 and 1897 are simply the totals of the earnings for the four weeks of the month as reported in the weekly returns; the month's earnings usually exceed the weekly estimates quite considerably.
b Including Scioto Valley & New England and Shenandoah Valley for all the years.
‡ Figures are approximate, same as for 1893; actual earnings were larger.
* Fourth week of September not reported; taken same as last year.

In the Southwest the backwardness of the cotton crop has led to a falling off in the case of several of the cotton-carrying roads.

+ Galveston Houston & Henderson not included for these years.
a Figures here for 1898 and 1897 are simply the totals of the earnings for the four weeks of the month as reported in the weekly returns; the month's earnings usually exceed the weekly estimates quite considerably.
* September, 1898, not reported; taken same as last year.

In the case of the trunk lines we have in the following taken the earnings of the New York Central the same as for 1897, the 1898 statement not yet having come to hand; there is reason to believe, however, there was a considerable loss, as the road gained $515,000 last year, chiefly because of the large grain movement at that time.

Monetary and Commercial English News

[From our own correspondent.]

LONDON, Saturday, October 1, 1898.

At the beginning of the week the political uneasiness which has been deepening of late was still further increased by the intelligence that beyond all doubt the white men at Fashoda were members of the Marchand expedition. The Government did not publish the Sirdar's telegram, but his messages to the Lord Mayor and to the Lord Provost of Edinburg stated that he had established garrisons at Fashoda and at the mouth of the Sobat River, and had secured the equatorial provinces of the Soudan for the trade of the world. In what way he had dealt with Captain Marchand remains to be seen, and there was some fear that excitement might increase in France and that the two countries might be plunged in war. Now, however, the fear has nearly died away, and the general impression both in France and here is that the question will be settled amicably.

The French hope that they will be able to get some kind of concession in return for their withdrawal of Captain Marchand. But the feeling in England is too strong to allow even Lord Salisbury, great as his majority is, to give up a single inch of the territory that has been won back for Egypt at so much cost and so much labor by Sir H. Kitchener. Of conrse there may be bargaining elsewhere. But the course of the Nile must be secured. There is a belief in diplomatic circles here and abroad that the Czar is using his influence to moderate French pretensions. The belief is at least plausible, for it is incredible that Russia will engage in war because France has placed herself in an an untenable and exceedingly awkward position. More importance is attached to the excitement over the Dreyfus affair. The Brisson Cabinet has had the conrage, in spite of the President's opposition and the rage of the General Staff, to submit to the Court of Cassation the demand for the revision of the Dreyfus case. And it is said that M. Brisson is resolved to insist upon a perfectly fair and open trial for Colonel Picquart. If the Premier is firm, and if in the meantime he is not overthrown, he will render an immense service to France, and will bring the military officials at the War Office to their senses. But there is a very strong fear that the Brisson Cabinet is nearing its fall. And if it falls there are grave apprehensions of tronble immediately afterwards.

Respecting Crete there is very little apprehension. The general impression all over Europe seeme to be that England and Russia will end by establishing a kind of joint dominion over the Island. What grounds there are for the impression it is not easy to say. But the impression undoubtedly prevails. Indeed, there is a very strong belief growing that a *rapprochement* between England and Russia is impending. They have found that they have been able to work amicably together in Crete, and they are about, it is said, to try whether they can work eqnally well together in China. At all events, grave as are the events following one another so suddenly and so dramatically in China, there is very little fear entertained of a war respecting that country. The really serious anxiety is respecting the excitement in Paris. While that excitement lasts it is impossible that there can be very much improvement in the stock markets here. Early in the week there was a general decline in prices bot in the middle of the week opinion changed and prices recovered. The dealings are almost entirely by members of the Stock Exchange and professional operators. The great public is holding aloof. And this is trne of every market.

The harvest in this country is nnnsually good, one of the best harvests for twenty years. And the harvests all over Europe mostly, with the notable exception of Rnssia, have likewise been good. It is said that the French harvest is the best in the history of the country except one.

The Stock Exchange settlement began on Monday and ended on Thursday, and it was found somewhat of a surprise that the rates demanded by bankers from Stock Exchange borrowers had advanced from abont 2¼ per cent a fortnight ago to 3¼ per cent this week. It will be recollected that the rise in the Bank rate was only ½ per cent, and there is nothing to show that the speculative account open for the rise has increased. The explanation doubtless is, firstly, that the shipment of so considerable an amount of gold to New York induced bankers to raise their terms, and, secondly, that the near approach of the end of the quarter, as well as of the mouth, led to a very considerable calling in of loans by the banks. There is a rather absurd practice among the banks of calling in loans at the end of the month in order to make it appear in their returns that they hold larger reserves than they really do, and it always happens at the end of the quarter that very large payments have to be made. Consequently not only did the rates rise on the Stock Exchange, but there was a very general demand for money on the part of bill brokers and discount houses, and as a result very large amounts were borrowed at the Bank of England. In spite of this, however, the general belief in the city is that rates will ease off next week, when the quarter's interest upon the national debt will be paid.

The shipments of gold for New York have ceased for the time being, and the market has jumped to the conclusion that they will not be resumed. You are in a better position to judge than we can be here whether this is correct or not. But the best informed in London think that a considerable amount of gold will go to New York between now and the end of the year.

Not much, however, is likely to go either to Japan or Russia or Austria-Hungary or Germany, at all events, as long as there is danger of disturbing the London money market. Nor is it thought probable that very much will go to Argentina. Still there are always large demands to be met during October, November and December, and these will have to be supplied whatever may be the result to the market.

In India the slack season continues. But the India Council manages to sell its drafts without difficulty, although it has not done quite so well this week as last week. On Wednesday it offered for tender 40 lacs. and the applications exceeded 260 lacs. The total amount offered was sold at prices ranging from 1s. 3⅞d. per rupee to 1s. 3 15-16d.

The following return shows the position of the Bank of England, the Bank rate of discount, the price of consols &c., compared with the last three years:

	1898. Sept. 28.	1897. Sept. 29.	1896 Sept. 30.	1895. Oct. 2.

Copenhagen	4	3½	4	3½	4	3½	4	3½

Messrs. Pixley and Abell write as follows under date of Sept. 29:

Gold—Consequent on the advance in the Bank rate last week the demand for gold has considerably slackened, and though £60,000 has been withdrawn from the Bank, in sovereigns, for New York, all purchases of bars and Eagles from the Bank have ceased, the supplies in the open market being adequate for both New York and a small German inquiry. Arrivals: South Africa, £326,000; Australia, £164,000; China, £1 000; Brazil, £30,000; total, £521,000 Shipments: Bombay, £5,000; Colombo, £3,000; total, £8,000.

Silver—A very steady market with India the best buyer and supplies inclined to be scarce. Price in India, 72⅛ rupees. Arrivals: New York, £116,000; Chili, £2,500; total, £118,500. Shipments: Bombay, £7,500; Calcutta, £52,100; total, £59,600.

Mexican Dollars—There has been only a small business in Mexicans at unchanged rates. Arrivals: New York, £17 300. Shipments: Hong Kong, £22,822; Straits, £4,800; total, £2[illegible], 22.

The quotations for bullion are reported as follows:

Commercial and Miscellaneous News.

IMPORTS AND EXPORTS FOR THE WEEK.—The following are the imports at New York for the week ending for dry goods Oct. 6 and for the week ending for general merchandise, Oct. 7 also totals since the beginning of the first week in January.

FOREIGN IMPORTS AT NEW YORK.

For week.	1898.	1897.	1896.	1895.
Dry goods	$1,388,465	$1,100,477	$1,531,792	$2,528,702
Gen'l mer'dise	5,342,369	4,456,466	6,398,486	7,735,299
Total	$6,730,834	$5,556,943	$7,930,278	$10,264,001
Since Jan. 1.				
Dry goods	$72,691,835	$102,094,798	$88,128,774	$115,554,114
Gen'l mer'dise	255,800,720	284,403,026	260 369,257	285,911,603
Total 40 weeks	$328,492,555	$386,497,822	$348,498,031	$401,465,722

The following is a statement of the exports (exclusive of specie) from the port of New York to foreign ports for the week ending Oct. 10 and from January 1 to date:

EXPORTS FROM NEW YORK FOR THE WEEK.

	1898.	1897.	1896.	1895.
For the week	$9,318,315	$6,474,588	$7,591,225	$5,883,03 3
Prev. reported	358,322,385	310,351,831	285,136,374	252,373,02 1
Total 40 weeks	$367,640,700	$316,826,419	$292,727,599	$258,256,154

The following table shows the exports and imports of specie at the port of New York for the week ending Oct. 8 and since January 1, 1898, and for the corresponding periods in 1897 and 1896.

EXPORTS AND IMPORTS OF SPECIE AT NEW YORK.

Gold.	Exports.		Imports.	
	Week.	Since Jan. 1.	Week.	Since Jan. 1.

WALL STREET, FRIDAY, OCT. 14, 1898.—5 P. M.

The Money Market and Financial Situation.—Efforts to continue the erratic and unnatural movement of speculative shares were somewhat successful during the early part of the week. Opinion is divided as to whether this movement has run its course. However this may be, legitimate business is now less obscured than it has generally been for several weeks past and the conditions usually affecting Stock Exchange operations are again being more carefully considered. Prominent among the latter is the export demand for breadstuffs (especially for wheat, as has been previously mentioned, but which has become more pronounced this week), and a corresponding advance in price. This will soon become a more important factor in railway traffic, and in the foreign exchange market its influence is increasing. There have been liberal sales of securities for foreign account, but these were readily absorbed by an increasing home demand.

The political situation, both at home and abroad, is attracting attention. Locally, however, there is less concern about the policy which will be adopted in regard to the government of Cuba, Porto Rico, Hawaii and the Philippines than as to what financial legislation shall be enacted. An important event of the week was an increase in the Bank of England discount rate to 4 per cent. This action may lessen the flow of gold to this country, but that is a matter of little consequence in view of the present condition of the money market, and will result in the accumulation of a credit balance in favor of this country, as was the case last year.

The open market rates for call loans on the Stock Exchange during the week on stock and bond collaterals have ranged from 2 to 3 per cent. To-day's rates on call were 2 to 2½ per cent. Prime commercial paper quoted 3¼ to 4¼ per cent.

The Bank of England weekly statement on Thursday showed a decrease in bullion of £550,991, and the percentage of reserve to liabilities was 43·30, against 44·20 last week; the discount rate was advanced from 3 to 4 per cent. The Bank of France shows a decrease of 9,550,000 francs in gold and 6,300,000 francs in silver.

The New York City Clearing-House banks in their statement of Oct. 8 showed an increase in the reserve held of $5,586,100 and a surplus over the required reserve of $18,743,600, against $15,327,150 the previous week.

The Clearing-House, on Oct. 80, 1897, also began issuing weekly returns showing the condition of the non-member banks which clear through the Clearing-House institutions. The statement in full for the latest week will be found on a preceding page.

Foreign Exchange.—The market for foreign exchange has become easier as the week has advanced. The offerings of commercial bills are increasing and the demand continues limited. A small amount of long bills was taken for investment.

To-day's actual rates of exchange were as follows: Bankers' sixty days' sterling, 4 81½@4 81¾; demand, 4 84¼@4 84½; cables, 4 84¾@4 85; prime commercial, sixty days, 4 80½@4 81; documentary commercial, sixty days, 4 80@4 81; grain for payment, 4 80½@4 81; cotton for payment, 4 80@4 80½; cotton for acceptance, 4 80½@4 81.

Posted rates of leading bankers follow:

Oct. 14.	Sixty days.	Demand
Prime bankers' sterling bills on London	4 82@4 82½	4 85
Prime commercial	4 80½@4 81	.....
Documentary commercial	4 80 @4 81	.....
Paris bankers' (francs)	5 24⅝@24⅜	5 23¾@22⅞
Amsterdam (guilders) bankers	39⅛@39⅜	40@40⅛
Frankfort or Bremen (reichmarks) b'kers	94⅜@94½	94⅝@94¾

The following were the rates of domestic exchange on New York at the under-mentioned cities to-day: Savannah, buying 1 16 discount, selling 75c. per $1,000 premium; Charleston buying 1-16 discount, selling 1-16 premium; New Orleans, bank, 50c. premium, commercial, $1 25 discount; Chicago, par; St. Louis, 40c. per $1,000 discount.

United States Bonds.—Sales of Government bonds at the Board include $71,000 4s coup., 1925, at 127 to 127⅝; $10,000 4s reg., 1925, at 127¼; $7,000 4s coup., 1907, at 112; $5,000 4s reg., 1907, at 110⅞ to 111; $1,000 5s coup. at 112⅝; $10 300 3s reg. at 101⅝ to 105⅛; $318,200 3s coup. at 105⅛ to 105¾, and $5,600 ditto (small bonds) at 104⅜ to 105⅜.

The following are the daily closing quotations; *for yearly range see seventh page following.*

*This is the price bid at the morning board; no *sale* was made.

State and Railroad Bonds.—Sales of State bonds at the Board were limited to $93,000 Virginia fund. debt 2-3s of 1991 at 78 to 78¼, $20,000 Virginia 6s deferred trust receipts stamped at 7¼ and $3,000 Tennessee settlement 3s at 93½.

The volume of business in railway bonds at the Exchange was limited to an average of less than $2,000,000 par value per day. The market was generally steady, changes being about evenly divided between higher and lower quotations. The most conspicuous advance was in Pittsburg & Western 1st 4s, from 92 at the close last week to 95, on a steadily increasing demand. There is a fair investment demand for high-grade bonds, but transactions are limited because of the paucity of offerings.

Stock and Bond Sales.—The following shows the volume of business in stocks and bonds on the New York Stock Exchange for the past week and since January 1.

Sales N. Y. Stock Exch.	Week ending Oct. 14— 1898.	1897.	Jan. 1 to Oct. 14— 1898.	1897.
Government bonds	$437,100	$53,900	$17,214,850	$9,085,800
State bonds	114,000	63,400	2,493,200	1,269,150

Total	1,729,934	$167,733,900	$11,995,000	$110,000	$437,100

The sales on the Boston and Philadelphia Exchanges for the week ending Oct. 14, 1898, have been as follows:

	Boston. Listed shares.	Boston. Unlisted shares.	Boston. Bond sales.	Philadelphia. Listed shares.	Philadelphia. Unlisted shares.	Philadelphia. Bond sales.
Saturday	25,552	7,416	$28,700	9,557	4,695	$16,940
Monday	27,984	21,282	82,950	12,521	9,143	190,400
Tuesday	25,517	14,917	66,666	18,555	11,987	83,385
Wednesd'y	24,678	12,347	92,850	9,776	5,150	98,416
Thursday	33,775	8,944	79,006	13,081	7,783	247,440
Friday	28,000	13,200	84,000	11,110	8,005	120,800
Total	193,505	77,406	374,160	99,606	46,449	757,355

Railroad and Miscellaneous Stocks.—The stock market was depressed during the early part of the week under the influence of sharp declines in some of the most active industrial stocks. Transactions at the Exchange were less than 300,000 shares on Monday and only a trifle more on Tuesday. On Wednesday the tone improved, the volume of business was larger, and several issues of the granger group advanced to about 1½ points above last week's closing prices. Thursday's market, although less active, was generally firm, and in many cases fractional advances were recorded. The grangers were the firm features of the market throughout the week, on the large general traffic movement now in progress. Illinois Central declined 2 points on the restriction of business at the Southern terminus. Lake Erie & Western preferred lost 11¼ points on dividend rumors. Northern Pacific made a further decline early in the week, but later has rallied on reports that more harmonious relations among security holders have been established. The anthracite coal group was weak, Central of New Jersey selling down to within a fraction of the lowest quotations of the year.

The miscellaneous list has continued to be subject to speculative manipulation. American Sugar and American Tobacco were by far the most active, the former selling on Tuesday at 108¾, a decline of nearly 40 points within a few weeks. The latter fluctuated over a range of nearly 13 points. New York Air-Brake was relatively steady, within a range of 6½ points. In many cases the extreme quotations mentioned above have been modified under the more normal conditions now existing at the Exchange.

Investment AND Railroad Intelligence.

RAILROAD EARNINGS.

The following table shows the gross earnings of every STEAM railroad from which regular weekly or monthly returns can be obtained. The first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for the period from January 1 to and including such latest week or month.

The returns of the street railways are brought together separately on a subsequent page.

ROADS.	Latest Gross Earnings.			Jan. 1 to Latest Date.

York Southern	August....	6,062	6,059	47,030	45,203

a These figures include results on leased lines. b Includes earnings from ferries, etc., not given separately. c Includes Des Moines & Kansas City for all periods. d Includes operations of the Chic. Burlington & Northern in both years. e Includes results on A. T. & S. Fe, Gulf Col. & S. Fe, S. Fe Pacific (old Atlantic & Pacific) and So. Cal. Ry. f Includes the Pacific system, the Atlantic properties and the Houston & Texas Central system. g Beginning July, earnings of Memphis Division and Middlesborough & Aiken branches are included for both years.

* Results on Kansas City & Independence Air Line are not included for either year.

† Includes Chesapeake & Ohio So'western for both years, but Ohio Valley and Chicago and Texas for 1898 only. Results on Yazoo Branch excluded after July 1 1898

‖ Mexican currency.

¶ Covers results of lines directly operated east of Pittsburg.

Latest Gross Earnings by Weeks.—The latest weekly earnings in the foregoing are separately summed up as follows:

For the first week of October our preliminary statement covers 68 roads, and shows 5·75 per cent increase in the aggregate over the same week last year.

1st week of October.	1898.	1897.	Increase.	Decrease.

Net Earnings Monthly to Latest Dates.—The table following shows the gross and net earnings of STEAM railroads reported this week. A full detailed statement, including all roads from which monthly returns can be obtained, is given once a month in these columns, and the latest statement of this kind will be found in the CHRONICLE of September 24, 1898. The next will appear in the issue of October 22, 1898.

a Net earnings here given are after deducting taxes.

b Net earnings here given are before deducting taxes.

* After deducting "reserve fund for repairs of steamers" balance in August, 1898, was $207,598, against $49,404, and from May 1 to August 31 $535,100, against $274,581. The reserve fund for depreciation and general and extraordinary repairs of steamers has been increased to the standard of the English companies, i. e., five per cent upon the value of the steamers.

Interest Charges and Surplus.—The following roads in addition to their gross and net earnings given in the foregoing, also report charges for interest, &c., with the surplus or deficit above or below those charges.

Roads	Int., Rentals, &c. 1898.	1897.	Bal. of Net Earn'gs. 1898.	1897.

STREET RAILWAYS AND TRACTION COMPANIES.

The following table shows the *gross* earnings for the latest period of all STREET railways from which we are able to obtain weekly or monthly returns. The arrangement of the table is the same as that for the steam roads—that is, the first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings or the calendar year from January 1 to and including such latest week or month.

* Includes Baltimore Traction and City & Suburban for both years.

Street Railway Net Earnings.—The following table gives the returns of STREET railway gross and net earnings received this week. In reporting these net earnings for the street railways, we adopt the same plan as that for the steam roads—that is, we print each week all the returns received that week, but once a month (on the third or the fourth Saturday) we bring together all the roads furnishing returns, and the latest statement of this kind will be found in the CHRONICLE of September 24, 1898. The next will appear in the issue of October 22, 1898.

ANNUAL REPORTS.

Annual Reports.—The usual index is omitted this week but that published in the CHRONICLE of Sept. 24 covers all reports published to Sept. 17, inclusive.

Great Northern Railway.

(Report for the year ending June 30, 1898.)

The annual report of Mr. J. J. Hill, President, is given at length on pages 796 to 801, together with the revenue and income accounts, and the general balance sheet.

The earnings and expenses of the Great Northern Railway, compiled in the usual complete form are shown below.

The first table includes the operations of the railway system; the second table gives the income account of the Great Northern Company; and the third table shows the results for the entire system, treating all as if one corporation.

OPERATIONS AND FISCAL RESULTS OF RAILWAY SYSTEM PROPER.

	1897-98.	1896-97.	1895-96.

Interest, rentals, etc.	9,[illegible]40,645	*9,440,000
Balance	$6,0[illegible]2,792	$3,807,846
Dividends	(4½%)3,690,126	(4%) 3,280,112
Balance	$2,392 666	$527,734
Renewal fund	1,000,000	.....
Surplus for the year	$1,392,666	$527,734

* Approximate.

The capital stock remained unchanged in amount during the year, and the bonded debt decreased net $94,000, owing to the purchase and cancellation of $[illegible]50,000 bonds. Similarly the debt of auxiliary lines was decreased by $114 500. For construction and equipment, expenditures were $1,077,-[illegible]30. The rate per ton-mile was ·919 cents, against ·887 cents in the previous year. The current assets $11,598,882, against $10,143 343 Dec. 31, 1896; and current liabilities $5,401,893, against $4,244,783.—V. 67, p. 427.

Nashville Chattanooga & St. Louis Railway.

(For the year ending June 30, 1898.)

The operations for four years past are shown below. The figures given last week were confused in transcribing.

Operations—	1897-98.	1896-97.	1895-96.	1894-95.
Passengers carried	1,525 396	1,089,921	1,092,383	[illegible]16,691
Pass. carried 1 mile	74,991,530	45,108,931	56,842,686	36,5[illegible]45,756
Rate per pass. per m.	1·77 cts.	2·34 cts.	2·12 cts.	2·58 cts.
Freight (tons) car'd	3,226,850	2,879,648	3,120,8[illegible]7	2,74[illegible],340
Freight (tons) 1 m.	428,976,810	395,637,662	391,944,743	354,[illegible]68,904
Rate per ton per m.	0·91 cts.	0·96 cts.	0·91 cts.	0·93 cts.

The decrease in the rate per passenger per mile from 2·34 cents to 1·77 cents is owing to the fact that for six months during the Tennessee Centennial Exposition, the road carried a large number of passengers at one cent per mile.—V. 67, p. 715, 732, 746.

St. Louis Southwestern Railway Company.

(Report for the year ended June 30, 1898.)

President S. W. Fordyce says in part:

General Results.—The gross earnings for the year were the largest in the history of the road. Traffic was somewhat retarded by the yellow fever in the South in the fall of 1897 and by floods in the spring of 1898. However, the revival of business and the good crops of 1897 more than offset these unfavorable conditions. The surplus earnings, together with other resources, have been applied principally in liqui-

dating maturing equipment trust obligations and in the purchase of additional equipment. The work of improvements has been continued as far as the financial condition of your company would permit.

Heavy expenditures were made to comply with the Federal law relating to safety appliances upon equipment. Three hundred standard box cars, 60,000 pounds capacity, have been acquired under a car trust extended over a period of five years, with a cash payment of 20 per cent; also 500 new improved stock cars have been leased on favorable terms.

The Gray's Point Terminal Road will not be received from the contractors until about Oct. 15. The extension of the Paragould Southeastern Railway to Horneraville, in southeast Missouri, was completed in October, 1897.

Trackage into Dallas.—A contract with the Gulf Colorado & Santa Fe Ry. (Atchison System), effective Aug. 1, 1898, gives us the use of that company's line of road from Wylie, Tex., to Dallas, Tex., with terminals at Dallas. The contract expires in ten years, and may be canceled upon six months' notice. The terms (described in the report) are believed to be much more advantageous to your company than independent facilities.

Prospects.—The prospects for crops in the country tributary to these lines are fully as good, if not better, than they were for last year, and general business is quite satisfactory.

Statistics of Operations.—Following are the leading facts regarding traffic movement for four years:

	1897-98.	1896-97.	1895-96.	1894-95.
Miles oper. June 30.	1,223	1,223	1,223	1,223

V. 65, p. 725.

Iowa Central Railway.

(Report for the fiscal year ending June 30, 1898.)

President Horace J. Morse says in substance:

Of the surplus income for the year $58,591 was expended in construction and betterments, leaving $105,477 to be carried to surplus account for the year. This made a credit to surplus of $639 681. Since the closing of this report a readjustment of income or surplus account and cost of road and equipment has been made, reducing the credit to income account to $152,466 as representing its actual condition. The debit to new equipment account of $166,928 represents an expenditure for that purpose during the last fiscal year. Since the report additional equipment has also been contracted for. The company has sold at a fair premium $250.000 of treasury bonds and applied the proceeds to payment for all this equipment, leaving the surplus, as stated above, in cash in the treasury.

As to prospects for business the General Manager says:

"From what has been said concerning crop prospects, the future outlook for business, together with the improved capacity of your property, I feel you are warranted, unless something entirely unforeseen occurs, in believing and expecting larger earnings during the coming year than have ever been shown heretofore, and I also feel that in this respect you certainly will not be disappointed."

Statistics.—Statistics of earnings, expenses, charges, etc., have been compiled for the CHRONICLE as follows:

—V. 67, p. 75.

GENERAL INVESTMENT NEWS

Reorganizations, Etc.—*Defaults, Reorganization Plans, Etc.*—The usual index is omitted this week, but that covering the items published to Sept. 17, inclusive, will be found in the CHRONICLE of September 24.

American Tobacco.—Continental Tobacco.—*Purchase of Drummond Co. Consummated.*—At St. Louis on Saturday last the purchase of the Drummond Tobacco Co. was consummated, and the purchase price, $3 457,500, was paid in certified checks. J. B. Duke, President of the American Tobacco Co., acted in behalf of that corporation, and Harrison I. Drummond represented the Drummond Tobacco Co. The plant acquired is reported to have a daily capacity of 175 000 pounds of plug tobacco (one account says 13, 00,000) yearly, besides 1,000.000 cigarettes daily, and a large amount of smoking tobacco. It is to be operated, according to report, as before the sale, with Harrison I. Drummond as resident

manager. The real estate conveyed brought $453,000, revenue stamps for $453 being affixed to the deed.

The "St. Louis Globe-Democrat" says:

The Drummond plant occupies an entire block between Third and Fourth, Spruce and Valentine streets. It contains three buildings seven stories high, and three five stories in height, and employs several hundred people. It is estimated the entire plant could be replaced, with modern appliances in every particular, for $450,000, and this Mr. Drummond smilingly acknowledged was true. Placing this figure at $500,000, it appears that the "good will, trade-marks, etc.," were worth $3,000,000 to the trust The "et cetera" in this case is said to represent the trust's desire to acquire the plant and shut off the competition which was hurting it. Only the Liggett & Myers concern now remains as a thorn in the flesh of the trust, and interesting developments cannot long be postponed.

The preliminaries for the consolidation of various leading plug tobacco companies under the title of the Continental Tobacco Co. are pending. A list of the several companies engaged in the business, with their approximate capacity, was given in THE CHRONICLE of Oct. 1, on page 688. The Butler plant was purchased some weeks ago, and more recently the Brown plant was acquired for a sum said to be $1,260,000. The Liggett & Myers Co. still stands out and proposes to fight.—V. 67, p. 688.

Bear Valley Irrigation Co. of Redlands, Cal.—*Reorganization.*—Replying to our inquiry, A. G. Hubbard, of Redlands, Cal., of the bond and noteholders' committee, writes:

Regarding the proposed transfer and re-organization of the Bear Valley system by the water users under the Bear Valley system, to which no doubt you refer in your letter, I am sorry to say that at present everything is in statu quo. The water users have failed so far to comply with the agreement for the proposed settlement between myself for the Savings & Trust Co. of Cleveland, Ohio, and H. H. Garstin representing the water users. I am unable to say as yet whether the deal will be finally consummated or not.—Vol. 67, p. 481.

Brooklyn Queens County & Suburban RR.—Brooklyn Rapid Transit.—*Guaranteed Bonds.*—Of the $2,834,000 consolidated mortgage bonds of the Brooklyn Queens County & Suburban RR., all but about $600,000 have been guaranteed by the Brooklyn Rapid Transit Co.—V. 67, p. 318, 688.

California Northwestern Ry.—San Francisco & North Pacific Ry.—*Official Statement.*—Thos. Mellersh, Secretary and Controller of the California Northwestern Ry. confirms as practically correct the items concerning his company that have already appeared in THE CHRONICLE, and says:

The California Northwestern Ry. Co. leased on and from the 20th of September last, for a period of 20 years, and is now operating, the entire property of the San Francisco & North Pacific Ry. Co. The rental therefor is an agreed amount, besides which the net earnings earned over and above such rental at the expiration of three years are to be divided among the stockholders of the San Francisco & North Pacific. The California Northwestern has the right to build 200 miles of road, but only about 60 miles is contemplated to be built at first. Bonds to the amount of $1,000,000 have been executed and are now in escrow with the Anglo Californian Bank, which bonds are to be applied for the construction of 40 miles of road. This mileage is fully expected to be put in operation within as early a date as practicable. The securities of the California Northwestern Ry. Co. are guaranteed by the San Francisco & North Pacific Ry. Co., and as there are possibilities for very large earnings as soon as the timber region is reached, should be All. The interest is at the rate of 5 per cent, with a sinking fund clause.—V. 67, p. 370, 688.

Centralia & Chester RR.—*Suit for New Receiver.*—The Farmers' Loan & Trust Co., as mortgage trustee, has applied to the United States Supreme Court at Springfield, Ill., for the appointment of a new receiver in place of the present receiver, C. M. Forman.—V. 67, p. 735.

Central Ohio RR.—Sandusky Mansfield & Newark RR.—Columbus & Cincinnati Midland RR.—Newark Somerset & Straitsville RR.—Pittsburg Junction RR.—Baltimore & Ohio RR.—*Deposits Limited to Nov. 1.*—The reorganization managers, referring to the plan (in CHRONICLE of Oct. 1, page 688), inform the security holders that deposits must be made with the depositary, the Mercantile Trust Co. of New York, on or before Nov. 1, after which date no further deposits will be accepted, except in the discretion of the managers and upon such terms and conditions as they may impose.—V. 67, p. 688, 737.

Charlotte (N. C.) Gas Light.—United Gas Improvement.—*Purchased.*—The United Gas Improvement Co., it is stated, has completed negotiations for the purchase of the Charlotte (N. C.) Gas Co. at $150 per share for the $50,000 of capital stock.—V. 66, p. 906.

Chesapeake Beach Ry.—*New Line and New Bonds.*—President Otto Mears, of 1420 New York Avenue, N. W., Washington, D. C., writes that 12 miles of his road are completed from Deanwood, D. C. (Chesapeake Junction), where connection is made with the B. & O. RR. to Upper Marlboro, Md. Regular passenger and freight service will be inaugurated during this month. Between Upper Marlboro and Chesapeake Bay (18 miles) the line is under contract to be completed by Jan. 1, 1899, making in all 40 miles standard gauge track, laid with 70 pound steel rail. The company has an authorized capital stock of $1,000,000 ($600,000 issued), and has made a mortgage to the Continental Trust Co. as trustee to secure $1,000,000 of 5 per cent 25 year bonds.

Columbia Ry of Washington, D. C.—*$500,000 New Bonds.*—The stockholders have authorized an issue of $500,000 of 5 per cent second mortgage gold bonds, due in 1914, to meet the cost of changing the present 5½ miles of cable road to the underground electric system, of building an extension of 1½ miles, and of acquiring new equipment, etc.—V. 62, p. 84.

Denver & Rio Grande Ry.—*Option to Convert 1st Mortgage 7s.*—The conversion into the 4½ per cent first consolidated mortgage gold bonds, due 1936, undertaken by Kuhn, Loeb & Co. and Speyer & Co., has reduced the amount of 7 per cent bonds outstanding to about $2,000,000, due and payable in 1900. The 4½ per cent bonds, except for these $2,000,000 7s yet outstanding, constitute, together with the 4 per cent consolidated mortgage bonds, a first mortgage upon the entire system of the railroad company. The offer is now made to the holders of the 7 per cent bonds to refund the same into the 4½ per cent gold bonds, of 1936 at the price of 104 per cent, the 7s to be taken on a 3½ per cent interest basis to maturity. A statement showing the exact terms upon which the exchange is made can be had on application to the firms above named or at the United States Trust Co., where bonds should be presented for conversion.—V. 67, p. 578.

Federal Steel.—*Officers:*—The following officers and directors were elected on Thursday:

Directors: J. Pierpont Morgan and Robert Bacon of New York; Marshall Field, Norman B. Beam and H. H. Porter of Chicago; E. H. Gary, D. O. Mills, R. P. Flower, C. C. Cuyler of New York; Samuel Mather of Cleveland, Nathaniel Thayer of Boston, Benjamin C. Van Dyke of New Jersey, Charles C. Cliff and Charles McVeagh of N. Y.

Officers: E. H. Gary, President and General Counsel; H. H. Porter, Chairman of the Board, and Richard Trimble, Secretary and Treasurer.—V. 67, p. 730.

Georgia & Alabama Ry.—Georgia & Alabama Terminal Co.—*New Terminals at Savannah.—Guaranteed Bonds.*—President John Skelton Williams and others identified with the Georgia & Alabama Ry. have applied for a charter for the Georgia & Alabama Terminal Co. preparatory to providing the railway company with its own terminals at Savannah, Ga. About 500 acres of land with one mile of water front have been purchased on Hutchinson's Island, just opposite the city. Including the land, over a million dollars will be invested in the new facilities. These will include four miles of track connecting the property with the main line of the railway. The Terminal Company's capital stock of $300,000 will be owned by the Georgia & Alabama Ry. Co., which, as lessee of the property, will guarantee an issue of bonds aggregating, it is understood, $1,000,000. The bonds have already been over-subscribed. The railway company also contemplates the construction of a line of its own between Savannah and Meldrim to replace the twenty miles of the Central of Georgia Ry. now operated under trackage rights.—V. 67, p. 272.

Great Northern Ry.—*Dividend Increased.*—The quarterly dividend was this week increased from 1½ to 1¾ per cent, making the rate 7 per cent instead of 6 per cent per annum. The annual report will be found on pages 706 to 801.

Meeting Adjourned.—Exchange of Stock.—The propositions touching the company's capital stock, which were mentioned in our issue of Aug. 20, page 370, will be acted on at an adjourned meeting of the stockholders next week. We understand the plan is to increase the stock issue from $50,000,000 to $75,000 000, making it all of one class, and to offer $125 of the new stock for each $100 of the $20,000,000 capital stock of the St. Paul Minneapolis & Manitoba. The greater part of the Manitoba stock, it is understood, has agreed to the exchange, which, when effected, will be followed by the consolidation of the two corporations. The proposition to the Manitoba stockholders will be made shortly—V. 67, p. 370.

Hawaiian Commercial & Sugar Co.—*Capital Unchanged.*—The stockholders yesterday decided not to make the proposed increase of $5,000,000 in the amount of the capital stock.—V. 67, p. 736.

Indiana & Lake Michigan Ry.—*Foreclosure Sale Nov. 10.*—The sale is advertised for Nov. 10 at South Bend, Ind. The upset price is $100,000.—V. 67, p. 28.

Jamaica (N. Y.) Water Supply Co.—*$400,000 New Bonds.*—The company has issued $400,000 5 per cent bonds, $250,000 to be used in retiring 6s due in 1905 and the remainder in building the proposed extension to Queens and Hollis. The capital stock is $300,000, in $100 shares, mostly held by the estate of John and John C. Lockwood. The Brooklyn Trust Co. is mortgage trustee. The new bonds are 30-year gold 5s of $1,000 each.

Lake Erie & Western RR.—*$1,025,000 Second Mortgage Bonds Listed.*—The New York Stock Exchange has listed $1,025,000 additional second mortgage 5 per cent gold bonds, making total amount listed to date $3,025,000. The $1,025,000 of bonds "were deposited in the treasury of the company from time to time as improvements, contemplated in the mortgage, were made from the company's surplus, for the purpose of reimbursing the treasury for such expenditures."—V. 67, p. 736.

Lehigh & Hudson River Ry.—Lehigh Coal & Navigation Co.—Central RR. of New Jersey.—*Guaranteed Bonds Listed.*—The New York Stock Exchange has listed $1,062,000 general mortgage 5 per cent gold bonds of the Lehigh & Hudson River Ry. These bonds are dated July 1, 1890, and are guaranteed by endorsement upon each bond as follows:

"For value received the Lehigh Coal & Navigation Co. and the Central Railroad Co. of New Jersey hereby jointly and severally guarantee the punctual payment of the principal and interest of the within bond, at the time and in the manner therein specified, and covenant in default of payment of any part thereof by the obligor to pay the said principal and interest of the within bond as the same shall become due upon the demand of the holder hereof."

The issue is described as follows:

Total issue, $3,000,000, of which reserved, to take up prior liens, $1,535,000; reserved for extensions or acquisitions of connecting roads, $330,000; sold (including bonds now listed) $1,124,000; in the treasury, $11,000. The mortgage trustee is the Central Trust Co., and the mortgage covers all the property of the railroad company, including all the securities representing the control of the necessary constituent companies, and all equipment now subject to [$46,000] special car trust liens.—V. 65, p. 325; V. 67, p. 125, 221.

Los Angeles (Cal.) Ry.—*Reorganized and Consolidated.*—The reorganization is reported to have been effected and the company consolidated with the Main Street & Agricultural Park Ry. The San Pedro Street RR. also, it is stated, is owned in the same interest. The capital stock of the consolidated company is $5,000,000, and the authorized bonded indebtedness $5,000,000. The officers are: H. E. Huntington, President; Antoine Borel, Vice-President; I. W. Hellman, Treasurer, and J. T. Burke, Secretary.—V. 67, p. 634.

Manhattan Ry.—*Electrical Equipment.*—The company is reported to have practically completed its plan for the electric equipment of the system, and may perhaps submit it to the stockholders at the annual meeting on Nov. 9.

Judgments for Damages to Abutting Property.—The "Evening Post" on Thursday said:

This week in six property-owners' damage actions judgments for fee and rental damages aggregating $30,000. were rendered against the company. Last week judgments of the same sort aggregated $65,000 in a dozen similar cases. About eleven hundred cases of the kind are awaiting a trial, which can be had only in the part of the Special Term assigned to this variety of litigation. As a general rule, each case occupies a court a day in the presentation of the testimony, so that less than two hundred cases can be disposed of in a year, and actions recently begun may not come to trial for four or five years.

Last May President Gould said the payments for damages of this nature had cost his company to date $13,238,715, or equal to 8·79 per cent of the gross passenger earnings during the past nineteen years (see V. 66, p. 954). The amount paid on this account for the year 1897-98 is stated as $864,450, contrasting with $800,281 in 1896-97, $952,296 in 1895 and as high as $1,058,642 in 1890-91. These items are included in the company's construction account. V. 67, p. 368,371.

Metropolitan West Side Elevated RR. of Chicago.—*Plan Modified.—Common Stock to be in Voting Trust.*—The Olcott Committee has amended the plan cited in CHRONICLE of July 16, 1898, page 126, by striking out the clauses providing that the preferred stock shall have exclusive voting power for five years, and has substituted the following:

"The title to the common stock shall be vested in Frederic P. Olcott, Walter G. Oakman and Samuel Thorne, as voting trustees, such stock to be deposited with the Central Trust Co. of New York, and voting trust certificates to be issued against it. The trustees shall vote the same for such directors as shall at any election receive the vote of a majority of the preferred stock. The voting trust shall continue for five years from the date of the incorporation of the new company, subject to be terminated, however, when in any one year during that period dividends amounting to 5 per cent shall have been paid on the preferred stock. All dividends declared on the common stock shall be payable to the registered holders of the stock trust certificates pro rata. Upon the termination of the trust the common stock shall be distributed among the holders of voting trust certificates representing the same. The voting trustees shall have no power to vote for the creation of any lien or charge upon the property of the company, or for any lease or sale thereof, except with the assent or by the direction of a majority in amount of the voting trust certificates."—V. 67, p. 126.

Narragansett Electric Lighting of Providence, R. I.—*New Securities.*—The stockholders on Oct. 8 voted to accept the provisions of the charter amendment passed last May by the State Legislature whereby the authorized capital stock was increased from $2,000,000 to $4,000,000. They also voted to increase the capital stock issue from $1,200,000, the amount now outstanding, to $2,000,000. In lieu, however, of selling the new stock itself at present, it was agreed to allow the stockholders until Oct. 20 to subscribe to $600,000 debenture certificates, which will not bear interest, but at the end of four years can be exchanged for capital stock. The directors have the power to redeem the debenture certificates with capital stock, in whole or in part, at any time. Meanwhile, the company will get, without the payment of interest, requisite cash for improvements. The shares are $50 each. It was further voted to authorize the directors from time to time to purchase rights and properties, and to make payments for the same by the issue of the capital stock of the corporation within the authorized amount of capital.

Newark Gas Co.—*New Bonds.*—The Fidelity Trust Co. of Newark, it is stated, has bought $3,500,000 6 per cent 50-year consolidated mortgage bonds about to be issued by the Newark Gas Co. Payment of the $3,500,000 required will be made on or before Nov. 15 next. Senator James Smith recently contracted to purchase 14,589 of the company's 20,000 shares of $50 each for $155 a share, and to assume the first mortgage for $4,000,000. The money obtained by the proposed new loan will be used, it is said, to pay for the stock of the old Newark Gas Co., the Orange Gaslight Co. and the Harrison Gaslight Co. Upon the retirement of the entire capital stock of these constituent companies, it is thought the capital stock of the consolidated company will be increased to $3,500,000.—V. 67, p. 275, 320.

New England Loan & Trust Co.—*Reorganization Committee.*—A committee consisting of Edwin S. Marston, Wm. F. North and Gordon MacDonald has issued a circular letter to holders of the company's debentures. Default, they say, occurred Oct. 1, and if continued for sixty days the debenture trustees have authority to sell for cash the securities pledged. The committee will represent the debenture holders in agreements with the trustees, providing for the general liquidation of the assets and the distribution of the proceeds in instalments of not less than 5 per cent of the principal of the debentures. A plan insuring, it is thought, the largest possible return to the holders of the debentures will be issued in a few days.—V. 67, p. 736.

Nyack Traction Co., Nyack, N. Y.—*Reorganized.*—Isaac A. Walker & Son, of Philadelphia, have purchased the franchise, rights of way, etc., of the Nyack Traction Co., and have reorganized the company with the following officers: Henry C. Howard, President, Chester, Pa.; E. F. Walker, Treasurer, and Geo. D. Howell, Secretary, Philadelphia, Pa. The firm above-mentioned furnishes the following:

Our survey has been completed and bids have been advertised for, to be in by Oct. 10. The capital for the construction has been secured and contracts will be let as shortly after Oct. 10 as possible. The projected length is about 12 miles. It will be an electric line, with all the latest improvements, ballasted track, 70-pound rails, etc. The line will start at Sparkill, N. Y., and run along the river road to South Nyack, Nyack and Upper Nyack, with an extension from the ferry at Nyack to West Shore Railroad station, and from Upper Nyack to Rockland Lake. Our firm will construct the road.

Oregon Railroad & Navigation.—*$281,000 Bonds Listed.*—The New York Stock Exchange has listed $281,000 additional consolidated mortgage 4 per cent gold bonds, making total amount listed to date $19,034,000. The additional bonds have been issued for the retirement of the first mortgage 6 per cent bonds of the Oregon Railway & Navigation Co., the amount of which outstanding has been further reduced from $1,425,000 to $1,202,000.—V. 67, p. 685, 690, 692.

Oregon Short Line RR.—*Directors.*—On Wednesday the following were elected directors:

Oliver Ames, Francis S. Bangs, Horace G. Burt, Samuel Carr, T. Jefferson Coolidge, Jr.; W. D. Cornish, George J. Gould, E. H. Harriman, Thomas R. Jones, Otto H. Kahn, Gardiner M. Lane, James Loeb, Oliver W. Mink, Winslow S. Pierce and W. E. Glyn.—V. 67, p. 733.

Pacific Coast Co.—*Directors.*—At the election on Wednesday the following board of directors was elected:

To serve one year—Hamilton H. Durand, Herbert A. Tucker and John Kean. To serve two years—E. H. Harriman, Daniel S. Lamont and Henry W. Cannon. To serve three years—Grant B. Schley, T. Jefferson Coolidge, Jr., and J. E. Helmerdinger.

The annual report covering the operations of the seven months ending June 30, 1898, was issued this week, giving the income account, published in the CHRONICLE of Sept. 24, page 635. After deducting the cost of improvements, etc., aggregating $38,087, and the dividends declared since the end of the year (as was done in our earlier statement), the balance remaining from the year's earnings is $137,638.—V. 67, p. 690.

Pennsylvania RR.—*New Equipment Trusts.*—Kuhn, Loeb & Co. have purchased a new series of $3,000,000 3½ per cent equipment trusts, redeemable in ten yearly instalments of $300,000 each.—V. 67, p. 180.

Philadelphia Reading & New England RR.—*Assessments Levied.*—The Reorganization Committee, Geo. A. Fletcher, Chairman, makes the following announcement:

The committee has purchased the railroad property at the foreclosure sale held by the referee on Oct. 6, 1898, and in addition to the bonds deposited needs for the purpose of completing the payment under the terms of sale $515,000. Consequently under the power conferred by the agreement of reorganization the committee requires that the depositors of first mortgage bonds shall make payments as follows:

$84 00 on each four per cent bond,
$85 50 on each four five per cent bond,
$86 50 on each five per cent bond,

to the Treasurer of the committee, H. H. Pigott, at the Fidelity Insurance, Trust & Safe Deposit Company, 329 Chestnut Street, Philadelphia, on or before Oct. 25, 1898. Upon completion of the reorganization such bondholders will receive the additional securities represented by the amount so paid.—V. 67, p. 737.

People's Ry. of St. Louis.—Fourth Street & Arsenal St. Ry.—Central Traction.—*Sale.*—The property of the People's Ry. has been ordered to be sold under foreclosure of the consolidated mortgage for $800,000, no interest on which has been paid since 1896. The bondholders' committee consists of L. M. Rumsey, Charles Parsons and August Gehner. The Central Traction Co., it is said, will be a bidder for the property, John H. Overall, its attorney, having recently bought in the Fourth Street & Arsenal at foreclosure.—V. 65, p. 69; V. 67, p. 634, 293.

People's Telephone Corporation of New York.—*New Enterprise.*—This company was incorporated at Albany on Wednesday as a competitor of the Bell Telephone Co., particularly at this centre. The authorized capital stock is $5,000,000, of which $2,000,000 is to be preferred. The plan of the company is to begin operations by furnishing telephone service at moderate rates in New York City, but the articles of incorporation permit it also to operate a telephone system in other cities, towns and villages in New York and other States, and in the Dominion of Canada. Directors are:

Silas B. Dutcher, J. E. Nichols, E. S. A. De Lima, Francis C. Travers, Frank Brainard, J. Fred Ackerman and Darwin R. James.

The preferred stock will be 8 per cent, cumulative, and subject to redemption five years from the date of issuance thereof at $110 a share.

Pittsburg & Western Ry.—*Second Mortgage Committee Sell Out.*—The second mortgage committee, holding $3,000,000 of the bonds, have effected a sale of all the bonds they represent at a price which will net the certificate holders 72½. We are credibly informed that the purchasers are Messrs. Simon Borg & Co. The report that Lake Erie & Western interests will acquire the road cannot be verified.—V. 67, p. 127.

Pullman's Palace Car.—*Annual Meeting.—New Stock Authorized for 50 Per Cent Dividend.*—At the annual meeting on Tuesday the stockholders duly authorized the proposed issue of $18,000,000 new capital stock, to represent existing surplus assets, the same to be distributed to stockholders of record Nov. 1 as a 50 per cent dividend. The usual quarterly dividend of $3 per share from net earnings was declared, payable Nov. 15. After the stock is increased the dividend rate is to be reduced from 8 per cent to 6 per cent yearly. The arrangement for the management of the company, with Robert T. Lincoln as Chairman and acting President, is to be continued.—V. 67, p. 75.

Southern Electric Light & Power Co. of Philadelphia.—*New Stock.*—This Philadelphia company, one of only two of the kind not controlled by the Pennsylvania Manufacturing, Light & Power Co., will vote Nov. 23 on the question of increasing its capital stock from $400,000 to $2,000,000.

☞ For Other Investment News see page 801.

Reports and Documents.

UNION PACIFIC RAILROAD COMPANY.

REPORT FOR SIX MONTHS ENDING JUNE 30, 1898.

SEPTEMBER 22, 1898.

To the Stockholders of Union Pacific Railroad Company:

This Company was organized on July 1, 1897, under an Act of the Legislature of the State of Utah approved January 22, 1897. The Company was formed for the purpose of acquiring, constructing and owning railroads in the State of Utah and other States, with specific authority to acquire the railroads, properties, franchises and land grants formerly belonging to The Union Pacific Railway Company.

Under the powers conferred upon the Company by its charter, it has purchased and now owns 1,854·29 miles of road. Of this mileage five miles from Ogden west are operated by the Southern Pacific Company under lease, and this Company operates 1,849·29 miles, as follows:

	Miles.
Council Bluffs, Ia., to Ogden, Utah (acquired Feb. 1, 1898)	1,043·01
Kansas City, Mo., to Denver, Col. (acquired April 1, 1898)	643·55
Denver, Col., to Cheyenne, Wyo (acquired April 1, 1898)	104·10
Leavenworth, Kan., to Lawrence, Kan. (acquired April 1, 1898)	31·63
Brighton, Col., to Boulder, Col. (acquired April 1, 1898)	27·00
Total	1,849·29

There are upon these lines second track and side-tracks as follows:

	Miles.
Second Track	19·19
Side-tracks	641·04
Total Second and Side-Tracks	660 23

The period covered by this report is but a fraction of a year during which the property held by the Company on June 30, 1898, was taken over in parcels and at different times. The acquisition of the branch lines and auxiliary properties had not been accomplished until after that date. The report of the operations of the Company now made is, therefore, necessarily restricted.

The following table contains a summary of the Company's business for the period ending June 30, 1898, including the receipts from operations during the receivership from January 1, 1898 (see Abstract B):

Gross Receipts from Operations (1,849·29 miles main line)		$7,670,579 30
Operating Expenses and Taxes		4,534,418 16
Net Receipts from Operations		$3,136,161 14
Interest, Dividends and Miscellaneous Income (in part accrued prior to January 1, 1898)		606,442 60
Total Income Available for Fixed Charges and Dividends		$3,742,603 74
Against which have been charged:		
Interest on Funded Debt	$1,800,000 00	
Adjustment of Taxes Paid (Note o, Abstract B)	145,918 24	
Total		1,945,918 24
Balance, Surplus (exclusive of income from branch lines)		$1,796,685 50

EARNINGS ON BRANCH LINES IN WHICH THE COMPANY HOLDS PROPRIETARY INTERESTS.

The auxiliary and branch lines hereinafter mentioned under the head of "Interests in Branch Lines," and which are to be included in the system, were severally operated from January 1 to June 30, 1898, by Receivers or under their own charters, and the earnings therefrom are not included in the above summary. The net result from the operation of those lines for the period named shows approximately $446,659·16. That amount, if added to the net results of operation of the Company's property as above stated would make an aggregate of $4,189,262 90 of net income on the basis of the 3,008·50 miles which it is intended to embrace in the system of the Company.

CAPITAL STOCK.

The capital stock of the Company, authorized and outstanding, amounts to $136,000,000, of which $61,000,000 is Common and $75,000,000 Preferred.

FIRST MORTGAGE BONDS.

An issue of First Mortgage Railroad and Land Grant Four per cent Gold Bonds, amounting to $100,000,000, has been authorized, secured by mortgage upon the railroad property, land-grant lands and franchises of the Company. Bonds to the amount of $95,000,000 have been issued, of which $90,000,000 are outstanding and $5,000,000 are held in the Company's treasury. The remaining $5,000,000 may be used pursuant to the mortgage in the construction or acquisition of betterments, improvements, equipment or extensions, to be subject to the mortgage lien, at a rate not exceeding $1,500,000 per annum.

NEW EQUIPMENT.

Your Directors early decided that it was of the first importance to supply sufficient freight cars of modern build and capacity to provide for the increasing traffic upon the lines of the Company and upon those in which it has a proprietary interest, and to replace old equipment as it becomes worn out and is destroyed. To that end there has been appropriated from available cash resources, other than earnings from operations, and already in greater part expended, the sum of $2,465,024 34 for the purchase of equipment additional to that purchased with proceeds of Pullman equipment disposed of as stated below.

Contracts have been placed for the equipment so authorized, all deliverable during the present year. Through these several purchases the Company will acquire 5,001 new freight cars, increasing the tonnage capacity of its freight equipment 169,525 tons.

Agreeably with the terms of the mortgage the sum of $600,000 (being the proceeds of the sale of this Company's three-quarter interest in the Pullman equipment purchased with the railroad property) was set aside with The Mercantile Trust Company, Trustee, as an Improvement and Equipment Fund. New equipment costing $417,451 50 has already been purchased out of this fund and subjected to the mortgage.

BETTERMENTS.

Expenditures amounting to $1,622,739 75 have been authorized and partly made for the purchase of rails, ties and betterments, as follows:

Steel Rails (approximately 43,000 tons, of which 25,000 are for delivery in 1899)	$771,750 00
Ties (851,155)	349,445 10
Ballasting, Nebraska Division, 78 miles	177,000 00
Side Tracks, all Divisions	44,395 14
Bridges and Culverts all Divisions	152,293 51
Widening Embankments, all Divisions	125,000 00
Enlarging Tunnels in Weber Canon	2 856 00
Total	$1,622,739 75

LAND GRANT LANDS.

This Company has acquired by direct conveyance under foreclosure sale the lands and rights which belonged to the Union Pacific Railway Company, acquired through the land grant to the Denver Pacific Railway & Telegraph Company.

The lands and rights derived from the land grant to the Kansas Pacific Railway Company were conveyed under foreclosure sale to The Union Pacific Land Company, a new corporation organized under the laws of Utah.

The capital stock of the Land Company is $100,000, all of which is owned by this Company. The Land Company has issued its bonds in the amount of $10,000,000, secured by mortgage upon all of its property, to The Mercantile Trust Company of New York as Trustee. The stock and bonds of the Land Company have been pledged with The Mercantile Trust Company as Trustee under the First Mortgage of this Company.

This Company also holds substantially all of the bonds secured by the Sinking Fund Mortgage of the old Union Pacific Railroad Company upon the land and rights derived from the land grant to that Company. That mortgage is now in process of foreclosure, and this Company expects to acquire the property subject thereto at the foreclosure sale through the application of the bonds which it holds as above stated.

The following is a statement made up as of December 31, 1897, showing the Land Grant Lands, with estimated values, and the land contracts now absolutely owned by this Company, or indirectly owned by it through its ownership of the securities of The Union Pacific Land Company, and through its ownership of the bonds secured by the Sinking Fund Mortgage of the Union Pacific Railroad Company.

Description.	Lands. Location.	Acres.	Estimated Value.	Land Contracts.	Total Estimated Value.
			$	$	$
1. Lands and Land Contracts of which this Company is the absolute owner	Colorado	342,000	792,000	453,985 82	1,245,985 82
2. Lands and Land Contracts the title to which is held by The Union Pac Land Co., all of the securities of which are owned by this Company.	Kansas and Colorado	2,712,000	5,985,000	2,830,032 65	8,815,032 65
3. Lands and Land Contracts covered by mortgages in process of foreclosure securing bonds substantially all of which are held by this Company.	Nebraska, Wyoming, Utah and Colorado	3,423,000	2,220,500	2,600,475 44	4,820,975 44
Total		6,577,000	8,997,500	5,884,493 91	14,881,993 91

INTERESTS IN BRANCH LINES.

The Company has acquired and owns all or a large majority of the securities and stock of the following branch lines which are now being operated under their several charters pending the adjustment of their final relations with this Company:

Carbon Cut-Off Railway	19·06 miles
Echo & Park City Railway	30·19 "
Salina & Southwestern Railway	35·46 "
Solomon Railroad	56·83 "
Total branches operated under their charters	141·54 miles
Side tracks on above branches	21·70 "

The Company has also acquired and owns all or a large majority of the securities and stock of the following branch lines which are now being operated by Receivers under foreclosure proceedings:

Junction City & Fort Kearney Railway	88·01 miles
Kearney & Black Hills Railway	65·74 "
Omaha & Republican Valley Railway	482·01 "
Union Pacific Lincoln & Colorado Railway	225·35 "
Total branches operated by Receivers	861·14 miles
Side tracks on above branches	84·75 "

Arrangements have practically been completed for the early acquisition of the line of railroad from La Salle to Julesburg, Colorado, known as the "Julesburg Branch," which will result in the addition of 151·53 miles

OTHER PROPERTIES.

The legal proceedings which control the disposition of the property of the Union Pacific Railway Company have not been concluded, and the final accounts of the Receivers of its property have not been passed. It is therefore impossible at this time to state exactly and in detail the benefits which this Company will derive through the purchases which it has made of miscellaneous assets of the old Company.

It is, however, proper to report that, in addition to interests in branch lines above referred to, this Company has acquired and owns interests in certain companies and properties as follows:

1. All of the stock and securities of the Leavenworth Kansas & Western Railway Company. The property of the company is a railroad extending from Leavenworth to Miltonvale, Kansas.

2. All of the stock and bonds of the Green River Water-Works Company. The property of the company consists of water-works which supply water for the use of the railroad and coal properties and to the towns of Green River and Rock Springs, Wyoming.

3. A majority of the stock and bonds of the Rattlesnake Creek Water Company. The property of the company consists of water-works which supply water for the use of the railroad and coal properties and to the towns of Carbon and Hanna, Wyoming.

4. All of the stock and bonds of the Union Pacific Coal Company. The property of the company consists of extensive coal mines and coal properties in Colorado, Wyoming and Utah, and its business is very profitable.

5. A majority of the stock of the Bozeman Coal Company. The property of the company consists of coal mines in Gallatin County, Montana, which are under lease.

6. Two fifths of the stock of the Pacific Express Company. The company operates an express business upon the lines of this company and of other extensive railway systems in the West, and its business is prosperous.

7. One-half of the stock of the Occidental & Oriental Steamship Company, the other half being held in the interest of the Southern Pacific Company.

The steamship company operates a line of chartered steamships from San Francisco to the Pacific Islands and the Orient. It produces a considerable direct revenue and its contributed business is a great benefit to the railway lines of this company.

The extension of American sovereignty and interests in the Pacific and the growth of our trade with Japan and China promise additional profits from this connection.

8. In addition to its own terminals this company has acquired interests in Union Depot companies at Ogden, Denver and Kansas City, through which it is entitled to the use, for its purposes, of the terminal facilities afforded by such companies.

Your attention is directed to the Balance Sheet and other detailed statements which accompany this report showing the financial condition of the company.

By order of the Board of Directors.

ALEXANDER MILLAR,
Secretary.

UNION PACIFIC RAILROAD COMPANY.
GENERAL BALANCE SHEET JUNE 30, 1898.

ABSTRACT B.—UNION PACIFIC RAILROAD COMPANY.
INCOME ACCOUNT FOR THE PERIOD ENDING JUNE 30, 1898.

INCOME.

Gross Earnings from Operations (6 months)		$7,670,579 30
Operating Expenses and Taxes (6 ")		4,534,418 16
Net Earnings from Operations (*a*)		$3,136,161 14
Income from Investments—		
Dividends Received on Stocks Owned	$79,685 50	
Interest Collected on Bonds Owned	506,939 77	
		$586,625 27
Miscellaneous Income		17,835 53
Interest Received on Funds on Deposit		1,981 80
Total Income Available for Fixed Charges & Div'ds.		$3,742,603 74

CHARGES.

Interest on Bonds (*b*)	$1,800,000 00	
Adjustment of Taxes Paid (*c*)	145,918 24	
		1,945,918 24
Balance, Surplus		$1,796,685 50

(*a*) As the Company assumed the payment of the full six months' interest which fell due on its bonds July 1, 1898, although it did not begin to operate its roads until February 1, 1898 (Main Line), and April 1, 1898 (Kansas & Denver Pacific lines), there has been included in this amount the net receipts from the operation of those lines during the portion of time which they were not operated by the Company, the amount representing such net receipts having been received by the Company from the Receivers.

(*b*) No interest is charged on the $5,000,000 in First Mortgage Bonds owned by the Company, as they were received June 30, 1898, the coupon due July 1, 1898, having been canceled.

(*c*) This amount represents taxes paid by the Receivers during January, February and March, on the lines mentioned in note (*a*) in excess of the amount of taxes apportioned to those months and included in operating expenses and taxes as shown above.

MINNEAPOLIS & ST. LOUIS RAILROAD COMPANY.

REPORT FOR THE YEAR ENDING JUNE 30, 1898.

NEW YORK, September 30th, 1898.

The President and Board of Directors submit herewith their annual report for the year ending June 30th, 1898.

MILEAGE.

		Miles.
Owned—		
Minneapolis, Minn., to Angus, Iowa		259·90
" " " Hopkins, second track	9·57 miles	
Hopkins, Minn., to Morton, Minn		02·89
Maulton Junction, Minn., to Tonka Bay, Minn		1·45
Kalo Junction, Iowa, to Kalo, Iowa		1·46
		355·70
Operated Under Trackage Rights—		
Minneapolis, Minn., to St. Paul, Minn		10·11
" " " " " second track	10·11 miles	
Total single track		365·81
Second track		19·68
Total single track operated		385·49
Sidings		83·98
Total miles of single track and sidings		469·47

With the exception of 26·82 miles iron rails in sidings, the entire road is laid with steel rails.

The above mileage does not include 13·09 miles from East Minneapolis to White Bear Lake, Minn., owned by the company but leased to the St. Paul & Duluth Railroad Company, and 13 miles between Albert Lea and Iowa State line leased to the Burlington Cedar Rapids & Northern Railway Co.

The company continues to operate, for account of the owners, the Wisconsin Minnesota & Pacific Railroad (216·60 miles); but separate accounts are kept of its earnings and expenses, and they are not included in any statements of this company.

INCOME FOR THE YEAR.

The transportation earnings and expenses for the year have been as follows:

Earnings—	*This Year.*	*Increase During the Year.*	*Per Cent.*
Passenger	$457,479 59	$45,394 33	11·01
Mail	5,297 09	53 76	·10
Express	40,236 00	7,086 00	21·38
Freight	1,650,508 35	181,448 36	12·35
Sundry	45,059 59	6,104 70	15 67
Total	$2,246,580 62	$240,075 55	11·96
Operating expenses	1,295,622 48	163,906 01	14·48
Earnings over oper. exp.	$950,958 14	$76,169 54	8·7

Earnings over oper. expenses, as above	$950,958 14	
Interest from investments	24,841 00	
Interest and exchange	61 82	
Trackage and other rentals, as per Table No. 3	142,963 82	
Total receipts		$1,118,823 78
Deduct for—		
Taxes	$72,293 60	
Interest on bonded debt	580,510 00	
Dividends on stock	265,000 00	
Trackage and other rentals, as per Table No. 3	55,162 23	972,995 92
Surplus		$145,827 86

During the year just closed there was a general increase in almost all classes of freight carried, particularly in lumber, manufactures and merchandise. While the year's wheat crop, which is the principal agricultural product tributary to the company's lines, was, owing to heavy and continued rains in the earlier part of the fiscal year, disappointing, the unusual price of wheat prevailing in the earlier months of the year brought into the market large quantities of this grain held over from previous years, making the movement of wheat originating locally along the line nearly one per cent greater than for the preceding year.

The gross, as well as earnings over operating expenses, were the largest in the history of the company; in gross the improvement was $240,075 55, or 11·96 per cent, and in earnings over operating expenses $76,169 54, or 8·77 per cent. This improvement enabled your Board, after providing for fixed and all other charges for the year, as well as the usual dividend of 5 per cent on the first preferred stock, to increase the rate of dividends to 4 per cent per annum on the second preferred stock. This addition in the rate was not made, however, until the last half of the fiscal year, when 2 per cent was declared instead of the customary 1½ per cent. After deducting all payments there still remains an available surplus balance of $145,827 86 from the year's operations.

Earnings from passenger traffic exceeded those of any previous similar period; they increased $15,394·73, or 11·01 per cent. The number of local passengers carried increased 7·75 per cent, and through 21·58 per cent. The average length of haul of local passengers increased 11·93 per cent and through 6·48 per cent. There was an increase of 55,368, or 9·69 per cent in the total number of passengers carried. The average length of haul was 38·29 miles, an increase of 7·65 per cent, while the average receipts per passenger per mile was 1·905 cents, as against 2·027 cents for the previous year, a decrease of ·122, or 6·02 per cent.

The earnings from freight traffic increased $181,438·36, or 12·35 per cent. There was an increase in the lumber tonnage of 45,473 tons, in merchandise 24,881 tons, in manufactures and other articles 19,630 tons, and in grain and milling products 43,336 tons, an increase of 133,320 tons, or 11·03 per cent in the total number of tons carried. The number of tons carried one mile was 140,901,750, an increase of 26,378,738 ton miles, or 23·03 per cent. The average rate realized per ton per mile was 1·171 cents, as against 1·283 cents last year, a decrease of ·112 cents.

For more complete details as to the character of the tonnage carried, its volume and changes, as compared with the preceding year, reference is made to table No. 7.

The number of miles run by freight trains earning revenue was 669,136 miles, an increase of 49,832 miles, or 8·05 per cent. The average receipts earned per freight train mile were $2·4666, an increase of ·0945 cents, or 3·98 per cent; and the average number of tons carried per train per mile run was 201·18 tons, an increase of 16·26 tons, or 9·33 per cent.

OPERATING EXPENSES.

The operating expenses absorbed 57·67 per cent of the gross earnings, as against 56·40 per cent in the previous year. They amounted to $163,906 01, or 14·48 per cent more than in 1897. The classification of these expenses is shown on table No. 8.

		During the Year		
For—	*This Year.*	*Increase.*	*Decrease.*	*Per Ct.*
Maint. of way & struct.	$308,293 08	$127,473 37	....	47 07
Maint of equipment..	212,132 32	42,859 11	.....	25·32
Conducting transpo'n.	580,402 17	13,978 59	.....	2·47
General expenses.....	101,794 91	.....	$20,405 06	16· 0
Total.....	$1,295,622 48	$163,906 01	.....	14·48

Maintenance of Way and Structures.—The increase in these expenses resulted almost entirely from the cost of new rails laid in the track and new iron bridges erected during the year to replace wooden structures. Of the new rails laid in the track 12·94 miles were laid with 80-pound steel and 27·55 miles with 70 pound steel. On the Western Division 20·30 miles of 50-pound rails were taken up and replaced with 60-pound steel rails removed from other parts of the road. Grades equal to 12 miles of track were reduced where such work was most needed. New steel bridges, aggregating 601 feet in length, were erected to replace an equal number of wooden bridges. The length of timber trestles, in lineal feet, has been decreased 988 lineal feet, or about 5 per cent, and the length of line ballasted increased 25·85 miles.

Reference to Table No. 13 [in pamphlet] will show the changes and additions made to the roadway during the year.

Maintenance of Equipment.—These expenses increased $42,859 11, and include the cost of rebuilding 5 locomotives, at an expense of $23,068 64; the building of 10 box cars of sixty thousand pounds capacity; rebuilding and equipping with air brakes and automatic couplers 25 stock cars; rebuilding and equipping with automatic couplers 33 coal cars; equipping 19 locomotives with power-driver brakes, 238 cars with air brakes and 517 cars with automatic couplers.

The rolling stock consists of 76 locomotives, 49 passenger cars of all kinds, 2,398 freight cars of all kinds and 26 road-service cars. Their condition and the character of the repairs made on them during the year will be found in tables Nos. 11, 12 and 13 [pamphlet].

Conducting Transportation.—The increase in these expenses is apparent only, and is due entirely to a change in the method of distributing "Terminal" and certain other expenses which heretofore were charged to "General Expenses." The cost of locomotive, train and station service, excluding the expense of "Terminals," shows a decrease of $19,443 14, though the actual service performed largely increased, but this is due almost wholly to economies in operation and to the favorable weather conditions, the winter being mild, and in consequence but little difficulty was experienced in the movement of trains from snow blockades and extreme cold weather. The cost of fuel was also much reduced by the company being able to secure more favorable contracts than heretofore. The work done by the transportation department, upon which these expenses are contingent, is shown in tables 5 and 6.

General Expenses.—The decrease in these expenses is in the major part apparent only, and is due to the change in the method of accounting already referred to.

GENERAL.

There were purchased during the year 4 locomotives and 200 thirty-ton standard box cars, costing $138,034 03, all of which was charged to the capital account of the company. There were also expended for additions and improvements $283,726 48, but this entire sum was charged to the operating expenses The character of these improvements and additions is shown in Table No. 9 [pamphlet.]

For statements showing the company's financial condition and the receipts and disbursements made during the period covered by this report reference is made to Tables Nos. 1 and 3.

The prospects for the coming year are most encouraging. The wheat crop in the section of the country traversed by the company's lines is very heavy, probably as large as in any preceding year. The crop of small grains and of corn will equal the average of any previous year. It is expected that the farmers will store from the present wheat crop as much as were taken from their warehouses to market in the spring months on account of the unusual prices then received; and in consequence the current crop will not move within the next twelve months, but will seek the markets in time and its existence will add to the general wealth of the communities served. Again, the yield is so large that after making allowance for the probable storage it may still be reasonably expected that the movement during the present year will equal that of last year.

The earnings of the Minneapolis New Ulm & Southwestern Railroad, whose entire bonded indebtedness and all of its capital stock, with exception of 5 shares, are owned by this Company, of which mention was made in the report for 1896, show a considerable improvement over the earnings for the preceding year. The expenses, however, exceeded the earnings somewhat, but this is due to the large expense that always attends the opening of a new line before traffic can be moved at a minimum cost.

The policy of improving the roadway and structures will be continued. During the coming year about 22 miles of track will be laid with new steel rails weighing 80 pounds to the yard, and a like amount of 50 pound rail will be taken up and replaced by rail weighing 60 pounds to the yard, which will be removed from the Albert Lea Division to make place for the new 80 pound steel rails. The 12 miles of double track between Minneapolis and St. Paul, operated under lease by this company, will be relaid with new steel rail weighing 72 pounds to the yard, the expense of which will be shared by this company in accordance with the terms of its contract with the Northern Pacific Railway Co. A second-hand iron triangular girder bridge on stone abutments will replace the remaining combination span on wooden supports over Soldier Creek.

The expenses for equipment during the year were large, but as both locomotives and cars have been put in thorough condition the expense for their maintenance, except the cost of applying safety appliances during the current fiscal year, will not be so large as those of last year. Since the close of the year 200 thirty-ton standard box cars have been purchased, the cost of which will be charged to the capital account of the Company.

The Board desires to comment especially upon the work of the transportation department during the year, as evidenced by the increase of train loads, as well as the comparative freedom from accidents in the operation of the road; it also desires to express its thanks to all officers and employes for the faithful and efficient manner in which their respective duties have been discharged.

By order of the Board.

E. HAWLEY,
President.

RIO GRANDE WESTERN RAILWAY CO.

ANNUAL REPORT FOR YEAR ENDING JUNE 30, 1898.

To the Stockholders of the Rio Grande Western Railway Co.:

The Receipts from Operations were	$3,332,288	
Net Earnings from Operations were		$1,203,111
Deduct Taxes and Insurance		110,372
Actual Net Earnings		$1,182,739
Fixed Charges		637,670
Surplus Earnings for the Year		$545,069
Out of which four quarterly dividends and two extra semi-annual dividends have been paid on $6,500,000 Preferred Stock, making the full amount of five (5) per cent, for which it has the preference, or		324,778
Leaving the Surplus Income for the Year		$220,291
Add the Surplus of June 30, 1897	$48,704	
Adjustment of previous Taxes	181	
		48,889
Surplus on June 30, 1898		$269,180

The accounts for the year are closed as above, but on August 23—since they were made up—the Board of Directors decided that of the above surplus there would be charged off and set apart to a "Betterment Fund," to be applied to outlays necessary to improve the structure and equipment, the sum of $50,000

And that a dividend of two per cent should be paid on the $10,000,000 Common Stock, amounting to 200,000

In order (not to deplete and) to further increase the cash resources available for additions to the property, it was deemed for the best interests of the Stockholders to pay this dividend in Preferred Stock at par.

There was expended during the fiscal year, as shown by the General Manager's Report, on account of *additions to the property and equipment*, the sum of $284,843, the cost of which has been provided as follows:

Out of Betterment Fund from Surplus of June 30, 1897	$14,058	
Out of the $250,000 Betterment Fund created by the recent appropriation of Surplus Earnings as above referred to	88,090	
Betterments		$102,148
Out of fund from Surplus June 30, 1897	$3,175	
Out of amounts set aside from time to time to cover depreciation of equipment, to rebuild cars destroyed and from old car material sold	115,276	
By a special Equipment Trust for the new passenger cars	47,879	
Equipment		166,330
		$168,478
The remainder was expended for preliminary surveys of the Provo Canon line, and on the Moving Stock Yards near Grand Junction		16,365
Total		$284,843

These expenditures, of which a list in detail is given in the Auditor's Report, on page 38 [pamphlet], are, as it will be seen (as regards the Betterments, $102, 48), almost exclusively for new tracks, including the double tracking of the Mountain Division, new buildings and lands, and a new additional telegraph wire from Salt Lake City to Grand Junction.

When it became evident during last winter, from the continued growth in the volume of the Company's business, that more rolling stock would be needed to move it, orders were placed with the builders, calling in all for the sum of about $288,000.

To meet this, we had on hand Car Depreciation and other Equipment Reserve Funds to the extent of $118,000.

For the remainder we relied upon equipment trusts, which it was known could be arranged with car builders and others, should it be decided not to wait in full or for a part on a more permanent form of capitalization. Meanwhile, for abundant safety, on the eve of the outbreak of war, it was deemed prudent last April to borrow the sum of $180.000. Settlement for the chair cars and coaches was made by paying the builders—the Pullman Company—twenty per cent (20%) in cash, and the remainder through a "Special Equipment Trust," covering an issue of sixteen notes of the Company, which mature over a period of eight years, for the amount of $16,719 20. These notes, whose face includes the yearly interest at the rate of five per cent, will be paid from current funds as they mature, and charged, as regards the interest, to Income Account, and, as regards the principal, to Equipment.

Since the first of July, $60.000 of the $180,000 Bills Payable above referred to have been paid off from current resources. The remaining amount—$120.000 —required chiefly for freight cars which have been delayed in delivery, will be capitalized when some future general provision of additional capital shall be made.

With this exception, the Company has no floating debt.

The new equipment furnished and charged out of the fiscal year ($166.390) comprised 8 locomotives, 7 passenger cars and 35 freight cars.

In all there had been expended to June 30, 1898 for Capital purposes over and above any provision made through charges to Income or Profit and Loss, or by the issue of securities, the sum of	$134,454
Deducting that portion of the Betterments of the year just closed, which has been provided for out of the $250.000 Betterment Fund recently created	88,090
And there is left	$346,364

Of this amount, $280,424 is the sum invested from current resources in the securities of the Sevier Branch to provide for its extension in 1896 to the Marysvale Canon. The remainder, $65,940, is represented by expenditures on account of Utah Central, Provo Canon, and other branches or extensions, for improvements on, or in connection with, the line leased from the Denver & Rio Grande Railroad Company, and for the Western Express Company's stock.

As compared with the previous year:

The Receipts increased	$813,784, or over 36 per cent.
Operating Expenses increased	461,832, or about 2[illegible] "
Net Earnings increased	429,1[illegible]2, or nearly 50 "

The increase in operating expenses is fully analyzed and explained in the report of the General Manager. It is chiefly due to an increase of 41 per cent in the number of train miles run. But $137,000, or 24 per cent, more than last year was expended on the maintenance of the roadways, structures and equipment. 1,833 tons of new 65-pound steel, 203,226 ties, and 4,050 carloads of ballasting were laid and distributed during the year. In view of the continued heavy increase in train movement last autumn, on the recommendation of the General Manager, to save delay and for greater direct economy and safety in operation, a second track was authorized on the mountain incline of about eight miles from Clear Creek to Soldier Summit. This improvement was completed and put in operation on January 1, and has since fulfilled every expectation and proven, in fact, indispensable.

Two thousand tons of 75-pound rails were ordered last spring, but have been paid for since the close of the fiscal year. They have been laid between Provo and Salt Lake City, where the speed and traffic are greatest, replacing 65-pound rails, which showed no wear, but were wanted to replace a lighter rail on the Pleasant Valley Coal Branch where the traffic has become too heavy for the original weight of metal.

The year just closed is the most prosperous this road has so far enjoyed, exceeding in gross and net earnings (both total and per mile) those of the largest previous fiscal year, 1891-1892. As compared with that year, the receipts were over 27% larger, and the Net Earnings 32½% larger.

This result was partially due to the opening of the Oregon Short Line "Gateways," referred to in our last annual report, but *all* sources of business showed a gratifying increase.

Of the total increase in Receipts over last year:

Passengers furnished	$137,671
And freight	749,266
Total	$886,937

Excepting alone in sugar, sugar beets and asphaltum, every class of commodity carried gave increased earnings, ranging from 23 per cent in fuel to 170 per cent in fruit and vegetables.

The carriage of *Fuel, Ores and Bullion*, considered in block, shows an increase of 196,315 tons, and the revenue an increase of $210,089, exceeding thereby the results of any previous year in this class of commodities.

As regards *Ores* alone, the

Total Shipments in 1898 were 193,843 tons, and the Revenue	$341,279
Against Shipments in 1897 of 133,647 tons, and Revenue of	272,159

a gain of 45 per cent in tonnage and of 25 per cent in revenue.

As regards the mining camps on our own line, we carried 5,368 tons more than last year, for a decreased revenue of $1,100. This is due to a slight falling off in the "Tintic" shipments, accompanied by a larger increase from "Bingham," whence the haulage is much shorter.

There seems to be no longer any reason to feel anxiety regarding the future of the railroad business in connection with the mining of the precious minerals in Utah. The processes of concentration and other economies, set going by the silver panic of 1893, have practically caught up with the "decline in silver," and even outstripped it as regards the actual output of ores.

Coal (including all fuel) continues to furnish our principal traffic, and amounted to 36 per cent of the total tonnage and 23¾ per cent of the total freight revenue.

Its gain over last year is marked, being 46 per cent in tons and 23 per cent in revenue.

Live Stock gained $71 519, or over 53 per cent, and over 61 per cent in tonnage, which follows the very heavy increase of 40 and 50 per cent, respectively, last year.

Fruit and Vegetables gave us an increase in revenue of $101,976, or 127 per cent, and of 170 per cent in tonnage.

Lumber gained 52 per cent in revenue.

Wool, which doubled last year over 1896, shows a further increase of 11 per cent in revenue (and over 37 per cent in tons).

From *all* freight traffic as compared with the previous year:

The revenue increased..... $749,266, or 41¾ per cent.
And the tonnage increased.....394,580 tons, or 51½ " "

There is as yet, however, no signs of the re-commencement of building operations in Salt Lake City and other Utah towns, as indicated by any larger carriage of stone and other building materials, which formerly gave your line considerable tonnage.

The total freight carried was 1,102,191 tons, an increase of 50 per cent over the largest tonnage year, and a somewhat greater increase over last year, while the revenue from freight exceeded that of 1891–92 (the largest previous year) by 40 per cent.

The average distance a ton of freight was hauled was 189 miles, against 169 miles last year.

The average receipts per ton were $2 31, against $2 47 last year.

The average rate per ton per mile was 1·22 cents, against 1·46 cents last year.

And the tons hauled one mile were 208,766,692. This is an increase of 69 per cent over 1896–97, and is equivalent to over 2½ times as much as the first year (ending June 30, 1891) of the operation of the through standard gauge line, since which time 147 miles of railway (all branches), or 33 per cent have been added to the road. The average receipt per ton per mile has fallen about 37½ per cent in the same seven years.

From Passengers: The revenue increased $137,671, or over 26 per cent, and was within $36,923 of 1891-92, our largest revenue passenger year, while the number carried, 307,654, exceeded last year by over 17 per cent, and the largest previous year by 5 per cent.

The *through* passengers were more than double in number and increased 57 per cent in revenue over last year.

The average distance traveled by each passenger, through and local, was 124 miles, as against 95 miles last year.

The average receipt per passenger was $2 15, as against $2 last year.

The average rate was 1·74 cents per passenger per mile, against 2·12 cents last year.

This reduction is principally due to heavy excursion travel in July, 1897.

The passenger business appears now to have nearly regained its former importance, a hopeful indication of the passing of hard times and of probable early growth.

Local passengers contributed nearly 72 per cent of the total number carried.

The number of passengers carried one mile was 38,128,379, an increase of 54 per cent over last year, and about 13½ per cent over 1891–92.

From all business, and all lines, including leased branches, the receipts averaged $5,939 per mile, but those of the main line and its branches (441 miles) were $7,115 per mile. The corresponding net earnings (after deducting taxes and insurance) averaged for *all* lines, $2,089 per mile, and those of the main line *and its branches*, $2,480 per mile.

The entire line now operated is 582·4 miles, of which there was operated during the year an average of 566·1 miles. The total owned and leased, including 11·3 miles of tramway, is 593 miles.

The "yearly letter" of General Superintendent Welby, dated August 18, shows that, notwithstanding the *increase* in tonnage handled during the year was over 51 per cent and in car mileage nearly 75 per cent, the business of the line was handled with promptness and to the general satisfaction of shippers, especially the stockmen; that the heavy outlay on engines and cars has maintained them in excellent condition; that the large amount of surface ditching, raising of grade line, and of additional drainage culverts provided will tend to greatly diminish the occurrence of small wash-outs, which are a source of jeopardy to trains; that safety in operation has been further promoted by the erection of semaphores in several important yards where the view is obstructed; that no passenger was killed during the year; that the Company library at Helper and reading-room at Thistle have met with success, having 243 members; that no labor grievance has occurred; and that the crops just maturing throughout Utah are in a very satisfactory condition, those of the cereals being estimated to exceed the previous year by 25 per cent. It further appears that since 1891, the first year of operation of the through standard gauge line, the freight car milage has increased 121 per cent, the passenger car mileage about 34 per cent and the engine mileage 50 per cent.

For the first time since their cultivation began in 1892, our carriage of sugar beets failed to show a large increase, but, on the contrary the tonnage and revenue declined 58 per cent. This was because of a failure of the crop of 1897, due to inferior seed dry ground at planting time, and insects during absence of the usual spring showers—not from frost, or lack of irrigation. The crop of the present season, however, to be worked in the new fiscal year, is by far the best they have ever had in Utah. The results of the sugar works at Lehi have proved so satisfactory that new works, with a capacity of 350 tons of beets per day, have just been completed at Ogden, our Western terminus, and plans are on foot for the erection of still another mill at Goshen, on the "Tintic" branch.

THE CAPITAL RESERVE

now stands as follows:

An authorization for a further issue of Preferred Stock amounting to	*$1,000,000

And in the Treasury of the Company:

First Mortgage Bonds of the Rio Grande Western Railway Company, making up the total authorized issue, which is limited to $16,000,000 (against which the required mileage of railway line has already been completed)		800,000
First Mortgage Bonds of other Railway Companies (their entire issues)		2,850,000
Also Preferred Stock of other Railway Companies (their entire issues)	$1,140,000	
Common Stock of other Railway Companies (their entire issues)	1,960,000	
And 10,000 shares of the Western Express Company's Stock (the entire issue)		1,000,000

The Company has derived a direct income during the year, embraced in receipts from operating, equivalent to 4 per cent on over three millions of the securities of other Companies embraced in the above reserve.

No securities have been issued during or on account of, the fiscal year. But the guaranty of this Company has been attached to $550,000 four per cent twenty year gold bonds of the reorganized Utah Central Railroad Company, all the stock of which belongs to the Rio Grande Western Railway Company, and which has been leased to and operated by this Company since January 1, 1898. As set forth in the last report, our obligation is to pay, besides the principal, the interest, now amounting to $22,000 per year, and ultimately to $26,000 per year, on $650,000 bonds of the Utah Central Railroad Company, secured by a first lien on the purchased property, of which amount $100,000 are reserved in the Treasury to be applied to its future betterment.

The estimated net return to the system for the year from the operating of the tintic Range and the Sevier Railway Branches (108·67 miles), all of whose securities belong to this Company, amounted as shown by the Auditor on pages 56 and 57 [pamphlet], to $226,944.

This, while 14 per cent less than last year, is nearly 60 per cent more than enough to cover the (5%) interest on the $2,850,000 bonds of these branches.

Independently considered they earned a net amount equivalent to 5 per cent on $15,300 per mile. Last year it was 5 per cent on $17,668 per mile.

The arrangement entered upon in May and June, 1897, with the Oregon Short Line, for a free interchange of business both north and south of Ogden, has resulted so handsomely for that company as well as yours that there is no apparent likelihood of its being broken. Not an inconsiderable advantage to both companies has been the complete avoidance of rate cutting in Utah, and the saving in various ways due to harmonious relations.

Since October 19th last, the Union Pacific and the Rio Grande Western Companies have enjoyed, we believe, free participation at Ogden in the traffic and travel of the Oregon Short Line, according to their respective facilities for reaching different sections of the country. We are advised that no attempt will be made to close these "Gateways," and as the policy in regard to them, adopted by the Directors of the Oregon Short Line, has proven, after a year's trial, to be highly advantageous to that Line, there is no reason to believe that a narrower view will be taken of the interests of their trust by any future Board.

The harvests along our line this summer have been excellent, the (silver, gold, lead and copper) mining conditions are satisfactory, the cattle shipments promise to be on a larger scale even than heretofore, and the evident growth of financial confidence and business activity throughout the country since the return of peace indicates the probable early restoration on a former scale of the demand for merchandise and the other better paying articles of railroad traffic, as well as of the normal passenger movement.

The experience with our coal trade during the past year has inspired confidence as to the ability of this Company to reach new markets, as well as in the continuous growth of those we already supply.

The trans-Continental fruit shipments will be much curtailed owing to the partial failure of the crops in California from frosts last spring. On the other hand the rates on all westbound trans-Continental freight and passenger business promise improvement from the expected settlement of the long pending rate war.

The Directors take pleasure in acknowledging the continued indebtedness of the Company to Colonel Dodge, Second Vice President and General Manager, and to his staff, for their loyalty and ability, and the success with which they have managed and operated this railroad during another year.

By order of the Board of Directors.

WM. J. PALMER,
President.

*Reduced since the close of the fiscal year, by the amount of the $200,000 dividend paid, to $800,000.

GREAT NORTHERN RAILWAY COMPANY.

NINTH ANNUAL REPORT—FOR THE FISCAL YEAR ENDING JUNE 30, 1898.

To the Stockholders:

The President and Directors submit the following report for the year ending June 30, 1898:

FINANCIAL.

During the business year covered by this report there was no change in the funded debt or share capital of the Great Northern Railway Company, or in the share capital of either of its proprietary railway companies.

The change in the bonded debt of the St. Paul Minneapolis & Manitoba Railway Company, shown in the table on page 31 of this report, and fully explained in that Company's annual report, was caused in part by the redemption, through the operation of the Sinking Funds, of $60,400 first mortgage 7 per cent land grant bonds and $507,000 consolidated mortgage 4½ per cent bonds; and, in part, by the issuance of $1,495,000 consolidated mortgage 4½ per cent bonds for the acquisition of additional property, and on account of the construction of an extension of the Langdon branch to Hannah, and of the Cavalier branch to Walhalla, both in North Dakota.

There is still outstanding of the St. P. M. & M. R'y Co.'s first mortgage land grant 7 per cent bonds No. 2245 for $1,000, embraced in the nineteenth call, and upon which interest ceased to accrue March 13th, 1896. The amount necessary to redeem this bond is in the hands of the trustees of the mortgage.

The Montana Central Railway Company issued during the year $300,000 of its first mortgage 5 per cent bonds to cover cost of additional equipment purchased, property acquired and extensions built in this and prior years.

In order to provide funds for the construction of its new line between Duluth and Fosston, Minnesota, the Eastern Railway Company of Minnesota issued as of April 1st, 1898, $5,000,000 of its Northern Division first mortgage, fifty year Gold bonds, bearing interest at the rate of 4 per cent per annum, payable on the first day of April and October in each year. The principal and interest of these bonds is guaranteed by both the Great Northern and St. Paul Minneapolis & Manitoba Railway Companies.

By the purchase of the property of the Duluth Superior & Western Railway Company, which is hereinafter referred to at length, the Eastern Railway Company of Minnesota acquired 600 ore cars, built by the Michigan Peninsular Car Company, in 1896, for handling the iron ore traffic of the Duluth & Winnipeg Railroad, and in the interest of that road, to be paid for under a Car Trust agreement. As nearly one-third of the cost of these cars had been paid prior to the purchase of the property by the Eastern Railway, that Company has assumed the balance of payments due under the Car Trust agreement, amounting to $234,089 92, which appears as a liability on the balance sheet published herein. This amount will be paid as rapidly as the Car Trust agreement will permit.

The item of "Bills Payable," $1,100,000, shown in last year's balance sheet, for account of purchase of preferred stock of the Oregon Railroad & Navigation Company, as explained upon page 6 of last year's report, was paid and canceled during the year from the Company's current receipts.

On May 21, 1898, the Board of Directors of this Company passed a resolution calling for redemption on September 1, 1898, under the terms of the mortgage of September 1, 1892, the entire issue, $15,000,000, of this Company's collateral trust four per cent bonds. Due notice of this call was given by public advertisement. The bonds ceased to draw interest on September 1, 1898. At this writing, $13,763,000 of bonds have been redeemed and the balance will be redeemed upon presentation at the Company's office in New York. These are the only bonds ever issued by the Company. Their redemption will return to the Company's treasury £3,000,000 of the St. Paul Minneapolis & Manitoba Railway Company's Pacific Extension bonds.

Under date of June 10, 1898, a circular was issued to the shareholders of this Company proposing to increase the preferred capital stock of the Company 250,000 shares and giving the shareholders the right to subscribe for such shares at par, pro rata to their holdings at the close of business July 1, 1898. The shareholders of the outstanding shares having assented to the proposed increase, the same was by resolution of the Board of Directors declared effective July 22, 1898.

As explained in the circular to shareholders issued by the Board of Directors May 25, 1898, this Company has from time to time advanced to the Seattle & Montana Railroad Company, to assist in the construction and acquisition of the property owned by that Company, sums which, with interest, amounted on March 1, 1898, to.....$11,286,489 54
Of this amount the interest amounting to..... 4,287,809 87
while charged to the Seattle & Montana Railroad Company, had not been included in this Company's income account. In consideration of the issuance of the entire capital stock of the Seattle & Montana Railroad Company pro rata to the shareholders of this Company, the entire account had been written off, the balance of..... $6,998,619 67
being charged to "Profit and Loss."

The decrease of $4,550,139 06 in "Cost of Properties and Securities Owned by Great Northern Railway Company," as shown in general balance sheet on page 28 of pamphlet, as compared with the same item in last year's balance sheet, represents the amounts so charged off less the cost of the securities and properties in connection with its railway acquired by the Company during the year.

Expenditures were made during the year on the capital accounts of proprietary companies as follows:

Eastern Railway Company of Minnesota	$4,814,842 45
Montana Central Railway Company	178,620 61
Willmar & Sioux Falls Railway Company	9,423 94
Duluth Watertown & Pacific Railway Company	301 34
Duluth Terminal Railway Company	17,263 49
Minneapolis Union Railway Company	411 72
Minneapolis Western Railway Company (credit)	88 47

The amount shown for the Eastern Railway Company of Minnesota includes the purchase price of the Duluth Superior & Western's railway and equipment and the amounts advanced contractors on account of construction of the new Northern Division to date of June 30, 1898.

The amount expended by the Great Northern Railway Company for improvements, including expenditures on account of Cascade Tunnel, etc., referred to below, appears on the balance sheet, page 800, under the item: "Cost of Additions and Improvements made by the Great Northern Railway Company to property leased from the St. P. M. & M. Ry. Co. and paid for from 'Fund for Permanent Improvements and Renewals.'" *The company is not carrying on its books as an asset the cost of any additions and improvements.*

As shown on page 799, there was appropriated out of the net revenue for the year $1,500,000 for the "Fund for Permanent Improvements and Renewals."

The Company has been carrying its own insurance for the past three years, with a saving of $71,255 81, which amount stands on its books as a credit to "Insurance Fund." To strengthen this fund, $250,000 has been transferred to it, making it abundantly strong to meet any loss and to prevent any extraordinary charge for fire loss to operating expenses.

Out of the net revenue for the year, $750,000 was appropriated towards cost of the tunnel now being built through the Cascade Mountains, work on which was begun in February, 1897. This amount has been deducted from "Revenue Account," on page 799, and is included in the amount of $1,489,533 06 shown on balance sheet, page 800, as "Cost of Additions and Improvements made by the Great Northern Railway Company to property leased from the St. P., M. & M. R'y Co. and paid for from 'Fund for Permanent Improvements and Renewals.'"

NEW LINES.

The St. Paul Minneapolis & Manitoba Railway Company has, during the year, and under the provisions of the lease to this Company, completed an extension of the Langdon branch from Langdon to Hannah, North Dakota, 21·06 miles, which was opened for traffic September 9th, 1897. Also an extension of the Cavalier branch from Cavalier to Walhalla, North Dakota, 16·13 miles, which was open for traffic August 27th, 1897.

The line between Carlisle and Elizabeth, Minnesota, 3·52 miles, having been abandoned, the tracks and structures were removed during the year.

The building of a direct line from Fosston, Minnesota, to Duluth or West Superior, has been under consideration for some years, during which period numerous surveys have been made. An excellent line was obtained, and active construction work was begun last fall by the Eastern Railway Company of Minnesota. At this writing the line has been opened for traffic and is practically completed. As a portion of the new line, the Eastern Railway purchased the line of the Duluth Superior & Western Railway from the St. Louis river to Deer River, Minnesota, 99·04 miles, paying for same, including equipment, material, etc., $3,385,400. From the St. Louis River to Saunders, Wis., 6·18 miles of leased track is at present used. In order to provide its own line and to avoid the heavy grades on the D. S. & W. Ry., a line has been built from Cloquet, Minnesota, to a junction with the main line of the Eastern Railway at Nemadji river, thirteen miles south of West Superior. The second, or double track, is now being extended to Nemadji Junction.

The line purchased from the D. S. & W. Ry. Co. is being improved to the highest standard. Wooden structures in the track are being replaced by stone culverts and solid embankments, or with new steel bridges; seventy-five pound rail is being laid in place of the former sixty pound rail; existing passing tracks are being lengthened and additional ones built to provide for the heavy business which will pass over this line; coal and water stations are being erected at convenient points.

From Deer River to Fosston, 99·66 miles, a new line has been built. The distance from Fosston to Nemadji Junction is 212·49 miles, is very heavy work, and is built in the most substantial and permanent manner. The maximum grade is four-tenths of one per cent, equated for curvature. The track is laid with seventy-five pound steel rails and is fully ballasted. Passing tracks alternately 3,000 feet long and 6,000 feet long average about six miles apart. The necessary

depots, coal and water stations, and other buildings, have been erected. A division point has been established at Cass Lake, 105·03 miles from Carman and 169·49 miles from West Superior, with brick round house, turn table, coal and water stations, etc., and over five miles of yard tracks.

The line between Fosston and Cass Lake has been leased to the Great Northern Railway and will be operated as a portion of its Dakota Division. The line between Cass Lake and Nemadjii Junction will be operated by the Eastern Railway Company of Minnesota as its Northern Division.

This new line, in addition to materially shortening the line from all points west of Crookston to Duluth, will develop a large local business. The road runs through the largest body of standing pine east of the Rocky Mountains and a heavy lumber traffic may be expected. It also runs through a portion of the Iron Ore region of Minnesota, and a considerable ore traffic is now being handled, which will increase.

A number of directors and large shareholders of the Company have recently made a careful inspection of this new property and are confirmed in their opinion of the wisdom of its construction.

Under arrangements made with this company, the Park Rapids & Leech Lake Railway Company began during the year the construction of a line from Park Rapids to Cass Lake, Minnesota, about 49 miles. The track has been laid from Park Rapids to Akeley, 18 miles, and will be completed to Cass Lake before winter.

All of these new lines are shown upon the map attached hereto.

Since the close of the fiscal year, the Company has secured almost the entire stocks and bonds of the Spokane Falls & Northern Railway Company, Nelson & Fort Sheppard Railroad Company, Red Mountain Railroad Company and Columbia & Red Mountain Railroad Company, the four railroads composing what is known as the Spokane Falls & Northern System. This consists of about 217 miles of road from Spokane Falls, Wash., to Nelson, B. C., on the Kootenai River, with a branch from Northport, Wash., to Rossland, B. C., and handles large ore shipments from the Trail Creek, Rossland and Slocan camps.

EQUIPMENT PURCHASED.

By the purchase of the Duluth Superior & Western Railway, before referred to, the Eastern Railway Company of Minnesota acquired the following equipment:

6 locomotives, 2 passenger coaches.
2 combination passenger and baggage cars.
10 box cars, 50 flat and coal cars.
600 ore cars, 4 caboose cars and 2 boarding cars.

This equipment has been carefully inspected and appraised and taken into equipment account at its appraised value.

There were purchased during the year, largely to equip the Eastern Railway's new Northern Division, 45 locomotives, 16 tourist sleeping cars, 10 baggage, mail and express cars and 3,500 freight service cars, of which the following eqipment had been received and taken to account at the close of the year:

8 ten-wheel passenger engines, with cylinders 20x30 inches, drivers 63 inches outside diameter, weight on drivers 127,000 pound tenders have a capacity for eight tons of coal and 4,500 gal of water.
15 mogul freight engines, with cylinders 19x26 inches, weighing on drivers 114,000 pounds; tenders have a capacity for eight tons of coal and 4,000 gals. of water. One of these locomotives was purchased to replace a vacant number.
12 12-wheel freight engines, with cylinders 19x32 inches, weighing on drivers 142,000 nounds; tenders have a capacity of eight tons of coal and 4,500 gals. of water.
2 12-wheel freight engines, with cylinders 21x34 inches, weighing on drivers 172,000 pounds; tenders have a capacity of nine tons of coal and 5,000 gals. of water. These two engines are used on the Montana Central Railway, between Clancy and Woodville, for hauling trains over the mountain grade of 116 feet to the mile.
3 light locomotives were taken out of service during the year, two being sold.
16 tourist sleeping cars, 62 feet long, 14 sections, upholstered in leather, equipped with standard steel platforms and couplers, air brakes, air signals, vestibules, etc.
10 baggage, mail and express cars, 65 feet long, equipped with standard steel platforms and couplers, air brakes, etc.
5 business cars—one, 50 feet long; one, 38 feet long, and three, 34 feet long, for Superintendents, built in the company's shops.
700 36-feet, 60,000 pounds capacity box cars, with hopper bottoms, to enable coal to be economically handled one way and grain or merchandise to be handled in the other direction; equipped with air brakes and automatic couplers.
500 36-feet, 60 000 pounds capacity, standard box cars, equipped with air brakes and automatic couplers.
50 36-feet, 60,000 pounds capacity, refrigerator cars, equipped with air brakes and automatic couplers; four to replace destroyed cars and 46 for additional equipment.
500 40-feet, 60,000 pounds capacity "Sand" cars, also adapted for use as coal or flat cars, equipped with air brakes and automatic couplers.
15 4-wheel caboose cars were built in the Company's shops for additional equipment and one 8-wheel caboose to fill vacant number.
20 cinder cars were built in the Company's shops during the year.
5 heavy steam shovels, with 2¼-yard dipper, four for additional equipment and one to fill vacant number, were purchased
7 Lidgerwood unloaders were purchased during the year and mounted upon flat cars, for use in ballasting, bridge filling, bank widening, etc.
1 polling car was fitted up for use in breaking up and sorting freight trains.

Some changes were made in other equipment.

The equipment with air brakes and automatic couplers of freight cars has been actively carried forward, so that about eighty per cent of the cars belonging to the System are now so fitted as to conform to the acts of Congress relating thereto, and the remainder will be equipped during the coming year.

During the year the cars used on passenger trains running through to the Pacific Coast have been equipped with vestibules the full width of the car.

As equipment is destroyed or taken out of service, operating expense is charged and "Fund for Replacement of Equipment" is credited with the cost of replacing the same. When equipment for replacements is purchased, the cost of the same is charged to the account last mentioned.

ADDITIONS.

ST. P. M. & M. RY.'S LEASED LINES.

The new brick freight and passenger station at Fergus Falls, Minnesota, referred to in last year's report, has been completed, the old depot removed, and the yard at that station re-arranged and enlarged.

A new brick depot has been built at Morris, the yard being moved and re-arranged so that there will be less interference with the movements of trains and fewer street crossings to protect.

The building of additional stock yards to handle increasing stock shipments, referred to in last year's report, has been continued, many having been built during the year, including new feeding yard, 240x564 feet, at Larimore North Dakota.

New depot buildings have been built at the following stations: Russell and Bertha, Minnesota; York, Omemee and Mayville, North Dakota (the last one of brick); Poplar, Harlem and Malta, Montana.

An express and eating-house of stone, similar in design to the passenger station, has been built at Grand Forks, North Dakota.

Large grain warehouses for the purpose of handling wheat from that portion of eastern Washington tributary to this line have been built at Edwall, Moscow, Harrington, Coal Creek, Lamona and Wenatchee.

A 66-feet steel turn-table, with cover to protect the same and tracks from snow, has been put in at Madison, Wash.

In order both to cheapen the cost of handling locomotive fuel and to save the loss of time to trains and expenses of engines incident to coaling as heretofore, the Company has built during the year 24 coaling stations of special and improved design, at the following points: St. Cloud, Willmar, Breckenridge, Barnesville, Smith Lake, Evansville, Morris and Crookston, Minnesota; Casselton, Rugby Junction, Stanley, Devils Lake, Minot and Williston, North Dakota; Great Falls, Glasgow, Havre, Blackfoot, Teton, Poplar, Wagner, Concord and Atlanta, Montana, and Sand Point, Idaho.

These coaling stations are operated by engines which, in a number of cases, also operate the water supply plant. At each station it was necessary to re-arrange existing tracks and lay special tracks for the coaling stations.

The improvement in the water supply is being continued. Power pumping plants were put in at Ada, Ground House and Fergus Falls, Minnesota; Minot, North Dakota, and Glasgow, Montana, at all of which stations the water tanks were renewed and improved.

A new freight yard is in process of construction at St. Anthony Park, midway between St. Paul and Minneapolis, that will give approximately 64,215 feet of additional track room, or space for about 1,500 cars, and which will allow business of St. Paul Minneapolis & Minnesota Transfer to be centralized at one point, from which it can be conveniently handled to and from the points named by transfer engines. Nearly sixteen acres of ground were purchased for this yard this year in addition to the 7·38 acres purchased last year. To permit the construction of this yard, it has been necessary to rebuild 6,750 lineal feet of four-track main line, or 27,000 lineal feet of main track.

Additional passing tracks have been built or old tracks have been lengthened at Doran, Campbell, Herman, Dounelly, Kerkhoven, Benson, Clontarf, Breckenridge, Clara City and Cottonwood, Minnesota; Reynolds, Ojata, Arvilla, Church's Ferry, Leeds, Towner, Bartlett, Grand Harbor, Galchutt, Hunter, Hatton, Mayville and Omemee, North Dakota; Teton, Durham, Lucerne, Bear Creek, Athens and Columbia Falls, Montana, and Madison and Everett, Wash. Much of this kind of work is in progress at this writing. The company's standard passing track on lines east of the Rocky Mountains is 3,000 feet long. Additional tracks for local industries have also been laid during the year, the total net increase in sidetrack mileage being 19·55 miles.

Re-laying of the main tracks with 75-pound steel rails is being continued, the following having been re-laid within the year: In place of 68-pound rail from Leeds, North Dakota, west five miles, in place of 60-pound rail from two miles east of Des Lacs to Williston, North Dakota, of which 68·8 miles has been completed; in place of 56-pound rail from Carman to Fosston, Minnesota, 44 miles; from Minot, North Dakota, west 5·4 miles. The 60 and 56-pound rails removed have been used to replace lighter iron and steel rails on branch lines and in construction of passing, yard and industry tracks.

EASTERN RAILWAY OF MINNESOTA.

The widening and bringing to grade of embankments during the year from West Superior to Sandstone, 60 miles, has been completed. Re laying the track between West Superior and Nickerson is now in progress, where the line is also receiving a full depth of ballast.

Increased business has made necessary the building of additional yards at West Superior and Saunders.

An interlocking plant has been put in at South Superior, protecting the crossings over the Northern Pacific Railway Company's tracks.

There have been built at West Superior during the year a 34-stall round house, machine shop 150x175, car shop 90x385, engine and boiler house 49x75, oil house 20x47, and store house 40x140, all of brick. Also a 20-pocket coaling station and an additional water tank. The new shops have been equipped with the best modern machinery and the necessary shop yard tracks laid. The capacity of the new shops is the general repairing of one hundred locomotives per annum, besides car work.

During the winter the warehouses on the West Superior merchandise dock were removed, the dock extended about 1,500 feet and the old dock rebuilt. Upon this new foundation there has been built a two-story ironclad warehouse, 125x1540. Tracks from the yard run into both stories of this warehouse.

The new building was completed by the opening of navigation this spring. Cargo to or from three to four lake steamers can now be handled at the same time.

Numerous additional tracks for local industries have been built, the net increase in side track mileage during the year, including the new yards above mentioned, but not the sidings on the Duluth Superior & Western Railway, being 8·36 miles.

MONTANA CENTRAL RAILWAY.

A new line, the Cottonwood Branch, has been built from Lewis Junction, a point on the Sand Coulee Branch, about five miles west of Sand Coulee, to Stockett, 4·95 miles, to reach the mines of the Cottonwood Coal Company, which this Company has been developing.

Section houses have been built at Mountain Junction, Lewis Junction and Wayne; a 10-pocket coaling station built at Wolf Creek; the coaling station at Clancy remodeled and enlarged and the turn-table at that station replaced with a 66 foot steel table.

Power pumping plants have been put in to operate the water supply at Ulm and Allen, and similar changes are now being made at other stations on the road.

Passing tracks have been laid at Moxon and Wilder, and numerous tracks laid for local industries. Several such tracks that had become unnecessary were removed. The net increase in side track mileage being 1·05 miles.

Embankments have been widened and additional ballast placed where necessary on the main line and branches.

Twenty and one-half miles of right-of-way fencing have been built from Great Falls south, and more work of this kind is now under way.

GENERAL WORK.

Right-of-way fencing on all lines has been actively followed, 247 miles of fence having been built on the Montana and Kalispell Divisions alone, and work is still in progress.

The Company has continued the policy, as heretofore, of keeping its railway and equipment in the highest state of efficiency, as will appear by reference to the chief items of expenditure for additions, replacements, improvements and reconstruction, as shown in this report. Only such amounts as were paid for actual additions to the property have been charged to "Additions and Improvements." All replacements and renewals have been charged to operating expenses.

The practice of replacing all necessary bridges and trestles with steel, making permanent waterways and filling or replacing wooden structures with solid embankments wherever possible, has been followed, the record for year being:

	Feet.
Length of Steel Bridges Built—	
Great Northern Ry.	589
Montana Central Ry.	1,202
Willmar & Sioux Falls Ry.	96
Total.	2,187
Lineal feet of Bridges Filled—	
Great Northern Ry.	4,432
Eastern Railway of Minnesota	4,195
Montana Central Ry.	7,964
Willmar & Sioux Falls Ry.	640
Total.	17,231

To provide the necessary waterways in place of bridges filled as above, there were put in 89 iron pipe culverts, 7 stone arch culverts, 4 brick arch culverts, 17 stone culverts with steel I beams, and 6 box culverts. Other culverts were built in place of bridges that had not been filled at the close of the year.

So much work of this nature has been done in previous years that the amount to be done each year is fast decreasing. It will be noted that the amount done this year was considerably less than the year before.

The value of this permanent work is beginning to be reflected in the accounts. The saving in cost of maintenance on account of the permanent work done in previous years has resulted in a decrease in the cost of Maintenance of Road and Structures this year as compared with last. Very heavy permanent work on the roadbed and track is now in progress, and it is hoped by the close of the season of 1899 the entire line from St. Paul and Lake Superior to the Pacific Coast will be so thoroughly improved and all structures made permanent that the cost of operation will be materially lower than heretofore.

A number of grain loading platforms have been put in at stations on the Northern and Dakota Divisions, and the cost charged to operating expenses.

The widening and raising of embankments and the reduction of grades, followed by thorough ballasting, was during the year completed on over 400 miles of Great Northern track. This work is being continued with a heavier force than ever before; that now under way will fully equal the amount done last year.

To avoid delay and expense from snow blockades, the Company has graded out practically all the snow cuts between the Red River Valley and the Rocky Mountains. A large amount of work is being done during the present season between Salmon River and Index. The location of the line on the Skykomish River and between Jennings and Fisher River has been changed for an aggregate of about 6¼ miles. In order to secure the line against trouble from high water in mountain streams, miles of heavy masonry slope walls have been laid to protect the embankments &c.

To secure a maximum grade of four-tenths of 1 per cent between the Red River Valley and Lake Superior, about 12¾ miles of the line between Burwell and Dugdale, on the Fosston branch, have been changed and rebuilt, reducing both grades and curvature and bringing this portion of the old line to the standard of the Northern Division of the Eastern Railway of Minnesota.

The location of about nine miles of line west of Minot, at Gassman Coulee, is being changed, reducing both the grade and curvature. This work is quite heavy and will require during the season the removal of 500,000 cubic yards of earth. The Gassman Coulee wooden trestle, 1,600 long and 115 feet high, is now being replaced with a strong steel structure.

VOLUME OF TRAFFIC AND RATES.

During the year the amount of wheat carried east-bound increased about 4,000,000 bushels, or 120,000 tons, as compared with the previous year. The amount of wheat carried from Eastern Washington to Puget Sound increased, as compared with the previous year, about 856,000 bushels, or 25,700 tons. Taking the entire wheat business, there was an increase in the tonnage moved of 145,700 tons, while the increase in the total revenue tonnage hauled was 617,700 tons. There was, therefore, an increase during the year in tonnage hauled other than wheat of 472,000 tons. While there has been an increase in business over the entire line, due to improved business conditions, the larger portion of this increase comes from the more recently built Western lines, as is apparent from the fact that while the tons hauled increased 617,700 tons, or 8·267 per cent, the tonnage hauled one mile increased 280,732,169 tons, or 16·94 per cent.

The average rate received per ton per mile has been reduced more than two and one-half per cent, equivalent to a reduction in revenue of $465,100. On account of the completion of the new line between Fosston and Duluth and the consequent decrease in distance between the wheat fields and the head of the lakes, heavy reductions have been made in wheat rates since the close of the year, and a still further decrease in the average revenue per ton per mile may be looked for in the next annual report. It is estimated that this reduction in rates will amount to about $1,0 0,000 during the coming year.

The earnings from passenger trains show an increase during the year of twenty-seven per cent, or $897,662 56. Some of this is due to the Alaska gold excitement and to the heavy travel to the Pacific Coast, encouraged by the extremely low rates in effect during the last half of the fiscal year.

The average revenue received per passenger mile has decreased from 2·591 cents to 2·222 cents, about fourteen and one-quarter per cent, equivalent to a reduction in revenue of about $350,000.

The table on page 801 shows the results of both the value of the permanent work that has been done and the improved transportation methods employed. There has been an increase of but 1·81 per cent in freight train mileage, a decrease of nearly one-half of one per cent in the mileage of empty freight cars, with an increase of 12·45 per cent in loaded freight car mileage, and an increase of nearly seventeen per cent in tons one mile.

The result is an increase of over 35 tons (12·5192 per cent) in the tons hauled per freight train mile, bringing the average to over 316 tons of revenue freight hauled in each train.

A careful examination of the statements in this report confirms the views expressed in our report of last year as to the gradual and permanent reduction in the rates paid by the public, and this necessitates the greatest economy in the operation of the railway. Your Board of Directors confidently expects that the permanent character of the improvements made and the better methods used in operation, together with the development of the new country served by the Company's lines and the consequent increase of traffic, will enable the Company to continue the gradual reduction in rates of transportation which has characterized its policy from the beginning. The country along the Company's lines is on the whole prosperous, and the increase of new settlers will tend to advance the general prosperity.

In view of the important and extensive improvements of the permanent way now about to be finished, the Board of Directors have made this report cover these matters more in detail than has been their custom in former reports.

The Board respectfully calls the attention of the shareholders to the report of the Comptroller, with the customary balance sheet and statistical tables, and the report of the Land Commissioner.

JAMES J. HILL,
President.

COMPTROLLER'S REPORT.

Mr. JAMES J. HILL, President:

DEAR SIR: Herewith I beg to submit statements showing results of operation of the Great Northern Railway Company and its proprietary companies for the fiscal year ending June 30th, 1898.

These statements are made in exactly the same form, and on the same basis, as those submitted with last year's report.

The statements on the pages next following, 22 and 23, show the Earnings, Operating Expenses, Taxes, etc., of the Railway *System*. The statement on page 24 shows the divisions of those amounts between the several railways. On pages 25 and 26, are given the Revenue and Income Accounts of the Great Northern Railway *Company*.

The results of operating the line purchased from the Duluth Superior & Western Ry. Co. for eight days in June are included in the proper tables, the Eastern Railway Company of Minnesota having acquired possession of the line on June 23d. 1898.

The Balance Sheet given this year shows, the same as last year's, the financial condition of the *Railway System*. The finances of the companies that are omitted. that is, the Northern Steamship Company, Sand Coulee Coal Company and Great Northern Express Company are kept separate and distinct from those of the railway system.

R. I. FARRINGTON.

Comptroller.

GROSS EARN., OPER. EXPENSES, TAXES AND NET EARNS OF THE RAILWAY SYSTEM, AND PER MILE OF ROAD OPERATED.

GROSS EARNINGS.

EXPLANATORY NOTE.

The surplus earnings of the Duluth Watertown & Pacific Ry Co. and the Northern Steamship Company above shown have been applied to the re payment of the advances made by the Great Northern Railway on account of deficits in previous years.

DIVIDENDS.—Out of the Net Income for the year of the Companies named the following dividends have been declared:

Eastern Ry. Co. of Minnesota	$500.000 00
Montana Central Rr. Co	300,000 00
Willmar & Sioux Falls Ry. Co	150,000 00
Minneapolis Union Ry. Co	25 000 00
Sand Coulee Coal Co	150,000 00
Total	$1,125,000 00

which amount is not included in the "Miscellaneous Income" of the Great Northern Ry. as given by the above table, but is added to that "Miscellaneous Income" in the Income Account below.

DULUTH TERMINAL RY. CO.—This Company is the owner of the railways used by the Eastern Ry. of Minnesota to secure entrance into Duluth and of extensive yards in Duluth. Its stock and bonds are all owned by the Eastern Ry. Under the franchise of the Duluth Terminal Ry. its earnings derived from trackage are limited to six per cent on its stock and bonds, the interest and dividends paid, amounting to $13,500 00, are not included in the "Miscellaneous Income" of the Eastern Railway as above shown.

GREAT NORTHERN EXPRESS CO.—The amount under "Operating Expenses" includes the amount paid Railway Companies for transportation.

SAND COULEE COAL CO.—Included in the amount shown under "Operating Expenses" in addition to the cost of mining and marketing coal, is a charge of ten cents per ton to provide a Sinking Fund against the ultimate exhaustion of the property. A portion of the rental received from buildings is likewise set aside for their replacement. These Sinking Funds now amount to $300,242 16.

State Line & Sullivan RR.—*New Bonds.*—The stockholders will vote Dec. 8 on a proposition to increase indebtedness.

Stillwell-Bierce & Smith-Vaile Co.—*New Bonds.*—The company has issued $300,000 first mortgage 6 per cent gold bonds due in 20 years, but redeemable after five years at 110. The proceeds will be used to liquidate floating indebtedness and for improvements and additions. The Union Savings Bank & Trust Company of Cincinnati is trustee. Half of the issue has already been placed.—V. 66, p.1190.

Tacoma Land Co.—*Reorganization.*—A committee consisting of Samuel E. Kilner, Chairman, Daniel S. Lamont, Wm. Nelson Cromwell, John U. Brookman and William T. Wright, announces that the reorganization agreement dated July 29th, 1898, having been signed by a majority in interest of the stockholders, has been declared operative. Stockholders who wish to become parties must deposit their stock with the Atlantic Trust Co., No. 39 William St., New York City, on or before Nov. 1st, 1898. After Nov. 1 next, deposits will be accepted, if at all, only upon such terms and conditions as the committee may impose.—V. 67, p. 275.

Tennessee Coal, Iron & RR.—Alabama Steel & Shipbuilding. - *Securities Offered.*—Moore & Schley, as syndicate managers, offer to the shareholders of the Tennessee Coal, Iron & RR. of record at the close of business, Oct. 17, the right to subscribe, on any day in October after the 17th inst., at the Manhattan Trust Co., Wall Street, for first mortgage 6 per cent bonds and 6 per cent cumulative preferred stock of the Alabama Steel & Shipbuilding Co., guaranteed by the Tennessee Coal, Iron & RR. Co., upon the basis of $1,000 in money for each block of one $1,000 bond and $400 preferred stock. Twenty per cent of each accepted subscription must be paid in cash upon the acceptance of the subscription, and subsequent payments will be at a rate not exceeding 10 per cent in any calendar month, when called by advertisement. The total possible subscription ($1,100,000) is a little less than 5 per cent of the total stock of the Tennessee Company.—V. 67, p. 735.

The Guardian Security Trust & Deposit Co. of Baltimore.—*Increase of Stock.*—This company has arranged to increase its capital stock from $400,000, to $500,000, to meet the cost of a new bank building. The new stock, it is stated, will be offered to stockholders at $125 per $100 share, the issue being underwritten.

Third Avenue RR., New York.—*$2,000,000 Stock Listed.*—The New York Stock Exchange has authorized that $2,000,000 additional capital stock be added on Nov. 2, 1898, to amount now on the list, making a total of $12,000,000 of stock listed. The proceeds "are to be used for the purpose of providing funds to change the cable system to the underground electrical system upon the Third Avenue, 125th Street and Tenth Avenue lines." The new stock was offered to stockholders at par.

New Stock Issue—Additional Information.—We published last week an official report to us regarding the proposed stock issues. As shedding further light on the company's plans, the following, furnished to the daily press, is given:

"The company has a floating debt of about $9,000,000, incurred in the acquisition of the Dry Dock East Broadway & Battery system, the 42d Street system and the Union Railway system. It has also recently acquired the railway extending from Yonkers to Mount Vernon, a valuable property, without, however, increasing its debt. To meet this debt and to change the motive power of the roads acquired on this side of the Harlem, as well as on the main line of the

road $2,000,000 of its capital stock has recently been issued, making a capitalization of the present company of $12,000,000.

"It is proposed that a consolidation of some of the affiliated companies with the main company shall take place and that further stock shall be issued from time to time instead of bonds for the payment of the debt and for the change of the motive power of the main line, the 125th Street line, the 42d Street line and the Dry Dock East Broadway & Battery line.

"The stock will be issued only as the work progresses, the expenditure for the change of motive power being estimated to cost, including the power-house, about $15,000,000. It is proposed to operate all the lines of the company from the power-house at the junction of the Harlem River and Kingsbridge road."—V. 67, p. 738.

Tradesmen's National Bank of New York.—*Liquidation.*—A committee of the directors called on Comptroller Dawes at Washington on Thursday and asked for further time to put the bank in condition for voluntary liquidation. The National Bank Examiner, having gone over the assets, believes a sum largely in excess of the apparent deficit to meet the deposits will be realized. The Comptroller accordingly agreed to allow a reasonable time for voluntary liquidation, provided that the bank be placed in condition to meet its obligations upon demand, and that he be allowed to select the directors to act as liquidating committee. Before, however, he makes the decision final, his representative and the New York examiner will make a re-appraisement of the assets.—V. 67, p. 738.

Tri-City Ry of Davenport, &c., Ia.—*Change of Control* —A controlling interest in this property is reported to have been acquired by a syndicate of Davenport, Rock Island and Moline, Ia., men for between $300,000 and $400,000.—V. 61, p. 753.

Union Pacific RR.—*Directors.*—On Wednesday the following were elected directors:

Oliver Ames, Horace G. Burt, George Q. Cannon, T. Jefferson Coolidge, jr.; John W. Doane, Gen. Louis Fitzgerald, George J. Gould, E. H. Harriman, Marvin Hughitt, Henry B. Hyde, Otto H. Kahn, Roswell Miller, Winslow S. Pierce, Jacob H. Schiff and James Stillman.—V. 67, p. 731, 736.

United States Rubber Co.—*New Securities in Payment for Boston Rubber Co.*—We have secured official confirmation of the statement that the purchase of the Boston Rubber Shoe Co. calls for the payment of $1,000,000 in cash and the issue by the United States Rubber Co. of $4,123,600 preferred and $3,499,700 common stock. The Boston Company, it is stated, earns net about $1,000,000 yearly.

Output in United States.—A Boston paper has compiled the following list of the rubber boot and shoe manufacturers in the United States, with their daily capacity, the Boston Rubber Shoe Co. being included with the United States Co.:

Company.	Pairs Daily.	Company.	Pairs Daily.
United States Rubber Co.	180,000	Geo. Watkinson & Son	2,000
Jos. Banigan Rubber Co.	10,000	Byfield Rubber Co., Prov.	2,000
Hood Rubber Co.	15,000	Gov. Bourne, Providence	1,000
Mishawaka Felt Boot & Shoe Co.	8,000	Total independent companies	38,000

—V. 67, p. 738.

West Virginia Central & Pittsburg Ry.—*$150,000 Bonds Listed.*—The New York Stock Exchange has listed an additional $150,000 first mortgage bonds, making the total listed to date $3,250,000. The proceeds of all of the 150 bonds "are to be used in liquidation of indebtedness incurred for shops, equipment, permanent improvements, etc."—V. 67, p. 510.

Wheeling (West Va.) Ry.—Bellaire Bridgeport & Martin's Ferry Ry.—*Control Purchased.—New Securities.*—The "Wheeling Intelligencer" is authority for the statement that the Wheeling Ry. Co. has purchased the Bellaire Bridgeport & Martin's Ferry Ry. and will issue, on account of the same, $250,000 new stock. This transaction, it is stated, was authorized by the stockholders of the Wheeling Ry. at a meeting held Sept. 30. An issue of $200,000 bonds was also authorized to provide for betterments on the Wheeling road, including the enlarged and newly equipped power house, the Martin's Ferry extension, the State Fair grounds branch, the new track on Ohio and Penn streets, and for the betterments to the newly acquired property.—V. 67, p. 647.

—J. G. Martin has had reprinted from his "Century History" of the Boston market a fifty years' summary of the Lake Superior copper mining industry, which is of especial interest at this time. The dividend record of each individual mine is tabulated in full, and the highest and lowest prices are easily to be found for any year by reference to this pamphlet. Only a few copies are to be had in this handy form.

—Our readers are reminded that in the advertising pages of our STATE AND CITY SUPPLEMENT, furnished with to day's CHRONICLE, are to be found the cards of many of the leading dealers in municipal and other investment bonds, and those persons desiring information on matters relating to the investment of funds will find it to their advantage to correspond with these firms, most of whom issue special circulars and in various other ways will furnish valuable data bearing on the standing of securities available for permanent investment. The following well known houses are represented in this issue of the SUPPLEMENT: Messrs. Lee, Higginson & Co.; Kidder, Peabody & Co.; Estabrook & Co.; R. L. Day & Co.; Blodget, Merritt & Co.; Adams & Co.; Mason, Lewis & Co.; N. W. Harris & Co.; Harvey Fisk & Sons; Blair & Co.; J. & W. Seligman & Co.; Farson, Leach & Co.; Rudolph Kleybolte & Co., Edward C. Jones Co.; Wilson & Stephens; A. C. Frost & Co.; Kountze Bros., Bertron & Storrs; United States Mortgage & Trust Co.

The Commercial Times.

COMMERCIAL EPITOME.

FRIDAY NIGHT, Oct. 14 1898.

The continued mild weather has had a tendency to hold trade in check in some lines of merchandise and the quarantine regulations at the South against yellow fever have hampered business to a considerable extent in that section of the country. Generally speaking, however, trade returns from other sections of the country have shown business in fairly satisfactory shape, with prices on a reasonably remunerative basis. An encouraging development has been an unusually active demand from Europe for our breadstuffs, the purchases the past week being close to record breaking figures. The political relations existing between England and France over the Fashoda situation have received considerable attention during the week. Labor troubles in Illinois, which resulted in serious rioting and the loss of a number of lives, and advices received from Paris, also reporting labor disturbances, have been features of the week.

Lard on the spot has been in moderate demand from refiners, and there has been a generally better feeling in the market, as prospects have been considered favorable for an improvement in trade. Prices have advanced and the close was firm at 5·30c. for prime Western and 4·90c. for prime city. Refined lard has been in fair demand for export, and prices have advanced to 5·60c. for refined for the Continent. Speculation in the market for contracts has been moderately active and prices have advanced on buying for investment account, stimulated by the improved prospects for a broadening of trade. The close was firm.

DAILY CLOSING PRICES OF LARD FUTURES.

	Sat.	Mon.	Tues.	Wed.	Thurs.	Fri.
October delivery..... c.	5·05	5·07	5·17	5 20	5·22	5·32

Pork has been in fairly active demand, and prices have been firmer, closing at $8 75@9 for mess, $12@14 for family and $11@13 for short clear. Cut meats have had only a limited sale, but prices have been unchanged and steady at 5⅝@6¾c. for 14@10 lbs. average, 4½c. for pickled shoulders, and 7¼@7½c. for pickled hams. Beef has been in fair demand and firmer, closing at $8 50@9 for mess, $9@10 for packet, $10 50@11 for family, and $14 50@15 50 for extra India mess. Beef hams have been steady at $19 50. Tallow has advanced and the close was steady at 3⅝c. Oleo stearine has been quiet but steady at 5c. Lard stearine has been firmer, closing at 6½c. for prime City. Cotton seed oil has held steady for prime yellow at 23½@23c. Butter has been in light supply for desirable grades, closing firm at 15@21½c. for creamery. Cheese has held fairly firm for desirable grades, closing at 7@9c. for State factory, full cream. Fresh eggs have advanced for choice stock, closing at 18c. for choice Western.

Brazil grades of coffee have had a slow distributing sale and prices have weakened slightly. Business in the market for invoices has been slightly more active, but at lower prices. Primal markets have shown increased pressure to sell. Rio No. 7 on the spot closed at 6⅛c. West India growths have sold slowly and prices have weakened to 8¼@8¾c. for good Cucuta. East India growths have had a limited sale at steady prices. The market for contracts has been quiet and prices have weakened slightly under the absence of demand and the continued full movement of the crop. Following are the final asking prices:

Oct..... 5 35c.	Jan..... 5·60c.	May..... 5·90 c.	
Nov..... 5·35c.	Mar..... 5·80c.	June..... 5·95c.	
Dec..... 5·55c.	April..... 5·85c.	July..... 6·00c.	

Raw sugars have been indifferently offered, and at the close of the week refiners paid a slight advance in price to obtain supplies, closing at 4¼c. for centrifugals, 96-deg. test, and 3¾c. for muscovado, 89-deg. test. Refined sugar has been fairly active and firm at 5c. for granulated. Teas have had a better sale at steady prices.

Kentucky tobacco has been quiet but steady. Seed leaf tobacco has been in fair demand and firm. Sales for the week were 2,395 cases, as follows: 400 cases, 1897 crop, flat, 13@25c.; 150 cases, 1897 crop, Onondaga, 11@13c.; 150 cases, 1897 crop, New England Havana, 9½@20c.; 50 cases, 1896 crop, New England Havana, 30@46c.; 220 cases 1895-6 crops, Pennsylvania seed leaf, 12½c.; 300 cases, 1897 crop, Pennsylvania seed leaf, 11@13c.; 425 cases, 1896 crop, Wisconsin Havana, 11@13½c; 300 cases, 1897 crop, Wisconsin Havana, 9½@13c.; 490 cases, 1897 crop, Zimmers, 17@18c.; also 400 bales Havana at 70c.@$1 10, in bond, and 140 bales Sumatra at 85c.@$1 65 in bond.

Business in the market for Straits tin has been fairly active, and prices have advanced. The close was firm at 17·10@17 15c. Ingot copper has been moving freely on contracts, but the volume of new business transacted has been small; prices have been unchanged at 12¼@12½c. for Lake. Lead has been quiet but steady, closing at 3·95c. for domestic. Spelter has been in moderate demand, and prices have advanced to 4·95@5c. for domestic. Pig iron has been in fairly active demand and firm, closing at $9 75@$11 50 for domestic.

Refined petroleum has been firmer, closing at 7·20c. in bbls., 4·70c. in bulk and 7 95c. in cases; naphtha higher at 7c. Crude certificates have been firmer, closing at $1 13½; credit balances have been advanced to $1 12. Spirits turpentine has been quiet but steady at 32½@33c. Rosins have been dull and unchanged at $1 30 for common and good strained. Wool has been dull and easy. Hops have been in fair demand at advancing prices.

COTTON.

FRIDAY NIGHT, October 14, 1898.

THE MOVEMENT OF THE CROP, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening the total receipts have reached 395,905 bales, against 346,231 bales last week and 318,605 bales the previous week, making the total receipts since the 1st of Sept., 1898, 1,439,920 bales, against 1,410,554 bales for the same period of 1897, showing a decrease since Sept. 1, 1898, of 29,366 bales.

Speculation in cotton for future delivery has been quiet, but the tone of the market has held fairly steady and changes in prices have been slight. The principal sustaining feature to the situation has been the character of the advices received from Liverpool. At that market there has been considerable activity to the demand from spinners for actual cotton, as on the basis of about 3d. for middling the European trade has shown a disposition to purchase cotton with much freedom. This demand has sufficed to relieve the pressure of the free offerings from the large movement of the crop. Manchester advices have been of a favorable nature as regards the condition of the cotton goods trade, stating that manufacturers generally were having an active business. Advices from the Continent also reported that spinners were having a good trade. While these reports have served to check the disposition shown by local operators to sell the market, they have not stimulated any pronounced buying for investment account, the purchases made in the speculation market having been largely by shorts to reduce their lines. The continued large supplies coming into sight, together with favorable weather conditions at the South for the maturing crop, have had a tendency to make the speculative element timid about purchasing, despite the fact that prices have been ruling close to the low-record point. To-day the market was moderately active and firmer on buying, principally by shorts to cover contracts, stimulated by reports of light frosts in the northern section of the cotton belt The close showed prices 1@4 points higher for the day. Cotton on the spot has been quiet and prices declined 1-16c. on Monday. To-day the market was quiet but steady at 5 3/8c. for middling uplands.

The rates on and off middling, as established Sept. 15, 1898, by the Revision Committee, at which grades other than middling may be delivered on contract, are as follows.

Fair	c.	Good Ordinary	c. 1 11/16 off
Middling Fair	3/4 on	Good Middling Tinged	Even
Strict Good Middling	7/16 on	Strict Middling Stained	7/32 off
Good Middling	8/16 on	Middling Stained	7/16 off
Strict Low Middling	3/16 off	Strict Low Mid. Stained	1 off
Low Middling	7/16 off	Low Middling Stained	1 3/2 off
Strict Good Ordinary	3/4 off		

On this basis the official prices for a few of the grades for the past week—Oct. 8 to Oct. 14—would be as follows.

UPLANDS.	Sat.	Mon	Tues	Wed	Th.	Fri

☞ The imports into Continental ports the past week have been 22,000 bales.

The above figures indicate an *increase* in the cotton in sight to-night of 663,348 bales as compared with the same date of 1897, a loss of 99,731 bales from the corresponding date of 1896 and a decrease of 331,298 bales from 1895.

AT THE INTERIOR TOWNS the movement—that is the receipts for the week and since September 1, the shipments for the week and the stocks to-night, and the same items for the corresponding period of 1897—is set out in detail below.

Towns.	Movement to October 7, 1898. Receipts. This week.	Since Sept. 1, '98.	Shipm'ts This week.	Stock Oct. 7.	Movement to October 8, 1897. Receipts. This week.	Since Sept. 1, '97.	Shipm'ts This week.	Stock Oct. 8.

* Last year's figures are for Columbia, S. C.

The above totals show that the interior stocks have *increased* during the week 76,610 bales, and are to-night 98,843 bales *more* than at the same period last year. The receipts at all the towns have been 107,311 bales *more* than the same week last year and since Sept. 1 they are 140,706 bales *more* than for the same time in 1897.

OVERLAND MOVEMENT FOR THE WEEK AND SINCE SEPT. 1.—We give below a statement showing the overland movement for the week and since Sept. 1, as made up from telegraphic reports received Friday night. The results for the week ending Oct. 14 and since Sept. 1 in the last two years are as follows.

October 14.	1898. Week.	1898. Since Sept. 1.	1897. Week.	1897. Since Sept. 1.
Shipped—				
Via St. Louis.....	29,232	61,794	33,086	76,054
Via Cairo.....	7,232	26,460	9,149	36,584
Via Parker.....	.....	.....	238	1,547
Via Rock Island.....	1,827	4,768	951	1,751
Via Louisville.....	3,873	7,584	3,224	7,428
Via Cincinnati.....	2,492	8,324	1,217	4,927
Via other routes, &c.....	3,482	10,812	2,985	7,516
Total gross overland.....	48,138	119,742	50,849	135,807
Deduct shipments—				
Overland to N. Y., Boston, &c..	6,092	15,867	7,396	17,469
Between interior towns.....	168	512	387	961
Inland, &c., from South.....	934	5,117	601	5,056
Total to be deducted.....	7,194	21,496	8,384	24,386
Leaving total net overland*..	40,944	98,246	42,465	111,421

* Including movement by rail to Canada.

The foregoing shows that the week's net overland movement this year has been 40,944 bales, against 42,465 bales for the week in 1897, and that for the season to date the aggregate net overland exhibits a decrease from a year ago of 13,175 bales.

WEATHER REPORTS BY TELEGRAPH.—Telegraphic advices to us this evening indicate that on the whole the weather has been quite favorable at the South the past week, and as a result the work of gathering the crop has suffered little or no interruption. Marketing, while interfered with to some extent by the yellow fever quarantines, has progressed rapidly. The temperature has been lower as the week closes and light frosts are reported at some points this morning.

Galveston, Texas.—The weather, as a whole, has been very favorable for farm work during the week, and it has been rushed generally. Rain is needed in many sections of the State. We have had showers on two days during the week, the rainfall being two hundredths of an inch. The thermometer has ranged from 62 to 86, averaging 74.

Palestine, Texas.—It has rained on one day of the week, to the extent of sixteen hundredths of an inch. Average thermometer 67, highest 90, lowest 44.

Huntsville, Texas.—Ground is about ready for fall planting. We have had showers on one day during the week, the rainfall being forty-eight hundredths of an inch. The thermometer has averaged 65, the highest being 89 and the lowest 50.

Dallas, Texas.—Crops are doing well, but more rain is needed. There has been beneficial rain on two days the past week, to the extent of sixteen hundredths of an inch. The thermometer has averaged 76, ranging from 62 to 91.

San Antonio, Texas.—It has been dry all the week. Rain is badly needed. Minimum temperature 60.

Luling, Texas.—The weather has been dry all the week. Rain is needed. Average thermometer 76, highest 93 and lowest 58.

Columbia, Texas.—Farm work is being rushed. We have had rain on one day the past week, to the extent of thirty hundredths of an inch. The thermometer has averaged 71, the highest being 89 and the lowest 52.

Cuero, Texas.—There has been rain on one day during the week, the precipitation being two hundredths of an inch. The thermometer has averaged 75, ranging from 59 to 90.

Brenham, Texas.—Cotton is being marketed rapidly. We have had rain on three days during the week, the rainfall reaching one inch and eighty hundredths. The thermometer has ranged from 53 to 91, averaging 72.

Corpus Christi, Texas.—We have had showers on three days the past week, the precipitation being twenty-six hundredths of an inch. Average thermometer 76, highest 87 and lowest 64.

Weatherford, Texas.—Dry all the week. Rain would be beneficial. The thermometer has averaged 62, ranging from 40 to 91.

New Orleans, Louisiana.—Dry weather has prevailed all the week. Average thermometer 76.

Columbus, Mississippi.—The quarantine against yellow fever retards business. We have had no rain during the week. The thermometer has averaged 78, the highest being 90 and the lowest 44.

Leland, Mississippi.—There has been rain on three days during the week, the rainfall being sixty hundredths of an inch. The thermometer has averaged 72·1, ranging from 46 to 91.

Vicksburg, Mississippi.—We have had rain on three days during the week, the precipitation reaching one inch and fourteen hundredths. The thermometer has ranged from 48 to 88, averaging 71.

Greenville, Mississippi.—The weather is clear and much cooler, with light frost in Northern Mississippi.

Little Rock, Arkansas.—We had light frost this morning. Rain has fallen on two days of the week, to the extent of fifty-eight hundredths of an inch. Average thermometer 69, highest 85 and lowest 53.

Helena, Arkansas.—While excess of moisture has damaged cotton and retarded picking, farmers report the crop generally as nearly as good as last year. It has rained lightly on one day of the week, the precipitation being thirty-five hundredths of an inch. The thermometer has averaged 64, the highest being 81 and the lowest 40, with light frost.

Memphis, Tennessee.—The local quarantine still hinders wagon receipts. Light frost occurred this morning, on four days later than the average date. No damage. There has been rain on three days the past week, interfering with picking. The rainfall reached sixty-four hundredths of an inch. The thermometer has averaged 69, ranging from 52 4 to 84.

Nashville, Tennessee.—We have had rain the past week to the extent of fifty-nine hundredths of an inch. The thermometer has ranged from 46 to 84, averaging 64.

Mobile, Alabama.—Picking is actively progressing. Rain has fallen on two days of the week, to the extent of twenty-four hundredths of an inch. Average thermometer 75, highest 87 and lowest 53.

Montgomery, Alabama.—The weather has been cooler since Thursday. We have had rain on one day the past week, the rainfall being fifty-three hundredths of an inch. The thermometer has averaged 69, the highest being 86 and the lowest 52.

Selma, Alabama.—There has been rain on one day the past week, the precipitation reaching one inch and twenty hundredths. The thermometer has averaged 70, ranging from 48 to 89.

Madison, Florida.—We have had no rain during the week. The thermometer has ranged from 64 to 88, averaging 75.

Savannah, Georgia. The week's rainfall has been six hundredths of an inch, on two days. The thermometer has averaged 76, the highest being 84 and the lowest 64.

Augusta, Georgia.—Farmers are marketing their crop rapidly in order to meet their obligations. Reports of damage by the storm are confirmed. There has been no rain during the week. The thermometer has averaged 70, ranging from 58 to 84.

Charleston, South Carolina.—We have had rain on three days the past week to the extent of thirty-six hundredths of an inch. The thermometer has ranged from 66 to 82, averaging 75.

Stateburg, South Carolina.—No rain during the week. Picking and marketing are progressing rapidly. Average thermometer 71·8, highest 85 and lowest 53.

Greenwood, South Carolina.—We have had rain on one day the past week to the extent of eighty-eight hundredths of an inch. The thermometer has averaged 69, the highest being 79 and the lowest 59.

BRIGHTER PROSPECTS OF INDUSTRY AND TRADE IN THE UNITED KINGDOM.—In our editorial columns to day, under the above caption, will be found an article by our special Manchester correspondent.

THE AGRICULTURAL DEPARTMENT'S REPORT FOR OCTOBER.—The Agricultural Department's report on cotton for October 1 is given below:

The October report of the Statistician of the Department of Agriculture shows the average condition of cotton on October 1 to have been 75·4, as compared with 79 8 on September 1, a decline of 4·4 points. The average condition on October 1, 1897, was 70, and the mean of the October averages of the last ten years is 73·9. The decline during September, though by no means uniform, affected the entire cotton-producting region, being 2 points in South Carolina, Texas and Tennessee, 4 points in Alabama, 5 in Georgia and Arkansas, 6 in Mississippi, 7 in Virginia and Florida, 8 in North Carolina, 9 in Louisiana, 15 in Oklahoma, and 22 in Indian Territory.

The averages of the States are as follows: Virginia 84, North Caroline 76, South Carolina 79, Georgia 75, Florida 66, Alabama 76, Mississippi 72, Louisiana 67, Texas 73, Arkansas 84, Tennessee 93, Missouri 93, Oklahoma 75, Indian Territory 76.

That the reader may have for comparison the condition, according to the Agricultural Department, for October 1 for a series of years, we give the following, collated from its reports:

States.	1898.	1897.	1896.	1895.	1894.	1893.	1892.	1891.	1890.	1889.	1888.	1887.

MANCHESTER MARKET.—Our report received by cable to-night from Manchester states that the market is firm for yarns and steady for shirtings. The demand for India is good. We give the prices for to-day below and leave those for previous weeks of this and last year for comparison.

	1898.				1897.				
	32s Cop. Twist.		8¼ lbs. Shirtings, common to finest.		Cott'n Mid. Upds	32s Cop. Twist.		8¼ lbs. Shirtings, common to finest.		Cott'n Mid. Upds

NEW ENGLAND COTTON MILL SITUATION.—The weavers in the Barnaby Mills, Fall River, struck Oct. 10 against a reduction in the price paid for weaving certain grades of fancy ginghams and are still out. The situation at the Border City mill is unchanged. A new plan to improve the goods situation at Fall River is now being discussed, and the men at the head of the movement believe it will go into effect. The new plan contemplates putting certain grades of goods into the hands of a committee who shall act as selling agents and also covers some curtailment of production.

JUTE BUTTS, BAGGING, &c.—There has been a good demand for jute bagging the past week, but there has been no change in quotations. The close to-night is at 6¼c. for 1¾ lbs. and 6⅝c. for 2 lbs. of standard grade. Car-load lots of standard brand are quoted at 6⅛c. for 1¾ lbs. and 6⅛c. for 2 lbs., f. o. b. at New York. Jute butts have been in fair request for parcels to arrive at ·90c. for paper quality and 1¾c. for mixing.

EGYPTIAN CROP.—Mr. Fr. Jac. Andres, of Boston, informs us that he has the following by mail, under date of Sept. 23, from the Anglo-Egyptian Bank, Alexandria:

Considering the remarkable rapidity by which our last crop of 843,211 B. (including 61,068 B. for U. S. and Japan) has been absorbed, it is not surprising that our planters feel indisposed to sell below the prices now ruling, especially since damage from shortage of irrigation and other causes is confirmed. Engagements for October shipments are large and offerings very small.

SHIPPING NEWS.—As shown on a previous page, the exports of cotton from the United States the past week have reached 218,813 bales. The shipments in detail, as made up from mail and telegraphic returns, are as follows:

	Total bales.
NEW YORK—To Liverpool, per steamers Tauric, 1,347 upland and 70 Sea Island	1,417
To Hull, per steamer Idaho, 2,839	2,839
To Havre, per steamer La Touraine, 150 upland and 60 Sea Island	210
To Bremen, per steamer Barbarossa, 3,091	3,091
To Genoa, per steamers Auretta, 200....Fulda, 1,164	1,364
To Naples, per steamer Fulda, 100	100
To Venice, per steamer Auretta, 600	600
To Trieste, per steamer Auretta, 200	200

* Re-count of stock; 26,000 bales deducted.

The tone of the Liverpool market for spots and futures each day of the week ending Oct. 14 and the daily closing prices of spot cotton, have been as follows.

Spot.	Sat'day.	Monday.	Tuesday.	Wed'day.	Thursd'y	Friday
Market, 12:45 P. M.	Quieter.	Fair business doing.	Easier.	Active.	Fair business doing.	Fair business doing.
Mid. Upl'ds.	3 22	3 32	3 1 16	3 32	3 32	3 32
Sales.....	8,000	12,000	12,000	15,000	12,000	12,000
Spec. & exp.	500	1,000	500	1,000	500	500
Futures.						
Market, 1:45 P. M.	Steady at partially 1-64 dec.	Quiet.	Steady at 1 64@2 64 decline.	Steady.	Steady at partially 1 64 adv.	Steady.
Market, 4. P. M.	Quiet.	Barely steady.	Quiet but steady.	Barely steady.	Steady	Quiet.

The prices of futures at Liverpool for each day are given below. Prices are on the basis of Uplands, Low Middling clause, unless otherwise stated.

☞ *The prices are given in pence and 64ths. Thus: 2 63 means 2 63-64d., and 3 01 means 3 1-64d.*

BREADSTUFFS.

FRIDAY, October 14 1898.

A fairly large volume of business has been transacted in the market for wheat flour, as the upward tendency to values for the grain, due to the unusually active export demand, has had a tendency to give buyers increased confidence in the situation, and they have placed orders with some show of freedom. Values have advanced, quoted prices having been marked up 10c. per bbl. in some instances. Advices received from the Northwestern mills reported large sales on Tuesday and Wednesday. City mills also have reported a good business. Rye flour has had only a limited sale, but prices have advanced. Buckwheat flour has been in fair demand and steady. Corn meal has had a fair call from the home trade at steady values.

Speculation in wheat for future delivery has been fairly active, and the tendency of prices has been towards a higher basis. The feature has been an unusually active demand for cash wheat, the reported purchases by shippers on Monday, Tuesday and Wednesday being in excess daily of 1,000,000 bushels; in fact the volume of export business transacted for the week, it is stated, is close to record breaking figures. This demand has been stimulated by the strength of the statistical position, together with the reports that the Russian crop will be shorter than had been generally expected. The strained political situation abroad has also been mentioned by some as having had its influence in stimulating the demand. The movement of the crop has been large, winter-wheat farmers marketing their holdings with greater freedom now that prices have reached a more satisfactory basis. In the Northwest the receipts have continued to show quite large totals. The activity of the export demand, however, as above noted, together with firm and advancing foreign markets, have served to fully offset the large supplies of the domestic crop coming into sight. As going to show the strength of the statistical position, the figures of the visible supply of the United States and Canada are cited. They show a total of 12,210,000 bushels, against 22,794,000 bushels this week last year and 52,434,000 bushels for the same week in 1896. To-day the market declined early in response to weaker European advices. Subsequently, however, advanced on a demand from shorts to cover contracts, stimulated by a revival of the active export demand. Business in the spot market was active, as exporters were large buyers, their reported purchases to-day, here and at outports, amounting to about 1,200,000 bushels.

Indian corn futures have been moderately active, and prices have advanced The principal strengthening features have been an exceptionally active export demand, as shippers have been large buyers of this grain as well as wheat, their pur-

chases on Tuesday and Wednesday amounting to about 3,000,000 bushels. Foreign advices have reported firm and advancing markets, and the Government report indicated a somewhat smaller yield than had been generally expected, and these factors also had a strengthening influence. The following figures, compiled by the Bureau of statistics, are worthy of note. The imports of corn into Germany for the eight months ended August 31st show a total of 30,183,000 bushels, against 23,000,000 bushels for the same time last year and 10,900,000, for the corresponding period in 1896. The imports into France for the same period were this year 8,100,000 bushels; in 1897, 5,000,000 bushels; in 1896, 3,700 000 bushels. Other Europe took 33,000,000 bushels, against 15,000,000 bushels in 1896. Imports into British North America were 19,000,000 bushels, while in 1896 they were only 5,000,000 bushels. To-day the market was firmer on an active export demand and poor crop accounts. The spot market was active; the sales to-day for export here and at outports were 600,000 bushels.

May delivery in elev.	31¾	31⅞	32⅝	32¾	32⅞	33¼

Oats for future delivery have been neglected in the local market, but at the West the trading has been fairly active, and prices have advanced in sympathy with the rise in values for other grains. Exporters have been fairly large buyers in the cash market, particularly on Tuesday and Wednesday, when their purchases amounted to close to 500,000 bushels, and this, too, had a strengthening influence upon values. To-day the market was firm but quiet. The spot market was firmer but quiet.

AGRICULTURAL DEPARTMENT'S OCTOBER REPORT.—The report of the Department of Agriculture for October 1 respecting cereal crops was issued October 10, as follows:

The October report of the Statistician of the Department of Agriculture shows the average condition of corn on October 1 to have been 82, as compared with 84·1 on September 1, with 77·1 on October 1, 1897, and with 82·9, the mean of the October averages of the last ten years. All the averages of 100 or upward reported last month have disappeared, except in Kentucky, where corn has held its own at one point above the standard. In Ohio and Missouri also the average is the same as last month, while there is an improvement of 4 points in Illinois, and a decline of 4 points in Indiana, 2 points in Iowa and 5 points in Nebraska. Throughout the South the decline is general.

The condition of corn on October 1 in each of the last seven years is shown in the following:

CONDITION OF CORN.

States.	1898.	1897.	1896.	1895.	1894.	1893	1892.
Illinois	81	81	102	99	73	66	71
Iowa	80	74	102	96	47	93	79
Missouri	89	70	85	111	70	89	82
Kansas	58	58	81	80	45	64	70
Indiana	91	76	106	92	78	61	77
Nebraska	57	88	101	50	14	65	78
Ohio	92	81	106	87	71	70	80
Michigan	82	85	102	89	56	63	70
Wisconsin	93	90	98	87	54	86	80
Minnesota	88	88	97	91	59	95	85
Texas	87	78	41	104	82	76	93
Tennessee	96	75	80	99	88	75	84
Kentucky	101	73	97	99	77	73	81
Pennsylvania	90	82	100	83	85	81	82
Av'ge U. States.	82·0	77·1	90·5	95·5	64·2	75·1	79·3

The usual wheat report is withheld, pending the result of further investigations.

The preliminary estimate of the yield per acre of oats is 27·8 bushels. This is three-tenths of a bushel per acre less than the preliminary estimate of the crop of 1897, but 2·1 bushels per acre above the mean of the preliminary averages of the last ten years. The average for quality is 83·3, against 87·6 one year ago.

The preliminary estimate of the yield per acre of barley is 21·6 bushels, or 2·9 bushels per acre less than in 1897, and 1·3 bushels below the mean of the October estimates for the last ten years. The average for quality is 91·3, as compared with 87·6 last year.

The preliminary estimate of the yield per acre of rye is 15·6 bushels. This is five tenths of a bushel less than the average of last year, but 2·2 bushels above the mean of the October averages for ten years. The average of quality reported is 90·1, against 92· one year ago.

The condition of buckwheat has declined since Sept 1 12 6 points, being now 76·2. This is 14·6 points below the average on Oct. 1, 1897, and 8 3 points below the mean of the October averages of the last ten years.

The condition of Irish potatoes declined 5·2 points during September. While it is still 10·9 points higher than the October condition last year, it is 2·7 points below the mean of the October averages of the last ten years.

The apple reports show a continued decline in every State in which this crop is of any commercial importance, except in Maine, Michigan, Nebraska and Oregon, where a slight improvement is indicated.

The yield per acre of hops is generally in excess of last year, California, where the yield will probably not exceed 1,000 pounds to the acre, being the only exception.

The tobacco reports as a whole are somewhat less favorable than last month, Pennsylvania, Maryland, Virginia and North Carolina showing a decline of 19, 10, 7 and 8 points respectively. Kentucky, however, reports a condition indicating 93 per cent of a full normal crop, an improvement of 4 points during the month, while Tennessee, Wisconsin and New York report 97, 98 and 100 per cent, respectively.

The average indicated yield per acre of the various crops for a number of years is as follows:

AVERAGE YIELD PER ACRE—BUSHELS.

	1898.	1897.	1896.	1895.	1894.	1893.	1892.	1891.
Wheat	13·4	11·9	12·5	13·1	11·3	13·4	15·3	
Rye	15·6	16·1	13·3	14·4	13·7	13·3	12·7	14·4
Oats	27·8	28·1	21·3	29·6	24·5	23·5	24·3	28·9
Barley	21·6	24·5	23 6	26·4	19·3	21·7	23·7	25·8

The average condition of corn, cotton, &c., on October 1 is shown in the following:

CONDITION OF CROPS.

	1898.	1897.	1896.	1895.	1894.	1893.	1892.	1891
Corn	82·0	77·1	90·5	95·5	64·2	75·1	79·3	92·5

THE DRY GOODS TRADE

NEW YORK, FRIDAY, P. M., October 14, 1898.

The market has shown a further decrease in the business passing during the week, both the reorder demand for seasonable goods and business doing on spring account proving quiet. The weather has been against a good distribution of fall merchandise from the hands of retailers, and there are complaints of retail trade here and elsewhere proving so far decidedly unsatisfactory. Cold weather would, however, speedily improve conditions. There has been very little demand from Southern markets, the spread of yellow fever seriously checking business and transportation. The tone of the primary market shows no material change. In cotton goods there is no real pressure to sell, but buyers find it easy to operate on the basis of current prices, with here and there a tendency in their favor. In woolens also buyers can secure an occasional advantage, but there is no quotable decline to be recorded. Collections are reported generally satisfactory.

WOOLEN GOODS.—The demand for heavy-weight woolen and worsted fabrics for men's wear has been poor this week, the weather evidently affecting it to some extent. Orders for spring-weights have not shown any improvement and are still unsatisfactory. Many mills are still without work sufficient to carry them through until the opening of next season, and agents are consequently anxious to secure orders. This imparts an easy tone to the market and a slight irregularity to prices. Overcoatings are inactive and prices irregular, particularly in Kerseys. Cloakings are slow of sale but without quotable change in price. Dress goods are dull for new spring lines and reorders for fall goods indifferent. Flannels and blankets quietly firm.

DOMESTIC COTTON GOODS.—The exports of cotton goods from this port for the week ending October 10 were 996 packages, valued at $48,646 their destination being to the points specified in the tables below:

New York to Oct. 10.	1898. Week.	1898. Since Jan. 1.	1897. Week.	1897. Since Jan. 1
Great Britain	23	2,712	2	8,780

Total	996	252,065	2,284	212,339
China, via Vancouver*	.....	21,623	200	16,166
Total	996	273,688	2,484	228,505

* From New England mill points direct.

The value of the New York exports for the year to date has been $8,860,133 in 1898 against $8,305,516 in 1897.

The home demand for brown sheetings and drills has again been indifferent and bids for export generally too low for acceptance. Prices without quotable change, but tone easy. Bleached cottons inactive and prices irregular. Wide sheetings dull and unchanged in price. Cotton flannels and blankets firm with quiet business. Denims steady with increased sales. Ticks still inactive; plaids in moderate request; checks and stripes dull and all readily offered by sellers. Kid-finished cambrics barely steady. Fancy calicoes have sold indifferently this week and are still irregular in price. Indigo blues and mourning in moderate request and other prints quiet and easy. Fine printed wash fabrics for spring in fair request. Fine ginghams are well sold for next season; staple and dark dress ginghams quiet. Print cloths close firm, but without change in price, as prospects are considered favorable to curtailment of production.

FOREIGN DRY GOODS.—This division of the market continues very quiet and business in both seasonable and spring lines of disappointing volume. Dress goods of all kinds for spring are backward and prices barely maintained. Silks are, however, firm.

Importations and Warehouse Withdrawals of Dry Goods

The importations and warehouse withdrawals of dry goods at this port for the week ending Oct. 13, 1898, and since January 1, 1898, and for the corresponding periods of last year are as follows:

State and City Department.

THE STATE AND CITY SUPPLEMENT.

A new number of the State and City Supplement accompanies the present issue of the Chronicle. Very comprehensive revisions have been made in the matter contained in the Supplement and 128 new places incorporated. The editorial discussions embrace articles entitled "The Strength of the Municipal Bond Market," "Legislation to Indemnify Tax Collectors Illegal," and "Proposed Constitutional Changes in the Various States."

Bond Proposals and Negotiations this week have been as follows:

Albia (Iowa) School District.—*Bonds Authorized.*—This district recently authorized the issuance of $6,500 4% refunding bonds. Interest will be payable May 1 and November 1 at the office of the District Treasurer. Principal will be payable any time at the option of the Board. Date of sale has not yet been determined upon.

Annapolis, Md.—*Temporary Loan.*—The city has negotiated a loan of $10,000 at 5% with the Farmers' National Bank of Annapolis. This loan is for street and other improvements and will mature in one year.

Atlanta, Ga.—*Bonds Defeated.*—At the election held October 5, 1898, the question of issuing $200,000 water-works bonds was defeated. The vote for the bonds was 5,102 and 164 against, but as it required 5,653 (two-thirds registered vote) to authorize, the proposition failed.

Baltimore County (Md.) School District.—*Loan Authorized.*—At a meeting of the School Board on October 12, 1898, a loan of $9,000 was authorized to retire a note for a like amount. Loan will be negotiated with the Towson National Bank.

Bell County, Ky.—*Bond Offering.*—We are advised by W. T. Davis, County Clerk, that proposals will be received until October 20, 1898, for $19,786 25 6% 10-20-year (optional) refunding bridge bonds.

Bergen (Village), N. Y.—*Bond Offering.*—Proposals will be received until 12 M. October 18, 1898, at the office of D. J. McPherson, Village Clerk, for $2,500 coupon bonds. Interest will be payable semi-annually at the banking house of W. S. & C. E. Housel, Bergen, and the principal will mature $500 yearly on October 1 from 1903 to 1907, inclusive. Bonds were authorized at a special election held on September 13, 1898, and by a resolution of the Village Board of Trustees passed on September 19, 1898. Bonds will be sold to the person or corporation that will take them at the lowest rate of interest.

Bozeman, Mont.—*Bonds Voted.*—At the election held on October 4, 1898, the proposition to issue $165,000 5% 10-20-year bonds for the purchase of a water plant was carried by a vote of 90 to 62. Interest will be payable semi-annually in Bozeman or in New York City. This is the third election held to vote bonds for water-works, but the former elections, it is stated, were not legal. Date of sale has not been decided upon.

Bradford, Iowa.—*Bonds Voted.*—At an election recently held, an issue of bonds was voted to aid the Duluth & New Orleans Railroad, a line recently projected. The measure was carried by 12 votes.

Brewer, Me.—*Bond Issue.*—At a meeting of the City Council held September 20, 1898, the issuance of $8,000 4% sewer bonds was authorized. Securities are in denomination of $500, dated October 1, 1898. Principal will mature yearly on October 1 as follows: $2,000 in 1899 and 1900, $1,000 in 1901, $1,500 in 1902 and 1903. Bonds have been taken by the Brewer Savings Bank at 101.

Buffalo, N. Y.—*Bond Sales.*—The city has awarded the following bonds to the City Comptroller for sinking fund investments:

$3,560 72 3% judgment bonds dated October 1, 1898, and maturing July 1, 1899.
1,049 60 3% bonds dated Sept. 1, 1898, and maturing July 1, 1899, issued to pay cost in assessment cases.

Cass County, N. Dak.—*Bond Election.*—An election will be held this fall, according to local reports, for the purpose of voting on the question of issuing $20,000 court-house bonds.

Cheyenne, Wyo.—*Bonds Authorized.*—Local reports state that on October 4, 1898, the City Council authorized Mayor Schnitger to enter into a contract with a New York financial company for the refunding of the Cheyenne water bonds of 1892, amounting to $127,000, the interest being reduced from 6% to 5%.

Cincinnati, Ohio.—*Bond Election.*—At the election to be held November 8, 1898, the question of issuing $2,000,000 park bonds will be submitted to the people. City Auditor H. P. Boyden says: "Under an Act of the 73d General Assembly of Ohio, passed April 26, 1898, these bonds, if voted, will be used to provide a fund for the purchase and condemnation of real property, of constructing and improving park entrances and roadways, of constructing and improving play grounds, baths and gymnasiums, and to plant trees." The securities, if issued, will bear interest not exceeding 4%.

Clarke County (P. O. Grove Hill), Ala.—*Bond Offering.*—Proposals will be received until Nov. 7, 1898, by the Probate Judge for $15,000 5% Court House bonds. Securities will be in denominations of either $500 or $1,000, dated Nov. 1, 1898. Principal will mature 15 years from date of issue, subject to call after 5 years. The county has no debt at present. The assessed valuation is $2,254,975, about one-fourth actual value. Population is about 30,000.

Cleveland, Ohio.—*Bond Sale.*—On October 10, 1898, the $250,000 4% river and harbor coupon bonds were awarded to W. J. Hayes & Sons, Cleveland, at 115·676. Following are the bids.

W. J. Hayes & Sons, Cleve.	115·676	Adams & Co., Boston	114·650
Estabrook & Co., Boston	115·278	N. W. Harris & Co., New York	114·571
Blake Bros. & Co., Boston	115·090	Farson, Leach & Co., New York	114·583
Whann & Schlesinger, N. Y.	114·871	German Nat. Bank, Cincinnati	113·312
Denison, Prior & Co., Cleve.	114·850		

Principal will mature October 1, 1928. For description of bonds see Chronicle of September 24, 1898, p. 655.

Columbus, Ohio.—*Bonds Authorized.*—On October 3, 1898, the City Council authorized the issuance of $10,500 4% West Park Avenue improvement bonds. Securities will be in denomination of $500 and mature September 1, 1908, subject to call after September 1, 1902. Interest will be payable March 1 and September 1. The Council has also authorized the issuance of $3,000 4% Harris Avenue improvement bonds. These bonds are likewise dated September 1, 1898, and have the same maturities as the West Park Avenue bonds.

The issuance of $50,000 4% 20-year levee bonds has been authorized.

Bonds Proposed.—The issuance of $3,000 Fourth Avenue improvement bonds and $35,000 bonds for the purpose of lengthening levees is under consideration.

Bond Offering.—Proposals were asked until 3 P. M. yesterday (October 14, 1898,) by the Trustees of the Sinking Fund for $160,000 4% refunding bonds. There are seven bonds, the first six in denomination of $25,000 and the seventh in denomination of $10,000. Interest will be payable April 1 and October 1 and the principal will mature April 1, 1900. Securities bear date of April 1, 1898. The official circular states that these bonds have been regularly and lawfully issued and are the property of the Trustees of the Sinking Fund. At the time of going to press the result of the sale was not known.

Condon, Ore.—*Bond Issue.*—We are advised that the $3,000 8% 10-20 year gold water-works bonds recently authorized will be taken by Morris & Whitehead, Portland, Oregon.

Cuyahoga Falls, Ohio.—*Bond Sale.*—On October 12, 1898, $3,000 6% refunding bonds were awarded to The Lamprecht Bros. Co., Cleveland, at 106·479. Following are the bids:

Lamprecht Bros. Co., Cleve.	$3,194 37	Denison, Prior & Co., Cleve.	$3,125 50
Rudolph Kleybolte & Co., Cin.	3,202 00	First Nat. Bank, Barnesville	3,111 00
W. J. Hayes & Sons, Cleve.	3,184 00	Phelps, Eyman & Co., Chicago	3,107 00
Seasongood & Mayer, Cin.	3,176 25	S. A. Kean, Chicago	3,106 50
Briggs, Smith & Co., Cin.	3,135 00		

Bonds are in denomination of $300, dated September 1, 1898. Interest will be payable semi annually and the principal will mature one bond every six months from September 1, 1900, to March 1, 1905.

Deer Park (Port Jervis, N. Y.) Union Free School District No. 1.—*Bond Sale.*—On October 12, 1898, the $22,000 4% school bonds were awarded to Isaac W. Sherrill, Poughkeepsie, at 103·37. Following are the bids:

I. W. Sherrill, Poughkeepsie	103·37	N. W. Harris & Co., New York	102·53
W. J. Hayes & Sons, Cleveland	103 13	Poughkeepsie Savings Bank	102·50
R. B. Smith & Co., New York	102·83	Bertron & Storrs, New York	102·30
Walter Stanton & Co., N. Y.	102·77	W. D. Van Vleck	101·735
Whann & Schlesinger, N. Y.	102·75	Benwell & Everitt, New York	101·0625
First Nat. Bank, Port Jervis	102·666	Middletown Savings Bank	101.

Securities are in denomination of $500, dated October 15, 1898. Interest will be payable June 1 and December 1. Principal will mature $2,000 yearly on December 1 from 1899 to 1909, inclusive.

Delaware County (P. O. Delaware), Ohio.—*Bond Sale.*—On October 4, 1898, $1,600 5% road-improvement bonds of this county were sold to the Delaware County National Bank, Delaware, at 103·312. Interest will be payable semi-annually and the principal matures in 1906.

Denver, Col.—*Bond Sale.*—This city has recently awarded $13,600 bonds to a contractor for work done on Broadway Storm Sewer District No. 1. We are advised by the City Treasurer that the city will not make any direct issue of bonds in the near future.

East Hartford, Conn.—*Loan Authorized.*—At a recent town meeting a loan not exceeding $18,000 was authorized. Of this amount $10,000 is to be payable not later than May 1, 1899, and $8,000 not later than May 1, 1900.

Eau Claire, Wis.—*Further News of Bonds Voted.*—We are advised that it is probable that only $10,000 of the $40,000 bridge bonds recently voted will be offered for sale, and that no further information can be given until the City Council takes action.

Elmira, N. Y.—*Bond Sale.*—On October 10, 1898, the $29,000 funding debt bonds were awarded to Joseph E. Gavin, Buffalo, at 104·165 for a 3½% bond. Following are the bids:

For 3·25% Bonds.		*For 3·50% Bonds*

Joseph E. Gavin, Buffalo	104·165	Edw. C. Jones Co., New York	102·37
Jose, Parker & Co., Boston	100·00	Walter Stanton & Co., N. Y.	102·30
Benwell & Everitt, New York	100·00	Seymour Bros. & Co., N. Y.	101·67
For 3·25% Bonds.		Daniel A. Moran & Co., N. Y.	101·19
C. H. White & Co., New York	100·00	*For 3·65% Bonds.*	
For 3·50% Bonds.		Joseph E. Gavin, Buffalo	105·765
Joseph E. Gavin, Buffalo	104·165	*For 4% Bonds.*	
Jose, Parker & Co., Boston	103·479	Benwell & Everitt, New York	103·00
E. H. Rollins & Sons, Boston	103·39	S. A. Kean, Chicago	104·00
R. B. Smith & Co., New York	103·31	*For 4½% Bonds.*	
Geo. M. Hahn, New York	103·29	Benwell & Everitt, New York	114·00
Rudolph Kleybolte & Co., Cin.	103·261	*For 5% Bonds.*	
N. W. Harris & Co., Chicago	103·0625	Benwell & Everitt New York	120·00

Principal will mature $1,000 yearly from 1899 to 1927, inclusive. For description of bonds see CHRONICLE of last week, p. 756.

Evanston, Ohio.—*Bond Election.*—The Village Council has passed a resolution to submit to a vote of the people on November 8, 1898, the question of issuing $1,000 fire department bonds

Fayetteville, Tenn.—*Bonds Authorized.*—Regarding the $12,000 electric-light bonds reported as recently authorized, we learn upon inquiry that the proposition has not been submitted to the people and will not be for the present. The City Clerk thinks an election may be held for that purpose later on.

Frazee (Village), Minn.—*Bond Offering.*—Proposals will be received until 7:30 P. M. October 20, 1898, at the office of L. D. Hendry, Village Recorder, for $600 7% bonds. Securities will be in denomination of $200, dated November 1, 1898; interest will be payable November 1 at the State Bank of Frazee. Principal will mature $200 yearly on November 1 from 1899 to 1901, inclusive.

Geneseo (Village), N. Y.—*Bond Offering.*—Proposals will be received until 7:30 P. M. October 17, 1898, by Lockwood R. Doty, Village Clerk, for $5,000 water-works bonds. Securities are issued under the General Village Law and will mature $2,000 November 1, 1900; $2,000 November 1, 1901, and $1,000 November 1, 1902. Bonds will be sold to the bidder offering to take them at *par* at the lowest rate of interest not exceeding 4%.

Germantown (Village), Ohio.—*Bond Offering.*—Proposals will be received until 12 M. October 31, 1898, by Boyd Emrick, Village Clerk, for $11,000 6% electric light bonds. Securities are in denomination of $500, dated December 1, 1898; interest will be payable semi-annually. Principal will mature $500 yearly on December 1 from 1899 to 1920, inclusive. Bonds are issued pursuant to sections Nos. 2486, 2835 and 2837 of Revised Statutes of Ohio and a village ordinance passed September 15, 1898, authorizing the issue of said bonds.

Gladeville (Va.) School District.—*Bond Sale.*—On October 8, 1898, $3,000 6% 1-6 year (serial) school bonds were awarded to the First National Bank of Bluefield, W. Va.

Gloucester, Mass.—*Bond Offering.*—Proposals will be received until 5 P. M. October 19, 1898, by the Committee on Finance, care of Edward Dolliver, City Treasurer, for $75,000 4% "Stage Fort Park Loan" bonds. Securities are issued pursuant with Chapter 450, Acts of 1897, and were authorized by the City Council March 21, 1898. Bonds are in denomination of $1,875, dated July 1, 1898. Interest will be payable semi-annually by the City Treasurer. Principal will mature one bond yearly on July 1 from 1899 to 1938 inclusive.

Great Falls, Mont.—*Bond Sale.*—On September 22, 1898, the $375,000 5% coupon water works bonds were sold at 102·694, and not at 103, as previously reported. Bonds were purchased by Mason, Lewis & Co., Chicago. Following are the bids:

	Premium.		Premium.
Mason, Lewis & Co., Chicago	$10,105	W. J. Hayes & Sons, Cleveland	$9,850
I. W. Sherrill, Poughkeepsie	10,100	Lamprecht Bros. Co., Cleveland	9,650
Union Bank & Trust Co.	10,000	Denison, Prior & Co., Cleveland	9,575
N. W. Harris & Co., Chicago	9,900	H. D. Palmer & Co., Chicago	8,400

Principal will mature $125,000 on July 1 in each of the years 1908, 1913 and 1918 For description of bonds see CHRONICLE of August 27, 1898, p. 443.

Gretna School District No. 37, Sarpy County, Neb.—*Bond Sale.*—On October 10, 1898, the $2,500 5% bonds were awarded to Stull Bros., Omaha, at 101·75. Following are the bids:

Stull Bros., Omaha	$2,543 70	Security Inv. Co., Lincoln	Par
R. C. Petres, Omaha	2,530 00	S. A. Kean, Chicago	Par
C. H. Imhoff, Lincoln	2,503 00		

Bonds mature October 1, 1908.

Haddonfield, N. J.—*Bonds Authorized.*—It is stated in local papers that side-walk improvement bonds have been authorized.

Hagerstown, Md.—*Bond Sale.*—On October 11, 1898, an issue of 4% 3-5-year street paving bonds were sold at public auction at 101.

Hartford (Conn.) Arsenal School District.—*Bond Sale.*—On October 13, 1898, the $20,000 4% bonds were awarded to E. H. Gay & Co., Boston, at 109·05. Following are the bids:

E. H. Gay & Co., Boston	109·05	Jose, Parker & Co., Boston	106·021
E. H. Rollins & Sons, Boston	107·137	S. A. Kean, Chicago	105·50
E. C. Stanwood & Co., Boston	107·00	F. R. Cooley, Hartford	105·217
H. S. Skinner	106·82	Edw. C. Jones Co., New York	104·26
Harvey Fisk & Sons, New York	106·66	Hartford Mutual Fire Ins.	103·32
N. W. Harris & Co., New York	106·159		

Bonds are in denomination of $1,000, dated June 1, 1897. Interest will be payable semi-annually and the principal will mature June 1, 1917.

Hastings, Neb.—*Further Particulars of Bond Sale.*—In the CHRONICLE last week we stated that local papers reported the sale of *$245,000* 4½% refunding bonds, to Spitzer & Co., Toledo. We are now advised that the amount of bonds sold was $225,000 and the price paid by Spitzer & Co. was par less a commission of $3,550. Sale took place on September 27, 1898.

Helena, Mont.—*Funding Bond Issue.*—We are advised by H. B. Palmer & Co., bankers, Helena, that up to date all but $10,000 of the outstanding warrants issued by the city of Helena for indebtedness contracted prior to September 12, 1893, have been exchanged for funding bonds. These bonds, known as Series "F," are dated January 1, 1896, and mature twenty years from their date, subject to call after seven years. They bear 5% interest, payable semi-annually at Kountze Bros., New York City. The total amount of this issue will be about $175,000. It is expected that the funding will be completed before the end of the year.

Holyoke, Mass.—*No Loan at Present.*—The Board of Aldermen on October 7, 1898, voted to defer action on the proposed loan of $35,000 for sewers.

Idaho Falls (Village), Idaho.—*Bond Sale.*—On October 7, 1898, the $20 000 6% 20-year water-works bonds were sold to Farson, Leach & Co., Chicago, at par, they making the only positive bid. We are advised that "many inquiries and several conditional bids were made by other parties."

La Salle, Ill.—*Bonds Proposed.*—It is stated that $13,000 street paving bonds will be issued by this city.

Lexington (Town), Va.—*Bond Sale.*—This town has sold $11,000 4% refunding bonds, bearing date of October 1, 1898. Interest will be payable April 1 and October 1 at the Bank of Rockbridge, Lexington, and the principal will mature October 1, 1903, subject to the right of the town to make payments on the principal every six months. This issue is to refund part of the $15,000 6% bonds which fell due on October 1, 1898, the remaining $4,000 being paid from funds on hand.

Lima, Ohio.—*Bond Offering.*—Proposals will be received until 12 M. October 31, 1898, by C. E. Lynch, City Clerk, for $4,500 5% West Market Street paving bonds. Securities are issued pursuant with sections 2703 to 2707, inclusive, and 2709 of the Revised Statutes of Ohio, and authorized by ordinance passed May 10, 1897. Bonds are in denominations of $500 and $1,000, dated July 1, 1898. Interest will be payable semi annually at the office of the City Treasurer. Principal will mature $2,000 July 1, 1908, and $2,500 January 1, 1909. A certified check on a Lima bank payable to the City Clerk in sum of at least 5% of the amount of bonds bid for must accompany proposals.

Lincoln (Town), R. I.—*Bond Sale.*—On October 10, 1898, the $25,000 4% funding bonds were awarded to the Industrial Trust Co., Providence, at 109·24. Following are the bids:

Industrial Trust Co., Prov.	109·24	E. H. Rollins & Sons, Boston	106·80
N. W. Harris & Co., Boston	107·43	Farson, Leach & Co., New York	106·337
Parkinson & Burr, Boston	107·43	Blodget, Merritt & Co., Boston	104·17
Cushman, Fisher & Phelps, Bost.	106·887	E. H. Stanwood & Co., Boston	105·07

Principal will mature October 15, 1928. For description of bonds see CHRONICLE of October 1, 1898, p. 704.

Little Falls, Minn.—*Bonds Voted.*—On October 4, 1898, the city voted in favor of issuing $60,000 water and light bonds.

Logan County (P. O. Bellefontaine), Ohio.—*Bond Sale.*—On October 5, 1898, the $25,000 6% ditch bonds were awarded to Robert Lamb, President of the People's National Bank, Bellefontaine, at 105·2576. Following are the bids:

Robert Lamb, Bellefontaine	$26,314 40	Sessongood & Mayer, Cincin.	$25,940
Rodgers & Sons, Chagrin Falls	26,127 00	Bellefontaine National Bank,	
Denison, Prior & Co., Cleve.	26,058 75	Bellefontaine	25,845
Briggs, Smith & Co., Cincin.	25,900 00	Bates & Hance	25,710

Principal will mature $2,500 each January and July from January 1, 1901, to July 1, 1903, inclusive. For description of bonds see CHRONICLE of September 24, 1898, p. 655.

Louisville, Ky.—*Details Regarding Loan Authorized.*—Referring to the authorized loan reported in our issue of October 1, we are now advised that the city is in the habit of borrowing in October and November of each year from $250,000 to $300,000 to meet necessary expenses unt l the taxes come in, about January 15. "The money is borrowed from a local bank on 90-day notes, which are always promptly paid at maturity."

McKeesport, Pa.—*Bond Sale.*—The Pittsburg "Gazette" reports the sale of $121,000 4% bonds to William M. Bell, Pittsburg, at 101·653. Securities are issued to take up outstanding certificates issued for street and sewer purposes.

Madisonville (Village), Ohio.—*Bond Offering.*—Proposals will be received until 8 P. M. October 27, 1898, at the office of the Village Clerk, Bennett Carter, for $11,500 4½% coupon Central Avenue subway bonds. Securities will be in denomination of $500, dated November 1, 1898; interest will be payable semi annually at the German National Bank, Cincinnati. Principal will mature November 1, 1928, subject to call after November 1, 1918. Bonds are issued pursuant to an Act of the Legislature passed April 27, 1893 (90 Ohio Laws, 359), and Village Ordinance No. 1218, passed September 14, 1898.

Manchester, Conn.—*Loan Authorized.*—The Selectmen of this town have been authorized to negotiate a temporary loan of $35 000. We are advised that no bonds will be issued.

Marlborough, Mass.—*Bonds Authorized.*—An issue of $2,600 4% street-improvement bonds was recently authorized. Interest will be payable at the Winthrop National Bank, Boston, and the principal will mature on October 1, as follows: $1,000 in 1899, $1,000 in 1900 and $600 in 1901. Date of sale has not yet been decided, but we are advised that it will be very soon. George S. Haskell is the City Auditor.

Medford, Mass.—*Bond Offering.*—Proposals will be received until 11:30 A. M., October 17, 1898, by Parker R. Litchfield, City Treasurer, for $90,000 4% public building loan bonds. Securities are issued pursuant to Chapter 221, Acts of 1898, and were authorized by City Council. They are in denomination of $1,000, dated August 1, 1898. Interest will be payable February 1 and August 1 at the Howard National Bank, Boston, and the principal will mature August 1, 1918.

Mississippi Levee District.—*Certificates Issued and Sold.*—The $29,500 6% certificates of indebtedness which were recently authorized have been issued and sold. Principal and interest are payable April 15, 1899. Of the total bonded debt of the district $150,000, bearing 6% interest, is now subject to call. Refunding bonds have been authorized and will be issued if a favorable offer is made. W. E. Montgomery is the Secretary of the Board of Commissioners.

Missouri.—*Bonds Registered.*—The State Auditor has registered the following bonds:

$3,000 6% electric-light bonds, issued June 9, 1898, by city of Lawson.
300 6% Saline County School District No. 7, 40, 21, issued Sept. 23.
200 6% Harrison County School District No. 6, 65, 29, issued Oct. 1.

Monroe County, Iowa.—*Details of Bonds Sold.*—As told in the CHRONICLE October 1, $26,000 4% funding and refunding bonds of this county were sold to Farson, Leach & Co., Chicago. The sale took place on September 20. Securities are issued in denomination of $1,000, dated September 15, 1898; interest will be payable semi annually at the County Treasurer's office in Albia. Principal will mature on September 15, $2,000 in 1901 and $4,000 yearly from 1902 to 1907 inclusive. Bonds are issued under section 403, Code of 1897. The official circular states that there is no controversy or litigation pending or threatened concerning the validity of these bonds. Assessed valuation of the county is $3,572,012; real valuation (estimated), $14,000,000; bonded debt, including this issue, $36,000. No other indebtedness. Population, 17,000. A. C. Pabst is County Treasurer.

Monroe, La.—*Bond Election.*—The City Council has passed an ordinance providing for an election to be held November 9, 1898, to vote on the question of issuing $150,000 improvement bonds, as follows: $60,000 for water-works and electric lights; $30,000. sewer; $40,000, street, and $20,000 for modern school buildings.

Monroe (Mich.) School District.—*Bond Issue.*—We are advised that the $12,000 4% school bonds, which we stated in the CHRONICLE of September 17, 1898, were about to be issued, will be taken by local banks at par. Securities are in denomination of $500, dated January 1, 1899. Principal will mature $500 yearly from 1900 to 1910 and $1,000 yearly thereafter.

Nassau County, N. Y.—*Law Creating County Legal.*—Justice Wilmot M. Smith, in the Supreme Court, recently declared legal the law which created the county of Nassau out of that portion of Queens County which was not annexed to New York City on January 1, 1898. The question was raised a few days ago, it is stated, by the County Clerk of Queens County, who declined to accept a nomination on the ground that the county was illegally constituted.

Temporary Loans Necessary.—Owing to the fact that the Act creating the new county of Nassau did not provide for a tax levy for its first year, it will be necessary, it is stated, to borrow on certificates of indebtedness such sums as may be needed for current expenses.

New Britain, Conn.—*City Meeting.*—A city meeting will be held October 17, 1898, to correct a technical error in omitting date of bonds authorized at a previous meeting. These bonds ($50,000 4% sewer) were awarded on September 10, 1898, o E. H. Gay & Co. They will be dated August 1, 1895.

New Haven.—*Bonds Proposed.*—The Board of Education has passed a resolution favoring the issuance of $50,000 bonds, and has requested the necessary authority from the City Council. The proceeds from the sale of these bonds will be used in paying off the floating indebtedness and to build and equip a new high school building.

Norwalk, Ohio.—*Bids.*—On October 4, 1898, the following bids were received for $6,365 5% coupon street-improvement bond:

W. J. Hayes & Sons, Cleveland...$6,630	Norwalk Sav. Bank, Norwalk.$6,565 00
Lamprecht Bros. Co., Cleveland. 6,592	Denison, Prior & Co., Cleve.... 6,562 50
Huron County Bank..... 6,581	

S. A. Kean, Chicago, made an informal bid, offering $103 premium for $10,000 of bonds. Interest will be payable annually at office of City Treasurer, and the principal will mature one bond of $600 yearly on October 1 from 1899 to 1907, and one bond ($965) on October 1, 1908. Bonds are issued pursuant to Section 2705, Revised Statutes of Ohio, and of a city ordinance passed August 16, 1898.

Oklahoma.—*Bond Sales.*—The following bonds have recently been purchased by the Board of Regents of the State Agricultural College of Kansas at par:

$8,800 5% Shawnee Board of Education bonds.
3,500 6% Shawnee city bonds.
400 7% Oklahoma County, District No. 28 bonds.
1,800 7% Kay County, District No. 50 bonds.
3,000 6% Kay County, District No. 45 bonds.

The securities were purchased out of money in the Agricultural College fund, held by the State Treasurer of Kansas.

Oneonta, N. Y.—*Bond Sale.*—On October 12, 1898, the $15,000 5-20 year (serial) bonds were awarded to Bertron & Storrs, New York, at 100·173 for 3¼ per cents.

Osakis (Village), Minn.—*Bond Sale Postponed.*—We are advised that the sale of the $2 000 6% bonds of this village, for which proposals were asked until October 8, 1898, as stated in the CHRONICLE of September 24, p. 650, was postponed until yesterday (October 14, 1898). At the time of going to press the result of the sale was unknown.

Oshkosh, Wis.—*Bonds Not Yet Authorized.*—It has been reported that an issue of $5,50 0 5% 20 year bridge bonds had been authorized. Upon inquiry we learn that these bonds are not yet authorized, but may be soon. If issued they will bear 4% interest, not 5%, as reported.

Passaic, N. J.—*Bond Offering.*—Proposals will be received until 8 P. M. October 21, 1898, by the Committee on Finance, at the office of the City Clerk, for $22,000 4½% school bonds. Securities are in denomination of $1,000, dated November 1, 1898. Interest will be payable semi annually and the principal will mature $11,000 November 1, 1916, and $11,000 November 1, 1917.

Proposals will also be received at the same time and place for $5,000 5% bonds. Securities are in denomination of $500, dated September 1, 1898. Interest will be payable semi-annually, and the principal will mature September 1, 1904. Interest on the above bonds will be payable at the Passaic National Bank. A certificate of legality, given by Walter Kip, City Attorney, will appear on each bond of both issues, and the securities are to be certified as to genuineness by the United States Mortgage & Trust Co. of New York City. A certified check on a national bank, payable to the City of Passaic, for 5% of the amount of bid, must accompany proposals

Perham, Minn.—*Bond Sale.*—On October 4, 1898, the $6,000 6% village bonds were awarded to J. D. Cleghorn & Co., Minneapolis, at 105·433. Following are the bids:

	Premium.		
	$2,000 Series.	$4,000 Series.	Total Issue.
J. D. Cleghorn & Co., Minneapolis.	$81 00	$265 00	$323 00
Minn. Loan & Trust Co., Minneapolis.....	60 94	260 66	321 60
State Savings Bank, St. Paul	55 00	245 00	300 00
F. R. Fulton & Co., Grand Forks.....	.....	.....	300 00

E. W. Peet & Son, St. Paul	Par	Par	Par
Dr. F. T. Rudy, Cold Springs.....	Par	.....	.....

For description of bonds see CHRONICLE September 17, 1898, p. 603.

Phillipsburg, N. J.—*Bonds Awarded.*—In the CHRONICLE of October 1, 1898, we gave the names of the bidders and their bids for the $60,000 4% street improvement bonds and the $9,000 4% sewer bonds, for which proposals were asked until September 29, 1898. We are now advised that $58,500 of the bonds were awarded to the Phillipsburg National Bank and the balance was taken in small lots by private parties.

Placer County (Cal.) Rock Creek School District.—*Bid.*—On October 4, 1898, a bid was received from the Oakland Bank of Savings for $600 7% school bonds. The trustees of the district gave the bank an option of a few days, and up to October 8, 1898, no conclusion had been reached as to the sale.

Port Chester, N. Y.—*Bond Sale.*—On October 10, 1898, the $42,000 3½% street-improvement bonds were awarded to Jose, Parker & Co., Boston, at 103·597. Following are the bids:

Jose, Parker & Co., Boston .....103·597	Leland, Towle & Co., N. Y.....101·53
Allen & Sands, New York..... .102·87	Walter Stanton & Co., N. Y.....101·62
E. H. Rollins & Sons, Boston ...102·77	N. W. Harris & Co., New York..101 217
Port Chester Savings Bank .....102·53	Edw. C. Jones Co., New York...101·215
Benwell & Everitt, New York...102·37	Bertron & Storrs, New York.....101·18
Geo. M. Hahn, New York..... 102·29	Street, Wykes & Co., N. Y.....101·555
W. J. Hayes & Sons, Cleveland 102·21	Seymour Bros. & Co., N. Y ...100·71
D. A. Morse & Co., New York.. 101·588	Rudolph Kleybolte & Co., Cin...100·27

Principal will mature $3,000 yearly on October 1 from 1903 to 1923. For description of bonds see CHRONICLE of October 1, 1898, p. 705.

Portland, Ore.—*New City Charter.*—The State Legislature has under consideration a new charter for the city of Portland.

Randolph County (P. O. Cuthbert), Ga.—*Bonds Defeated.*—At an election held on October 5, 1898, the proposition to issue $10,000 5% jail bonds was defeated.

Rockton (Village), Montgomery County, N. Y.—*Bond Offering.*—On October 17, 1898, at 9 A. M., this village will sell at public sale at Smith's Hotel, $12,000 road-improvement bonds in denomination of $1,000 each, maturing one bond yearly on October 1 from 1899 to 1910, inclusive. Securities are issued pursuant to a vote of the village. Award will be based on the lowest rate of interest offered. Jeremiah Sullivan is the Village President.

Salem, Ohio.—*Bond Offering.*—Proposals will be received until 12 M October 25, 1898, by George Holmes, City Clerk, for $5,047 40 6% Lundy Street improvement bonds. Securities will be in denomination of $504 74, dated September 1, 1898; interest will be payable annually and the principal will mature $504 74 yearly on September 1 from 1899 to 1908, inclusive. Bonds are issued pursuant to a city ordinance passed August 5, 1898. A like issue of bonds was awarded on September 6, 1898, to The Lamprecht Bros Co., Cleveland, but whether they were refused by that firm and again advertised, or whether this is a new issue, we have not been officially informed.

San Mateo County (P. O. Redwood City), Cal.—*Bond Sale.*—On October 3, 1898, the $48,000 4½% refunding bonds were sold to Norbert Mattes, Red Bluff, at 102·296. For description of bonds see CHRONICLE of September 24, 1898, p. 657.

Sedalia (Mo.) School District—*Bonds Authorized.*—Local papers state that the Board of Education has decided to issue $18,000 4% 5 20 year so-called refunding bonds in place of bonds once redeemed but which before being canceled were hypothecated to innocent purchasers by J. C. Thompson, absconding cashier of the defunct First National Bank. The question of the district's liability was taken into the courts, and the decision which was rendered was given in the CHRONICLE on May 14, 1898.

Shamokin, Pa.—*Bond Sale.*—On October 12, 1898, the $65,000 4% street-paving bonds were awarded as follows: $35 00 to A. Robertson at 106·36 and $30,000 to Geo. W. Robertson at 104·75. Following are the bids:

A. Robertson (for $35,000).....106·36	Seller & Stevenson.. { $47,000...102·61 / 65,000...102·21
Geo. W. Robertson (for $30,000)..104·75	Cyrus Pierce, Philadelphia ...102·11
Safe Deposit Bank, Pottsville..105·00	Fulton & Mullen (for $50,000)...102·00
Geo. Marshall, Treasurer (for $1,000)..... ....103·50	Graham, Kerr & Co., Phila.....101 85
W. J. Hayes & Sons, Cleveland.103·375	S. A. Kean, Chicago.... .....101·25
Dick Bros. & Co., Philadelphia..103·14	Edw. C. Jones Co., New York...100·461
	Chas. Hilman (for $200).....100·00

Bonds mature yearly on October 15 as follows: $2,000 from 1900 to 1908, inclusive, $2,200 from 1909 to 1918, inclusive, and $2,500 from 1919 to 1928, inclusive. For further description of bonds see CHRONICLE Oct. 8, 1898, p 759.

Sharpsburg, Pa.—*Bond Offering.*—Proposals will be received until 6 P. M., October 18, 1898, by Geo. D. McMorran, Chairman Finance Committee, for $60,000 4% street improvement bonds. Securities mature $3,000 yearly on October 1 from 1908 to 1919, inclusive, all bonds being subject to call after October 1, 1908. Interest will be payable semi annually, free of tax to holder. It was reported in the CHRONICLE last week that bids would be received until *October 11, 1898;* the correct date is as above.

Shawnee, Okla.—*Bonds Voted.*—At the election held in September, 1898, the $35,000 6% water works bonds were voted. Interest will be payable in New York City and the principal will mature in April, 1919. Date of sale has not yet been determined upon.

Shreveport, La.—*Bonds Proposed.*—The Mayor, in a recent message to the City Council, recommended the issuance of $100,000 paving bonds.

Smithtown School District (P. O. Kings Park), N. Y.—*Bond Sale.*—On October 8, 1898, the $2,500 5% school bonds were sold at auction to Walter Stanton & Co., New York, at 105·40. Principal will mature $250 yearly on December 31, from 1899 to 1908 inclusive. For further description of bonds see CHRONICLE last week, p. 760.

Spring Lake and Spring Valley (Wis.) School District No. 1.—*Bond Sale.*—The $2,750 6% school house bonds have been awarded to Mason, Lewis & Co., Chicago, at 103·181 and printing. Following are the bids:

Mason, Lewis & Co., Chicago	$2,837 50	J. C. Norton, St. Paul	$2,812 42
Bank of Hudson, Wisconsin	2,832 50	Bank of Malden Rock, Wis.	2,806 00
Kane & Co., Minneapolis	2,817 50	Bank of River Falls, Wis.	2,800 00

For description of bonds see CHRONICLE of September 10, 1898, p. 551.

Spring Lake (Borough), N. J.—*Bond Offering.*—Proposals will be received until 12 M. to-day (October 15, 1898,) by E. V. Patterson, Mayor, for $70,000 5% 30-year gold water-works, sewer and park bonds.

Toledo, Ohio.—*Correction.*—In the CHRONICLE on October 1 we stated that ordinances were being considered in the City Council providing for the following issues of bonds:

$50,000 4½ 20-year South Side Levee bonds in denomination of $1,000.
$1,140 Fourth Avenue improvement bonds.
25,000 bonds for strengthening levee along the Cleveland Cincinnati Chicago & St. Louis Railroad tracks.

This item referred to Columbus, Ohio, and not Toledo.

Utica, N. Y.—*Bonds Authorized.*—The issuance of $5,000 bonds for street lighting fund and $1,000 for bridge fund has been authorized, according to local reports.

Bond Offering.—The city will sell at public auction, at the City Clerk's office, on October 18, 1898, at 12 M., $5 000 5% 1-year bonds.

Temporary Loans.—The city has negotiated two loans of $3,000 and $6,000, respectively, with local banks. John A. Cantwell is the City Clerk.

Warren County, N. Y.—*Bond Sale.*—On October 11, 1898, the $12,000 5% bonds were awarded to Jose, Parker & Co., Boston, at 101·763. Following are the bids:

Jose, Parker & Co., Boston	101·763	L. W. Morrison, New York	101·066
Isaac W. Sherrill, Poughkeepsie	101·57	W. Holman Cary, Boston	101·02
Dan'l A. Moran & Co., N. Y.	101·39	Whann & Schlesinger, N. Y.	101·01
Geo. M. Hahn, New York	101·29	W. J. Hayes & Sons, Cleveland	101·55
R. H. Smith & Co., New York	101·15	Henry Grimm	100·106
Remwell & Everitt, New York	101·125	Glens Falls Trust Co	100·40

Securities are in denomination of $500, with interest payable annually. Principal will mature $4,000 yearly from 1899 to 1901, inclusive.

West Hartford, Conn.—*Loan Authorized.*—At the annual town meeting held October 8, 1898, the Treasurer was authorized to borrow not more than $35,000 in anticipation of the collection of taxes.

Wharton County, Texas.—*Bonds Registered.*—On October 7, 1898, the State Comptroller registered $14,000 bridge bonds.

White Hall, Ill.—*Bonds Voted.*—At the election held October 10, 1898, the issuance of $8,500 water-works bonds was authorized by a vote of 360 to 58.

Williamsport, Pa.—*No Bond Issue.*—According to report an ordinance has been introduced in the Common Council authorizing the issue of $50,000 3½% electric-light bonds. In reply to our inquiry, the City Treasurer says: "Don't think we will issue any bonds, only talk."

Wilson County, Tenn.—*Warrants Authorized.*—The County Court recently authorized the issuance of warrants to take up about $75,000 railroad-aid bonds maturing January

STATE, CIT & RAILROAD BONDS

1, 1899. Warrants will bear 6% interest and will mature part 90 days from January 1, 1899, and one third of the remainder yearly on January 1 from 1900 to 1902, inclusive.

Windsor, Conn.—*Loan Authorized.*—At a town meeting held October 8, 1898, the selectmen were authorized to borrow $5,000 in anticipation of taxes.

Windsor (Village), N. Y.—*Bonds to be Issued.*—We are advised by the village clerk that it is not probable that the $20,000 water bonds will be issued before next spring, when operations will commence.

Winnebago City, Faribault County, Minn.—*Bond Offering.*—Proposals will be received until 2 P. M. October 31, 1898, by the Village Council, Andrew C. Dunn, President, for $8,000 electric light bonds. Securities are in denomination of $500, dated October 1, 1898. Interest will be at not more than 5%, payable semi-annually. Principal will mature $500 yearly on October 1 from 1902 to 1917, inclusive. A certified check for $100, payable to the President of the Village Council, must accompany proposals.

Proposals were asked for these bonds until October 3, 1898, as stated in the CHRONICLE of September 17, 1898, p. 658. For some unknow reason they were not then sold, and are again advertised as above.

Woodbury, Conn.—*Temporary Loan.*—At the annual town meeting the Selectmen were authorized to borrow such sums as may be needed to meet the expenses of the town. These loans, we are advised, will run but a short time and are taken by local parties at 4½%.

Wynne, Ark.—*Bond Offering.*—Proposals are asked "on October 26, 1898 (will be sold November 8)" for $16,000 6% 5 20 year water works and electric-light bonds. M. Jolly is the Secretary of the Board of Improvements.

Wytheville (Town), Va.—*Bond Offering.*—Proposals will be received until October 22, 1898, by Walter L. Stanley, Financial Agent, for $82,000 4½% refunding bonds. Securities will be in denomination of $500, dated January 1, 1899: interest will be payable January 1 and July 1 at the Bank of Wytheville. Principal will mature January 1, 1933, subject to call after January 1, 1909. These bonds are to be secured as follows: $20,000 by the faith and credit of the town, $10,000 by a mortgage on its electric light plant and system, $23,000 by a first mortgage on its water system located within the corporate limits of the town and $20,000 by a first mortgage on that portion of the water system located without the corporate limits of the town and by a second mortgage on the system located within the town. Securities are authorized by legislative enactments, resolutions of the Council and vote of the people. A sinking fund of one per centum upon the face value of these securities will be annually set aside and invested, according to law, to pay off the same at maturity. The official circular states that the town has never defaulted in the payment of the interest on its bonded indebtedness. The holders of the present bonds of the town will be requested to deposit the same in the Bank of Wytheville, and the successful bidder, when all of said bonds have been so deposited, will be notified and will be required to deposit the amount of his bid for the new bonds with said bank, the proceeds of which shall be applied to the payment of the old bonds, and new bonds to the amount of $82,000 will then be delivered to him by the said bank.

Proposals will also be received at the same time and place for $3,000 4½% bonds. Only so much of this amount will be issued as may be necessary to defray the expense of repairing the water mains of the town that have been directed to be repaired by ordinance of its Council. Securities will be in denomination of $500, dated November 1, 1898; interest will be payable May 1 and November 1 at the Bank of Wytheville. Principal will mature November 1, 1932, subject to call after November 1, 1908. Bonds are to be secured by a first mortgage on the machinery and equipment of the Matthews Pumping Station and the tract of land upon which said pumping station is situated, and by a second mortgage on that portion of the Crystal Spring extension of the water main, extending from Stroup Town Dam to Thirtieth Street.

Youngstown, Ohio.—*Bond Offering.*—Proposals will be received until 2 P. M. October 31, 1898, by F. C. Brown, City Clerk, for $7,800 5% Himrod Avenue opening bonds. Interest will be payable semi-annually, at the office of the City Treasurer, and the principal will mature yearly, on October 1, as follows: $1,800 in 1900 and $1,500 from 1901 to 1904, inclusive. Bonds will be dated November 10, 1898, and are advertised in accordance with the ordinances passed in Council authorizing the sale and issue of said bonds.

Pine Street, Corner of Pearl Street,
POST OFFICE BOX 958. **NEW YORK.**

CLEARING HOUSE RETURNS.

The following table, made up by telegraph, etc., indicates that the total bank clearings of all the clearing houses of the United States for the week ending to-day, October 22, have been $1,315,774,340, against $1,330,833,383 last week and $1,238,804,875 the corresponding week of last year.

CLEARINGS. Returns by Telegraph.	Week Ending October 22. 1898.	1897.	Per Cent.
New York	$647,271,118	$610,963,054	+1·0
Boston	85,732,009	88,501,153	−3·1
Philadelphia	60,668,903	57,783,797	+5·0
Baltimore	15,963,954	13,863,659	+15·2
Chicago	89,259,446	88,500,005	+1·5
St. Louis	26,893,134	26,501,368	+1·5
New Orleans	6,387,893	7,361,988	−13·2
Seven cities, 5 days	$932,786,147	$913,177,911	+1·0
Other cities, 5 days	171,034,763	160,000,613	+6·9
Total all cities, 5 days	$1,103,870,909	$1,033,177,944	+1·9
All cities, 1 day	211,903,411	205,626,931	+3·1
Total all cities for week	$1,315,774,340	$1,238,804,875	+2·1

The full details of clearings for the week covered by the above statement will be given next Saturday. We cannot, of course, furnish them to-day, bank clearings being made up by the various clearing houses at noon on Saturday, and hence in the above the last twenty-four hours of the week have to be in all cases estimated, as we go to press Friday night.

We present below our usual detailed figures for the previous week, covering the returns for the period ending with Saturday noon, October 15, and the results for the corresponding week in 1897, 1896 and 1895 are also given. In comparison with the preceding week, there is a decrease in the aggregate exchanges of ninety-four million dollars, and at New York alone the gain is seventy millions. Contrasted with the week of 1897 the total for the whole country shows an increase of 3·7 per cent. Compared with the week of 1896 the current returns record a gain of 34·0 per cent, and the excess over 1895 is 19·0 per cent. Outside of New York the increase over 1897 is 5·4 per cent. The excess over 1896 reaches 22·5 per cent, and making comparison with 1895 the gain is seen to be 6·4 per cent.

Clearings at—	Week ending October 15. 1898.	1897.	Inc. or Dec.	1896.	1895.

THE FINANCIAL SITUATION.

The situation and character of our financial markets have not changed materially this week. At the Stock Exchange there has been the same dull and unsettled kind of market heretofore reported, transactions not only being limited but affording very little evidence of investment buying. As a result those who are interested in depressing prices have found it comparatively easy to give a somewhat ragged appearance to values. Properties about whose earnings and business not much is made public by the managers, such as the more speculative industrial stocks, and likewise those of railroads whose financial position is not assured and the future consequently in some measure uncertain, have suffered in varying degrees; but the best classes of securities are still high and reasonably steady. Government bonds have secured a further advance, the new 3 per cents having made their highest record. First-class railroad bonds have given very little evidence of decline, and pretty much the same is true of their stocks. The railroad earnings, as we indicated they would last week, disclose remarkable increases. This latest development is of course due to the enlarged grain movement, receipts of wheat reaching the highest figures at Chicago ever recorded. The foreign demand for that cereal has likewise been extremely active, the exports continuing very free and prices having risen almost daily.

At the moment there appears to be no real adverse domestic condition, but numerous industrial facts and movements favoring a prosperous business year. Consequently, to explain the kind of mild paralysis that has affected Wall Street affairs, we have to draw on the past or the future; what has happened or what is about to happen or both, are accountable for the withdrawal of buyers. Looking back, it would be reasonable to say that the radical and capricious decline in American Sugar and Tobacco stocks, and especially the former, must have disabled a considerable number of traders, and deprived the market of a part of its more venturesome class. Judging though from Street experience, those breaks in a special kind of security, more or less celebrated for inside manipulation and violent fluctuations, could be only a temporary influence at most, and depressing the whole market, if at all, only for an inconsiderable time. Indeed, we can discover no event, either past or future, that should have such a general effect on the whole body of investors except what we have several times referred to—a common desire to wait because coming months include too many and too large uncertainties.

The public forgets so easily, that very many to-day fail to realize how sensitively alive to every possible condition which may disturb the measure of values are those who have money to invest and likewise those who have the keeping or control of the capital of others; we should add, too, every well-informed man who has any property to be jeopardized when the basis of values is threatened. The intense anxiety felt by all the classes referred to and, in truth, by all in business life, while the last Presidential election was pending, and the uncontrollable joy and thanksgiving which found public expression in so many and such affecting ways up town in this city, and, indeed, in almost every city on election night, while the favorable returns were being received, are all a recent memory. We refer to those matters, not because we think those scenes or the 16-to-1 issue will ever be repeated in this country. We refer to them because they are a late experience, and as such clearly indicate that anything which opens a semblance of a chance for their recurrence is sufficient to arouse the same sentiment and produce similar action.

In the light, then, of what has transpired so recently, and having in mind also the four years of struggle during President Cleveland's Administration in defense of our standard of values, can there be any doubt that the elections which are just before us, and which may give the country both a Lower House and a Senate either favorable to a gold currency or favorable to a silver currency, are the incubus that is preventing the full and free action of the industrial conditions which are now so auspicious? In our opinion the event feared will no happen. Under the circumstances confidence in the honesty and good judgment of the average American ought to be complete; the popular will has been tested so often, and has on so many occasions proved equal to the emergency, that there is the best of reasons for trusting it now. To be sure, some that made up the majorities two years ago will not be found in the same ranks this year; they seem to think that when a party becomes dumb it has experienced a change of heart. But the body of those who left party to ensure that victory, though unknown in political circles, will vote again this fall so as to make their influence effective. Until though the elections of next month shall have determined the event, the uncertainty which has during recent weeks checked Wall Street business will continue to keep affairs there dull and unsettled, even if all other conditions should remain favorable.

European complications likewise became this week quite unexpectedly and for a brief time a prominent disturbing influence on our Stock Exchange. We have written at length on this subject on subsequent pages. It seems, if reports are correct, that active operations for putting the French Navy in a condition for immediate use are at present in progress. This fact, taken in connection with the Fashoda incident and the speech on Wednesday of Sir Michael Hicks-Beach, Chancellor of the British Exchequer, gave the appearance of a grave and seriously disturbed condition to the relations existing between France and Great Britain. On the same day also a decided flurry occurred in all the leading financial markets of Europe. Naturally enough our Stock Exchange, already deserted by investors and open to every unsetting influence that happened to be going, was easily made to yield for the day under the pressure of this new source of derangement. The better opinion at London turned out to be that nothing new had occurred affecting the relations of the two countries and that war was not a possible outcome. Hence on Thursday the influence here was found to have spent its force and there was a general recovery from the losses of the previous day. Friday a cable came from Paris that General Marchand would retire south of Fashoda. Very likely the reported activity in the navy yards of France will in the end turn out to have been greatly exaggerated; possibly whatever of truth there may be in the statement is referable to the situation in China.

It has been stated that the disturbance noted above in the Berlin and Paris markets was not wholly—and perhaps not chiefly, due to the new developments

in France and England over the Fashoda incident. The flurry, it is claimed, became possible only because the markets were already sensitive under the fear of a drain of gold to New York, the burden of which the higher rate at the Bank of England seemed about to transfer to those centres. There have all along been moderate arrivals here of gold from the Continent the shipment of which had not been publicly announced. The present week the arrivals from all sources reach $2,827,886; of that about $750,000 came from Germany, about the same amount from France, and the balance mostly from London. Indeed, a feature of the arrivals of gold at New York this year—and it was much the same last year—is the small shipments to each consignee, and the diversity of the points from which the gold has come. It moves in driblets, little sums quietly picked up in the various markets, evidence of the same reluctance everywhere shown to part with the metal. And yet the aggregate is considerable. The foreign trade figures male public this week for another month afford a record of the gold arrivals in August and September of $32,142,000 gross and $27,083,000 net. If to that we add the $8,200,000 which is stated to have reached the Seattle Assay Office and the San Francisco Mint from the Klondike this season, and the probable arrivals at all points in October—say $15,000,000—it becomes evident that we have been accumulating considerable gold here besides our own production during the current half-year. It looks, however, from the nature of our foreign trade balance as if there would have to be a period of freer gold imports before the new year opens Taking the whole trade movement, merchandise and gold and silver, for September, the favorable balance that month is $31,180,000, and since the first of January, made up in the same way, it will be found to be $296,448,000. The four months from October 1 to February 1 will include the heaviest exports of the year. Most likely it was a fear of some such larger movement impending that disturbed the Continental money markets this week. Higher exchange as the week closes has deferred, but only deferred, such a movement.

The acquisition by the Atchison managers (subject to ratification by the stockholders at their meeting in December) of the San Francisco & San Joaquin Valley Railway marks one of the prominent events of the week and year. There are many aspects in which the matter is important. The people of San Francisco have long sought a new rail route to the East independent of the Southern Pacific. By this arrangement they get it under the most favorable auspices, backed by an extensive and powerful trans-Continental system. For ourselves we have never been able to find any ground for the charges of extortion and monopoly which have been so freely made against the Southern Pacific year in and year out. But the fact can not be ignored that this sentiment has existed. It will be a great point gained to have all basis for it removed by the establishment of a second line, and we imagine that the Southern Pacific people themselves will experience a great sense of relief. The projection of the road was the result of a popular movement, and funds for the beginning of the work were obtained by the sale of the stock at par through public subscriptions Thus far there has been no difficulty in obtaining money to push the enterprise, but it must be considered questionable whether the road could be made permanently successful without the aid and support of a large system, such as has now been secured for it.

To the Atchison the acquisition of course means a great deal. At present it has to rely entirely upon the Southern Pacific for an outlet to the Golden Gate. The relations between the two companies have been friendly, and the Southern Pacific has sought to furnish the Atchison with the needful accommodation for the conduct of its business. But there is always an advantage in a large system having its own line. For some time the Atchison managers, mindful of this, have been steadily moving in that direction. The exchange of its Mexican lines for the piece of road extending from The Needles to Mojave is now seen to have been part of a much larger and more ambitious scheme. Through that exchange it obtained a continuous line under its own control from Lake Michigan to the Pacific Ocean, but an outlet at San Diego could not answer as a substitute for an outlet at San Francisco, and hence the efforts of the managers have been directed towards securing both, an object which has now been attained.

The San Francisco & San Joaquin Valley is at present in operation from Bakersfield in Southern California to Stockton, where water connection is had with San Francisco. An extension from Stockton to Point Richmond, opposite San Francisco, eighty miles, is in course of construction. As this involves rather difficult work some time must elapse before its completion. There is thus left only the gap of 68 miles between Bakersfield and Mojave to give a continuous road to San Francisco Bay. The building of this last piece, it is thought, can be dispensed with entirely by getting trackage rights over the Southern Pacific line between the same points. It is a particularly gratifying fact that there seems no likelihood of friction with the Southern Pacific by reason of this step. One reason, no doubt, is that the Southern Pacific managers wish to show that the charge that they have been anxious to retain a monopoly of California traffic is unfounded. Another reason is that the road being there the Southern Pacific people naturally prefer that the Atchison should be responsible for it rather than that it should exist as an independent disturbing factor. At all events, they are taking a rational view of the matter, and are understood to be willing to accord traffic rights over the piece of road in question. Thus the move seems likely to lead to happy results all around.

The New York Central has this week issued its statement for the quarter ending September 30 and it deserves a few words of explanation. The statement shows results about as expected, that is a considerable loss in gross earnings, but offset to a large extent by a decrease in operating expenses. In brief, gross earnings fell off $884,551, while expenses were reduced $504,292, leaving a loss of only $380,259 in net earnings. The falling off in the gross follows entirely from the exceptional character of the conditions last year in the matter of the grain tonnage. The high prices ruling for grain in the summer of 1897, attended by the large export demand, resulted in a grain movement of phenomenal dimensions over the railroads. The present year, on the other hand, prices were unsatisfactory and farmers held back their grain. If comparison is made with the corresponding quarters of other years, the showing is entirely favorable. Thus, while the gross now is $11,394,396, for the same quarter in 1896 it was $11,064,702 and for the like

quarter of 1895 $11,436,036. The net at $4,376,214 contrasts with but $3,992,934 in 1896 and with $4,163,112 in 1895.

Passing to a consideration of the other items in the statement, we find some even more striking changes from last year than those already noted. The fixed charges have increased $723,281. But the reader need hardly be told that this is due to the absorption of the Lake Shore into the New York Central system. The increase in charges is attended by a still larger increase in the income from investments, representing the return received by the Central on its holdings of Lake Shore stock. This income from investments is reported almost a million dollars larger than for the same three months of 1897—in exact figures the increase is $956,105. As a consequence of all this, the final result shows a surplus above the one per cent dividend for the quarter, only $147,434 less than for the same quarter of 1897, notwithstanding the falling off of $380,259 in the net earnings. The amount of the surplus is $553,607 for 1898, against $701,042 last year. In 1896 we may say the surplus was only $46,013, in 1895 $224,431, while in 1894 there was a deficit of $96,943.

No class of roads has greater difficulty in checking the declining tendency in rates than the soft-coal roads. The truth of that statement is brought forcibly to mind in the annual report issued this week by the Western New York & Pennsylvania. This road had realized in 1896-7 an average of only 5·121 mills per ton per mile, but for 1897-8 there was a decline to the very lowest figure in the company's history, namely 4·726 mills. The matter is of importance only as showing that a good part of the advantage resulting from the development of traffic is lost through this unceasing whittling down of the price paid by the shipper for the services rendered to him. The Western New York & Pennsylvania is not a large system, yet the shrinkage in rates meant a loss to it in net earnings of about $200,000. The addition to traffic was fortunately sufficiently large to permit a gain in revenue despite the decline in rates. In this way the company was able to add $291,163 to its gross earnings and $191,306 to its net earnings. The call for interest, however, on the general mortgage bonds, as it happened, was $75,000 larger than in the year preceding, because the bonds now bear a higher rate. After meeting the increased interest requirements, there was left a surplus of $190,509, but except for the smaller rate received the surplus would have been over double this amount. The whole thing only goes to show anew how circumstances beyond control frequently come in and disturb the calculations of railroad managers and prevent their labors on behalf of the property, and the efforts they are making to extend its revenues, from becoming fully manifest.

Extracts from an advance copy of the annual report of the Southern Pacific Company appear in this issue of the CHRONICLE. We think the new arrangement of the matter in the report will commend itself to those desiring to get quickly at the results obtained from the operation of the combined properties for which the shares of the Southern Pacific Company are outstanding. Both in mileage and in earning capacity the company is one of the largest in the country (its gross receipts for the year ending June 30, 1898, having been $58,477,498), and we expect to review the report next week.

The deposits of public money in the specially-designated depository banks are increasing, now amounting to over $92,800,000, and it is expected that these deposits will soon reach $100,000,000. As noted last week, the increase is largest in banks in the interior. The awards for the 3 per cent bonds were completed on Monday. It is said that those who subscribed for larger amounts than $4,500 get none. The amount thus far paid into the Treasury on this account is $190,380,425, leaving $9,619,575 yet to be paid; it is thought probable that final settlements will be made by the end of the month. The movement of money by transfer through the Treasury has been smaller than last week, and chiefly to the South. Some of the banks have been shipping direct to the Northwest and some to the South, but the drain by these shipments and transfers was more than offset by the excess of payments over receipts at the Sub-Treasury, by the arrivals of gold from Europe and by the receipt of gold from San Francisco. These consignments come principally to Lazard Freres and Seligman & Co., who were concerned in the importation of $2,000,000 gold at San Francisco from Australia, published in this article Sept. 3. It is reported that some of the banks and trust companies are—directly and not through exchange houses—purchasing commercial bills for investment and profit, loaning the proceeds of these bills abroad at the current rates there ruling. The operation would seem to be safe and likely to be profitable so long as the tendency of the exchange market continues upward. Loans by the banks upon long bankers' sterling, bought for investment, to hold until it runs to sight, are made to some extent, but banks generally seem inclined to demand 3 per cent for these loans, while the holders of the bills are indisposed to pay more than 2½ per cent.

Money on call, representing bankers' balances, has loaned at the Stock Exchange during the week at 2½ and at 1½ per cent, with the bulk of the business at 2½ and the average about 2 per cent. The lower rate was not recorded until Thursday afternoon, when there appeared to be a pressure of offerings and considerable money was loaned below 2 per cent. The range on Friday was from 2 to 1½ per cent. Banks and trust companies quote 2 per cent as the minimum, some however obtaining 2½ for loans which are expected to remain undisturbed, including some upon sterling collateral. Time contracts are freely offered, the demand is good and a fair amount of business is done, especially on sterling for short dates. Quotations are 2½ per cent for sixty to ninety days, 3 per cent for four to five months and 3@3½ per cent for six months. There is a good inquiry for the best commercial paper and the supply is moderately large. Rates are 3½@3½ per cent for sixty to ninety day endorsed bills receivable, 3½@4½ per cent for prime and 4½@5 per cent for good four to six months' single names.

Excitement abroad concerning the Fashoda incident seemed to be subsiding early in the week, but it was revived by a report on Wednesday that the French fleet was being prepared at Toulon for service, and that war preparations were being actively made. On Friday it was reported by a cable from Paris to London that General Marchand would retire south of Fashoda. On this news the London market advanced sharply. Porto Rico passed under the absolute sovereignty of the United States on Tuesday, the flag be-

ing raised at San Juan and at other principal cities. The Bank of England minimum rate of discount remains unchanged at 4 per cent. The Bank of France raised its rate of discount on Thursday to 3 per cent from 2 per cent, at which it had stood since March 14 1895. It was reported on Thursday that the Bank of Germany would further advance its rate of discount next week. It was said that one reason for the sensitiveness of the Berlin discount market was that Paris bankers had advanced to houses in Berlin a large amount (said to be 250 millions of francs) by way of discounts, and therefore higher rates at Paris might compel the withdrawal of some of this money and at the same time check the financing of Russian loans in Berlin. The cable reports discounts of sixty to ninety day bank bills in London 3¾@3⅞ per cent. Following the advance at the Bank of France, open market discounts at Paris rose to 3 per cent, falling on Friday to 2½@2¾ per cent, and the unofficial rate at Berlin and Frankfort was 4¼@4⅜ per cent. According to our special cable from London, the Bank of England lost £52,207 bullion during the week and held £31,143,744 at the close of the week. Our correspondent further advises us that the loss was due to the import of £20,000 from Australia, the receipt of £195,000 *net* from the interior of Great Britain and the export of £267,000, of which £220,000 were to Egypt, £27,000 to South America and £20,000 to Malta.

The foreign exchange market was dull and steady to firm until Thursday, when it grew more active and stronger, influenced by dearer discounts in London and on the Continent. The feature has been continued purchases of long sterling for investment, to hold until it runs to short, and also buying of commercial bills by banks for profit as above noted. The firm tone for short sterling is partly due to the demand to remit for stocks sold here for European account and to remittance for settlements. There has been $300,000 gold engaged by Lazard Freres for shipment from Europe this week. There was an arrival of $3,750,000 gold at San Francisco from Australia on Thursday; arrivals of gold at this port from Europe have been $2,827,886.

The range for posted rates for exchange was from 4 82 to 4 82½ for sixty day and 4 85 for sight until Thursday, when there was a pretty general advance, caused by higher discounts abroad, and the range was from 4 82½ to 4 83 for sixty day and from 4 85 to 4 85½ for sight until Friday, when an advance in the latter made the range for sight 4 85½ to 4 86. Rates for actual business opened on Monday unchanged, compared with those at the close on Friday of last week, at 4 81½@4 81¾ for long, 4 84¼@4 84½ for short and 4 84¾@4 85 for cable transfers. The tone was steady to firm and the business light. There was no quotable change until Thursday when rates advanced one-quarter of a cent all around to 4 81¾@4 82 for long, 4 84½@4 84¾ for short and 4 85@4 85¼ for cable transfers. The market closed strong on Friday, with rates for actual business 4 82@4 82¼ for long, 4 85@4 85¼ for short and 4 85½@4 85¾ for cable transfers. Prime commercial 4 81@4 81¼ and documentary 4 80¾@4 81½. Cotton for payment, 4 80¾@4 81, cotton for acceptance 4 81@4 81¼ and grain for payment 4 81¼@4 81½.

The following shows daily posted rates for exchange by some of the leading drawers.

DAILY POSTED RATES FOR FOREIGN EXCHANGE.

		Fri., Oct. 14.	Mon., Oct. 17.	Tues., Oct. 18.	Wed., Oct. 19.	Thur. Oct. 20.	Fri., Oct. 21.

The following statement gives the week's movement of money to and from the interior by the New York banks.

Week Ending Oct. 21, 1898.	Received by N. Y. Banks.	Shipped by N. Y. Banks.	Net Interior Movement.
Currency.....	$4,879,000	$3,806,000	Gain. $1,073,000
Gold.....	931,000	894,000	Gain. 237,000
Total gold and legal tenders.....	$5,810,000	$4,500,000	Gain. $1,310,000

With the Sub-Treasury operations and gold imports the result is as follows.

Week Ending Oct. 21, 1898.	Into Banks.	Out of Banks.	Net Change in Bank Holdings.
Banks' interior movement, as above	$5,810,000	$4,500,000	Gain. $1,310,000
Sub-Treasury oper. and gold imp'ts	$33,400,000	28,400,000	Gain. 7,000,000
Total gold and legal tenders.....	$39,210,000	$30,900,000	Gain $8,310,000

The following table indicates the amount of bullion in the principal European banks.

Bank of	Oct. 20, 1898.			Oct. 21, 1897.		
	Gold.	Silver.	Total.	Gold.	Silver.	Total.
	£	£	£	£	£	£

THE POLITICAL DISTURBANCES IN EUROPE.

It is Dr. Max Nordau, we believe, who gave assent, in one of his recent works, to the popular notion that the last years of a century are sure to be subject to momentous political upheavals. The theory, if it may so be called, has the usual attraction exercised over the popular mind by efforts to construct curious coincidences into law. The public rather enjoyed the suggestion that because the Sixteenth Century ended with the Turkish and Franco Spanish wars, the Seventeenth with the struggle of united Europe against Louis XIV., and the Eighteenth with the French Revolution and the consequent disintegration of European States, therefore the last hours of the Nineteenth Century must have something similar in store for us.

It will hardly be necessary to engage in argument over the problem whether international events are likely to time themselves scrupulously to a calendar devised by a monk in the middle ages. As a matter of coincidence, however, it is somewhat interesting to observe the complex diplomatic situation which exists throughout the European world as the present century approaches its end. The statesman who wishes a puzzle to solve can at most times find what he wishes in coutinental diplomacy, which was certainly rather more tangled during 1848 and 1870 than it is in 1898. But there are numerous factors in the present situation so peculiar

and striking that they may be said to distinguish to-day's political outlook from that of any similar period in recent history. This novelty of the diplomatic situation leads, as a novel situation often does, to grave misgiving and perplexity—misgiving founded less, perhaps, on visible signs of danger than on developments whose results are difficult to predict at all. The situation is worth study; that it is being studied by conservative interests, more or less apprehensively, has been shown by recent movements of foreign government securities. It was only a few days ago that British consols declined ⅞ point, German Imperial 3s declined 1 point, and French rentes ½, almost within a week, and the climax of this decline was reached under misgivings in regard to the diplomatic outlook at Paris, Pekin and Constantinople. On Wednesday of this week the same disturbing rumors began to circulate again, resulting in another upset on the foreign bourses.

We have already indicated the three directions in which such misgivings have had their influence. The Chinese imbroglio passed at the close of last month into a most extraordinary stage. That a court revolution of most serious significance had occurred at Pekin was proved by all advices. The young emperor of China had been regarded as largely under English influences; it was suddenly announced that he was sick or dying, and his relative, the dowager-empress, a foe of long standing to Great Britain, at once assumed control of public affairs. The known facts of this strange situation were presently expanded to a rumor that the Emperor had been put to death by the pro-Russian palace faction. The grave possibilities involved in such an event were obvious.

This week's events suggest that the misgivings of two weeks ago were exaggerated. On Tuesday last, the official physician of the French legation, who was perhaps as impartial an authority as could be found, was admitted to the sick room, and he found the emperor alive. The situation is still embarrassing, particularly since the English people, having seen already a withdrawal by their ministry from one ultimatum regarding trade influence in China, are restless and angry over the possibility of a final diplomatic defeat at the hands of Russia; but it has disappeared as a source of acute misgiving.

When uneasiness over the Pekin situation was at its height, there was similar misgiving in regard to the Sultan's attitude in the Cretan matter. The Ottoman ruler had again been brought into conflict with the rather cumbrous machine known as the Concert of Europe, and as usual the collision arose from his deliberate failure to keep his promises. He had agreed to withdraw from Crete at a given date. The date arrived, and the Turks had neither withdrawn nor made any effort to do so. After his fashion, the Sultan begged for more time, and in substance his demand was granted. It need only be noticed, however, that the alarm of two weeks ago over possible resistance by the Turk, with consequent disputes among the Powers, was not well-grounded. The episode is indeed somewhat useful as showing that the predictions of eighteen months ago, after the Greco-Turkish war, to the effect that the Sultan had now regained a formidable place among European Powers, was wholly premature. Fortunately both for the peace and the self-respect of Europe, Turkey has promptly fallen back into its old position of a pensioner and a suppliant, whose presence is tolerated simply because it is not easy to say who shall replace it.

Evidently, then, two of the rumors which have been unsettling the European Stock Exchanges have no such foundation as the alarmists thought. But there remained, and still remain, the two far more serious influences of the Fashoda dispute between England and France, and the Dreyfus complication at Paris. We think that these two factors in the situation are closely connected with one another. That is to say, we believe—and the belief is shared by nearly all the responsible London newspapers and reviews—that but for the Dreyfus crisis, the episode of Fashoda and Major Marchand would have been closed some weeks ago. By this we do not mean that the French Government intends to go to war with England in order to shake off its home embarrassments. Such a possibility has, indeed, been suggested, and has doubtless played its part in the misgivings of the week. It is the kind of recourse which would instantly have occurred, under similar circumstances, to the mind of Napoleon III., and what we know of that tinsel statesman would lead to the belief that he would promptly have chosen war.

But the Premier of the French Republic is a man of a different stamp. An ascetic in character and habit, he has already shown the quality of his moral courage by shaking off army dictation in the Dreyfus matter. So long as he retains control, it is likely to be the army, and not the Ministry, which would welcome a foreign war for the sake of the obscurity into which such a war would throw the scandals of the military administration. It is, in fact, rather generally believed among the well-informed in London that the delay in Great Britain's demand for the withdrawal of Major Marchand and his Frenchmen from Fashoda arises solely from the English Ministry's wish to leave the French Government a dignified avenue of retreat. M. Brisson's position is not pleasant. He is of course aware that Gen. Kitchener holds Major Marchand at his mercy; that but for the English victory at Obdurman, the little group of Frenchmen would themselves have fallen victims to the Khalifa, and that without a single aggressive move it is in the Sirdar's power to cut off supplies from the French explorers and force them to unconditional surrender. As a matter of fact, Major Marchand and his men are to-day Gen. Kitchener's protegés and guests, a fact which lends some color of absurdity to the theory of a critical international situation on the Nile. We take this view of the matter, agreeing in it with the conservative London press, despite Sir Michael Hicks-Beach's threatening speech at North Shields last Wednesday evening. Sir Michael's words must be explained, we think, exactly as the French Cabinet's action is accounted for—by the fact that both ministries have an impatient public to keep in hand.

If this view of the Fashoda matter is correct, conservative management of the situation may be as confidently expected from M. Brisson and M. Hanotaux as from Lord Salisbury. Indeed, we should suppose that the British Foreign Office has purposely refrained from any aggressive official demonstration, in view of the awkward political state of things in Paris. At best the Premier's position is insecure. The army influence is massed against him; experienced politicians have made no secret of their belief that his tenure of office will end with the re-assembling of the Deputies. It is, we think, the act both of intelligent diplomatists and of gentlemen for the English Min-

istry, at such a juncture, to leave the Fashoda case very much in *statu quo*, and to refrain from any move which could embarrass the French Government.

But if the apprehensions of many political observers are fulfilled, and the Brisson cabinet is ousted, what is to be the result? The Dreyfus case must none the less approach its crisis; the four past years, and notably the four past months, have proved the hopelessness of smothering the scandal. If, as is not impossible, the *Cour de Cassation* were to refuse a rehearing, on the ground that Col. Henry's confession of forgery relating as it does to a document not adduced in the original Dreyfus hearing, is therefore not new evidence—even in such event there is little reason to believe that the end of the matter has been seen. It is this uneasy feeling that the French Government is groping in the dark, and that no human foresight can predict the Paris news of the next few months, which upsets at intervals all the European markets. The whole disturbance, in other words, once more reduces itself to doubt over this political and military mystery in France. For ourselves, we can only repeat what we have said before, that however perilous, from an opportunist point of view, may be the path which the Brisson Ministry has chosen. it is the only possible way to safety. If straightforward and honorable dealing cannot avert the storm which has so long been overhanging French institutions, then nothing can avert it. But we have too much confidence in the reserve of common sense and self-respect among the French people to believe that appeal to publicity and justice can fail.

GREAT NORTHERN'S PROSPERITY.

It is difficult to write with regard to the Great Northern Railway, and its controlling spirit Mr. James J. Hill, without appearing to indulge in language which to the uninformed will seem extravagant or exaggerated. American railroad history affords many examples of systems that have had a prosperous career and have netted large returns and handsome profits to their promoters and backers. But among them all there is not one that has had a more marvelous record of prosperity than that of the Manitoba and Great Northern, the latter being merely a more convenient form of organization for extending the operations of the former.

As was said last week, as a money maker it has been unequaled. It has made money for all those in any way financially interested in the property. But at the same time it has conferred untold benefits upon its patrons and the communities which it serves. To the latter it has opened up new territory, has furnished unexceled facilities and a steadily decreasing charge for the transportation services rendered. Indeed, this last has been Mr. Hill's pre-eminent merit, that he has kept steadily in view the desirability and need of giving the public more and more for its money. It may have been simply enlightened self-interest that dictated this course, but the fact itself is unquestioned. The present report furnishes many evidences of the importance which Mr. Hill lays on this feature and of his purpose and desire to give continued prominence and attention to it hereafter.

In the first place we find from the report that the average rate received again declined and is now only 9·32 mills per ton per mile. There would be of course nothing uncommon about a rate of less than a cent a ton per mile here in the East, where there are large manufacturing interests and where the country is well settled, but in the section traversed by the lines of the Great Northern, where population is thin and manufacturing industries few, such a rate is very low. As recently as 1889 the Manitoba was able to obtain 1·49 cents per ton per mile. The decline since then shows the benefits already accorded to the public, and we may add that passenger rates have in like manner declined.

But Mr. Hill is not ready to stop there. He has put his property in condition to move freight at a steadily lowering cost, and he recognizes that the public will demand participation in the resulting saving. So he has already made provision for a further reduction and plainly intimates that he is prepared to take additional steps in the same direction in the future as circumstances may warrant. Indeed, all through the report Mr. Hill's belief in steadily declining rates hereafter is apparent, as also is his confidence that come what may in this regard. the Great Northern, better than any other system, will be able to cope with the situation. Referring to the line just built between Fosston, Minn., and Duluth, to furnish a more direct route to the latter point, he says that on account of the decrease in distance effected in this way between the wheat fields and the head of the lakes, heavy reductions have been made since the close of the year in wheat rates, so that a still lower average per ton mile for the current year is certain. He estimates that this reduction in wheat rates will amount to a concession of a million dollars to the producers on the tonnage of the year. There are further references to the subject of rates, in the same vein, in other parts of the report.

It is needless to say that to Mr. Hill alone belongs the credit of having made it possible to give to the new communities served by his system needed transportation facilities at such low and steadily declining rates, for he has from the first looked with the closest care after the operating details, and studied how to reduce the cost of moving traffic so as to ensure a constantly diminishing minimum per unit of work. Nor need any one be told that the system is distinctively his work and creation, that it owes its existence as well as its success to his genius and his efforts. Indeed in this respect his identification with the property has been much like that of those master spirits who created and organized the great Eastern trunk lines—Commodore Vanderbilt in the New York Central, John W. Garrett in the Baltimore & Ohio, and J. Edgar Thomson and Thomas A. Scott in the Pennsylvania. These were all men of rare talent and ability in the railroad world, and Mr. Hill in the organization and development of the Manitoba and Great Northern has shown that he is possessed of qualifications of the same order.

We dwell thus upon Mr. Hill's part in the undertaking because it is impossible to understand the marvelous results produced without taking into consideration the method through which they have been reached and the characteristics of the man who devised them and carried them out. Mr. Hill's ability as a financier has been as conspicuous as his talent as a railroad manager—a rather unusual combination of qualities. He has skilfully avoided making special stock dividends of large amount—the method formerly in vogue for increasing capitalization, and which excited so much adverse criticism. And yet the proprietors have been given many large extra returns in addition to

the payments they have received in cash in the shape of dividends. When the Great Northern Company was formed, only a little over eight years ago, the Manitoba shareholders were allowed to take its $20,000,000 stock at 50, the other 50 per cent being paid by a transfer of securities held in the Manitoba treasury. In 1893, $5,000,000 additional Great Northern stock was issued, raising the total to $25,000,000. This $5,000,000 was paid for at par, but as the stock had by this time advanced to 125@130, the privilege was a valuable one. The more recent operations are familiar to our readers. In June of the present year the company announced its purpose to increase the stock from $25,000,000 to $50,000,000. The additional stock was issued at par, but only payment of 60 per cent ($15,000,000) was required in cash; the other 40 per cent ($10,000,000) was paid in stock of the Seattle & Montana, which had previously been ordered distributed to the Great Northern shareholders. The company in effect bought this Seattle & Montana stock back from the Great Northern stockholders, paying 80 cents on the dollar for it; $12,500,000 of Seattle & Montana stock was to be distributed, and the company took it at $10,000,000 in exchange for its own stock.

The new Great Northern stock hence cost the Great Northern shareholders only 60; it was selling in the market at the time in the vicinity of 180. Even now, with the stock at $50,000,000, instead of at the previous $25,000,000, the price is 136. It remains to be said that with the 60 per cent cash payment received, amounting to $15,000,000, the company retired its $15,000,000 4 per cent collateral trust bonds, effecting a saving of $600,000 per year in its fixed charges. Now a further increase to $75,000,000 is in contemplation. The additional $25,000,000, however, will go entirely to take up the $20,000,000 of Manitoba stock outstanding, and thus provide for the consolidation of the two companies. The exchange, it will be seen, will be on the basis of $125 of Great Northern stock for $100 of Manitoba stock. The Manitoba stock now gets 6 per cent in guaranteed dividends, and hence the result of the exchange will be to reduce the rental charges of the Great Northern in the sum of $1,200,000 per year. Summing up, therefore, we find that of the $50,000,000 additional stock represented by the increase from $25,000,000 to $75,000,000, $35,000,000 will go to displace that amount of existing securities (stock and bonds) and work a reduction in annual fixed charges of $1,800,000. This latter is an important fact which should not be lost sight of.

The most noteworthy feature in connection with the affairs of the road is that with all these additions to capitalization the road retains the distinction of a small capitalization per mile, and moreover with each succeeding year its capacity for making money and earning dividends seems to expand. The company began by paying 4 per cent dividends, then increased to 5 per cent, then to 6 per cent, and now since the stock has been raised to $50,000,000 there has been an increase to 7 per cent. A statement is given in the report showing that the bonded debt outstanding on the entire system per mile of main track is less than $25,000 per mile—in exact figures $24,943. The stock of the Manitoba is reported $5,175 per mile, but this is based on the 3,864 miles of Manitoba road alone; as the stock of none of the other roads is in the hands of the public, it would be proper to make the calculation on the basis of the mileage of the whole system—say 4,700 miles—giving an average of only $4,255 per mile. The $25,000,000 of Great Northern stock on the same basis of mileage averages $5,318 per mile. Accordingly the capitalization in stock and bonds is represented by $24,943 plus $4,255 plus $5,318, giving $34,516 per mile. The $15,000,000 of new stock now to be issued (in excess of the securities to be taken up) would increase this by $3,191.

As to the growing prosperity attending the operation of the road, the late year's results furnish perhaps the best illustration we have yet had of the property's phenomenal record in this respect. The income account shows dividends of $1,500,000 paid (6 per cent) on Great Northern stock and a surplus remaining on the operations of the twelve months of $2,071,768. Obviously, therefore, the company could have paid 8 per cent more on the stock, making 14 per cent altogether, and yet have had a small balance left over. But we figure that the proprietary lines, steamship companies, &c., netted a surplus of $500,000 to $600,000 above the amounts received by the Great Northern from them in the shape of dividends. If we are correct in this calculation, we have here the equivalent of two per cent more on the stock. Finally, the surplus of $2,071,768 shown by the income accounts, it is proper to say, remained after a contribution of $1,500,000 to the Fund for Permanent Improvements and Renewals and $750,000 more for the construction of the Cascade Tunnel, making $2,250,000 together. In other words the company has devoted or proposes to devote a sum equal to 9 per cent on the stock to strengthening and improving the property. Mr. Hill takes pains to emphasize that this money need not have been appropriated in this way except as a matter of wise policy—that independent of these outlays and appropriations the property has been kept in the highest state of efficiency; that only such amounts as were paid for actual additions to the property were charged to "Additions and Improvements;" that replacements and renewals were charged to operating expenses. The company does not carry the cost of the "Additions and Improvements" as an asset on its books, but the item is separately entered on both sides of the balance sheet, making its true character apparent, and leaving it as a basis for future capitalization if so desired.

It will be asked how such favorable results are possible? Two main causes may be assigned—Mr. Hill's marvelous methods of management and the evident good judgment he has shown in the extension of the mileage of the system by providing new road largely profitable in itself aside from its value in strengthening the position of the system as a whole. On this last point we may refer for illustration to the building of the direct line to Duluth just completed. Any one can see from a glance at the map that for the purposes of through traffic this furnishes a very desirable piece of road. But from the report we also learn that besides materially shortening the through route, it will develop a large local business. It is pointed out that the road runs through the largest body of standing pine east of the Rocky Mountains, that as a consequence a heavy lumber traffic may be expected; furthermore that it traverses a portion of the iron ore region of Minnesota, and that a considerable ore traffic is already being handled.

In the matter of economy in operations the Great Northern's exhibits are each year becoming more noteworthy; and never was this characteristic more strik-

ingly revealed than in the business of the late year. No less than $3,141,484 was added to the gross earnings of the twelve months with an addition of only $152,834 to the expenses. In other words, practically the whole of the gain in gross counted as a gain in the net. Obviously the improvement in the gross did not follow from a rise in rates, for we have already seen that the average further declined, bringing it down to only 9·32 mills per ton mile. The improvement was due entirely to an increase in the volume of tonnage transported, and this enlarged amount of traffic the road was able to move with but a slight addition to expenses. The revenue tonnage of the system was increased 617,700 tons (of which only 145,700 tons was in wheat), or 8¼ per cent, and the tonnage movement one mile was increased nearly 17 per cent. And yet the freight train mileage was increased less than two per cent.

Here, then, we see the policy of securing economy in operations by adding to the train-load carried a step further in advance. The CHRONICLE was the first to direct attention, several years ago, to the notable distinction attained by the Great Northern in this particular. Since then others have awakened to a realization of the same fact, and latterly it has become quite the fashion in reviewing the report of a railroad company to make this the sole test and criterion of the efficiency of a road's operations. Indeed this has been done to such a nauseating extent —writers who know least about the subject prating most about it—that one is almost tempted to avoid reference to the matter even in such an exceptional case as the present, so as to guard against further meaningless comparisons on the part of the ignorant and the superficial. The attentive reader of these columns need not be told that the average train-load is affected by a variety of circumstances—by the character of the tonnage, the conditions under which it is moved, the relative proportions moved in opposite directions, the extent of the branch lines, &c., &c. Comparisons between one road and another are worthless unless these considerations are all taken into account. In the Great Northern case, however, certain general comparisons are permissible.

We find that the company's record, noteworthy before, has become still more noteworthy. Over 35 tons (or 12½ per cent) was added to the average lading of its trains in the late year, raising the average to 316 tons. We had occasion recently to note the great progress made by the Northern Pacific in this particular, but that company's average for 1897-8, even after the really striking advance made during the last two years, still falls behind that of the Great Northern, being only 265 tons. We will permit ourselves only one other comparison. At 316 tons the Great Northern's train load comes within five tons of that of the Lake Shore, which has an enormous through traffic, traverses an older part of the country, and has a mileage made up largely of main track line. It may be a surprise to hear that the saving in expenses effected through the increase in train-load amounted on the business of the late year to over a million dollars. The statement can be easily verified by calculating how many more trains it would have been necessary to run if the average load had been no heavier than that for 1896-7, which was already regarded as exceptional.

Because of this increase in train-load the company's trains earned 25 cents more per train mile than in the previous year, notwithstanding the decrease in the average rate received—that is, the trains earned $2 38 against $2 13. The net earnings were $1 24 against only $0 96, an improvement of almost 30 per cent. This and the fact that renewal expenditures on road and track have been lessened through the improvement wrought in the condition of the property by the heavy outlays of the past, will explain the wonderful operating results that have been achieved. The benefits, we have seen, accrue not alone to the stockholders, but to the public as well in lower charges and reduced rates.

CHICAGO BURLINGTON & QUINCY REPORT.

In the late fiscal year ending June 30 1898 the Burlington & Quincy had an opportunity to show what it could do under favoring conditions. Previously for several years it had encountered poor results. This experience, indeed, had been so prolonged that many were inclined to fear that the career of prosperity which the property had enjoyed throughout its history was about to be interrupted. These gloomy views were not shared by careful students of American railroad history. The trained observer knew that the property possessed tremendous earning capacity, and that, given the required conditions, this characteristic would quickly manifest itself.

Those whose faith in the property was strongest also placed great reliance upon the character and excellence of the management. The shares have always been largely held in the East and the directorate has as a consequence comprised a very extensive representation of New England men. The Board includes the names of some of the most influential and best known men in that part of the country. Mr. John M. Forbes, who died last week, belonged to that class. And as showing the conscientious attention to duty which these men manifest, we may note that according to the Boston papers Mr. Forbes presided over the last dividend meeting of the Board, though he was ill at the time and had to be supported to the chair by two of his fellow-directors.

The Quincy's strong point has always been that it passes through some of the best agricultural districts in the West, and that its hold on the tonnage of these districts has been secured through the creation of an extensive system of branches completely gridironing the favored sections. The road has long held the distinction of being the largest corn-carrying system in the country. As it happened, though, until this last year the crops were poor or indifferent for several successive seasons. At the same time grain prices were low, pinching the farmers, while the general prostration of trade all over the United States added still another depressing influence.

Thus it was that year after year, beginning with 1894, the company showed a deficiency below the amount needed to pay dividends. These deficits were repeated so persistently, that many, as already said, were apprehensive lest the condition should become chronic. Fortunately all this was changed in the late year. The crops were among the largest ever harvested. A crop shortage abroad, too, created an urgency of demand, giving the farmers unusually good prices for their products. As the reader knows, the shortage was especially pronounced in wheat, but the demand extended to all kinds of grain, and in particular to corn. Lastly, business revival in the country at

large insured to the road an extension of the traffic in merchandise and general freight.

In this we are simply rehearsing facts well known to our readers, but it is necessary to recall them in order to account for the large growth in revenues and traffic, and the wonderful change in the prospects of the road, which has occurred in the short period of twelve months. The fact that the road has such a large tonnage in corn makes it subject to wide fluctuations in earnings from year to year, dependent upon whether the previous season's yield of that cereal has been abundant or deficient; but entirely apart from that circumstance the conditions in the late year were such as to work a great improvement in earnings.

The company in 1897 changed the ending of its fiscal year from December 31 to June 30, and the present is really the first report we have had in a period of eighteen months. This circumstance makes it difficult to institute comparisons with corresponding periods of other years. The deficiency, however, is supplied by the report as far at least as the year immediately preceding is concerned. The report furnishes the figures for the twelve months ending June 30 1897 as well as for the twelve months to June 30 1898, and that comparison brings out in sharp relief the change which has occurred. In brief, the road added over 7¼ million dollars to its gross earnings, or in excess of 20 per cent. The general nature of the improvement, too, appears when we observe that not far from a million dollars of the gain was furnished by the passenger department—in exact figures, $926,776. This feature arrests attention, because in the case of so many other roads there has been a complete absence of recovery in the passenger business. We note another unusual, we might almost say unique, feature. There was actually a small rise in the average rate received. The rate was low in both years, but for 1897-8 was 9·19 mills per ton per mile, against only 8·67 mills in 1896-7. Such increase in face of general rate demoralization can only be explained on the theory that a large part of the expansion in traffic came from the local branches, on which rates range higher than on the competitive lines, thus pulling up the general average a little.

After years of enforced economy this splendid addition of 7¼ million dollars to gross revenues allowed the management to pursue a liberal policy again in the matter of disbursements, and we find there was an addition to the operating expenses in the large sum of $5,149,117. But even after this augmentation in expenses there was an improvement in the net in the sum of $2,124,859. The effect on the company's general income account has naturally been marked. In the calendar years 1895, 1896 and 1897 there was each time a larger or smaller deficit, as already stated; for 1897-8 there is a large surplus. The dividend rate was raised from 4 per cent to 5 per cent during the twelve months, but only 4½ per cent was paid out of the year's earnings. After allowing for the amount required for this 4½ per cent and providing for all the charges, there was left a balance of $2,392,667, equal to nearly three per cent more on the outstanding stock.

This plenitude afforded the managers the opportunity for the first time in a long while to resume the practice which was formerly a feature of its operations, of setting aside a certain sum out of revenues for improvements. From the surplus of $2,392,667 a million dollars has been carried to the Renewal Fund, still leaving, however, a balance of $1,392,667. This latter fact is significant, because since the close of the fiscal year dividends have been raised to a 6 per-cent basis, and the extra 1½ per cent required for this purpose, beyond the 4½ per cent paid in 1897 8, would take somewhat less than the amount of this balance of $1,392,667. In other words, on the basis of the results for 1897-8 the company can pay the 6 per cent rate, even after making the contribution of a million dollars to the renewal fund. It is also proper to say that these results likewise allow for the usual heavy contributions to the sinking funds, the company having in the late year paid out for this purpose $778,612 directly from earnings, and these funds having received $1,344,382 altogether during the twelve months.

Monetary and Commercial English News

[From our own correspondent.]

London, Saturday, October 8, 1898.

The effect of the Bank's efforts during recent weeks to get control of the London money market has been neutralized this week by some foreseen and other unforeseen circumstances. The payment of the Bank dividend and the quarterly interest on the funds would, it is well known, place, for a time at any rate, a superabundant supply of loanable capital in the hands of the market, and would thus nullify the efforts of the Bank directors. Against this effect, however, a heavy demand for gold on Scotch account has come upon the London market nearly three weeks earlier than it was generally expected, and therefore the dividend payments have not caused the superabundance that was supposed likely. Consequently, although rates are lower than a week ago, there has been less fall than was looked for in some quarters.

Owing to the absence of speculative activity in the stock markets, the short loan market is superabundantly supplied with loanable capital, and day to day money can readily be obtained at a little over 1½ per cent, while the discount rate for three months' bills is anything from 2⅝ to as high as 2½ per cent, and even long-dated paper is well below the official minimum charged by the Bank of England. The directors at their meeting on Thursday made no change in their rate, which consequently remains at 3 per cent. Owing to the causes which I have explained, very little of the lending and discount business now goes to the Bank, and if it is to regain the control of the market, which it had very nearly obtained a week ago, it will require again to borrow upon a very extensive scale.

The Bank return shows a decrease of over two millions sterling in the reserve and the proportion of the reserve to the liabilities has fallen to 44¼ per cent, being a drop during the week of over 3 per cent. This decline, however, being due to internal movements and not to export of gold upon foreign account is not regarded as a serious factor in the outlook. For the moment the general feeling in the money market is that shipments to your side have ended for the present. But the Bank directors, and heads of the great financial houses, and those responsible for maintaining an adequate reserve to meet possible calls upon them in the early future, cannot afford to overlook the fact that very large sums may be taken from London on your account whenever your bankers or financial houses may see fit to do so.

No gold has been withdrawn from the Bank this week for the United States, but small parcels in the open market have been undoubtedly bought up for shipment to New York, and there is in addition some demand for the Continent, although this is not likely to prove of very great magnitude.

Business on the Stock Exchange this week has been, if possible, duller than before. The recent efforts of the professional element in the various markets to put up prices and attract the attention of the public have been discontinued, the general feeling being that in the present political outlook it is vain to attempt to induce the public to engage in Stock Exchange speculation There is, of course, at all times a certain amount of investment business going on: but considering the season of the year and the amount of money that has been received by the investing classes in the form of dividends, interest on loaned money and savings from salaries, and what not, even this business is remarkably small.

The traffics of our home railways continue to record very large increases. But the result of the last half-year's working went to show that the growth in receipts was to a large extent absolved by a corresponding growth in expenditure and consequently these increases, remarkable though they are, have but very little effect upon the market.

The recent activity in American Rails, as far as this market is concerned, did not extend beyond the purely professional element, the outside public taking very little part in the movement. Strennous efforts have also been made by the great mining magnates, both by those interested in South

Africa and Western Australia, to attract public interest to these markets, but without success. The heavy losses which resulted on the break down of the mining boom at the end of 1895 and the political uncertainity which is still felt regarding the outlook in South Africa apparently militate against any recovery in that market.

Copper shares, however, have been an exception, and there has been a large business in Anacondas, Rio Tintoes, and the shares of other copper mining companies. This, of course, is largely due to the strong demand for copper for shipbuilding and other purposes.

The silver market has been weaker, with a firmer tone the last day or two, the price closing yesterday at 28d. There have been some sales from your side, while the demand both from the Continent and from the East has greatly fallen off. The India Council on Wednesday were as successful as ever in the disposal of their weekly allotment of Council drafts. For the 40 lacs offered, the total applications exceeded 262 lacs at prices ranging from 1s. 3 29 32d. to 1s. 4d. per rupee. The total sales realized for the fiscal year from April 1 exceed 8½ millions sterling, compared with only 4 millions at the corresponding date 12 months ago. The Council will offer 40 lacs again next week for tender; while at this time last year they were unable to make any allotments.

The following return shows the position of the Bank of England, the Bank rate of discount, the price of consols &c., compared with the last three years:

	1898. Oct. 5	1897. Oct. 6.	1896 Oct. 7	1895. Oct. 9.
	£	£	£	£
Circulation	28,140,105	28,413,280	28,169,350	26,767,985
Public deposits	8,175,534	8,798,507	6,807,270	5,321,988
Other deposits	37,729,536	40,570,024	43,572,556	50,225,171

WALL STREET, FRIDAY, OCT. 21, 1898.—5 P. M.

The Money Market and Financial Situation.—Notwithstanding the fact that sales of securities for foreign account have been on a liberal scale this week, the volume of business at the Stock Exchange has been more limited than for many weeks past. The foreign offerings were readily absorbed, however, and prices have generally been well sustained, especially in the bond market, the Government 3s having made a new high record.

Public interest in politics is increasing as the election period draws near, and this fact has no doubt contributed to the inactivity which has been a conspicuous feature in Wall Street. Moreover the political situation abroad is not such as to stimulate confidence in financial circles, although it may have increased the demand for our wheat and corn, which has been exceptionally heavy this week. This demand seems certain to increase the traffic of the grain-carrying roads, as the supply at the seaboard is limited.

The local and foreign money markets present an interesting contrast. The Bank of France, following the action of the Banks of England and Germany, has advanced its discount rates, while in Wall Street call money has loaned at 1½ per cent. These conditions have favored the absorption of long bills of exchange in this market for investment.

The open market rates for call loans on the Stock Exchange during the week on stock and bond collaterals have ranged from 1¼ to 2½ per cent. To-day's rates on call were 1½ to 2 per cent. Prime commercial paper quoted 3¼ to 4¼ per cent.

The Bank of England weekly statement on Thursday showed a decrease in bullion of £52,207, and the percentage of reserve to liabilities was 49·00, against 46·30 last week; the discount rate remains unchanged at 4 per cent. The Bank of France shows a decrease of 6,500,000 francs in gold and 2,950,000 francs in silver.

The New York City Clearing-House banks in their statement of Oct. 15 showed an increase in the reserve held of $5,002,300 and a surplus over the required reserve of $10,661,550, against $18,743,600 the previous week.

Foreign Exchange.—The market for foreign exchange has been steady to firm, on a liberal supply of commercial bills. Rates advanced on the higher discount rates abroad. The demand from remitters is limited, but a considerable amount of long sterling was absorbed for investment.

To-day's actual rates of exchange were as follows: Bankers' sixty days' sterling, 4 82@4 82¼; demand, 4 85@4 85¼; cables, 4 85½@4 85¾; prime commercial, sixty days, 4 81@4 81¼; documentary commercial, sixty days, 4 80¾@4 81½; grain for payment, 4 81¼@4 81½; cotton for payment, 4 80¾@4 81; cotton for acceptance, 4 81@4 81¼.

Oct. 21.	Sixty days.	Demand.
Prime bankers' sterling bills on London.	4 82½@4 83	4 85½@4 86
Prime commercial	4 81 @4 81¼	.....
Documentary commercial	4 80¾@4 81½	.....
Paris bankers' (francs)	5 24 5/16@24 3/8	5 22 1/4@21 13/16
Amsterdam (guilders) bankers	39 13/16@39 7/8	40 @40 1/16
Frankfort or Bremen (reichmarks) b'kers	94 1/4@94 5/16	94 7/8@94 15/16

The following were the rates of domestic exchange on New York at the under-mentioned cities to-day: Savannah, buying 1-16 discount, selling 75c. per $1,000 premium; Charleston buying ⅛ discount, selling par; New Orleans, bank, 50c. premium, commercial, 75c. discount; Chicago, par; St. Louis, 40c. per $1,000 discount.

United States Bonds.—Sales of Government bonds at the Board include $2,000 4s coup., 1925, at 127¾; $16,000 4s coup., 1907, at 111½ to 111¾; $2,000 4s reg., 1907, at 110½ to 110¾; $5,000 currency 6s at 102½; $7,000 3s reg. at 104¾ to 105¼; $784,000 3s coup. at 105⅝ to 105⅞ and $8,240 ditto (small bonds) at 105¼ to 105¾.

The following are the daily closing quotations; *for yearly range see seventh page following.*

State and Railroad Bonds.—Sales of State bonds at the Board were limited to $38,000 Virginia fund. debt 2-3s of 1991 at 78⅝ to 78¾.

The market for railway bonds has been exceptionally dull, the transactions in this department at the Exchange averaging only about $1,500,000 par value per day. This limited amount of business was fairly well distributed, although the Atchison, Chicago Terminal, Detroit City Gas, Erie, Metropolitan Street Railway, Missouri Kansas & Texas, New York Central & Hudson, Lake Shore, Northern Pacific, Oregon Short Line, Reading, St. Louis & Iron Mountain, Southern Ry., Texas & Pacific, Union Pacific, U. P. Denver & Gulf, Wabash and Wisconsin Central issues have been somewhat conspicuous. In the active list the changes noted in quotations are in nearly all cases limited to fractions, with higher and lower about evenly divided.

Stock and Bond Sales.—The following shows the volume of business in stocks and bonds on the New York Stock Exchange for the past week and since January 1.

Sales N. Y. Stock Exch.	Week ending Oct. 21.— 1898.	1897.	Jan. 1 to Oct. 21.— 1898.	1897.

Railroad and Miscellaneous Stocks.—With the professional element largely in control, the stock market has been relatively dull and narrow. On Monday weakness was the prevailing feature of the entire list, in sympathy with a sharp decline in the anthracite coal shares and some of the industrial stocks. The tone was better on Tuesday, and some recovery in prices was made, but there was a large falling-off in the volume of business. Wednesday's market was firm, but transactions at the Exchange were limited to about 130,000 shares, the smallest for any day in many weeks. Thursday there was some improvement, both in prices and the volume of business, the latter having been augmented by liberal sales for foreign account. To-day's market was strong and more active. Closing quotations were in many cases the highest of the week.

Net changes in the railroad list are generally unimportant, although the coal stocks have not fully recovered from the decline of Monday, and the local traction shares have been erratic. Illinois Central was a weak feature, and Louisville & Nashville, Union Pacific and Northern Pacific issues yielded somewhat to the selling by foreign holders.

The miscellaneous list was less conspicuous than of late. American Sugar Refining has been relatively steady, and American Tobacco covered a much narrower range than for several weeks past. Hawaiian Sugar advanced over 6 points on important changes in the management of the company. Federal Steel shares have appeared in the unlisted department, and declined between 1 and 2 points from the best prices of the week.

Investment AND Railroad Intelligence.

RAILROAD EARNINGS.

The following table shows the gross earnings of every STEAM railroad from which regular weekly or monthly returns can be obtained. The first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for the period from January 1 to and including such latest week or month.

The returns of the street railways are brought together separately on a subsequent page.

Roads.	Latest Gross Earnings.			Jan. 1 to Latest Date.

a These figures include results on leased lines. *b* Includes earnings from ferries, etc., not given separately. *c* Includes Des Moines & Kansas City for all periods. *d* Includes operations of the Chic. Burlington & Northern in both years. *e* Includes results on A. T. & S. Fe, Gulf Col. & S. Fe, S. Fe Pacific (old Atlantic & Pacific) and So. Cal. Ry. *f* Includes the Pacific system, the Atlantic properties and the Houston & Texas Central system. *g* Beginning July, earnings of Memphis Division and Middlesborough & Aiken branches are included for both years. *h* Results on Cin. Lebanon Northern are included from September 1 in both years.

* Results on Kansas City & Independence Air Line are not included for either year.

† Includes Chesapeake & Ohio So'western for both years, but Ohio Valley and Chicago and Texas for 1898 only. Results on Yazoo Branch excluded after July 1 1898

‡ Mexican currency.

§ Covers results of lines directly operated east of Pittsburg.

Latest Gross Earnings by Weeks.—The latest weekly earnings in the foregoing are separately summed up as follows:

For the second week of October our preliminary statement covers 67 roads, and shows 4·40 per cent increase in the aggregate over the same week last year.

Net Earnings Monthly to Latest Dates.—The table following shows the gross and net earnings of STEAM railroads reported this week. A full detailed statement, including all roads from which monthly returns can be obtained, is given once a month in these columns, and the latest statement of this kind will be found in the CHRONICLE of September 24, 1898. The next will appear in the issue of October 29, 1898.

	Gross Earnings.		Net Earnings.

STREET RAILWAYS AND TRACTION COMPANIES

The following table shows the *gross* earnings for the latest period of all STREET railways from which we are able to obtain weekly or monthly returns. The arrangement of the table is the same as that for the steam roads—that is, the first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings or the calendar year from January 1 to and including such latest week or month.

* Includes Baltimore Traction and City & Suburban for both years.

† Decrease in September due to extraordinary business in September, 1897, when many conventions were held and a public visit made to city by President McKinley.

‡ Increase in receipts in September due to encampment of 2d Army Corps at Meadville, Pa.

Street Railway Net Earnings.—The following table gives the returns of STREET railway gross and net earnings received this week. In reporting these net earnings for the street railways, we adopt the same plan as that for the steam roads—that is, we print each week all the returns received that week, but once a month (on the third or the fourth Saturday) we bring together all the roads furnishing returns, and the latest statement of this kind will be found in the CHRONICLE of September 24, 1898. The next will appear in the issue of October 29, 1898.

	Jan. 1 to Sept. 30	587,469	580,057	252,460	155,106

The following is a statement of the gross and net earnings of the Nashville St. Railway for the month of September and the five months of the fiscal year from May 1 to September 30. Figures for 1897 were extraordinarily large on account of Nashville Exposition, which lasted from May 1 to November 30, 1897, and therefore comparison is made with 1896.

Chicago Burlington & Quincy RR.

(For the year ending June 30, 1898.)

The first report of this company covering a full twelve months since the change of fiscal year from Dec. 31 to June 30 is given on pages 851 to 853 embracing the remarks of Mr. Charles E. Perkins, the President, and the balance sheet and income account.

Southern Pacific Company.

(Report for the year ending June 30, 1898.)

On pages, 844 to 850, of to-day's CHRONICLE will be found extracts from the report of Mr. C. P. Huntington, the President of the Southern Pacific Company, for the fiscal year ending June 30, 1898, including the balance sheets, income accounts, etc.

As supplementary to the above, we give in the tables here following a statement showing the work done by the transportation department, upon which the increase or decrease in the expenses is, to a large extent, contingent:

	1897-8.	1896-7.
PACIFIC SYSTEM.		
Freight—		
Tons carried (commercial)	6,614,746	5,455,196
Tons carried 1 mile	2,058,852,138	1,484,359,556
Rate per ton per mile (commercial)	1·009 cts.	1·227 cts.
Passenger—		
Passengers carried	20,223,806	19,151,558
Passengers carried 1 mile	587,906,575	485,207,200
Rate per passenger per mile	1·833 cts.	1·929 cts.
ATLANTIC SYSTEM—		
Freight—		
Tons carried (commercial)	3,085,068	2,733,014
Tons carried 1 mile	1,083,276,792	910,407,817
Rate per ton per mile (commercial)	0·789 cts.	0·904 cts.
Passenger—		
Passengers carried	986,297	1,019,917
Passengers carried 1 mile	74,631,552	78,721,882
Rate per passenger per mile	2·218 cts.	2·295 cts.
HOUSTON & TEXAS CENTRAL—		
Freight—		
Tons carried (commercial)	1,085,701	1,116,159
Tons carried 1 mile	201,384,785	198,848,698
Rate per ton per mile	1·312 cts.	1·390 cts.
Passenger—		
Passengers carried	707,472	675,116
Passengers carried one mile	29,874,515	27,516,332
Rate per passenger per mile	2·370 cts.	2·399 cts.

—V. 65, p. 976.

Western New York & Pennsylvania Railway.

(Report for the year ending June 30, 1898.)

On pages 853 to 854 we give President De Coursey's remarks from the annual report in full. The earnings, expenses, charges, etc., were as below.

OPERATIONS AND FISCAL RESULTS.

	1897-8.	1896-7.	1895-6.	1894-5.

—V. 67, p. 316.

Chicago Terminal Transfer Railroad.

(Report for the year ending June 30, 1898.)

The report of President Edward D. Adams will be published in the CHRONICLE next week. The first year of operations ended June 30, 1898, and showed results as below:

Gross earnings—		*Expenses and charges—*	
Rentals and trackage	$666,867	Op. exp and taxes	$455,505
Traffic	449,394	Interest charge	562,157
Gross earnings	$1,119,261	Balance, surplus	$101,599

The balance sheet shows: New first 4s outstanding, $13,000,000 (after deducting $290,000 in treasury); bonds of predecessor companies assumed, $1,044,000; current assets, $1,076,730; current and contingent liabilities, $603,364, making net current assets $473,367, an increase of $101,599 during the year.—V. 66, p. 1188.

Indiana Decatur & Western Railway.

(Statement for year ending June 30, 1898.)

President Woodford has furnished us with the following:

Year ending June 30.	1898.	1897.	*Increase.*
Gross earnings	$481,701	$455,695	$26,006
Operating expenses and taxes	353,282	336,884	16,598
Net earnings	$128,419	$119,011	$9,408
Fixed charges	91,200	91,200	
Surplus	$37,219	$27,810	$9,408

—V. 65, p. 27.

Western Union Telegraph Company.

(Report for the year ending June 30, 1898.)

President Thomas T. Eckert says in substance:

The decrease of 767 miles of poles, as compared with the preceding year, is caused by the abandonment of certain highway lines, which it would otherwise have been necessary to reconstruct, at a large cost, and the transfer of the wires therefrom to newer poles on parallel railroad routes.

The increased revenues made necessary an increased outlay for operating and general expenses of $655,111. For reconstruction and maintenance, $342,914 more was spent than for the preceding year, and the cost of equipment of the new offices and for improving old equipments was increased $48,371. The amount paid for taxes was $123,980 less, because of the settlement during the preceding year of disputed accounts with several States, but was still $144,033, more than was paid during the fiscal year 1896.

The average tolls received were 30·1 cents per message. The average cost per message was 24·7 cents. The decrease in the average tolls received, and the increase in the average cost per message, are accounted for by the large number of Government and press messages, consequent upon the war with Spain.

The cost of construction of new property for the year was $1,117,652. The surplus account was increased $315,694.

Statistics.—The following table exhibits the mileage of the lines operated, number of offices, number of messages sent, receipts, average tolls and cost per message for every fifth year since 1866 and for each of the last seven years:

Miles of wire.	*Offices.*	*Messages.*	*Receipts.*	*Average tolls per message*	*Average cost to Co. of message*
1867.. 85,491	2,565	5,870,202	$6,564,925 36	....	....
1872..137,190	5,237	12,444,499	8,457,095 77	66·2	43·8
1877..194,323	7,500	21,158,941	9,812,452 61	43·6	29·8

Pullman's Palace Car Company.

(Report for the year ending July 31, 1898.)

Acting President Lincoln says in substance:

Contracts.—During the fiscal year contracts have been made continuing the operation of cars upon the following:

Atlantic Coast Line, Union Pacific RR., Oregon Short Line RR., Oregon Railway & Navigation, Chicago Rock Island & Pacific Ry., St. Louis & San Francisco RR., Burlington Cedar Rapids & Northern Ry., Colorado Midland Ry., Chicago Burlington & Quincy RR., Mexican Central Ry.

New contracts have been made with the Bangor & Aroostook RR Co., the Atlanta Knoxville & Northern Ry. Co. and the St. Joseph & Grand Island Ry. Co. The total mileage of railways covered by the cars of this company is 121,662.

Cars.—There have been built during the year, for the use of the company, 23 cars, costing $367,739. Cars owned and controlled number 2,410, of which 371 tourist or second class.

Passengers.—The number of passengers carried during the year was 5,356,912, and the number of miles run was 201,295,321. During the previous year the number of passengers carried was 4,852,398, and of miles run was 190,562,758.

Manufactures.—The value of the manufactured product of the car works of the company for the year was $10,368,256, and of other industries, including rentals, $1,032,086, making a total of $11,400,842, against $4,681,618, for the previous year.

Statistics.—The results for several years are as follows:

Standard Rope & Twine Company.

(Report for the fiscal year ending July 31, 1898.)

President V. P. Travers says in substance:

Financial.—After charging off $150,000 to depreciation and paying the interest on the first mortgage bonds, there still remains a net balance of $233,563 to the credit of the year's operations. The amount of $62,565 has been spent for additional machinery at the mills and $27,752 has been credited to the reorganization committee for machinery taken from idle mills, making the total for improvements and additional construction during the year $90,317.

In adjusting the final accounts of the year all merchandise, both raw material and manufactured goods, has been taken at a price considerably below that at which it was selling on August 1, 1898. All bad and doubtful debts have been written off, and the excess of current assets over liabilities is calculated upon a most conservative basis. This excess is at present about what it was when the company commenced business in August, 1895, and in view of this fact the directors do not feel that they are warranted in paying any dividend upon the income bonds at this time.

Since August 1 all floating liabilities have been liquidated. The general expenses, sale, and administration charges, etc., have been largely increased from the fact that the company has felt obliged to carry an abnormally large stock of raw material, owing to the stoppage of supplies from the Philippine Islands.

Manufacturing Plant.—The renovating and improving of the plant has been in progress for the past two years. The entire plant is now equipped with modern machinery throughout and is in the highest state of efficiency. This year has been a record breaker as to cost of production, and the use of machinery that is up to date in every particular will tend to reduce further the cost of manufacture.

Production.—While the number of pounds of goods manufactured and sold aggregates in the neighborhood of 50,000,000, as against about 63,000,000 last year, the advantages to your company have been greatly augmented by the profits realized in comparison with what would have resulted had a more aggressive policy been enforced and a larger amount of goods been sold at very much lower figures. Manila and Sisal rope that were selling at this time last year at practically ruinous prices are to-day being sold at a profit.

General Business.—Though the past year has been, like its predecessor, one of keen competition, the competition has been conducted more advantageously to your company. The company is equipped to do a much larger business, but it has done that which was the most profitable in the judgment of your directors. This company is now well established and is recognized as an important and respected factor in the industry with which it is affiliated.

The books and accounts of the company have been audited by the Audit Company of New York.

Earnings, Etc.—The operations of the year were as follows:

OPERATIONS OF YEAR ENDING JULY 31.

	1897-98.	1896-97.
Income—		
Proceeds of sales	$3,100,118	$3,542,353

Terre Haute Elec. Ry..... 597

American Tobacco.—Continental Tobacco.—*$2,065,000 New Preferred Stock.*—The American Tobacco Co. has applied to the New York Stock Exchange to list $2,065,000 additional preferred stock, thus raising the outstanding issue of preferred shares to the total amount authorized, viz., $14,000,000. The sale on Tuesday of 18,500 shares of the preferred stock at 115 "seller 30" is believed to be connected with the transfer of this new stock and to be for the purpose of making "a public record of the price at which it is transferred from the company to certain insiders." Last June the Stock Exchange listed also $3,100,000 additional common stock, making the total common shares listed $21,000,000, or the total amount authorized. This $3,100,000 was "for the purpose of extending the company's business and procuring additional working capital."

Plug Tobacco.—Apparently the proposed consolidation has fallen through. The Louisville manufacturers, Finzer Bros. and Weissinger Tobacco Co., it is said, have been notified that their plants will not be wanted. Last week, as we were informed, preliminaries for the consolidation were still pending. Indeed, the belief was expressed in Wall Street early in the present week that the P. Lorillard Co. was likely to be purchased, Mr. Lorillard to receive 60,000 shares preferred and the same common stock, $6,000,000 par value. Whether, as a matter of fact, the consolidation as first planned under the title of the Continental Tobacco Company is definitely off, and if so whether the plug tobacco properties thus far acquired by the American interests will be merged is a matter for conjecture. The new stock issues, however, of the American Company are commonly assumed as incidental to the recent purchase of plug tobacco factories.

Reduction of Prices.—Not long ago the Liggett & Meyers Co. reduced plug prices about 10 per cent. This week the American Company has made a cut of 10 per cent under the Ligget & Meyers schedule and is offering premiums to all salesmen of wholesale dealers, and is adopting other warlike methods.—V. 67, p. 787.

Atchison Topeka & Santa Fe Ry.—San Francisco & San Joaquin Valley Ry.—*Purchase.*—In a statement regarding the San Francisco & San Joaquin Valley Road in the CHRONICLE of Sept. 24, we alluded to our understanding that the stock of the company was being deposited in escrow preparatory to transfer to the Atchison on Jan. 1, 1899. The company now issues the following confirmatory announcement:

"Chairman Walker is able to announce the substantial completion of negotiations for the purchase of the San Francisco & San Joaquin Valley RR. which will give the Atchison its long desired entrance into San Francisco. The stock of the Valley Company has been deposited under an option contract in an amount carrying complete control, and the transaction is now in shape for ratification by the Atchison stockholders at the approaching annual meeting.

"The road thus acquired is completed and in successful operation from Bakersfield to Stockton, 235·27 miles, where it connects with river boats for San Francisco. Funds are in hand for the construction of the road from Stockton to Point Richmond on San Francisco Bay; this work is being pushed forward as rapidly as possible and will be completed next year. It has been intended to build a short connecting link between Bakersfield and the present line of the Atchison System at Mojave or some point in that vicinity, but present indications are that this construction will not be necessary, as a trackage contract is in process of arrangement for the use of the line now existing between those points. The Directors are confident that this extension of the Atchison will materially increase the earning power of the system. It will afford to San Francisco and the San Joaquin Valley an other absolutely independent line of railroad to and from the East." The Bakersfield & Los Angeles project seems little likely, therefore, to be carried out.

To Ratify Leases, Consolidation with Branch Lines and Purchase of San Joaquin Valley R ad.—The stockholders will vote Dec. 8 on the following propositions:

1. To approve the sale and conveyance to this company of the railroad, property, franchises, etc., of the following-named companies (the stock and bonds of which are owned by this company), viz.: Kansas City Topeka & Western RR., Leevenworth Northern & Southern Ity., Southern Kansas Ity., New Mexico & Southern Pacific RR., New Mexican RR., Rio Grande Mexico & Pacific RR., Silver City Deming & Pacific RR., Wichita & Western Ry., St. Joseph St. Louis & Santa Fe Ry.

2. To approve of leases to this company of the railroads, property, franchises, etc., of the following companies (the stock and bonds of which are owned by this company), viz.: Chicago Santa Fe & California Ry., Denver & Santa Fe Ity., Pueblo & Arkansas Valley RR., and to ratify the lease of the portion, commonly called the "Mojave Division," of the Southern Pacific RR. from a connection with the railroad of the Santa Fe Pacific RR. at the Needles to Mojave, Cal.

3. To approve the sale and conveyance to this company, or of leases to this company of the railroad property, franchises, etc., of the following named companies (the stock and bonds of which are owned by this company), viz.: Chicago Kansas & Western RR., Kansas City Emporia & Southern Ry., Florence El Dorado & Walnut Valley RR., Marion & McPherson Ity. and Wichita & South Western Ity.

4. To vote upon the approval of the purchase by this company of stock (or stock trust certificates) representing the control of the San Francisco & San Joaquin Valley Ity. Co.

Official Circular.—An official circular explains the above propositions in substance as follows:

First—The Atchison Company owns the stock and bonds of each of said companies, the same being pledged under the general mortgage. It is proposed to make absolute conveyances of the properties of these companies to the Atchison Company so as to constitute the general mortgage a direct first lien thereon, and to save unnecessary expense in operation. Such conveyance will not involve any increased obligations.

Second—The stock and bonds of these companies are also owned, but consolidation not being immediately practicable, in view of local statutes, etc., it is proposed to accomplish substantially the same result by long-time leases. It it proposed also to ratify the lease of the Mojave Division, which has been executed as stated in the last annual report. This lease has been assigned to the Santa Fe Pacific RR. Co., and the Mojave Division is now operated as part of the Santa Fe Pacific RR.

Third—To vote upon the approval of arrangements of similar character with respect to certain other lines embraced in the Atchison System, by sale or by lease, as may be found most expedient.

Regarding the proposition to purchase control of the San Francisco & San Joaquin Valley Ry., the circular says in part:

This purchase will give us control of a railroad now in operation from Stockton, Cal., south to Bakersfield, 235 miles; also a loop line from Fresno, through Visalia and Tulare, to Corcoran Junction, of which 44 miles are now in operation and 25 miles under construction and nearly completed, making a total mileage between Stockton and Bakersfield of 304 miles, in addition to side tracks 41 miles in length. Also 14 engines, 12 passenger and combination coaches, 518 freight cars and 8 other cars. The present connection of this line with the city of San Francisco is by water from Stockton. An extension of about 80 miles is under construction from Stockton to Point Richmond on the northeast side of San Francisco Bay. The Chief Engineer of the Atchison System says:

"The constructed line of road between Bakersfield and Stockton is in excellent condition. The grades are about 16 feet to the mile, and the alignment is exceptionally good. The roadbed and embankments are 16 feet wide. The track is laid with steel rails weighing 62½ lbs. to the yard; 3,000 redwood ties to the mile; Servis tie-plates on every tie. The station buildings are commodious and attractive. The terminal grounds at all the important points are ample for any business."

The line has been favorably regarded by citizens along the line, where it has been aided by liberal donations from individuals and communities, especially of lands for right of way and station purposes, estimated as worth approximately $500,000. Funds for beginning the work were obtained by the sale of stock to the amount of

$2,474,800 through public subscriptions paid for at par. The remainder of the authorized capital of $6,000,000 is unissued. Subsequently $6,000,000 5 per cent bonds were sold to a syndicate on favorable terms, the money realized being advanced from time to time as required for construction purposes, $2,671,000 having been issued up to June 30, 1898. The moneys provided are believed to be sufficient to complete the Visalia loop and also the line from Stockton to Point Richmond, including the acquisition of sufficient terminal property at the latter point and the construction of a passenger ferry-boat, a tug and two barges for the service across the bay to the city of San Francisco, together with a reasonable margin for contingencies.

The books have been thoroughly examined by independent auditors, whose report shows that all receipts from stock subscriptions and sale of bonds have been honestly and judiciously expended.

The road, in its unfinished condition, with no connection south of Bakersfield, and without access to San Francisco except by the use of boats from Stockton, has earned more than its operating expenses and taxes, [viz., for the year ending June 30, 1898, gross $111,079; net over operating expenses and taxes, $109,126.] Its earnings will be largely increased when completed to San Francisco and in receipt of the through business of the Atchison System.

The traffic of the Atchison System to and from points in California north of Mojave affords an important part of its revenue, having resulted during the fiscal year ending June 30, 1898, in gross receipts exceeding $1,500,000. This business should increase in future with the increase of business in Northern California and the development of Trans-Pacific commerce through San Francisco, and its volume will undoubtedly be materially promoted by an independent line to San Francisco through the fertile and highly cultivated San Joaquin Valley. Our Northern California traffic has heretofore been interchanged with the Southern Pacific at Mojave. Since the Atchison foreclosure no permanent arrangements have been consummated for the continuance of this interchange of traffic, and the adoption of measures whereby this business may be preserved to the Atchison System is a necessary requirement of the situation

If it shall be found necessary to construct a connecting link between Bakersfield and the Atchison System in California, means can be provided, either by using general mortgage bonds reserved for extension purposes, or by an issue of bonds upon the new line; but it is the expectation that such construction will not be required, as trackage rights over the existing line between Bakersfield and Mojave, 68 miles, can be obtained, and negotiations to that end are now in progress.

Your directors therefore strongly recommend the purchase of the outstanding stock of the San Francisco & San Joaquin Valley Railway at par, which represents the precise cost thereof to the present holders, without interest. Arrangements have been made insuring the delivery thereof in an amount carrying complete control of the property. The assets of the Atchison Company are sufficient to provide the funds required for this purpose, and its resources are ample to carry the plan to completion without affecting the payment of interest or dividends.—V. 67, p. 628, 635.

Baltimore & Annapolis Short Line RR.—*New Bonds.*—The stockholders will meet at the office of Alex. Brown & Sons, Baltimore, Md., on Nov. 3, 1898, to consider the question of issuing bonds to pay off the floating debt.

Braddock (Pa.) Electric Ry.—*Receivers.*—A. L. Sailor and William M. Brown have been made receivers of the property. The road is not in operation and has paid no interest since November, 1897, on its bonded debt of $40,000.

Brooklyn Wharf & Warehouse.—*Charges Reduced.*—The company has written a letter to the grain committee of the New York Produce Exchange agreeing to lighter its "grain on the same terms and conditions as the railroad companies now lighter theirs, on condition that the equilization charge on the railroad grain is abolished." A premium of ½ cent per bushel has been charged on grain stored in railroad elevators because such grain is entitled to free lighterage to ocean steamships. This arbitrary charge was abandoned recently by the grain committee The object is to reduce the port charges, so that New York may secure a larger proportion of the grain bound for shipment abroad. V. 66, p. 425.

Carolina Central RR.—*Readjustment Notice.*—More than four fifths of all the bondholders having assented to the agreement for readjustment of the debt, the plan, as already stated in this column, has been declared effective. Bondholders who have not deposited their bonds or signed the agreement are requested to do so by November first, after which date bonds can only be received subject to such conditions as the committee may fix.—V. 67, p. 735.

Central Transportation Co.—*Distribution.*—The shareholders are now receiving their $28 per share from assets and as a final distribution, it is thought, will get about 50 cents per share more.—V. 67, p. 176.

Central Vermont RR.—Central Vermont Ry.—*Bill to Incorporate Reorganized Company.*—Bills were introduced in the House and Senate at Burlington, Vt., this week, to incorporate the Central Vermont Railway Co. The new company will be organized under the terms of the modified plan of reorganization which was cited in V. 67, p. 785. It will issue $3,000,000 of capital stock, and is to embrace the Central Vermont, Missisquoi Valley, Burlington & Lamoille Valley Railways, and leases of the New London Northern and Montreal & Vermont Junction railways. The incorporators are:

E. C. Smith, D. D. Hanlett, Charles M. Hays, Charles Percy, W. Seward Webb, J. G. McCullough, Ezra H. Baker and Samuel Kilner.—V. 67, p. 735.

Chicago Burlington & Quincy RR.—*Bonds Converted into Stock.*—The company informs us that of the convertible bonds issued in 1890 and 1892, and aggregating $15,263,900, there have been converted into stock since the end of the late fiscal year $923,800, viz.: First series, $481,800; second series, $441,500. This is the first year that any of these bonds have been converted, the stock having at last reached a point where the exchange is considered advantageous. The conversion may be made at par at any time prior to Dec. 1, 1902, except when the books are closed. The terms of conversion were in the Investors' Supplement of Oct., 1896, page 5. The capital stock has been increased by the conversions to $82,926,100.—V. 67, p. 786.

Chicago Burlington & Quincy RR.—*New Chairman.*—The directors this week elected John L. Gardner Chairman of the board in place of the late John M. Forbes, and J. Malcolm Forbes was also elected a director.—V. 67, p. 786.

Chicago & West Michigan Ry.—*Coupons.*—The directors have voted to pay holders of coupons due Nov. 1, 1898, of Chicago & North Michigan RR. Co. on each $25 coupon, $20 in cash and $5 in 10 year coupon scrip of same form, and on same basis, as that heretofore issued.—V. 66, p. 1089.

Colfax Electric Ry. Co., Denver, Col.—*Foreclosure.*—Geo. E. Ross Lewin, trustee for the bondholders, has brought suit to foreclose the $150,000 mortgage of 1891. No interest has been paid since 1891.

Colorado Valley RR.—*Receiver.*—George G. Moore, Chief Engineer for the road, is quoted as saying that Mr. Sloan of the banking firm of Trammell & Co., Sweetwater, has been made receiver of the Colorado Valley Railway and intends to build the road on to San Angelo. An extension is also proposed via Wichita Falls to the northwest to connect with the Atchison Topeka & Santa Fe or the Rock Island at Sugden, I. T.—V. 65, p. 1219.

Columbus Sandusky & Hocking RR.—*New Committee.*—John G. Carlisle and Joseph F. Randolph of New York and Charles S. Hinchman of Philadelphia have been appointed a committee to represent bonds deposited with the North American Trust Co. The committee will issue its formal statement and bondholders' agreement within the next few days.—V. 67, p. 222.

Dallas Terminal Ry. & Union Depot.—*$800,000 New Bonds.*—We are officially informed that it is the purpose of the company to cancel by Jan. 1, 1899, the $80,000 bonds bearing 6 per cent now outstanding and to issue $800,000 5 per cent 30-year gold bonds, to cover the 31 miles of road to be built between Dallas and Fort Worth in addition to the present terminal property in Dallas. W. C. Connor is the company's President.

Denison & Northern Ry.—*Ordered Sold.*—United States Judge Townsend, sitting in chambers at Ardmore, I. T., Sept. 29, ordered that the assets of this partially-constructed road be sold by Special Master W. F. Bowman.—V. 63, p. 357.

Denver Leadville & Gunnison Ry.—Union Pacific Ry.—Union Pacific Denver & Gulf Ry.—*Sale Ratified.*—The holders of the Denver Leadville & Gunnison (Union Pacific) 4½ per cent bonds on Tuesday voted to ratify the agreement (V. 67, p. 730), providing for the sale of the property to the Union Pacific Denver & Gulf reorganization committee. Under the terms of the plan each $1,000 bond is to receive $650 in new Gulf first four per cents, $200 in new first preferred Gulf stock and $100 in second preferred.

Sale Nov. 18.—Preparatory to making the above transfer the road is advertised to be sold under foreclosure at West Denver, Col., on Nov. 18.—V. 67, p. 736, 748, 790, 802.

Edison Electric Illuminating Co. of Brooklyn.—*$2,000,000 Consols Sold.*—The $2,000,000 first consolidated mortgage 4 per cents offered last week at 93½ were over-subscribed. A description of the loan was in the Chronicle of Sept. 3, p. 482. The union of the Edison Company and the Kings County Electric Light & Power Co. has now been perfected, only about sixty shares of the Edison Company remaining unexchanged. The interest charges of the Edison Company, including the consolidated mortgage bonds now issued, will be $155,000 per annum. The net income for the calendar year 1897 of the Edison and Municipal companies applicable to charges was $487,000.

Bonds Called.—The Edison Company's existing first mortgage of $1,500,000, in accordance with the terms of the deed of trust, has been formally called for redemption on Oct. 1, 1900, at 110 and interest. The consolidated mortgage will then be a first lien upon all the properties of the company now owned or hereafter to be acquired.—V. 67, p. 736.

Federal Steel.—*On Unlisted Department.*—The common and preferred shares were placed this week on the unlisted department of the New York Stock Exchange.—V. 67, p. 788.

Great Northern Ry.—*No Action as to Stock.*—At the annual meeting this week the proposition to increase the company's capital stock to $75,000,000 to absorb the Manitoba road was discussed but not acted upon.—V. 67, p. 785, 788, 790.

Lake Erie & Western Ry.—*Regular Dividend Declared.*—*Earnings.*—Vice-President and General Manager Bradbury, in connection with the declaration of the regular dividend, said: "When the sale of the company's second mortgage bonds was completed last summer to liquidate bills payable and complete the purchase of certain securities, the entire floating debt of the company was funded. The balance-sheet of August 1 shows no floating debt whatever, and $239,000 cash on hand. The earnings and expenses (the latter partly estimated) for the nine months ending Sept. 30, 1898, were:

Gross.	*Net.*	*Charges.*	*Dividends.*	*Surplus*
$2,562,453	$1,032,786	$557,267	(3¾%) $444,000	$31,519

—V. 67, p. 788.

Purchase of Pittsburg & Western 2ds.—It is understood that the purchase last week of Pittsburg & Western second mortgage bonds by Messrs. Simon Borg & Co. was in the interest of Lake Erie & Western.—V. 67, p. 788.

New Haven (Conn.) Street Ry.—Fair Haven & Westville RR.—*Change of Control—Roads to Unite.*—The stockholders of the Fair Haven & Westville RR., one of the oldest street railway companies in the State, will vote Oct. 31 on a proposition to acquire control of the New Haven Street Ry. Co. The latter was organized in 1893, and by acquiring various small roads and building numerous extensions, has established an important system of street railways, embracing about 35 miles of track and reaching Fair Haven, Westville, Morris Cove, Light House Point, Cosy Beach, Lake Saltonstall, Mt. Carmel, etc. Its capital stock of $1,000,000 has paid 2½ per cent yearly for several years past. The terms of consolidation or purchase are not announced, but the intention is to merge the two properties under the control of the present managers of the New Haven Street Ry. This merger leaves the Winchester RR. Co., owning 22 miles of track, the only street railway company in the city not controlled by these interests. —V. 67, p. 320; V. 64, p. 134.

New York Air Brake.—*New Directors.*—Important changes in the board occurred this week, when new directors were elected, making the present incumbents as follows:

Hon. R. P. Flower; Anthony Brady, Jay C. Young, Thos. C. Purdy, George B. Massey; President, C. A. Starbuck; Vice-Prest., Daniel Magone; Secy. and Treas., John C. Thompson; Asst. Treas., H. A. Rogers.

Messrs. Brady and Flower were connected with the Walker Company, which was recently sold to the Westinghouse Electric & Manufacturing Co., and the inclination is to see in the present election indications of a closer relation with the Westinghouse Air-Brake Co.

New York Central & Hudson River RR.—*Quarterly.*—Earnings for the quarter ending September 30 were:

3 mo. end. Sept. 30.	Gross Earnings.	Net Earnings.	Fixed Charges.	Dividends.	Balance.
1898.....	$11,394,397	$5,467,182	$3,913,575	(1%) $1,000,000	$553,607
1897.....	12,278,948	4,891,336	3,190,294	(1%) 1,000,000	701,042

—V. 67, p. 737.

Ohio Southern Ry.—*Sold.*—The property was purchased at the foreclosure sale on Oct. 15 for $2,000,000, the upset price, by Judge Judson Harmon, representing the first mortgage bondholders' committee, William A. Read, of Vermilye & Co., Chairman. No other bid was received. No plan of reorganization will be issued at present.—V. 67, p. 372.

Omaha Street Ry.—*Redemption of Bonds.*—Notice is given that all of the 6 per cent bonds of 1886 will be redeemed Jan. 1, 1899, at the offices of Estabrook & Co., Boston and New York.

Pittsburg & Western Ry.—*Annual Statement.*—The report for the year ending June 30, 1898, as presented at the annual meeting this week, showed the largest gross earnings in the history of the road. The results compare as follows:

	1898.	1897.	1896.	1895.
Gross earnings.....	$3,221,406	$2,768,507	$3,091,302	$2,867,892
Net earnings.....	969,415	953,084	981,223	916,863

Sale of Bonds.—It is understood in well-informed circles that the purchase of second mortgage bonds mentioned last week was made by Lake Erie & Western interests and forms part of a plan not yet ready for public announcement.—V. 67, p. 789.

Richmond & Petersburg RR.—Petersburg RR.—Atlantic Coast Line RR. Co. of Virginia.—*Meeting Nov. 21 to vote on Consolidation.*—The stockholders of the Petersburg and the Richmond & Petersburg RR. companies will vote Nov. 21 upon the proposition to consolidate the properties under the corporate name of the Atlantic Coast Line RR. Co. of Virginia. A meeting for the same purpose was set for July 19, but adjourned without action.—V, 67, p. 178.

Richmond Petersburg & Carolina RR.—*Construction.*—Vice President and General-Manager J. S. Negley writes us as follows: "The first division south of Petersburg, Va., has been fully completed and will be operated at once. The work north and south of this division is now being placed under contract and will be speedily completed. Twenty (20) miles north of Ridgeway, N. C., has been graded, and the piers in the Roanoke River erected and in readiness for the superstructure. The entire line will now be completed without further delay." The road, which is supposed to be intended as a northern extension of the Seaboard & Roanoke, is projected from Ridgeway, N. C., via Petersburg to Richmond, Va., about 106 miles.

Rutland RR.—Delaware & Hudson Canal Co.—*Sale of Stock.*—The Delaware & Hudson Canal Co. has sold its holdings of the securities of the Rutland RR. Co. to Mr. P. W. Clement, the President of the latter company.

There is said to be no truth in the report that New York Central interests are associated with the purchase.—V. 67, p. 127,221.

Saginaw Consolidated Street Ry.—Union Street Ry.—*Sold.*—These properties were purchased at the foreclosure sale on Oct. 15 for $150,000 by Homer Loring, acting for the bondholders whose holdings have been deposited with the Boston Safe Deposit & Trust Co.—V. 67, p. 435.

St. Louis Peoria & Northern Ry.—Chicago Terminal & Transfer.—*Extension.—New Tenant.*—Arrangements, it is stated, have been made for the extension of the St. Louis Peoria & Northern by the construction of several important branches, including one to Chicago, where, as we learn in this city, terminal facilities have been secured from the Chicago Terminal Transfer RR. Co. The St. Louis Peoria & Northern is now in operation from St. Louis to Peoria, Ill., 164 miles. It is proposed to build a line from New Holland on the main line to Chicago, a distance of 140 miles, and to extend the road on the north from its present terminus at Peoria to Clinton, Iowa, 100 miles. Other branches contemplated will bring the total mileage of the system up to about 520 miles.—V. 66, p. 1002, 1188.

Santa Cruz (Cal.) Water Co.—*Foreclosure.*—A press despatch from San Francisco, Oct. 15, says that the Holland Trust Co. of New York has brought suit, in the United States Circuit Court against the City Water Co. of Santa Cruz and the City of Santa Cruz to foreclose a mortgage on all property of the Water Company and for an injunction restraining both defendants from handling said property. The amount involved is $103,000 with interest. The city bought the works Jan. 1, 1891.

Southern Railway.—*Additional Directors.*—At the fifth annual meeting this week the board was increased from nine to eleven members, the two additional directors being Messrs. Adrian Iselin, Jr., of A. Iselin & Co, and James T. Woodward, President of the Hanover National Bank.—V. 67, p. 427.

Southern States Lumber Co.—Southern States Land & Timber Co. Ltd.—*New Company Formed.*—The Southern States Lumber Co. has been organized to succeed to the property of the Southern States Land & Timber Co., sold under foreclosure. The capitalization of the new company is $700,000 stock and $685,000 bonds. The latter are secured by one mortgage, Knickerbocker Trust Co., trustee, but $514,000 of the bonds have preference as to interest and are six per cents: the remaining $171,000 bonds are sevens. All the old bondholders have assented to the reorganization and will get in addition to the securities allotted under the plan all the interest in arrears on their bonds, the surplus earnings in the hands of the receiver being sufficient for that purpose. —V. 65, p. 1072.

Southwest Missouri Electric Ry.—*Sale of Control.*—The local interests at Carthage, Mo., have sold their holdings in the company's stock to Eastern capitalists, who have elected the directors named below. The new Bailey branch into Galena is to be finished without delay.

A. H. Rogers, President, Joplin; E. Z. Wallower, K. G. Neisley, H. L. Hershey, E. S. Hermain, E. C. Felton, John E. Fox, W. J. Calder, Harrisburg, Pa; Felton Best, Philadelphia, J. F. Harrison, W. W. Calhou Carthage, Mo.

See Webb City in the STREET RAILWAY SUPPLEMENT.—V. 63, p. 407.

Streator (Ill.) Ry.—*Sold.*—This property was sold under foreclosure on Oct. 7 for $14,000 to C. S. Barr, of Streator, the principal bondholder.—V. 63, p. 970.

Syracuse Rapid Transit.—*Loan Enjoined.*—The company has been enjoined from borrowing $200,000 through certain of its directors and paying therefor the proposed bonus in stock and cash.—V. 67, p. 738.

Terre Haute & Logansport R.R.—*Foreclosure Sale Adjourned.*—The foreclosure sale of the Terre Haute & Logansport under the extension mortgage, which was set for October 20, has been adjourned for thirty days.—V. 67, p. 691.

Toledo St. Louis & Kansas City RR.—*Hearing on Appeal Postponed.*—The hearing on the appeal from the decree of foreclosure, which was to have been argued this month, has been postponed until the December term of the Court, there not being the requisite number of judges present at the October term.—V. 66, p. 1003.

Union Pacific Denver & Gulf Ry.—*Foreclosure Sale Nov. 19.*—The foreclosure sale is set for Nov. 19 at Pueblo. No bid will be accepted for the property embraced in the first mortgage of the Denver Texas & Gulf Ry. less than $1,500,000; for the property embraced in the first mortgage of the Denver Texas & Ft. Worth RR. less than $2,500,000; nor for the remaining property embraced in the consolidated mortgage of the Union Pacific Denver & Gulf Ry. Co. less than $5,250,000. For the property embraced in the consolidated mortgage, when offered for sale as an entirety, no bid will be received less than the sum of $9,000,000. Vol. 67, p. 738, 748.

Wilmington & Northern RR.—Reading Co.—*Sold.*—A controlling interest in the Wilmington & Northern has been acquired by or in the interest of the Philadelphia & Reading Ry. The W. & N., with its branches, embraces 88 miles of road and forms for the Reading a natural extension from the junction near Reading, Pa., to Wilmington, Del. The sale was currently reported last week as made to B. & O. interests, but the story was officially denied to the CHRONICLE.—V. 66, p. 950.

Westinghouse Air-Brake.—The company, it is stated, has formally taken over the plant and property of the Boyden Air-Brake Company, located in Baltimore.—V. 67, p. 691.

Reports and Documents.

SOUTHERN PACIFIC COMPANY.

PROPRIETARY AND LEASED LINES.

FOURTEENTH ANNUAL REPORT—FOR THE YEAR ENDING JUNE 30, 1898.

To the Stockholders: NEW YORK, August 24, 1898.

The President and Directors submit herewith their report of the property, earnings, expenses, assets and liabilities of the proprietary companies and leased lines constituting the Southern Pacific Company's lines for the year ending June 30, 1898.

I.—PROPERTIES AND MILEAGE.

The properties which constitute the Southern Pacific Lines, the miles of road and water lines owned or leased by them consisted on June 30, 1898, of the following mileage:

Divisions.	*Main Track.*	*Second Track.*	*Sidings.*	*Ferries.*	*River and Ocean Lines.*
PROPRIETARY LINES.					
Mileage of lines belonging to Companies the capital stock of which is principally owned by the Southern Pacific Company, and which are operated by the Southern Pacific Company under leases to it:

* Includes Southern Pacific RR. Company's line from Mojave, Cal., to the Needles, 242 51 miles, which is leased to September 1, 1979, to the Atchison Topeka & Santa Fe Railway Co.

The lines owned by each company are shown on Comptroller's table No. 1.

The changes in mileage and ownership since last report have been as follows:

Southern Pacific Railroad Company.—Under the laws of the State of California, the Southern Pacific Railroad Company, the Northern Railway Company, the Northern California Railway Company and the California Pacific Railroad Company, by articles of consolidation dated April 12, 1898, amalgamated and consolidated on April 14, 1898, their capital stocks, debts, properties, assets and franchises, vesting the same in a consolidated and amalgamated corporation, under the name and style of the *Southern Pacific Railroad Company.* The mileage consolidated by this Act aggregates 2,528·26 miles of main track and branches and 37·00 miles of second track. There was also added during the year to the mileage owned the following extensions: April 15th, Montalvo to Oxnard, 5·39 miles; May 1st, Pomona to Chino, 2 19 miles; May 11th, extensions at Riverside, 1·46 miles; May 11th, Salinas to Sugar Factory, 2 81 miles; total, 11·85 miles.

The remaining changes in mileage have occurred in the transfer of the mileage of the California Pacific (113·51 miles), which was reported under "Leased Lines" in the last annual report, to the mileage of "Proprietary Lines" this year, and in minor changes of distances, resulting from the reconstruction of lines or from other causes.

II.—OPERATIONS FOR THE YEAR.

The gross receipts and disbursements of the Southern Pacific Company in respect of its leased lines, and of proprietary companies in respect of lines not leased, and the other receipts and disbursements of the Southern Pacific Company and of all proprietary companies, are as follows:

RECEIPTS.	*This Year.*	*Last Year.*	*During the Year 1898.*	
			Increase.	*Decrease.*
Miles of rail lines—Proprietary, 5,357·11; leased, 2,014·98	7,371·98	7,357·10	14·88	
Gross receipts of proprietary companies, viz:				
Transportation receipts	$37,850,429 71	$33,488,479 22	$4,361,950 49	.....
Trackage and other rentals	317,735 01	534,243 64	.....	$216,508 63
Income from investments	40,690 05	75,702 00	.....	35,011 95
Interest on open accounts	381,840 37	382,591 40	.....	751 03
Earnings of sinking funds	151,528 33	125,245 00	26,283 33	.....
Miscellaneous receipts	106,26· 01	25,925 56	·0,341 45	.....
Total	$39,848,490 48	$34,632,186 82	$4,216,303 66	.....
Gross transportation and other receipts in respect of lines of the following Co's.:				
California Pacific RR. Co	.....	$1,248,025 72	.....	$1,248,025 72
Central Pacific RR. Co	$15,816,011 62	12,742,407 49	$3,073,604 13	.....

Total	$18,534,553 86	$15,426,470 41	$3,108,083 45	.....
Gross receipts of Southern Pacific Company from rents, investments and sources other than from net profits from the operation of leased lines	$1,094,454 20	$993,053 98	$101,400 22	.....
Total receipts	$58,477,498 54	$51,051,711 21	$7,425,787 33	.....

DISBURSEMENTS.	This Year.	Last Year.	During the Year 1898. Increase.	Decrease.
Expended for account of proprietary companies, viz.:				
Operating expenses	$24,001,802 09	$22,199,702 13	$1,802,099 96	
Taxes	942,864 07	884,534 74	58,329 33	
Trackage and other rentals	642,724 04	731,977 22	.....	$89,253 18
Interest on funded debt	8,253,840 30	7,866,584 04	387,256 26	
Interest on open accounts	180,734 24	220,868 47	.....	40,134 23
Sinking fund contributions and earnings	476,528 33	415,245 00	61,283 33	
General administration and miscellaneous expenses	33,065 53	74,807 32	.....	41,741 79
Land department expenses and taxes	83,586 95	63,269 23	20,317 72	
Total	$34,615,145 55	$32,456,988 15	$2,158,157 40	
Expended in respect of lines of the following companies:				
California Pacific RR. Co.	.....	$1,175,373 45	.....	$1,175,373 45
Central Pacific RR. Co.	$15,816,011 62	12,742,407 49	$3,073,604 13	
New Mexico & Arizona RR. Co.	217,628 43	.....	217,628 43	
Oregon & California RR. Co.	2,432,334 58	2,214,523 07	217,811 51	
Sonora Ry. Co.	509,236 90	.....	509,236 90	
Total	$18,975,211 53	$16,132,304 01	2,842,907 52	
Expenditures of Sou. Pac. Co. for insurance, taxes, interest and all other accounts except for deficits in the operation of leased lines	764,533 85	464,701 98	299,833 87	
Total disbursements	$54,354,895 93	$49,053,997 14	$5,300,898 79	
Balance	$4,122,602 61	$1,997,714 07	$2,124,888 54	
Betterments and additions	1,299,258 03	906,959 35	392,298 68	
Surplus over all disbursements	$2,823,344 58	$1,090,754 72	$1,732,589 86	

The disbursements include $324,483 35, advanced for account of the Oregon & California Railroad Company, which still remains due from the last-named company.

The expenditures for betterments and additions have this year been charged against the income account by the respective companies.

The return of commercial activity and prosperity throughout the country is reflected in the gratifying improvement of the company's earnings. Compared with the previous year, and, taking the operations of the California Pacific Railroad into the calculations for the purpose of comparison, the Proprietary Lines show an increase of $3,113,924 77, or 8·96 per cent, in gross earnings, and $2,487,198 26, or 21·89 per cent, in earnings over operating expenses. The gross earnings of the Atlantic Properties decreased over eleven hundred thousand dollars during the existence of the quarantine restrictions, from September 23 to November 15. Upon removal of these restrictions, however, this loss was rapidly recovered, and the year closed with a gain of $302,865 66 over the previous year.

The marked improvement of the general business situation in Oregon is manifested in the gross earnings of the Oregon & California Railroad, which increased $671,814 03, or 46·78 per cent. Earnings over operating expenses increased $466,943 38, or 149·09 per cent. The advances by the Southern Pacific Company for account of the year's operation were $324,483 35, against $809,610 12 in the previous year.

The gross earnings of the Central Pacific Railroad increased $3,126,637 54, or 24·74 per cent. A considerable part of this increase resulted from the exceptional conditions during the year, to wit, the quarantine restrictions on the Atlantic Properties, which interrupted through service via New Orleans, and which forced a large tonnage, which under normal conditions seeks the water lines and the low-grade routes, to the Northern lines, and the transportation of troops and Government stores during the war with Spain.

The operation of the New Mexico & Arizona and Sonora Railways resulted in a loss of $116,174 32 to this company. Serious washouts, particularly on the Sonora Railway and other much needed renewals on both lines, increased the expenses $75,645 06 over the amount expended the preceding year.

The receipts and disbursements in respect to the New Mexico and Arizona Railroad, and Sonora Railway, under temporary arrangement with the Atchison Topeka & Santa Fe Railway Company in contemplation of the consummation of a definite lease of these properties, appear in the income of the Southern Pacific Company, and not in any other statement in respect to the earnings or traffic or transportation operations of the other lines.

III.—CAPITAL ACCOUNT.

The changes in the capital account for the year ending June 30, 1898, have been as follows:

	Fixed interest-bearing bonds and debt.	Income mortgage bonds.	Capital Stock.
Outstanding June 30, 1897	$144,345,051 71	$6,354,000 00	$182,251,752 00
Issued or taken over during the year.			
Houston & Texas Central RR. 5-per-cent debenture bonds issued in exchange for consolidated and general mortgage debenture bonds extended	$550,000 00		
Southern Pacific RR. first consolidated 5-per-cent bonds of 1893, issued in paym't for new lines.	297,000 00		
Southern Pacific RR. first consolidated 5-per-cent bonds of 1893, issued in exchange for first mortgage five-per-cent bonds of 1888	378,000 00		
Bonds of California Pacific RR. Co., taken over under articles of amalgamation and consolidation, viz.:			
First mortgage 4½-per cent bonds	$2,232,000 00		
Second mortgage 4½-per cent bonds	1,515,000 00		
Third mortgage 6-per-cent bonds, Series A	1,998,500 00		
Third mortgage 3-per-cent bonds, Series B	1,000,000 00	6,823,500 00	
Southern Pacific RR., capital stock issued in payment of new lines	.....	.....	$423,400 00
Southern Pacific RR., capital stock issued under articles of amalgamation and consolidation for account of the following companies:			
California Pacific	$13,800,000 00		
Northern California Ry.	128,000 00		
Northern Ry.	14,830,400 00	.....	28,758,400 00
Total for the year	$8,050,500 00	.....	$29,181,800 00
Total	$152,395,551 71	$6,354,000 00	$211,433,552 00
Retired during the year.			
Houston & Texas Cent. RR. first mort. 5-per-cent bonds purchased and canceled	$196,000 00		
Hous. & Tex. Cent. RR. consolidated mort. debenture bonds retired and canceled	705,420 00		
Hous. & Tex. Cent. RR. general mort. debenture bonds retired and canceled	411,000 00	$1,312,420 00	
Southern Pacific RR. first consolidated 5-per-cent bonds of 1888, exchanged for first mortgage bonds of 1893	378,000 00		
Southern Pacific Branch Ry. first mortgage 6-per-cent bonds purchased and canceled	45,000 00		
Texas & New Orleans RR. first mortgage—main line—7 per-cent bonds purchased and canceled	23,000 00		
Texas & New Orleans RR., payment to State of Texas for account of school fund	7,530 47		
Capital stock retired under articles of amalgamation and consolidat'n South. Pac. RR Co., viz.:			
Northern California Ry.	.....	.....	$1,280,000 00
Northern Ry.	.....	.....	12,896,000 00
Total for the year	$1,765,050 47	.....	$14,176,000 00
Outstanding June 30, 1898	$150,629,601 24	$6,354,000 00	$197,257,552 00
Increase	$6,284,549 53	.....	$15,005,800 00

There were also purchased and canceled during the year, $71,000, face value, Southern Pacific Co. 6 per cent steamship bonds. The details of receipts and expenditures on capital account are shown on Controller's table No. 8; the funded debt and interest accruing thereon annually, on table No. 9

IV.—TRANSPORTATION EARNINGS AND EXPENSES.

The transportation earnings and expenses of the Proprietary Companies have been as follows:

	This Year.	Last Year.	During this Year. Increase.	Decrease.	Per cent.
Miles of road operated	5,357·11	5,243·16	113 94		
Earnings.	$	$	$	$	
Passenger	7,942,275 25	7,132,426 70	809,848 55	.....	11·35
Mail, express and baggage	1,320,331 02	1,228,713 69	103,617 33	.....	8·45
Freight	24,366,586 25	21,427,602 45	2,938,983 80	.....	13·72
Sleeping car and all other sources	1,856,811 67	1,408,869 74	447,941 93	.....	31·79
Total rail lines	35,485,004 19	31,194,612 58	4,300,391 61	.....	13·79
Steamships	2,355,425 52	2,293,866 64	61,558 88	.....	2·68
Total	37,850,429 71	33,488,479 22	4,361,950 49	.....	13·03
Operating Expenses.					
Maintenance of way and structures	4,323,609 52	4,329,869 78	.....	6,170 26	·14
Maintenance of equipment	3,649,146 58	3,447,688 97	201,457 61	.....	5·84
Conducting transportation	13,130,191 64	11,717,001 89	1,419,189 75	.....	12·11
General expenses	865,699 79	913,455 89	.....	47,756 10	5·23
Total rail lines	21,974,737 53	20,408,016 53	1,566,721 00	.....	7·68
Steamships	2,027,064 56	1,791,685 60	235,378 96	.....	13·14
Total	24,001,802 09	22,199,702 13	1,802,099 96	.....	8·12
Earnings over operating expenses	13,848,627 62	11,288,777 09	2,559,850 53	.....	22·68

The traffic moved over all the company's lines, proprietary and leased, exceeded that of any previous year in the history of the company. There were carried passengers and freight, viz.:

Number of through and local passengers	7,817,877
Number of ferry-suburban passengers	14,099,698
Total, this year	21,917,575
Total, last year	20,840,591
Increase	1,070,984
Number of passengers carried one mile, this year	692,412,642
Number of passengers carried one mile, last year	591,445,414
Increase	100,967,228

Number of passengers carried increased 5·14 per cent and passengers carried one mile 17·07 per cent. The average receipts per passenger per mile were 1·898 cents, against 1·999 cents last year—a decrease of ·101 cents or 5·05 per cent.

Tons of commercial freight carried this year	10,785,515
Tons of commercial freight carried last year	9,305,269
Increase	1,480,246
Tons of commercial freight carried one mile this year	3,343,513,715
Tons of commercial freight carried one mile last year	2,593,616,071
Increase	749,897,644

Number of tons carried increased 15·90 per cent and tons carried one mile 28·91 per cent. The average receipts per ton per mile were 1·008 cents, against 1·126 cents last year—a decrease of ·118 cents, or 10·48 per cent.

In addition to the above tonnage there were carried 393,140,630 ton miles of company freight and 12,309,433 ton miles transferred across the Mississippi River at New Orleans and traffic of The Direct Navigation Company, making a total of 8,748,992,778 ton miles for the year.

The operating expenses of the rail lines have absorbed 61·91 per cent of the gross earnings, against 65·42 per cent in 1897, and the steamships 86·06 per cent of their gross earnings against 78·11 in 1897.

Maintenance of Way and Structures.—Included in these expenditures is the cost of the following improvements:

On the lines east of El Paso: For raising levees, rebuilding seven miles of roadbed and track washed out between Sabine Pass and Taylor's Bayou, and washout protection on El Paso Division	$20,009 13
Change of line at Altoda and near Maxon	4,558 92
Reinforcing 8,026 lineal feet of timber trestling with third stringers and iron superstructure over bridge at Devil's River	13,391 36
And on the lines west of El Paso: Change of line Railroad Pass, Dragoon Pass and between Soledad and Santa Margarita	49,001 22
Filling in 3,300 lineal feet of trestling and steel girder bridge at Willow Creek	10,027 24

Maintenance of Equipment.—These expenses include the cost of replacing the following equipment worn out, destroyed or sold:

14 locomotives, 1 baggage, mail and express, 2 combined passenger and baggage, 1 passenger, 3 postal, 2 first-class sleeping cars, 4 tourist, 691 freight cars of all classes, and 10 road-service cars	$351,761 95
Also for applying air-brakes to 12 freight cars and automatic couplers to 4,787 freight cars	100,056 60

The rolling stock equipped at the close of the year with safety appliances in accordance with the Act of Congress in respect thereto is as follows:

	Number.	Per cent of total owned.
Locomotives equipped with driver-brakes	708	96·20
Freight cars equipped with air-brakes	14,923	75·09
Freight cars equipped with automatic couplers	14,686	73·86

The steamer "Octavia" was condemned during the year and replaced by the "Ratoon."

Conducting Transportation.—The careful attention given by the management to the loading of cars and tonnage rating of locomotives has enabled the company to move the large increase in traffic above referred to with an increase in expenses of only 12·11 per cent. The mileage and traffic moved on the respective statistical divisions has been as follows:

	Pacific System. Amount.	Per cent Increase.	Per cent Decrease.	Atlantic Properties. Amount.	Per cent Increase.	Per cent Decrease.	Houston & Texas Central Lines. Amount.	Per cent Increase.	Per cent Decrease.
Passenger service:									
Revenue train miles	7,918,437	3·51	.....	1,682,363	.....	7·80	911,639	1·03	.....
Car miles	48,447,254	14·35	.....	10,272,828	.....	2·58	4,796,140	5·45	.....
Passenger miles	587,900,575	21·17	.....	74,631,552	.....	5·19	29,874,515	8·57	.....
Freight service:									
Freight train miles	9,101,390	31·51	.....	4,754,336	2·65	.....	1,251,971	.....	3·86
Car miles	209,022,981	36·76	.....	107,796,410	11·30	...	26,542,165	.....	4·77
Ton miles	2,340,020,092	30·37	.....	1,181,225,774	18·68	.....	225,417,509	.....	1·41
Average tons per car	15·04	3·51	.....	15·75	4·80	.....	12·99	·54	.....
Average tons per train	255·90	7·14	.....	248·45	17·50	.....	180·05	2·55	.....

The ferry steamers at New Orleans transferred 107,022 loaded and empty cars. The average number of cars transferred per trip was 7·85 and the average cost per car 71 cents.

V.—GENERAL REMARKS.

Summarizing the transactions for the year ending June 30, 1898, the results have been as follows:

Gross receipts of proprietary companies	$38,848,490 48	
Gross receipts of other lines	18,534,553 86	
Gross receipts of Southern Pacific Company	1,094,454 20	
		$58,477,498 54
Operating expenses of proprietary lines, (including $351,761 95 for replacement of equipment and $100,956 60 for equipping rolling stock with safety appliances) taxes, interest, sinking fund contributions and all fixed charges	$34,615,145 55	
Operating expenses and other expenses for account of other lines, including $324,483 35 advanced for account of Oregon & California Railroad	18,975,211 53	
Expenditures of Southern Pacific Company	764,538 85	54,354,895 93
Balance		$4,122,602 61
Expenditures for betterments and additions charged to income account		1,299,258 03
Surplus over all charges		$2,823,344 58

The expenditures on capital account of the proprietary companies have been as follows:

Construction of lines in Louisiana and California	$2,140,644 39
Real estate, rolling stock and other additional property acquired	708,397 90
Cost of California Pacific Railroad, Northern Railway and Northern California Railway	22,483,396 01
Total expenditures on capital account	$25,332,438 30

This has been provided for as follows:

Capital stock issued under articles of amalgamation of California Pacific Railroad, Northern California Railway and Northern Railway	$14,582,400 00
Capital stock issued in payment of new lines	423,400 00
Bonds of California Pacific Railroad Co. taken over	6,825,500 00
Bonds of other companies issued for account of property acquired	297,000 00
Total	$22,128,300 00
Balance	$3,204,138 30
There was retired from the outstanding capital during the year, after deducting bonds exchanged or extended, face-value bonds to the amount of	830,000 00

There were added to the equipment during the year and charged against the fund for replacement of rolling stock: 6 baggage, mail and express, 1 business, 2 combined baggage and passenger, 3 postal, 912 freight cars of all classes, and 12 road service cars; also 19 box, 15 refrigerator and 4 tank cars charged against the income account and 20 first-class passenger, 4 postal, 100 stock, 2 pit and 102 Rogers' ballast cars charged to capital account. The unexpended balance to the credit of the fund for replacement of rolling stock at the close of the year amounted to $208,031 98.

There was treated at the several wood preserving plants of the company the following material:

Creosoted—Piling, lineal feet	452,389
" —Lumber, B. M.	6,258,508
Burnettized—Cross ties, Number	1,160,714
" —Lumber, B. M.	297,660

The economies resulting from the large annual output of these plants has been referred to in previous reports. The improvement in the physical condition of the roadbed, track and bridges, is summarized in table No. 16 in the Controller's report.

The employes' hospital service has been maintained with as satisfactory results as in the past. There were treated during the year in the hospital, offices and homes, 25,944 patients of the Pacific System lines, and 8,461 patients of the lines of the Atlantic Properties. On the Pacific System the receipts exceeded the expenses by $11,877 30, and on the Atlantic Properties there was a loss of $5,043 75, which was charged against the income of the year. The increasing demands upon this branch of the Company's service from the Company's employes on the Pacific System lines prompted the Company to purchase a suitable site in San Francisco for a hospital building and proceed with the erection of a building adequate for its needs and appointed with the best appliances and facilities for the treatment of its patients.

The Board regrets to announce the death during the year of four of its esteemed and valued officers, each of whom had spent the greater part of his business life in the service of these interests. Mr. Charles F. Smurr, Freight Traffic Manager, on October 31, 1897, after a service of twenty-five years. Mr. Richard Gray, General Traffic Manager, on January 7, 1898, after a service of twenty-four years. Mr. A. D. Wilder, Superintendent of the Western Division, on February 14, 1898, after a service of thirty years; and Mr. J. G. Schriever, Vice-President Morgan's Louisiana & Texas Railroad & Steamship Co., and Traffic Manager at New Orleans, La., on March 16, 1898, after a service of thirty-two years in these interests. The experience gained by these gentlemen in their long connection with these interests will be greatly missed, and the ability and fidelity which each brought to bear in the administration of the interests committed to him make it especially appropriate that the Board should express their sense of the deep loss to the Company.

The Board acknowledges its appreciation of the loyalty and devotion which its officers and employes—from the highest to the lowest—have manifested in the discharge of their respective duties, and it fully recognizes the fact that their fidelity and personal pride in the efficiency of these properties have contributed very much towards bringing them up to their present high standard.

Respectfully,

C. P. HUNTINGTON,
President.

INCOME ACCOUNT—SOUTHERN PACIFIC COMPANY.

EXPENDITURES.		
Operating expenses, taxes, interest and all other disbursements for account of the following "Proprietary Lines," which are an obligation of the Southern Pacific Company under the terms of the respective leases:

Add for—		
Other Income and Interest	$457,331 34	
Net Receipts of B. & M. RR. in Nebraska and H. & St J. RR. Land Departments for the year	76,829 95	
		534,161 29
Total net Receipts		$15,523,437 58

Charges have been:

Interest on Bonds	$8,251,466 00	
Rent of Tracks and Depots	410,566 35	
Sinking Funds	778,612 25	
		9,440,644 60
		$6,082,792 98

Dividends have been paid as follows:

September 15, 1897, 1 per cent	$820,028 00	
December 15, 1897, 1 per cent	820,028 00	
March 15, 1898, 1¼ per cent	1,025,035 00	
June 15, 1898, 1¼ per cent	1,025,035 00	
		3,690,126 00
		$2,392,666 98
From which the Directors have carried to "Renewal Fund" the sum of		1,000,000 00
Surplus for the year		$1,392,666 98

1897-8 COMPARED WITH 1896-7.

Gross Earnings from Operating in 1897-8		$42,800,162 33
In 1896-7		35,526,186 49
Increase in 1897-8		$7,273,975 84
Operating Expenses and Taxes in 1897-8		$27,810,886 04
In 1896-7		22,661,768 96
Increase in 1897-8		$5,149,117 08
Net Earnings from Operating in 1897-8		$14,989,276 29
In 1896-7		12,864,417 53
Increase in 1897-8		$2,124,858 76
Percentage of Operating Expenses (including Taxes) to Gross Earnings in 1897-8		64·98
In 1896-7		63·79
Increase in 1897-8		1·19
Total number of Passengers carried one mile in 1897-8, exclusive of Free Mileage		362,302,510
In 1896-7		316,021,501
Increase in 1897-8		46,281,009
Gross Earnings from Passengers in 1897-8		$8,153,042 17
In 1896-7		7,226,265 76
Increase in 1897-8		$926,776 41
Gross Earnings per Passenger per mile in 1897-8		2·23 cents.
In 1896-97		2·27 "
Decrease in 1897-8		0·04 cents.
Miles run by Passenger Trains in 1897-8 (standard (gauge)		10,424,510
In 1896-7		10,103,666
Increase in 1897-8		320,844
Miles run by Passenger Trains per mile of road operated, In 1897-8 (standard gauge)		1,452
In 1896-7		1,407
Increase 1897-8		45
Total number of Tons of Freight carried one mile in 1897-8		3,295,586,072
In 1896-7		2,750,736,618
Increase in 1897-8		544,849,454
Gross Earnings from Freight in 1897-8		$30,543,639 88
in 1896-7		24,007,347 64
Increase in 1897-8		$6,536,292 24

* A statement of Earnings and Expenses for the six months ended June 30, 1897, will be found on pp. 59-60 of pamphlet.

Gross Earnings per ton per mile in 1897-8	0·919 cents.
In 1896-7	0·867 "
Increase in 1897-8	0·052 cents.
Miles run by Freight Trains in 1897-8 (standard gauge)	18,849,775
In 1896-7	15,915,267
Increase in 1897-8	2,934,508
Miles run by Freight Trains per mile of road operated in 1897-8 (standard gauge)	2,625
In 1896-7	2,217
Increase in 1897-8	408

NOTE.—The Earnings and Expenses of all roads owned or controlled by the C. B. & Q. RR. Co. are included above; but the tons and passengers carried one mile do not include those of the narrow-gauge roads, for which no such statistics are kept. In figuring the earnings per ton and per passenger per mile, the freight and passenger earnings of the narrow-gauge roads have therefore been excluded.

CAPITAL STOCK.

The Capital Stock of the Chicago Burlington & Quincy Railroad Company, in which there has been no change since the date of last report is $82,002,800 00

Capital Stock of the Burlington & Missouri River RR. Co. (Iowa) outstanding on June 30, 1898, was 1,400 00

Aggregate of Capital Stock on June 30, 1898 ..... $82,004,200 00

NOTE.—The C. B. & Q. RR. Co. owns and holds in its treasury almost all of the capital stock of the railroad companies controlled by it. For a detailed statement of the amount of such stock outstanding and the amount owned by the C. B. & Q. See page 52 of pamphlet report.

FUNDED DEBT.

The Funded Debt of the Chicago Burlington & Quincy RR. Co. on December 31, 1896 was $128,829,900 00

There were issued during the eighteen months ended June 30, 1898, Bonds as follows:

C. B. & Q. Consolidated Mortgage 7 per cent Bonds of 1903 issued for Scrip surrendered	$2,000 00	
C. B. & Q. Iowa Division 4 per cent Bonds of 1919 sold	207,000 00	
B. & M. R. RR. in Nebr. Consolidated Mortgage 6 per cent Bonds of 1918 sold	547,000 00	
	$756,000 00	

The reductions during the eighteen months were as follows:

Bond Scrip exchanged for C. B. & Q. Consolidated Mortgage 7 per cent Bonds of 1903 and canceled	$2,000 00	
Purchased for Sinking Funds and canceled:		
C. B. & Q. 4 per cent Bonds of 1919 (Iowa Division)	228,000 00	
C. B. & Q. 4 per cent Bonds of 1927 (Nebraska Extension	620,000 00	
		850,000 00
Net Decrease of Funded Debt during the eighteen months		94,000 00
Total Funded Debt of the C. B. & Q. RR. Co. on June 30, 1898		$128,735,900 00
Outstanding Funded Debt of controlled railroad companies on December 31, 1896 (being the amount not owned by the C. B. & Q. RR. Co.), was		$24,259,000 00

The reductions during the eighteen months for bonds purchased and canceled were as follows:

Tarkio Valley First Mortgage 7 per cent bonds of 1920	$11,000 00	
Nodaway Valley First Mortgage 7 per cent bonds of 1920	10,000 00	
C. B. & N. First Mortgage 5 per cent bonds of 1926	93,500 00	
Decrease during the eighteen months	$114,500 00	
Total outstanding Funded Debt of Controlled Railroad Companies on June 30, 1898		24,144,500 00
Total outstanding Funded Debt of the *whole system* on June 30, 1898		$152,880,400 00

For detailed statements of which see pages 38 to 51 of pamphlet.

LENGTH OF ROAD.

	Miles.
The number of miles of Road owned and leased by the Company, including all Branches, on Dec. 31, 1896, was	5,652·62
Add, for mileage leased and operated jointly with other Companies and Roads for which a fixed yearly rental is paid	207·23
Total number of miles operated by the Company, December 31, 1896, as stated in the last Annual Report	5,859·85
Less decrease on account of changes in tracks at Omaha, Neb.	0·15
Total number of miles operated by Company, June 30, 1898	5,859·70

DIVIDED AS FOLLOWS:

	Miles.	
Number of miles of road owned and leased by the Company, including all Branches	5,652·47	
Number of miles of leased road operated jointly with other Companies, and that for which a fixed yearly rental is paid	207 23	
		5,859·70
Number of miles of standard gauge road operated by railroad companies controlled by the C. B. & Q. RR. Co. on June 30, 1898		1,438·99
Total		7,298·69

Brought forward	7,295 69
From which should be deducted for mileage operated jointly by two or more companies in the system, and which is therefore duplicated above	118·72
Making the total standard gauge mileage operated by the whole System on June 30, 1898	7,179·97
The average number of miles operated by the System during 1897-8 was	7,179·97

NOTE.—For details of the above mileage, see pages 53 to 58. In addition to the above standard gauge mileage, the Chicago Burlington & Quincy RR. Co. controls 178·60 miles of narrow-gauge road.

LENGTH OF SECOND TRACK.

CHICAGO BURLINGTON & QUINCY RAILROAD CO.

The number of miles of Second Track on June 30, 1898, was:

	Miles.
In Illinois	204·01
In Iowa	88·61
In Nebraska	4·75
Total	297·37

STANDARD GAUGE CONTROLLED ROADS.

In Missouri 31-100 miles of Second Track was added during the year.

Length of Second Track on standard gauge controlled roads, June 30, 1898, was	26·28
Total	323·65

CONSTRUCTION AND EQUIPMENT.

EXPENDITURES.

There was expended for Construction during the eighteen months ended June 30, 1898, on the Chicago Burlington & Quincy Railroad and Branches in Illinois and Iowa:

For Undercrossing, La Grange, Ill.	$20,589 42	
For New Terminal Facilities, Quincy, Ill., including Land and Tracks	206,749 76	
For Track Elevation, Chicago	5,545 68	
For Elevation of St. Charles Air Line, including Land and Tracks	18,986 09	
For New Freight House, Chicago, including Land and Tracks	44,282 18	
For Land, Chicago	54,830 02	
For Land and Right of Way	15,248 78	
For New Tracks	22,325 16	
For New Buildings	11,195 05	
For Electric-Light Plant, West Burlington Shops	5,302 11	
	$405,054 25	
Less Miscellaneous Credits	4,420 78	$400,633 47

On the Burlington and Missouri River Railroad in Nebraska and Branches:

For Land and Right of Way	$14,169 31	
For New Fences	23,92[illegible] 70	
For New Buildings and Water Works	28,345 25	
For New Side Tracks	31,753 40	
For New Bridging	41,134 09	
For New Ballast	71,077 69	
For New Depot at Omaha, including Land and Tracks	457,078 14	
For Permanent Improvement of Roadbed, Atchison & Nebraska RR	9,790 22	
For Miscellaneous Construction	22 44	
		677,296 24
		$1,077,[illegible]29 71
Deduct for excess of Premium over Discount on Bonds sold, and excess of Discount over Premium on Bonds purchased for Sinking Funds and canceled		31,30[illegible] 32
Net amount charged Construction Account during the eighteen months was		$1,046,622 39
The cost of Shop Tools and Air Brakes paid for during the eighteen months and charged Equipment Account was		29,157 78
Net amount charged Construction and Equipment Accounts during the eighteen months was		$1,075,780 15

There was expended for Construction during the eighteen months on the standard gauge roads controlled by the Chicago Burlington & Quincy Railroad Company:

For New Ballast	$87,185 86	
For New Tracks	69,010 58	
For New Bridging	7,940 90	
For New Buildings	4,369 02	
For New Fencing	314 11	
	$168,520 47	
Less Credits for amounts refunded in condemnation cases and other small items	91,796 20	
Net amount charged to Construction Account in the eighteen months was		$76,724 27
The cost of Cars, Shop Tools and Air Brakes paid for during the eighteen months and charged Equipment Account was		6,589 96
Net amount charged Construction and Equipment Accounts during the eighteen months was		$83,314 23

There was expended for Construction during the eighteen months on the narrow gauge roads controlled by the Chicago Burlington & Quincy Railroad Company:

For New Side Tracks	$3,501 75	
For New Buildings	331 86	
For New Fencing	994 10	
	$4,827 71	
Less credits for Land sold	193 15	
Net amount charged Construction Account during the eighteen months was		$4,634 56
The cost of Cars and Air Brakes paid for during the eighteen months and charged Equipment Account was		15,066 71
Net amount charged Construction and Equipment Accounts during the eighteen months was		$19,701 27

EQUIPMENT

No new cars or engines were charged in Equipment Account of the Chicago Burlington & Quincy Railroad Company during the eighteen months ended June 30, 1898.

The Equipment on June 30, 1898, is as follows:

Engines	891
Passenger and Combination Cars (1)	552
Baggage, Mail and Express Cars (1)	188
Dining Cars	10
Officers' and Pay Cars (1)	13
Way Cars	899
Boarding Cars (2)	16
Wrecking Cars	9
Box and Stock Cars (2)	24,991
Coal, Flat and Ore Cars	6,910

NOTE.—(1) One Passenger Car changed to a Baggage and Mail Car, and three changed to Officers' Cars. (2) One Box Car changed to a Boarding Car.

There was added during the eighteen months to the equipment of the standard gauge railroad companies controlled by the Chicago Burlington & Quincy Railroad Company:

Combination Cars	1

The Equipment on June 30, 1898, is as follows:

Engines	214
Passenger and Combination Cars (1)	104
Baggage, Mail and Express Cars (1)	51
Dining Cars	4
Officers' and Pay Cars	5
Way Cars	110
Boarding Cars	2
Wrecking Cars	6
Box and Stock Cars (2)	5,416
Flat and Coal Cars (2)	1,626

NOTE.—(1) Five Passenger and Combination Cars changed to Baggage, Mail and Express Cars, and one new Passenger Car added. (2) One Stock Car changed to a Coal Car and one Coal Car omitted from 1896 report.

There were added during the eighteen months to the Equipment of the narrow gauge railroad companies controlled by the Chicago Burlington & Quincy Railroad Company:

Ore Cars	9

The Equipment on June 30, 1898, is as follows:

Engines	18
Passenger and Combination Cars	17
Baggage, Mail and Express Cars	3
Way Cars	2
Wrecking Cars	3
Box and Stock Cars	316
Flat, Coal, and Ore Cars	273

GENERAL REMARKS.

The actual length of standard gauge road operated by the Chicago Burlington and Quincy Railroad Company and controlled companies on June 30, 1898, was 7,180 miles, the same as on December 31, 1896.

The average number of miles of standard gauge road operated by the Chicago Burlington & Quincy Railroad Company and controlled companies in 1897-8 was 7,180 miles, the same as in 1896-7. The gross earnings per mile of road operated were $5,061 02 in 1897-8, against $4,947 94 in 1896-7. The operating expenses, including taxes, per mile, in 1897-8, were $3,873 38, against $3,156 24 in 1896-7. The percentage of operating expenses, including taxes, to gross earnings, in 1897-8, was 64·98 against 63·79 per cent in 1896-7.

The number of tons moved one mile on the standard gauge road increased 19 81-100 per cent as compared with 1896-7, while freight earnings increased 23 06-100 per cent. Passengers carried one mile increased 14 64-100 per cent, while passenger earnings increased 12 82-100 per cent. The percentage of operating expenses to gross earnings increased 1 19-100 per cent

Sinking Funds have increased during the year $1,344,382 09, of which sum $778,612 25 was paid directly from the earnings of the year, and the remainder $565,769 84 was the accumulation of interest on bonds held in the funds. This Sinking Fund increase was used in purchasing $1,342,600 bonds, of which $529,000 bonds were canceled and $813,600 remain uncanceled in the Sinking Fund investments.

For further details relating to the affairs of the company, reference is made to the Report of the Treasurer and following statements. By order of the Board of Directors,

CHARLES E. PERKINS, *President.*

WESTERN NEW YORK & PENNSYLVANIA RAILWAY CO.

FOURTH ANNUAL REPORT—FOR THE YEAR ENDING JUNE 30, 1898.

To the Stockholders of the Western New York & Pennsylvania Ry. Company:

Your Board of Directors submits the following report of the operation of your road for the fiscal year ending June 30, 1898:

Details as to the financial condition of your Company will be found in the Auditor's Report, and the General Superintendent's Report gives the details as to operation and as to the physical improvements made.

The funded debt remains unchanged.

INCOME ACCOUNT.

Gross Earnings.....		$3,245,937 53
Operating Expenses.....		2,142,803 52
Net Earnings.....		$1,103,134 01
Interest, Discounts and Commissions.....		8,390 47
Total		$1,111,524 48
Deductions from Net Earnings as follows:		
Interest on First Mortgage Bonds, W. N. Y. & P. RR. Co.....	$499,500 00	
Interest on General Mortgage Bonds, W. N Y. & P. Ry. Co.....	300,000 00	
Interest on Real Estate Mortgages.....	15,556 00	
Interest on Equipment Notes.....	5,889 54	
Taxes.....	100,070 28	921,015 82
Net Income to Profit and Loss Account.....		$190,508 66

Compared with the fiscal year which ended June 30, 1897.

The Gross Earnings *increased* 9·85 per cent.....	$291,163 46
The Operating Expenses *increased* 4·88 per cent.....	99,857 56
The Net Earnings *increased* 20 98 per cent.....	191,305 90
Net Earnings for 1897, after deducting only Operating Expenses, were.....	911,828 11
Net Earnings for 1898, after deducting only Operating Expenses, are	1,103,134 01
An increase of.....	$191,305 90
In 1897 the Net Income, after deducting Bond Interest, Taxes, Interest on Real Estate Mortgages and on Equipment Notes, was.....	$126,249 95
In 1898 the Net Income, after making the same deductions, is	190,508 66
An increase of.....	$64,258 71
Inasmuch as the Bond Interest on the General Mortgage Bonds in 1898 was $300,000, as against $225,000 in 1897, an increase of $75,000, and, further, as our assessment for taxes was, because of a higher rate, $9,994 05 greater than in 1897, the *increase* of $64,258 71 should, for the *purpose of comparison* with last year, be stated at.....	$149,252 76

As a result of the revival in business which began in the summer of 1897, the number of tons carried increased from 3,618,853 in 1897, to 4,327,776 in 1898, a gain of 708,923 tons or 19·59 per cent, but the average freight rate declined from 5·121 mills in 1897, to 4·724 mills in 1898, a *decrease* of ·395 mills per ton per mile, which, upon the ton mileage of 507,744,667 for 1898, amounts to $200,440 64.

Had we received the same rate per ton per mile in 1898 as in 1897 the net revenue of your Company in 1898, after deducting all fixed charges, would have shown in comparison with the net revenue for 1897 an increase of $390,949 30, instead of $190,5 8 66. It will be seen, therefore, that because of the low rates prevailing, your Company did not derive the advantage it should have received from its creditable increase in traffic.

It should be a matter for congratulation that, notwithstanding this decrease in rate, the increase in tonnage coupled with a decrease in Operating E xpenses (and this without permitting any deterioration of the physical condition of your property) has enabled us to show such a creditable increase in Net Income.

We have no bills payable except those heretofore issued for new equipment, and which mature monthly as follows :

In the calendar year	1894	$41,757 24
" "	1899	62,976 25
		$104,733 49

Memorandum.—In our previous report these notes amounted to	$133,935 88
Of which there have been paid	31,792 08
Leaving a balance of	$102,193 80
To which should be added notes issued for interest for extension of payment on part of above equipment obligations, amounting to	2,539 69
	$104,733 49

On page 36 [pamphlet] is stated the items of expenditure for Betterments, amounting to $30,973 24 for improvements to road, new buildings, etc., and to $34,226 28 for improvements to rolling stock, aggregating $95,199 52, as against $87,397 01 so expended in 1897.

The above Betterments have all been charged to Operating Expenses.

The large steel viaduct of 1,742 feet, at Silver Creek, on our Pittsburg Division, the erection of which was referred to in the report for 1897 is substantially completed. When completed this structure will have cost, in round figures, $36,000, including masonry foundations. The major portion of this cost has been paid and included in Operating Expenses.

The new office building at Babcock Street, Buffalo, for the Superintendent of the Buffalo and Rochester Divisions, has been erected, and the better accommodation obtained has greatly facilitated our business. It cost $7,847 93. A new station costing $861 51 has been erected at Jamison Road ; also one at Struthers, costing $1,267 81. A new water tank costing $1,192 96 was built at Brocton. Real Estate was purchased during the year and charged to cost of Road, Franchises and Property, amounting to $4,712 00, of which $3,000 was for right-of-way at Newcastle, and the balance for land at Bradford, East Aurora and Riverside Junction

Cost of Road, Franchises and Property received credit for $30,500, realized from the sale of old rail and fixtures off the Narrow Gauge road.

We have laid 1,086 tons of new 80 lb. steel rail, covering 8·63 miles, on the Buffalo Division; and 2,105 tons of new 67-lb. steel rail covering 20·04 miles, on the Pittsburg and River Divisions. We have laid 43,991 cubic yards of first-class ballast as against 42,191 cubic yards laid in 1897. We have placed 179,997 ties (mostly white oak) as against 175,-313 in 1897.

Our expenditures on Freight cars increased $55,394 31, a portion of this increase being due to the greater number of air brakes and automatic couplers applied, and to the rebuilding of ten new box cars of 60,000 lbs. capacity to replace others worn out and destroyed. The condition of our Freight cars has been improved by reason of these heavy expenditures. During this year,

136 Box cars were equipped with Air-brakes.
82 Gondola cars were " " "
2 Locomotives " " "
539 Freight cars " " " Automatic Couplers.
2 Locomotives " " " " "

There remain of Standard Gauge equipment:
4 Switching engines requiring driving wheel brakes.
6 Engines requiring Air-brakes.
7,183 Cars in freight service requiring Air-brakes.
32 " Company's " " "
1 Passenger car requiring Automatic Couplers.
1,368 Cars in freight service requiring Automatic Couplers.
26 " Company's " " "
9 Locomotives requiring Automatic Couplers.

The entire cost of adding the above Air-brakes and Couplers, including the labor of applying them, will be, in round figures, $464,000. Of this amount about $28,000 is for Couplers and $436,000 for Air-brakes. To meet the requirements of the laws now in force in the State of New York all of our equipment must be equipped with Air-brakes by January 1, 1903, and with Automatic Couplers by January 1, 1900.

Passenger Equipment : The repairs made during the year have been sufficient to maintain it in average good condition but some of this equipment is of a type that should be replaced by new and more modern coaches.

Motive Power : The conditions of locomotives in service has been slightly improved, as will be seen by reference to detailed statement on page 40 [pamphlet].

Passenger Traffic : There was a decrease in number of local passengers carried of 45,230 and an increase in the number of through passengers of 7,790—a net decrease of 37,440 – but the average number of miles traveled per passenger was 25 in 1898, as against 23 in 1897, and this gain in distance traveled was sufficient to secure an increase in our passenger earnings of $9,468 48.

This increase in revenue is almost entirely from through business, which was quite heavy because of the Grand Army Encampment held at Buffalo, in August, 1897.

The law recently passed by the State of New York requiring the sale of mileage books for 500 miles at the rate of two cents per mile resulted in a more general use of mileage books for local traffic and a consequent reduction in our revenue.

The above refers only to earnings from passengers carried. In 1897 our net income from passenger *train service* was $256,999 53. In 1898 it is $273,175 07, an increase—including the $9,468 48 given above—of $16,175 54.

Freight Traffic : Our total tonnage increased 708,923 tons, or nearly 20 per cent. In only one article of traffic, viz., Refined Oil, was there any decrease. The percentage of increase is, respectively, as follows :

	Per cent.		Per cent.
Iron Ore	442	Stone and lime	21
Iron	66	Lumber	12
Crude Oil	54	Anthracite coal	10
Ice	54	Merchandise	3
Live stock	25	Bark	2
Bituminous coal	24	Salt	2½
Hay and grain	23		

There has been an almost continuous decrease in the average freight rate from 10 65 mills per ton per mile in 1883 (the year of the consolidation of the several roads comprising your property) to 4·77 mills in 1898—a reduction of over 55 per cent. In the same period expenses have been reduced from 5·38 mills per ton per mile in 1883 to 3·13 mills in 1898—a reduction of not quite 42 per cent. Had it been possible to secure the same ratio of reduction in expenses as we suffered in freight earnings, our expenses in 1898 would have been 2·42 mills per ton per mile instead of 3·13 mills, which would have increased our net earnings by $360,285 71, and to a total of $1,463,419 72.

Attention is called to the several tables, on pages 30 and 31 [pamphlet], of Gross Earnings, Operating Expenses and Net Earnings for the last eleven years, beginning with the reorganization in 1888 down to and including the year 1898. These tables show an almost continuous reduction in the percentage of operating expenses to gross earnings, which is all the more worthy of notice because, beginning with the year 1896, all betterments have been charged to Operating Expenses. The ratio of expenses for 1898 is 66·01 per cent and the lowest for any year in the period above referred to.

In our annual report for 1894, reference was made to the abolishment of Grade Crossings in the City of Buffalo and the great expense which would thereby be entailed. The removal of these crossings is now in progress under a contract with the City of Buffalo, which provides that the expense involved shall first be borne by said city, and afterwards that this Company will reimburse said corporation in twenty (20) equal annual payments. The interest upon said deferred payments, to be charged to this Company, will be at the same rate as borne by the municipal bonds sold by the City of Buffalo to meet the outlay, and this Company will be credited in settlement with any premium that may be realized by the City of Buffalo upon the sale of its bonds.

On page 37 [pamphlet] will be found a certificate of the public accountants, Messrs. John Heins & Co, of Philadelphia, certifying to the correctness of the books and accounts of your Company.

Acknowledgment is made to officers and employes for the creditable discharge of their duties.

By Order of the Board,
SAMUEL G. DeCOURSEY,
President.

—Rolston & Bass, 16 Broad Street, will buy and sell Pullman Palace Car stock and rights.

— Holders of the securities of the New England Loan & Trust Co. are referred to the advertisement in another column of the R. J. Waddell Investment Co. of Ottawa, Kansas.

—Attention is called to the offering of $90,000 Athens Electric Railway Co , Athens, Ga., first mortgage 6 per cent bonds. Further particulars will be found in the advertisement of John W. Dickey in another column.

—Messrs. Redmond, Kerr & Co., 41 Wall street, New York City, and the National Commercial Bank of Albany, N. Y., offer at 112½ and accrued interest, yielding 4·37 per cent on the investment, a block of Southern Boulevard RR. Co. first mortgage guaranteed five per cent gold bonds. This is a trolley road, part of the Union Railway & Third Ave. RR. system, which extends from Park Row and Broadway in New York City to points in Westchester County. The advertisement on page viii. gives a statement of earnings and other information.

The Commercial Times.

COMMERCIAL EPITOME.

FRIDAY NIGHT, Oct. 21, 1898.

Continued mild weather in the Central and Eastern sections of the country, together with the growing interest shown in the political campaign in this and other States, has had rather an unfavorable influence upon trade, and complaints have become somewhat general the past week of a falling off in business activity. Politics in particular are having more bearing upon the business situation, as the disposition has appeared to be growing among merchants generally to await election returns and see which party will be in power in the House of Representatives before making new ventures of importance. The unusual activity of the demand from Europe for our breadstuffs has continued and has further advanced prices for the same. Reports bearing upon the unsettled political relations existing between England and France have been dominant factors in the speculative markets. On Wednesday the United States Government took possession of the island of Porto Rico. The progress of the peace negotiations at Paris between the United States and the Spanish Commissioners appears to be slow.

Lard on the spot has been in fairly active demand, and on Thursday prices advanced rather sharply. To-day the improvement was lost and business was less active, closing at 5·37½c. for prime Western and 5·05@5·10c. for prime City. Refined lard has had a fairly large sale, and prices have advanced, closing at 5·65c. for refined for the Continent. Speculation in lard for future delivery has been moderately active and at higher prices The advance was most pronounced on Thursday when buying by shorts to cover contracts advanced values rather sharply. To-day the market was easier under realizing sales.

DAILY CLOSING PRICES OF LARD FUTURES.

	Sat.	Mon.	Tues.	Wed.	Thurs.	Fri.
October delivery.....c.	5·37	5·37	5·35	5·37	5·45	5·37

Pork has had only a moderate sale but prices have advanced, closing at $9@9 25 for mess, $12 75@14 for family and $11@13 for short clear. Cut meats have had a moderate call from the home trade at steady values, closing at 4¼c. for pickled shoulders, 7@7½c. for pickled hams and 5¾@5½c. for pickled bellies, 14@10 lbs. average. Beef has had a fair sale at unchanged values, closing at $8 50@$9 for mess, $9 10 for packet, $10 50@11 for family and $14 50@$15 50 for extra India mess. Lard stearine has advanced to 6¾c. for prime city. Oleo stearine has been firmer, closing at 5 3-16c. for prime City. Tallow has had a moderate sale and prices have advanced to 3⅝c. Cotton-seed oil has been in moderate demand and steady at 22½@23c. for prime yellow. Butter has advanced for choice grades, closing firm at 15@22½c. for creamery. Cheese has been quiet but steady at 7@9c. for State factory, full cream. Fresh eggs have been in fair demand and firmer for desirable grades, closing at 19½@20c. for choice Western.

Brazil grades of coffee have continued to have a slow distributing sale and business in the market for invoices has been quiet; prices have declined, closing easy at 6c. for Rio No. 7 on the spot. West India growths have been quiet, and for the average run of supplies prices have favored buyers. Good Cucuta has held steady at 8¾c. East India growths have been dull and unchanged. Speculation in the market for contracts was quiet up to to day, when the trading was fairly active on buying for investment account, but it was at lower prices. Following are the final asking prices:

Oct	5·25c.	Jan	5·50c.
Nov	5·25c.	Mar	5·85c.
Dec	5·40c.	April	5·75c.
May	5·80c.	June	5·85c.
July	5·90c.		

Raw sugars have been in better demand from refiners; offerings have been small and prices have held firm at 4¼c. for centrifugals, 96-deg. test, and 3¾c. for muscovado, 89-deg. test. Refined sugar has been in moderate demand and firm; prices for a few of the soft grades have been advanced; granulated has been unchanged at 5c. Other staple groceries have been steady.

Kentucky tobacco has had only a small sale, but values have been firmly maintained. Seed leaf tobacco has been fairly active at full values. Sales for the week were 4,945 cases, including 400 cases, 1897 crop, Gebhardt, private terms; 1,500 cases, 1897 crop, Wis. Hav., 9@13c.; 300 cases, 1893 crop, Wis. Havana, 11c., &c.; also 450 bales Havana at 73c.@$1 in bond and 200 bales Sumatra at 85c.@$1 70 in bond.

Straits tin has been in fairly active demand and prices have advanced. At the close, however, under increased supplies and easier foreign advices prices weakened slightly, closing at 17·90@17 95c. Ingot copper has been in more active demand for export and prices have advanced slightly, closing at 12½c for Lake. Lead has been quiet and prices have weakened to 3 75c. for domestic. Spelter has been in fair demand and prices have advanced to 5·10@5·15c. for domestic. Pig iron has continued in fair demand and steady at $9 75 @ 11 50 for domestic.

Refined petroleum has been higher, closing at 7·40c. in bbls., 4·90c. in bulk and 8·15c. in cases; naphtha steady at 7c. Crude certificates have been firmer, closing at $1 19½; credit balances have been advanced to $1 18. Spirits turpentine has advanced sharply on light supplies, closing firm at 36½@37c. Rosins have been on limited demand and steady at $1 25@ 1 30 for common and good strained. Wool has continued quiet. Hops have been in fair demand and firm.

COTTON.

FRIDAY NIGHT, October 21, 1898.

THE MOVEMENT OF THE CROP, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening the total receipts have reached 422,379 bales, against 395,995 bales last week and 346,231 bales the previous week, making the total receipts since the 1st of Sept., 1898, 1,882,299 bales, against 1,781,095 bales for the same period of 1897, showing an increase since Sept. 1, 1898, of 81,204 bales.

Total 1898	140,485	43,545	112,172	25,014	321,216	601,797
Total 1897	128,153	35,333	104,341	16,924	284,753	414,559
Total 1896	104,505	41,819	111,723	15,705	363,752	699,639

Speculation in cotton for future delivery has continued quiet. Little if any new speculative interest has been shown in the market. Owing to the belief that another large crop has been made, and the enormous supplies now coming into sight, few operators see anything in the situation of a nature to induce buying for investment account. On the other hand, however, the fact that prices on their present low basis discount large supplies, together with the fact that Europe, exclusive of France, continued to show a disposition to purchase cotton freely on the basis of current values, sufficed to hold bear operators in check. The principal development of the week has been cooler weather in cotton belt, and on frost reports there has been some buying by shorts to cover contracts. No serious damage has been stated to have been done the maturing crop by these reported frosts, as they all were of a light nature. Nevertheless on Thursday prices advanced several points during early 'Change on predictions of a further drop in the temperature at many points in the cotton belt. During the afternoon, however, fairly free selling for foreign account, and rumors relative to the unsettled political situation in Europe had a depressing influence, and all of the improvement was lost. To-day the market was quiet and without changes or new features of an important nature. The close showed prices unchanged for the day. Cotton on the spot advanced 1-16c. on Monday and on Thursday. To-day the market was quiet and easy, closing at 5 1/8c. for middling uplands.

The rates on and off middling, as established Sept. 15, 1898, by the Revision Committee, at which grades other than middling may be delivered on contract, are as follows.

Fair	c. 1 on	Good Ordinary	c. 11/16 off
Middling Fair	3/4 on	Good Middling Tinged	Even
Strict Good Middling	7/16 on	Strict Middling Stained	7/32 off
Good Middling	5/16 on	Middling Stained	7/16 off
Strict Low Middling	3/16 off	Strict Low Mid. Stained	1/2 off
Low Middling	7/16 off	Low Middling Stained	13/32 off
Strict Good Ordinary	3/4 off		

On this basis the official prices for a few of the grades for the past week—Oct. 15 to Oct. 21—would be as follows.

UPLANDS.	Sat.	Mon	Tues	Wed	Th.	Fri.
Good Ordinary	4 1/16	4 3/8	4 3/8	4 3/8	4 7/16	4 7/16
Low Middling	4 15/16	5	5	5	5 1/16	5 1/16
Middling	5 3/8	5 7/16	5 7/16	5 7/16	5 1/2	5 1/2

☞ The imports into Continental ports the past week have been 64,000 bales.

The above figures indicate an *increase* in the cotton in sight to-night of 753,304 bales as compared with the same date of 1897, a gain of 49,434 bales over the corresponding date of 1896 and a decrease of 205,553 bales from 1895.

AT THE INTERIOR TOWNS the movement—that is the receipts for the week and since September 1, the shipments for the week and the stocks to-night, and the same items for the corresponding period of 1897—is set out in detail below.

Towns.	Movement to October 21, 1898. Receipts This week.	Receipts Since Sept. 1, 1898.	Shipm'ts This week	Stock Oct. 21.	Movement to October 22, 1897. Receipts This week.	Receipts Since Sept. 1, 1897.	Shipm'ts This week.	Stock Oct. 22.

* Last year's figures are for Columbia, S. C.

The above totals show that the interior stocks have *increased* during the week 86,113 bales, and are to-night 151,356 bales *more* than at the same period last year. The receipts at all the towns have been 87,976 bales *more* than the same week last year and since Sept. 1 they are 223,632 bales more than for the same time in 1897.

OVERLAND MOVEMENT FOR THE WEEK AND SINCE SEPT. 1.—We give below a statement showing the overland movement for the week and since Sept. 1, as made up from telegraphic reports received Friday night. The results for the week ending Oct. 21 and since Sept. 1 in the last two years are as follows.

October 21.	1898. Week.	1898. Since Sept. 1.	1897. Week.	1897. Since Sept. 1
Shipped—				
Via St. Louis	23,384	85,158	31,525	107,570
Via Cairo	13,072	39,532	10,351	46,935
Via Parker	.....	.....	480	2,027
Via Rock Island	3,950	8,728	1,714	3,465
Via Louisville	2,123	9,707	3,181	10,609
Via Cincinnati	2,649	10,973	1,687	6,614
Via other routes, &c.	3,074	13,886	2,746	10,262
Total gross overland	48,242	167,984	51,684	187,491
Deduct shipments—				
Overland to N. Y., Boston, &c.	11,159	27,026	10,240	27,709
Between interior towns	1,203	1,715	542	1,503
Inland, &c., from South	922	6,039	579	6,535
Total to be deducted	13,284	34,780	11,361	35,747
Leaving total net overland*	34,958	133,204	40,323	151,744

* Including movement by rail to Canada.

The foregoing shows that the week's net overland movement this year has been 34,958 bales, against 40,323 bales for the week in 1897, and that for the season to date the aggregate net overland exhibits a decrease from a year ago of 18,540 bales.

In Sight and Spinners' Takings.	1898. Week.	1898. Since Sept. 1.	1897 Week.	1897 Since Sept. 1

WEATHER REPORTS BY TELEGRAPH.—Telegraphic advices to us this evening indicate that on the whole the weather has been fairly favorable at the South the past week. The work of gathering the crop has made excellent progress, although interfered with by rain at some points. Marketing has been very free. The temperature has been lower as the week closes and light frosts were reported in some localities this morning, including districts in North Texas.

Galveston, Texas.—Rain has retarded picking in some localities, but where the weather has permitted, the gathering of the crop has been rushed. Taken as a whole the yield is reported as good. We have had rain on three days of the past week, to the extent of eighty-two hundredths of an inch. Average thermometer 67, highest 82 and lowest 51.

Palestine, Texas.—Light frost this morning. We have had rain on two days during the week, the precipitation reaching one inch and sixty hundredths. The thermometer has averaged 60, the highest being 84 and the lowest 36.

Huntsville, Texas.—It has rained heavily on two days of the week, the precipitation reaching two inches and twelve hundredths. Light frost this morning. The thermometer has averaged 60, ranging from 40 to 82.

Dallas, Texas.—Light frost this morning. There has been rain on one day of the week, but the rainfall was too small to measure. The thermometer has ranged from 34 to 84, averaging 60.

San Antonio, Texas.—Cold weather has caused bolls to open rapidly. We have had rain on one day of the week, to the extent of two hundredths of an inch. Mimimum temperature 40.

Luling, Texas.—There has been rain on one day during the week, the precipitation reaching thirty-three hundredths of an inch. Average thermometer 65, highest 90 and lowest 39.

Columbia, Texas.—There has been rain on one day of the week, the rainfall reaching thirty-seven hundredths of an inch. The thermometer has averaged 59, ranging from 38 to 79.

Cuero, Texas.—We have had rain on two days during the week, to the extent of nineteen hundredths. The thermometer has ranged from 39 to 83, averaging 61.

Brenham, Texas.—It has rained on three days of the week, the rainfall reaching one inch and forty-four hundredths. Average thermometer 64, highest 88, lowest 40.

Corpus Christi, Texas.—There has been beneficial rain on two days during the week, to the extent of fifteen hundredths of an inch, but more rain is needed. The thermometer has averaged 66, the highest being 82 and the lowest 50.

Longview, Texas.—Light frost this morning.

Weatherford, Texas.—We have had no rain during the week. The thermometer has ranged from 33 to 82, averaging 58.

New Orleans, Louisiana.—We have had rain on two days the past week, the rainfall reaching one inch and four hundredths. Average thermometer 64.

Shreveport, Louisiana.—We have had rain on three days during the week, to the extent of two inches and eighty-eight hundredths. The thermometer has averaged 59, the highest being 82 and the lowest 41.

Columbus, Mississippi.—Bad weather retards picking. It has rained on two days of the week, the precipitation reaching ninety hundredths of an inch. The thermometer has averaged 75, ranging from 40 to 85.

Leland, Mississippi.—Frost has occurred on three nights during the week. It has rained on two days of the week, the rainfall being two inches and seventy-nine hundredths. The thermometer has ranged from 37 to 73, averaging 56 7.

Vicksburg, Mississippi.—Quarantines are retarding receipts somewhat. We have had rain on two days of the past week, the rainfall reaching two inches and twenty-five hundredths. Average thermometer 59, highest 78 and lowest 41.

Greenville, Mississippi.—The weather is cloudy and cooler.

Little Rock, Arkansas.—We have had rain on three days during the week, the rainfall reaching two inches and forty hundredths. The thermometer has averaged 54, the highest being 74 and the lowest 37.

Helena, Arkansas.—It has rained on three days of the week, the rainfall reaching two inches and eleven hundredths. Too much rain. The thermometer has averaged 53·33, ranging from 35 (this morning) to 71.

Memphis, Tennessee.—Wagon quarantine will be abolished in a few days. It has rained on two days of the week, the precipitation reaching one inch and eighty-three hundredths. The thermometer has ranged from 40·4 to 73·8, averaging 54·7.

Nashville, Tennessee.—We have had rain during the week to the extent of one inch and thirty-six hundredths. Average thermometer 55, highest 73 and lowest 37.

Mobile, Alabama.—Cotton picking is active. There has been light frost throughout the interior on several days and heavy frost in some sections. There has been rain on two days during the week, the precipitation reaching fifty-four hundredths of an inch. The thermometer has averaged 63, the highest being 77 and the lowest 46.

Montgomery, Alabama.—Light frosts occurred on two days of the week, but no damage resulted. We have had rain on one day of the past week, the rainfall being eighty-nine hundredths of an inch, and it is raining to-day and warmer. The thermometer has averaged 60 and ranged from 43 to 76.

Selma, Alabama.—We have had rain on two days during the week, to the extent of one inch and fifty-two hundredths. The thermometer has ranged from 38 to 78, averaging 60.

Madison, Florida.—We have had rain on one day of the week, the precipitation being forty hundredths of an inch. The thermometer has averaged 67, the highest being 83 and the lowest 44.

Savannah, Georgia.—There has been rain on three days during the week, the rainfall reaching fifteen hundredths of an inch. The thermometer averaged 64, ranging from 51 to 80.

Augusta, Georgia.—The gathering and marketing of the crop is progressing rapidly. We have had rain on one day during the week, the rainfall being fifteen hundredths of an inch. The thermometer has ranged from 41 to 73, averaging 58.

Charleston, South Carolina.—There has been rain on two days of the week, the precipitation being twenty hundredths of an inch. Average thermometer 65, highest 82 and lowest 51.

Stateburg, South Carolina.—Light frost occurred on low ground on two mornings, but no damage done. We have had rain on one day during the week, to the extent of forty four hundredths of an inch. The thermometer has averaged 60·3, the highest being 77 and the lowest 42.

Greenwood, South Carolina.—There has been rain on two days of the past week, to the extent of one inch and eighteen hundredths. The thermometer has averaged 53, ranging from 41 to 65.

Wilson, South Carolina.—It has rained on two days of the week, the precipitation being one inch and eighty-five hundredths. The thermometer has ranged from 42 to 70, averaging 59.

The following statement we have also received by telegraph, showing the height of the rivers at the points named at 8 o'clock October 20, 1898, and October 21, 1897.

EGYPTIAN COTTON CROP.—Mr. Fr. Jac. Andres, of Boston, has mail advices from Alexandria, Oct. 1, as follows:

Reports from the interior are unsatisfactory. Temperature has not been hot and nights are cold, which, with the prevailing fogs, is retarding the development of the plants. Planters who are in a very good financial position are holding their cotton off the market, absolutely refusing to sell at current prices. This accounts for the small receipts. The quality of the first picking is superior to last season, especially as to staple. The second picking is expected to be inferior, due to the fogs.

SEA ISLAND COTTON MOVEMENT.—We have received this (Friday) evening by telegraph from the various ports the details of the Sea Island cotton movement for the week. The receipts for the week ending to-night (Oct. 21) and since Sept. 1, 1898, the stocks to-night, and the same items for the corresponding periods of 1897, are as follows.

Receipts to Oct. 21.	1898.		1897.		Stock.

NEW ENGLAND COTTON MILLS SITUATION—NEW PLAN ADOPTED AT FALL RIVER.—The plan referred to in last week's CHRONICLE, the operation of which it is expected will result in an improvement in the goods market at Fall River, was adopted on Thursday, Oct. 20, all the print cloth mills participating in the action taken, and goes into effect immediately. The plan in brief is as follows:

All 64-squares 28 inch, 56-squares 27-inch, 64-sixties 27-inch and 64 sixties 28-inch goods made in the city are to be sold by two trustees. The surplus stock of the goods named to be pooled and given into the hands of two trustees, and at the end of every quarter the price will probably be averaged and each mill reimbursed pro rata. Each mill will bill that portion of the product which comes under the agreement to the trustees, who will sell the same. An important feature of the plan is a four-weeks curtailment to be accomplished within the next three months, and an even greater curtailment may be arranged under the terms of the agreement. If a mill cannot or will not shut down the time required it must pay a penalty of half a cent per spindle per week to a general fund, which will be divided among the mills that stop.

An advisory committee of five to look after the matter of the production of the four classes of goods, and two trustees who are to sell these goods and have entire charge of the disposition of the surplus stock, were elected. Messrs. Frank W. Brightman and Cyrus C. Rounseville were named as the trustees and Messrs. Charles M. Shove, Thomas E. Brayton, Joseph A. Baker, David A. Brayton and James E. Osborn as the Advisory Committee.

Fifty-two mills are included in the agreement, and these mills contain about 2,500,000 of the three million spindles in the city. Some of the mills will close next week.

REDUCTION IN WAGES IN AUGUSTA (GA.) COTTON MILLS.—It is officially announced by Pres't Charles Estes, of the Southern Cotton Manufacturers' Association, that all the mills in the Augusta district that are in the association have decided upon a reduction of wages. The reduction will average about 10 per cent, ranging from 8 to 13 per cent, and affects about 5,000 operatives, with about $1,000,000 yearly pay-roll. The new scale, which has not yet been completed, will go into effect some time in November.

About two years ago, when the cotton goods trade struck rock bottom, and the situation with the New England mills became so acute, there was considerable talk in Augusta about the mills in this district curtailing production or reducing wages. It was even stated at the time that the matter was brought up for consideration in the Manufacturers' Association, but the mill managers generally were not disposed to take any such action, and preferred rather to run without profit for a while, if need be, rather than disturb the existing conditions, or do anything that would tend in the least to create dissatisfaction among employes or impose any burden upon them. It was the hope for a chance for the better that actuated the management of the various mills. But this change has not come. There has been no improvement in the cotton-goods trade.

Again, the average of wages in Augusta is higher than in any of the cotton manufacturing States of the South. President Estes, discussing the situation in detail, said that it was essential that the mills located in Augusta district be placed on a nearer basis of competition with other mills in the South, to enable them to compete with these mills in the markets of the country, and to afford at least the probability of making a return upon the capital invested. Even after the present reduction goes into effect the scale in the Augusta district will be about 6 per cent higher than the average in the other Southern mills.—Augusta (Ga.) Chronicle, October 16.

COTTON MOVEMENT AND FLUCTUATIONS, 1893-98.—New York: Latham, Alexander & Co.—(Twenty-fifth Annual Edition.)—A handsomely bound copy of the twenty-fifth annual issue of their very useful publication, "Cotton Movement and Fluctuations," has been received this week from Messrs. Latham, Alexander & Co. All the features which have made former editions of this book so valuable and interesting have been retained in the present issue, including a general review of the New York cotton market of 1897-98 by the publishers, and a letter from Messrs. Ellison & Co. on the cotton industry in Europe. In addition Mr. Thomas Ellison contributes an article on the "Cotton Industry of Japan," and the work also contains a biographical sketch of Mr. Ellison and a description of the Lowry (round bale) compress. The statistical matter is very complete, and is brought down to the close of the cotton year of 1897-98. The publication should prove very useful to those interested in cotton.

MEXICO'S LARGE COTTON CROP.—A dispatch from Torreon, Mexico, under date of October 18, says: "The cotton crop in Mexico this year is greater than was ever known before. In the Laguna district alone the value of the crop is estimated at $8,000,000."

JUTE BUTTS, BAGGING, &c.—There has been a satisfactory moderate inquiry for jute bagging during the week under review, but at unchanged quotations. The close to night is at 6¼c. for 1¾ lbs. and 6⅝c. for 2 lbs. standard grade. Car-load lots of standard brands are quoted at 6⅛c. for 1¾ lbs. and 6½c. for 2 lbs., f. o. b. at New York. Jute butts have been in moderate request for parcels to arrive at 90c. for paper quality and 1¾c. for mixing.

SHIPPING NEWS.—As shown on a previous page, the exports of cotton from the United States the past week have reached 264,281 bales. The shipments in detail, as made up from mail and telegraphic returns, are as follows:

	Total bales
NEW YORK—To Liverpool, per steamer Cevic, 6,787 upland (including 691 rolls counted as 345 bales), and 152 Sea Island	6,939
To Hull, per steamer Francisco, 1,184	1,184
To Manchester, per steamer Tantalus, 1,440 upland and 21 Sea Island	1,461
To Havre, per steamer La Champagne, 850 upland and 100 Sea Island	950
To Bremen, per steamers Karlsruhe, 3,076....Trave, 670	3,746
To Hamburg, per steamer Bulgaria, 500	500
To Rotterdam, per steamer Statendam, 1,256	1,256
To Antwerp, per steamers British King, 750....Westernland, 371	1,121
To Genoa, per steamers Aller, 608....Karamania, 1,502	2,110
To Naples, per steamrr Aller, 100	100
NEW ORLEANS—To Liverpool—Oct. 14—Steamer Hogarth, 3,316	3,316
To Bremen—Oct. 19—Steamer Chatfield, 5,501	5,501

BREADSTUFFS.

FRIDAY, October 21, 1898.

Reflecting a continued upward tendency to values for the grain, there has been a firmer market for wheat flour, as the mills have advanced their limits, particularly for spring patents. The volume of business transacted in the local market has been only moderate, as buyers by their recent purchases have largely anticipated their current wants, and, despite the general strength of the situation and the fact that the close of navigation is near at hand, have shown little disposition to further add to their holdings. Northwestern mills have reported free acceptances of their cable refusals. Rye flour has been firm but quiet. Buckwheat flour has been quiet and prices have weakened slightly. The close, however, was steady. Corn meal has been in fairly active demand at about steady values.

Speculation in wheat for future delivery has been fairly active and the tendency of prices has continued towards a higher basis. The unusual activity of the export demand, which daily throughout the week has been in excess of 1,000,000 bushels, has been the principal strengthening feature, the fact that Mediterranean ports came into the market as buyers during the latter part of the week going to verify the reports that Russian shipments are and will continue small. Reports of unfavorable weather conditions in Argentine for the growing crop have also had their influence in favor of values. The unsettled political situation in Europe, too, has been referred to by many of the trade as having considerable bearing on the upward course of prices and the heavy purchases for foreign account. The export demand has been principally for November and December shipments, owing largely to the inability of shippers to obtain freight room for prompt shipments and also to the full supplies previously purchased for shipment this month. Wednesday and Thursday the export demand reached the largest proportions thus far noted, the purchases each day here and at outports, according to the reports which were in circulation in the trade, amounting to 2,000,000 bushels. To-day there was a fairly active market, but prices declined in response to weaker European advices, which prompted some realizing sales by longs. The spot market was easier At the lower prices exporters were free buyers, particularly during the latter part of the day. Their purchases to day here and at outports amounted to about 1,000,000 bushels.

Indian corn futures have been moderately active at advancing prices. Foreign advices have reported stronger markets, and the export business has continued on an unusually extensive scale. Unfavorable weather conditions in the corn belt have also had a strenghtening influence upon values. The purchases by exporters for the week have averaged close to 1,000,000 bushels daily, about evenly distributed between the United Kingdom and the Continent. To-day the market was easier under realizing sales and in response to weaker foreign advices. The spot market was active at lower prices. The sales to-day for export here and at outports were 850,000 bushels.

Oats for future delivery have been neglected in the local market, but at the West the trading has been fairly active on buying for investment account, stimulated by a good trade in the cash market as both the home trade and exporters have been large buyers. The sales for export included a reported transaction of 1,500,000 bushels white oats for shipment from the Northwest to the United Kingdom via Newport News. To-day the market at the West for contracts was easier under realizing sales by recent buyers. The spot market was steady but less active. Export sales were only 10,000 bushels.

Rye has been sparingly offered, and as there has been an export demand the limited supplies obtainable have been purchased at higher prices. Barley has been quiet but values have been firmly maintained in sympathy with the strength of other grains.

THE DRY GOODS TRADE.

NEW YORK, FRIDAY, P. M., October 21, 1898.

There has been an improvement in the volume of business transacted this week, but still the demand has lacked spirit. The colder weather has helped distribution with retailers generally, and reports from the South show that it has benefited the fever stricken districts, releasing a demand from certain southern markets from which no business had come for some time past. There has been no material alteration in the tone of the primary market here, and the tendency of prices is still generally in favor of buyers. The print cloth situation is an exception. This is decidedly firmer and prices 1-16c. higher. The Fall River manufacturers have agreed to curtail production for four weeks during the next three months and to pool their stocks in the hands of a small committee. One feature of the week was an auction sale of some 3,000 pieces of silks, which was very well attended and went off with considerable spirit at satisfactory prices.

WOOLEN GOODS.—There has been no improvement of any moment in the demand for spring lines of men's wear woolens and worsteds. In some quarters, chiefly in fine-grade fancies, orders are more numerous, but in other directions they continue disappointingly slow. The price situation is unsettled, but the downward tendency is not pronounced, certain mills preferring to shut down rather than reduce prices further. In re-orders for heavy-weights the colder weather has had some influence, the supplementary demand being of fully average volume for the time of year. Satinets and doeskin jeans continue inactive and prices irregular. Overcoatings are dull and prices favor buyers. Sales of cloakings show some increase but sellers are easy to deal with. Dress goods are quiet throughout and business secured for spring well below average volume; prices are in favor of buyers. Flannels and blankets steady but quiet.

DOMESTIC COTTON GOODS.—The exports of cotton goods from this port for the week ending October 17 were 9,126 packages, valued at $340,718, their destination being to the points specified in the tables below:

NEW YORK TO OCT. 17.	1898. Week.	1898. Since Jan. 1.	1897. Week.	1897. Since Jan. 1
Great Britain	42	2,754	6	3,766

Total	9,126	282,814	7,038	235,543

* From New England mill points direct.

The value of the New York exports for the year to date has been $9,200,851 in 1898, against $8,583,459 in 1897.

There has been more demand for export in brown sheetings and drills, which has been met by sellers at easy prices. Home buying is still moderate in heavy-weights, but in sympathy with print cloths some light-weights have been in better request and firmer. Ducks are quietly steady. Brown osnaburgs flat. Bleached cottons have been in steady request for small quantities. Quotations are not changed, but the market is easy and irregular. Wide sheetings inactive and cotton flannels and blankets quiet at previous prices. Denims are in quiet demand and prices easier. Ticks dull, plaids in moderate request and other colored cottons inactive with ready sellers. Kid finished cambrics quietly steady. Fancy prints in moderate request and irregular in price. More staple lines have sold to an average extent without quotable change. Fine printed specialties are doing fairly well for spring, but the best spring business is relatively in fine ginghams. Staple ginghams steady. Print cloths have advanced to 2c. for regulars and are firm at the close.

FOREIGN DRY GOODS.—Importers are generally complaining of the small volume of business secured for spring. The orders this week for dress goods, silks and other leading descriptions have been light. Dress goods are irregular in price and silks hardly as firm as before.

Importations and Warehouse Withdrawals of Dry Goods

The importations and warehouse withdrawals of dry goods at this port for the week ending Oct. 20, 1898, and since January 1, 1898, and for the corresponding periods of last year are as follows:

Beltrami County, Minn.—*Not Liable for Debt.*—We take the following from the "Pioneer Press" of St. Paul of October 4, 1898: "Judge Otis in the District Court yesterday filed an order sustaining the defendant's demurrer to the complaint in the case of the First National Bank of Detroit, Minn., vs. the Board of County Commissioners for Beltrami County. The action was brought to test the county's liability on indebtedness contracted before the organization of Beltrami County as a separate organization from Becker County.

"Judge Otis, in his memorandum, states that if the contracts set out in the complaint were binding at all at the time they were made, they were binding upon Becker County. Defendant county at that time had no corporate existence for taxable purposes. After Beltrami County was incorporated it never assumed the indebtedness, nor was it imposed by legislation."

Cleveland School District—Glenville, Ohio.—*Apportionment of Debt.*—At a recent conference between the Glenville School Board and a representative of the School Council of Cleveland the amount of the Glenville school debt to be assumed by the Cleveland district, owing to the annexation of a portion of Glenville to the city of Cleveland, was determined upon. The total debt of the Glenville School District, it is stated, is $41,210, and 6·8% of this debt, or $2,802 28, will be payable by the Cleveland district.

Colorado.—*Warrants Ordered Paid.*—According to the Denver "Republican," George W. Kephardt, State Treasurer, has been peremptorily commanded by the District Court to cash the State warrants, series of 1889, held by the American Savings Bank of New York, to the amount of about $16,000. The final process in the suit was issued October 1, 1898, but it is stated the money will not be paid on the Court's command, as the State will appeal to the Supreme Court, where it is believed that the precedent established in previous cases of the same kind will be followed and the mandamus dissolved.

Harrison County, W. Va.—*Bonds to be Canceled.*—According to the Cincinnati "Commercial-Tribune," this county ten years ago issued $150,000 of bonds to aid the West Virginia & Pennsylvania Railroad, an extension of a road from Pennsylvania to Clarksburg, the county seat of this county. The road was not completed within the three years as agreed, and a few weeks ago the County Court issued an order to cancel the bonds. The company secured an injunction, and on September 28, after a legal battle in which many prominent lawyers of the State participated, the Judge decided in favor of the county to destroy the bonds. The railroad, it is stated, may possibly take an appeal.

Hill City, Kan.—*Litigation.*—The Corning Estate of Rochester, N. Y., has brought suit against Hill City for payment of $10,000 refunding bonds. The city claims that the bonds were not issued regularly. It is said that a compromise of 50 cents on the dollar has been offered to the holders of the bonds.

Melrose (Town), Mass.—*Petition for Charter Authorized.*—At the special town meeting held on October 3, 1898, the proposition to petition the next General Court for a city charter was carried by a vote of 506 to 335.

New Britain, Conn.—*Bond Issue Confirmed.*—At a special city meeting on October 17, 1898, the following resolution, to corect a technical error (omission of date), in an ordinance providing for a recent bond issue, was passed:

"Whereas, on June 18, 1896, at a meeting of the legal voters of New Britain, it was duly voted to authorize a further issue of $75,000 of city sewer bonds, payable in thirty years, and whereas $25,000 of said bonds have been issued and the Board of Sewer Commissioners has sold the balance of $50,000 of said bonds to R. L. Day & Co. of Boston, said $50,000 of bonds to bear date August 1, 1895, and payable in thirty years from August 1, 1895;

"Voted, that the Board of Sewer Commissioners be and it is hereby authorized to issue to R. L. Day & Co. of Boston the balance of $50,000 of the city sewer bonds authorized to be issued by said vote of June 18, 1896, said bonds so to be issued to be dated August 1, 1895, and to mature in thirty years from August 1, 1895, but in the form prescribed by said vote of June 18, 1896."

Oregon.—*Legislation.*—On October 6, 1894, the State Senate passed a bill abolishing the State Board of Equalization. A new bill was then introduced providing that the Governor, Secretary of State and the State Treasurer should constitute a State Equalization Board and providing for a "variable *levy* for State purposes." Under this bill the new board instead of changing the valuation of the various counties will add to or take from (as the case may be) the levies assessed against the counties.

Among other bills passed by both houses of the Legislature are the following: To amend the charter of Astoria, to amend the charter of Baker City, to amend the charter of Ashland and to amend the charter of Condon. Bills to amend the charter of the city of Union and to incorporate the town of Monmouth have passed the Senate, and bills to incorporate the city of Pendleton and to establish a fiscal agency in New York City have passed the House. The Portland charter bill also passed both houses.

Santa Cruz, Cal.—*City Must Pay Bonds.*—The Denver "Republican" says that on September 29, 1898, Judge De Haven decided that the city must pay the $360 000 and interest at 5% from April, 1894, on bonds issued by the city for improvements. The bonds were disposed of to Eastern capitalists. The city claimed that it had never received the money and refused to bear the brunt of the debt, alleging that the issue was illegal for the reason that the City Council was not a legal body, their successors having been elected. Judge De Haven held otherwise, and ordered the amount paid, which, with interest, will increase the debt to nearly half a million dollars.

Bond Calls and Redemptions.

Austin, Texas.—*Bond Redemption.*—Pursuant to an ordinance passed September 19, 1898, the city has redeemed $10,000 water and light bonds held by the New York Life Insurance Company.

Cortland (Village), N. Y.—*Bond Redemption.*—On September 30, 1898, $6,000 of the $14,000 normal school bonds then outstanding were paid off by the Village Clerk.

Galveston, Texas.—*Bond Call.*—Edward McCarthy, City Treasurer, has called for payment November 5, 1898, at his office, the following "forty-year limited debt bonds:" Nos. 671 to 679, 686 to 688, 692, 693, 697 to 705, 707 to 713, all inclusive. Bonds are for $1,000 each.

Harrisburg (Pa.) School District.—*Bond Call.*—The Treasurer of this district called for payment on October 1, 1898, on which day all interest ceased, bonds Nos. 490 to 503, inclusive, in amount of $1,000 each. Notice was also given to the holders of bond No. 86 for $500 and bond No. 107 for $100, to present the same at once for redemption and payment. The interest on these bonds ceased on April 1, 1897.

Helena, Mont.—*Bond Call.*—City Treasurer H. F. Tilton called for payment October 15, 1898, at the office of E. H. Gay & Co., Fiscal Agents for the city, about $50,000 6% sewer bonds.

Iowa—*Warrant Call.*—State Treasurer John Herriott has called for payment October 29, 1898, after which time interest will cease, outstanding warrants Nos. 1429 to 4113 inclusive.

Jefferson County (P. O. Brookville), Pa.—*Bond Call.*—This county called for payment on October 1, 1898, bonds Nos. 1 to 50, issue of 1893, to the amount of $15,000. We are advised that no refunding bonds will be issued.

Lycoming County, Pa.—*Bond Call.*—The County Commissioners have given notice that bonds of Series C, numbered 88, 89, 90, 91, 92, 93, 94, 95, 97, 98, 99, 100, 103, 108, 109, 110, 111, 112, 114, 117, 119, 120, 124 and 137 are called for redemption and will be paid at the office of the Commissioners in Williamsport, Pa., on November 1, 1898, on which date interest will cease. The Commissioners also notify holders that bonds of Series C numbered 116 and 122 and 125 to 172, inclusive, except 137, and bonds of Series D numbered 1 to 390, inclusive, all subject to call at the option of the Commissioners, are called for payment on November 1, 1898, at the office of the County Treasurer. Present holders have the privilege of exchanging their bonds for new county bonds bearing 3½% interest by notifying the County Commissioners on or before October 27, 1898.

Missouri.—*Bond Call.*—It is stated in local papers that $558,000 3½% (optional) bonds were called for payment October 15, 1898. This reduces the bonded debt of the State to $3,642,000.

Multnomah County, Ore.—*Warrant Call*—Ralph W. Hoyt, County Treasurer, has called for payment September 23, 1898, county warrants class 35, drawn upon the general fund, that were presented and indorsed "Not paid for want of funds," from June 1, 1897, to June 30, 1897, both dates inclusive. Interest on these warrants ceased on September 16, 1898.

The County Treasurer has also called for payment October 5, 1898, warrants as above issued from July 1, 1897, to August 31, 1897.

Warrants of Class B, county road fund, indorsed "not paid for want of funds," from November 1, 1897, to November 30, 1897, inclusive, have also been called for payment. Interest ceased October 12, 1898.

Newport, Ky.—*Bonds to be Redeemed.*—Street improvement and funding bonds and coupons to the amount of $1,750, which fall due this month, have been ordered paid by the Committee on Ways and Means of the General Council.

Ouray County (P. O. Ouray), Col.—*Bond Redemption.*—The County Treasurer called for payment on September 25, 1898, after which date all interest ceased, bonds 1 to 9, in-

clusive, First Series, denomination of $1,000. We are advised that no new bonds will be issued, but that payment will be from the Sinking Fund.

Pierce Township, Lawrence County, Mo.—*Bonds Called.*—Township 6% bonds numbered 104 and 105, for $500 each, dated March 1, 1887, have been called for payment. Interest ceased September 1, 1898.

Pilot Grove Township, Cooper County, Mo.—*Bond Call.*—Township 5% bond, numbered 181 for $500, dated Jan. 1, 1890, has been called for payment. Interest ceased September 1, 1898.

Putnam County, Mo.—*Bond Call.*—On November 1, 1893, the following bonds of Putnam County will be redeemed at the Third National Bank of St. Louis: Bonds numbered 81, 82 and 83, dated November 1, 1887, and Nos. 1 to 17, inclusive, dated May 1, 1889. The bonds all bear interest at 5% and are of the denomination of $500. Interest ceases on date of redemption.

Seattle, Wash.—*Warrant Call.*—City Treasurer A. H. Foote has called for payment at his office the following warrants, interest on which will cease on October 15, 1898:

Olive Street—Ordinance No. 1450, warrant No. 1867, balance interest due; No. 1875, part payment, principal $100.
Washington Street—Ordinance No. 4576, warrants Nos. 426 to 432, inclusive.
Howell Street—Ordinance No. 4604, warrant No. 879.
Jefferson Street—Ordinance No. 4563, warrant No. 437; balance, principal and interest.
Terrace Street—Ordinance No. 4340, warrant No. 614.
Boren Avenue et al.—Ordinance No. 4873, warrant No. 763.

Washington.—*Warrant Call.*—The State Treasurer has issued a call for State General Fund warrants numbered from 26,931 to 28,400, inclusive, amounting to $103,657 21. Interest will cease after October 17, 1898.

Wheeling, W. Va.—*Bond Call.*—The Commissioners of the Electric Light Loan have called for payment October 1, 1898, at the Bank of Ohio Valley, Wheeling, bonds Nos. 3, 5, 7, 10, 11, 24, 35, 39, 59, 65, 66, 81, 93, 94 and 98, all for $100 each, and Nos. 110, 113, 105, 121, 128, 139, 157, 160, 163, 171 and 195, of $500 each, and No. 213, for $1,000.

Bond Proposals and Negotiations this week have been as follows:

Akron, Ohio.—*Loan Negotiated.*—This city recently negotiated a loan of $20,000 on a note for 90 days.

Anthon School District, Iowa.—*Bonds Voted.*—At a special election on October 3, 1898, the people of this district voted in favor of an issue of $5,000 school-building bonds.

Ashley (Borough), Pa.—*Bond Election.*—At the election to be held on November 8, 1898, the question of issuing $8,000 5% bonds for the purpose of disposing of outstanding orders will be submitted to a vote of the people.

Ashtabula, Ohio.—*Proposed Election.*—It is reported that this city will soon hold an election to vote on the question of issuing bonds for the construction of a new school building.

Atkinson (Town), Neb.—*Bonds Defeated.*—At a special election held in this town on October 15, 1898, the proposition to issue $10,000 bonds in aid of the Atkinson & Northwestern Railway was defeated. 114 votes were cast in favor of and but 54 against the measure; a two-thirds vote, however, was required to carry it.

Augusta, Ill.—*Bond Election.*—At a special election to be held in this place the question of issuing bonds for the purchase of a park site will be submitted to a vote of the people.

Barrett School District (P. O. Santa Monica), Cal.—*Bonds Voted.*—This district has voted unanimously to issue $1,500 7% bonds. Interest will be payable semi-annually and the principal will mature $700 in five years and $800 in eight years from date of issue. Bonds have been ordered sold by the Board of Trustees.

Barron, Wis.—*Bond Sale.*—We are advised that the $1,200 electric light bonds authorized at the election held September 17, 1898, have been disposed of.

Bergen (Village), N. Y.—*Bond Sale.*—On October 18, 1898, the $3,500 coupon bonds were awarded to Jose, Parker & Co., Boston, at 100·429 for a 3½% bond. Following are the bids:

For 3·50% Bonds.		*For 4% Bonds.*	
Jose, Parker & Co., Boston..	100·429	Geo. M. Hahn, New York.....	102·47
For 3·65% Bonds.		Walter Stanton & Co., New York.	101·87
R. R. Smith & Co., New York...	100·17	Benwell & Everitt, New York....	101·
For 3·75% Bonds.		S. A. Kean, Chicago.....	100·25
Rochester Savings Bank, Rochester.....	100·	*For 4·80% Bonds.*	
		W. S. & C. E. Housel, Bergen....	100·

Principal will mature $500 yearly on October 1 from 1903 to 1907, inclusive. For description of bonds see CHRONICLE of last week, p. 809.

Blackhawk County (P. O. Waterloo), Iowa.—*Bond Election.*—At the general election to be held on November 8, 1898, the question of issuing the following bonds will be submitted to the voters of the county: $75,000 court-house, $15,000 for the purchase of ground and $10,000 for building a jail. If bonds are authorized, the interest will not exceed 4% and will be payable at Waterloo.

Blockton, Iowa.—*Bonds Voted.*—This city has voted to issue $4,000 bonds for a water-works system.

Bloomfield (Town), N. J.—*No Action in Regard to Bond Issue.*—We are advised by William L. Johnson, Town Clerk, that no action has as yet been taken in reference to the issuance of the sewer bonds, to which reference was made in the CHRONICLE of April 16, 1892.

Boston, Mass.—*Bond Issue.*—The Boston News Bureau says it is probable that the $400,000 of Boston Terminal bonds recently approved by the Mayor and both branches of the city government will not be issued for some time, probably a month at least. The Finance Committee is considering the matter and will present their report to both branches of the city government for ratification.

Broome County, N. Y.—*Loan Authorized.*—It is reported that the Treasurer of this county has been authorized to borrow $18,000 for a short term.

Buchanan (Town), Va.—*Bond Sale.*—The $3,000 refunding bonds, for which proposals were asked until Sept. 30, as stated in the CHRONICLE of September 24, 1898, were not sold until October 12, when they were awarded to the Ewd. C. Jones Co., New York City, on a 6% basis.

Caldwell County, Mo.—*Bonds Registered.*—On October 17 1898, State Auditor Seibert registered the $13,500 6% Court-House bonds which were sold on September 5, 1898, to Althelmer & Rawlings, St. Louis, Mo.

Cambridge, Mass.—*Bonds Authorized.*—This city recently authorized the issuance of $50,000 3½% bonds for the beginning of a bridge between Boston and Cambridge. We are advised that this bridge will probably be three years in building, and cost, when completed, $1,250,000. The present issue of bonds will mature 40 years from date of issue. Interest will be payable at City Treasurer's office or sent by check to holder. Date of sale has not yet been determined.

Carthage, Ill.—*Bond Issue.*—It is reported that this town is about to issue $1,500 of water bonds.

Coffeyville, Kan.—*Bond Election.*—An election is soon to be held in this city to vote on the question of issuing $20,000 of bonds in aid of the Kansas Oklahoma Central & Southwestern Railway.

Colton, Cal.—*Bond Sale*—The $20,000 of 6% 1 to 40-year water-works bonds offered for sale September 30, 1898, have been awarded to A. H. Conger, Los Angeles, Cal.

Columbia, S. C.—*Bond News.*—Mr. Chas. C. Wilson, City Engineer, writes us that the City Council is proceeding steadily with its investigation of the new water-works and sewerage project, and will, he thinks, certainly adopt it. Mr. Wilson says that an issue of about $500,000 bonds will be required, but that nothing will be done towards their issuance until after the next meeting of the Legislature in January.

Columbus, Ohio.—*Bond Sales.*—On October 14, 1898, the $160,000 4% refunding "Boston Loan" bonds were awarded to Jose, Parker & Co., Boston, at 100·61. Following are the bids:

	Premium.		*Premium.*
Jose, Parker & Co., Boston.....	$976 00	Perry, Coffin & Burr, Boston....	$320 00
Parson, Leach & Co., Chicago...	880 00	W. J. Hayes & Sons, Cleveland.	272 00
Mary L. Loos	450 00	Ohio National Bank, Columbus.	100 00
Parkinson & Burr, Boston	368 77		

Principal will mature April 1, 1900. For description of bonds see CHRONICLE of last week, p. 809.

We are also advised that the $10,500 4% West Park Avenue improvement and $3,000 4% Harris Avenue improvement bonds, a description of which was given in last week's CHRONICLE, will be taken by the Trustees of the sinking fund.

Details of Bonds Authorized.—Further details are at hand concerning the $50,000 levee bonds and $3,000 Fourth Avenue improvement bonds mentioned in the CHRONICLE of last week. The levee bonds are to be dated October 1, 1898, and mature October 1, 1918. Interest will be 4%, payable April 1 and October 1. The Fourth Avenue bonds will be dated September 1, 1898, and mature September 1, 1908, subject to call after 1902. The interest, at 4%, will be payable March 1 and September 1. Interest and principal payable at the office of the City Treasurer. The date of sale has not yet been announced.

Coshocton, Ohio.—*Bond Offering.*—Proposals will be received until 12 M. November 1, 1898, by F. F. Wagner, Village Clerk, for $1,200 6% sewer bonds. Securities will be in denomination of $200, dated November 1, 1898; the first instalment of interest will be payable March 1, 1900, and remaining instalments thereafter on March 1 and September 1 at the Commercial Banking Company Bank, Coshocton. Principal will mature $200 yearly on September 1 from 1900 to 1905, inclusive.

Proposals will also be received until 12 M. November 8, 1898, by F. F. Wagner, Village Clerk, for $1,500 6% street paving bonds. Securities will be in denomination of $100, dated November 8, 1898; the first instalment of interest will be payable March 1, 1900, and the remaining instalments thereafter on March 1 and September 1 at the Commercial Banking Company Bank, Coshocton. Principal will mature $100 yearly on September 1 from 1900 to 1914, inclusive. Both the above issues are issued pursuant with sections 2,237, 2 704 and 2,705 Revised Statutes of Ohio. Each proposal must be accompanied by a certified check for 5% of the gross amount of bonds bid for, and the purchaser must furnish blank bonds.

Crookston, Minn.—*Sale Declared Off.*—We are advised by William Lanctot, City Clerk, that the sale of the $8,000 5% bonds for which proposals were asked until October 15, 1898, was declared off and the proposition will again be submitted to the voters at the general election to be held on November 8 next. "Proceedings were not satisfactory."

Crystal Springs, Miss.—*Bond Sale.*—On October 15, 1898, the $16,000 6% water-works bonds were awarded as follows: $3,000 at 101·50 to T. H. Kendall, Crystal Springs, and $13,000 at 101 to J. S Sexton, Hazlehurst. There were four other bids received, ranging from par to 100·60. Interest will be payable annually on July 5 and the principal will mature 20 years from date of issue.

Defiance, Ohio.—*Bond Offering.*—Proposals will be received until 12 M. October 29, 1898, by J. J. Malley, City

Clerk, for $20,000 4½% refunding bonds. Securities will be in denomination of $500, dated September 1, 1898; interest will be payable March 1 and September 1 at the City Treasurer's office. Two bonds will mature each six months (in their numerical order from 1 to 40) from September 1, 1910, to March 1, 1920, inclusive. Bonds are issued pursuant to Section 2701, Revised Statutes of Ohio, and a city ordinance entitled "An Ordinance to Issue Refunding Bonds for the Year 1898." Each proposal must be accompanied by a certified check for $500 drawn on a bank of the city.

Delaware County (P. O. Delaware), Ohio.—*Bond Sale.*—On October 14, 1898, the $8,700 5% county improved-road bonds were awarded to the First National Bank, Columbus, at 103 and the $7,161 county ditch bonds to the same bank at 102·876. Following are the bids:

	—Premium— Road Bonds.	Ditch Bds.		—Premium— Road Bonds.	Ditch Bds.
New First Nat. B'k. Colum.	$261	$206	Briggs, Smith & Co., Clo...	$198	$186
J. L. Whitley, Delaware....	260	205	Deposit Bank, Delaware...	195	157
Delaware Co. B'k, Dela ...	203	165	S. A. Kean, Chicago.....	174	143
Seasongood & Mayer, Cin..	202	166	R. Kleybolte & Co., Cin....	156	128

The principal of each of these issues will mature one bond each six months from March 1, 1899, to September 1, 1903. For description of bonds see CHRONICLE of October 1, 1898, p. 703.

East Hartford (Town), Conn.—*Details of Authorized Loan.*—We are advised that the loan which we stated last week had been authorized will be borrowed on town notes, $10,000 to be paid May 1, 1899, out of the next tax levy, and $8,000 payable May 1, 1900, out of the tax levy of 1899.

Fayetteville, Tenn.—*Bonds Voted.*—The election which was originally called for August 27, 1898, was held on October 15, and the proposition to issue $30,000 5% water-works bonds was carried by a large majority. Bonds will mature 20 years from date of issue, subject to call after 10 years.

Florence, Col.—*Bonds Voted.*—At the election held on October 11, 1898, the proposition to issue $135,000 bonds to erect water works for fire and domestic purposes was carried by a vote of over two to one. The bonds will bear 6% interest, payable in gold semi-annually at the Kountze Bros. Bank, New York City, or at the Bank of Florence. Principal will mature 15 years from date of issue, subject to call after 10 years. Date of sale has not been determined.

Gallatin, Tenn.—*Bond Offering.*—Proposals will be received until November 1, 1898, for $35,000 4% water works bonds, to be issued January 1, 1899, or sooner. Principal will mature 20 years from date of issue, the corporation of Gallatin reserving the right to redeem part or all of them after 10 years. Interest will be payable semi-annually. D. K. Spillers is the Chairman of the Finance Committee.

Ganado (Town), Texas.—*Proposed Bond Issue.*—We are advised that this town will soon issue $1,500 school bonds.

Geneseo (Village), N. Y.—*Bond Sale.*—On October 17, 1898, the $5,000 4% water-works bonds were awarded to W. J. Hayes & Sons, Cleveland, at 101·05. Following are the bids:

W. J. Hayes & Sons, Cleveland.	101·05	Bertron & Storrs, New York.	100·30
S. A. Kean, Chicago ...	100·60	Benwell & Everitt, New York...	10 ·z7
Geo. M. Hahn, New York.....	100·49	Genesee Valley Nat. Bk., Geneseo	100·07

For description of bonds see CHRONICLE of last week, p. 810.

Gloucester, Mass.—*Bond Sale.*—On October 19, 1898, the $75,000 4% "Stage Fort Park Loan" bonds were awarded to W. Holman Cary, Boston, at 110·280. Following are the bids:

W. Holman Cary, Boston	110·280	Blake Bros. & Co., Boston.....	109·150
E. H. Rollins & Sons, Boston...	110·078	N. W. Harris & Co., Boston.....	108·675
Perry, Coffin & Burr, Boston ..	109·576	Blodget, Merritt & Co., Boston	108·470
Horace S. Homer & Co., Boston.	109·437	Adams & Co., Boston	10·030
Parkinson & Burr, Boston.....	109·391	City National Bank, Gloucester.	108·000
H. L. Day & Co., Boston.....	109·329	S. A. Kean, Chicago	107,500

Principal will mature one bond yearly on July 1 from 1899 to 1938, inclusive. For description of bonds see CHRONICLE of last week, p. 810.

Goodhue (Minn.) School District.—*Bonds Voted.*—This district recently voted to issue $2,500 5% bonds for a new school house. Principal will mature in 5, 10 and 15 years. Date of sale has not yet been determined.

Grant County (P. O. Williamstown), Ky.—*Bond Election.*—At the election to be held in November the question of free turnpikes and of issuing bonds to pay for same will be submitted to the people.

Hackettstown (Town), N. J.—*Loan Authorized.*—According to report this town was authorized to borrow $1,000. In explanation it should be said that the several appropriations which are made at the charter election held in April of each year are not available until the taxes are collected in December, so the Treasurer is instructed to borrow through the summer and fall the money that is needed for various expenses. The loan is always negotiated with the local bank for the short time which it runs.

Hanover (Borough), Pa.—*No Election at Present.*—It has been reported that an election would soon be held in this borough to submit to the people the question of issuing $50,000 paving and highway improvement bonds. In reply to our inquiry the Secretary says: "The borough of Hanover will not be in a position to issue bonds until after the spring (February) election, and only then if authorized by the voters."

Herkimer, N. Y.—*Bonds Voted.*—At the election held on October 10, 1898, the people voted favorably on the question of issuing the $13,000 electric light-plant bonds.

Herminghaus School District, Fresno County, Cal.—*Bond Sale.*—An issue of school bonds to the amount of $1,500 has recently been awarded to the Oakland Bank of Savings at 103 33.

Independence, Mo.—*Bond Election.*—At a special election to be held on November 1, 1898, the people will vote on the question of issuing $75,000 sewer bonds. If the proposition carries, the bonds will run 20 years and will bear 4% interest.

Jonesville (Village), Mich.—*Bonds Voted.*—At a special election held on October 10, 1898, this village voted to issue $18,000 water-work bonds and $10,000 electric-light bonds. Date of sale and other details of the issue have not yet been determined.

Kaukauna, Wis.—*Bond Offering.*—Proposals will be received until November 1, 1898, by L. C. Wolf, City Clerk, for $35,000 refunding bonds, which are to replace the 6% Lawe Street bridge bonds, payable December 17, 1898. The new bonds will bear the date and draw interest from the date of the payment of the bonds retired, and will be payable at some stated place within the State of Wisconsin. Principal will mature $2,000 yearly from 1905 to 1911 and $3 000 yearly from 1912 to 1919. The terms of sale of said refunding bonds will be as follows: To the person bidding the highest sum, not less than par, and offering to accept the lowest rate of interest, for the whole or any part of said bonds, the said bonds, in whole or in part, shall be issued. If the bonds so offered for sale shall not have been sold, or if any portion of them shall remain unsold, at the expiration of 30 days, such bonds shall then be disposed of by the Common Council in such manner as in their judgment will be for the best interests of the taxpayers, but in no case will such bonds be sold except at a rate of interest as low as that borne by the old bonds. During the time in which the bonds are offered for sale within the city of Kaukauna they will be of denominations not exceeding $100 nor less than $25, but after the expiration of said 30 days they may be of any denomination in the discretion of the Common Council. Securities will be issued pursuant to sections 959 2, 4 and 926-11, Sanborn & Berryman's Annotated Statutes of Wisconsin for 1898.

Lawrence, Mass.—*Bonds Sold.*—The 4% sewer bonds which, according to newspaper statements, the Mayor and City Treasurer have been authorized to negotiate, are not a new issue. They are the same bonds which we reported in the CHRONICLE of June 18, 1898. The issue is $75,000, and the whole amount has been sold to the Sinking Fund Trustees.

Lawton (Village), Mich.—*Bonds Voted.*—At a recent election held in this village the proposition to issue $5,000 electric-light bonds was carried by a vote of 151 to 30.

Lincoln, Neb.—*Bond Offering.*—Proposals will be received until 4 o'clock October 31, 1898, at the office of the City Treasurer for the sale of paving bonds of District No. 3, bearing 6% interest, payable annually and maturing in from 1 to 10 years. Amount of issue to be determined hereafter. A certified check for $200 on a Lincoln bank or cash must accompany each bid.

Madison County (P. O. London), Ohio.—*Bond Offering.*—Proposals will be received until 12 M. October 31, 1898, by the County Commissioners for $17,200 6% road improvement bonds. Interest will be payable May 1 and November 1 at the County Treasurer's office. Securities are issued pursuant to Section 4,816 of the Revised Statutes of Ohio, and the laws amendatory thereof, and supplementary thereto, and will bear date of November 1, 1898. The issue consists of three parts, $8 000 Gregg road improvement bonds, denomination $800; $5,000 McGuire road improvement bonds, denomination $50'), and $4,200 of Lockburn road improvement bonds, denomination $420, and one bond of each series will mature semi-annually on May 1 and November 1, from 1899 to 1903, inclusive.

Each proposal must be accompanied by a certificate of the County Treasurer, showing that at least 5% of such bid has been deposited in the treasury. The official circular states that the county has never defaulted in payment of principal or interest. W. D. Wilson is the County Auditor.

Mansfield, Ohio.—*Bond Offering.*—Proposals will be received between the hours of 10 A. M. and 2 P. M. November 21, 1898, by F. M. Remy, City Clerk, for $10,000 6% Debt Extension bonds. Securities will be in denomination of $1,000, dated December 1, 1898; interest will be payable annually, and the principal will mature December 1, 1899. Each proposal must be accompanied by a certified check for $500 drawn on either of the local banks and made payable to the City Clerk. Bonds are issued pursuant to Section 2701, Revised Statutes of Ohio, as amended and passed April 18, 1892.

Medford, Mass.—*Bond Sale.*—On October 17, 1898, the $90,000 4% public building loan bonds were awarded to Blodget, Merritt & Co., Boston, at 110·54. Following are the bids:

Blodget, Merritt & Co., Boston.	110·54	Adams & Co., Boston....	110·211
E. H. Rollins & Sons, Boston...	110·397	Parkinson & Burr, Boston.....	110·158
N. W. Harris & Co., Boston.....	110·385	Estabrook & Co., Boston.....	110·15
H. L. Day & Co., Boston	110·329	Foote & French...	110·09
Blake Bros. & Co., Boston.....	110·24	W. Holman Cary, Boston.....	110·078
Perry, Coffin & Burr, Boston...	110·22	Frederick Bancroft.....	*100·91

*For $3,000.

Principal will mature August 1, 1918. For description of bonds see CHRONICLE of last week, p. 810.

Memphis (Tenn.) School District.—*No Bond Issue at Present.*—We are advised by A. B Hill, Secretary of the Board of Education, that the $30,000 school bonds which we reported in the CHRONICLE of October 8 as having been authorized will not be issued until some changes are made in the law, which cannot be done until after the Legislature meets next January (1899)—in fact, they may not be issued for a year or more.

Minneapolis, Minn.—*Bonds Authorized.*—The City Council has authorized the issuance of the $80,000 coupon bridge bonds and $200,000 coupon school bonds referred to in the CHRONICLE of Oct. 8, 1898, and the proposition will be sub-

mitted to the voters at the general election to be held on November 8, 1898. If issued all the bonds will be dated January 1, 1899 (not June 1, 1899), and will bear 3½% interest, payable semi-annually. Principal will mature January 1, 1929. Bonds will be sold by popular subscription at not less than their par value and accrued interest.

Monroe, La.—*Further Details of Bond Election.*—In addition to the propositions to be submitted to the voters at the election to be held on November 9, 1898, as stated in the CHRONICLE of last week, we are advised that the question of issuing $5,000 charity hospital bonds (making $155,000 bonds altogether) and the levy of a special tax of five mills annually until the maturity of all the $155,000 bonds to be voted upon to pay the interest and principal of same will also be considered.

Monrovia, Cal.—*Bond Sale.*—On Oct. 15, 1898, the $25,000 water improvement bonds were awarded to the Lamprecht Bros. Co., Cleveland, O., at 103. A full description of the issue will be found in the CHRONICLE of Oct. 1, 1898, p. 705.

Mount Pleasant (P. O. White Plains, N. Y.) School District No. 5.—*Bond Sale.*—On October 15, 1898, this district sold at public sale $4,000 5% school bonds to the Home Savings Bank, White Plains, at 106·125. Benwell & Everitt, New York, bid 106·0625, and Leland, Towle & Co. and F. R. Carpenter also bid.

Negaunee (Mich.) School District No. 1.—*Bond Sale.*—This district has issued $12,000 5% bonds which were voted at an election held on September 5, 1898. Securities are in denomination of $200. Principal will mature $3,000 yearly from 1902 to 1905, inclusive. We are advised that the bonds were sold at par to local parties and were all disposed of before September 20, and that it is quite possible they will be called before maturity.

New Brunswick, N. J.—*Bond Sale.*—On October 20, 1898, the $62,000 4% sinking fund bonds were awarded to W. J. Hayes & Sons, Cleveland, at 106·155. Following are the bids:

W. J. Hayes & Sons, Cleve	106·155	Bertron & Storrs, New York	101·15
E. H. Rollins & Sons, Boston	105·798	National Bank of New Jersey, New Brunswick	103·87
E. C. Jones Co., New York	105·735	C. Zabriskie, Jersey City	103·85
W. N. Stanton & Co., New York	105·15	D. A. Moran & Co., N. Y.	10 F409
Parson, Leach & Co., N. Y.	105·10	S. A. Kean, Chicago	*103·25
Benwell & Everitt, New York	104·3?9	Graham, Kerr & Co., Phila.	103·2258
W. D. Van Vleck	104·30		

* No check.

Principal will mature November 1, 1923. For description of bonds see CHRONICLE of September 24, 1898, p. 656.

New Orleans, La.—*Liquidation Claims Not Awarded.*—As stated in the CHRONICLE of August 27, 1898, p. 445, proposals were asked until October 11 for the sale of claims against the city under the Floating Debt Ordinance of the State Constitution. We are advised that the Board took no final action upon the proposals received at that time, but will do so at a called meeting later on.

New Richmond (Village), Ohio.—*Bond Offering.*—Proposals will be received until 12 M. November 10, 1898, by Charles R. Day, Village Clerk, for the $30,000 4% water-works and electric-light coupon bonds voted at the special election held on September 12, 1898. Interest will be payable May 10 and November 10 at the Village Clerk's office and the principal will mature one bond yearly as follows: $500 from 1900 to 1903, inclusive; $800 from 1904 to 1908, inclusive; $1,200 from 1909 to 1914, inclusive; $1,400 from 1915 to 1921, inclusive, and $1,000 from 1922 to 1928, inclusive. Bonds are issued pursuant to the village ordinance passed October 3, 1898, and bear date of November 10, 1898. Each proposal must be accompanied by $200 in money or a certified check for that amount drawn on some bank in New Richmond or Cincinnati.

New Rochelle, N. Y.—*No Bond Issue.*—The election which was held on October 17, 1898, was not for the purpose of voting on the question of issuing $5,000 fire department and other bonds, as has been reported, but on an appropriation for the fire department.

Newton (P. O. West Newton), Mass.—*Notes Authorized and Sold.*—This city recently authorized the issuance of $16,500 4% notes for the widening of Auburn and Lexington streets. Principal will mature Oct. 1, 1903. We are advised that these notes have been taken by the city Sinking Fund Commissioners at par.

Norfolk, Va.—*Bond Offering.*—Proposals will be received until 12 o'clock October 27, 1898, at the office of H. S. Herman, City Treasurer, for $599,000 of 30 year 4% coupon bonds of $1,000 each maturing November 1, 1928. Interest will be payable May 1 and November 1 at place to suit purchaser. The bonds are issued for the following purposes: Additional water supply, $250,000; Atlantic City ward sewerage and street improvement, $180,000; to retire bonds maturing January 1, 1899, $77,000; for an iron bridge, $52,000, and for street improvements, fire engine house and other public improvements, $40,000. A certified check, payable to the order of the City Treasurer for 1% of the amount bid for must accompany each proposal. A further deposit of 4% will be required upon notification of award, and interest at 4% will be allowed to successful bidders on the 5% deposit from the time of receipt of the 4% deposit to the delivery of the securities.

The official advertisement of the sale will be found elsewhere in this Department.

Bond Election.—At the general election to be held on November 8, 1898, the question of issuing $150,000 of bonds for the purpose of establishing a system of sewerage in the Fifth Ward (Brambleton), and also the question whether or not the present rate of taxation of $1 on the $100 valuation of property in this ward shall be increased to $1 60 for the purpose of paying the expenses of operating such sewerage plant and of paying the interest on said bonds, will be submitted to a vote of the people. The bonds, if issued, are to mature in 30 years and bear interest at a rate not to exceed 6%.

Norwood, Ohio.—*Bond Offering.*—Proposals will be received until 12 M., November 4, 1898, by W. E. Wichgar, Village Clerk, care of William E. Bundy, room 210, Lincoln Inn Court, Cincinnati, for $3,000 5% sidewalk bonds. Securities will be in denomination of $500, dated October 1, 1898, and will mature October 1, 1908. Interest will be payable semi-annually at the Atlas National Bank, Cincinnati. Bids must be accompanied by certified check for 5% of the amount of bonds, payable to order of Village Clerk. Securities are issued pursuant with Section 2,834 A. B. C., Revised Statutes of Ohio, as amended.

Proposals will also be received at the same time and place for $3,925 68 6% 1-10-year (serial) street-improvement bonds. Securities bear date October 19, 1898. A certified check for 5% of the gross amount of bonds, payable to the Village Treasurer, must accompany proposals.

Oakland (Town), Md.—*Bond Offering.*—Proposals will be received by R. S. Jamison, Mayor, and the Town Council until 9 P. M October 25, 1898, for $13,000 4% coupon municipal bonds. The proceeds will be used to pay off floating debt and improve the streets of the town. Securities will be in the denominations of $100, $500 and $1,000, as the purchasers may desire; interest will be payable January 1 and July 1 at the Garrett County Bank, Oakland. Principal will mature $1,000 yearly from July 1, 1903, but bonds are redeemable at the pleasure of the Mayor and Town Council after the date mentioned. Bonds are issued pursuant to Chapter 24 of the Acts of the General Assembly of Maryland, 1898. Each proposal must be accompanied by the currency or a certified check payable to the order of the Mayor and Town Council, without condition, for an amount equal to 10% of the amount bid. Residents of the town are to be preferred, "everything else being equal." The official circular states that the written or printed opinion of the Counsel to the Mayor and Town Council will be given to any persons desiring to bid on said bonds as to the validity of the same and the authority under which they are issued.

Oneida (Village), N. Y.—*Bond Offering.*—On November 2, 1898, this village will sell the $6,316 29 sewer assessment bonds recently authorized by the Sewer Board. The bonds will run 10 years, one-tenth of the principal being payable each year.

Osakis (Village), Minn.—*Bond Sale.*—On October 14, 1898, the Village Council awarded $1,000 of the $2,000 6% 3-year bonds (for which proposals were asked until October 8, but the sale of which was postponed, as stated in the CHRONICLE of last week) to the Minnesota Loan & Trust Co., Minneapolis, at 103. Other bidders were Kane & Co., Minneapolis, 102·31; J. D. Cleghorn & Co., Minneapolis, 101·30, and the National German-American Bank, St. Paul, 101. We are advised that owing to recent payment into the village treasury of additional liquor license revenue, the Council voted to issue but $1,000 bonds in place of the $2,000 advertised.

Pawnee County (P. O. Larned), Kan.—*Bond Call.*—County Treasurer G. W. Lawrence calls for payment on November 30, 1898, after which date all interest will cease, bonds Nos. 3, 4 and 5, bearing date of August 17, 1887, and being in denomination of $1,000 each, issued by this county to the Denver Memphis & Atlantic RR. Co. Bonds will be paid at the fiscal agency of the State of Kansas in the city of New York.

Perry, N. Y.—*No Bond Issue.*—It has been reported that $7,000 town-hall bonds had been voted. We are advised that no bonds are to be issued; the money is to be raised on town notes at 4%.

Persia (Village), Iowa.—*No Bonds at Present.*—It has been reported that this village proposed to put out $5,000 water-works bonds. Upon inquiry we learn that the bonds will not be issued at present.

Port Jervis, N. Y.—*Bond Sale.*—According to local report, the $22,000 4% school-house bonds to which reference was made in the CHRONICLE of August 20 have been sold to Isaac W. Sherrill, Poughkeepsie, at 103·37. It is stated that a large number of bids was received.

Ripley County (P. O. Doniphan), Mo.—*Bond Offering.*—Proposals will be received until 2 P. M., November 10, 1898, by W. C. S. Lackey, County Treasurer, for the $20,000 4% court-house and jail bonds authorized at the recent election. Securities will be in denomination of $500, dated December 1, 1898; interest will be payable June 1 and December 1. Principal will mature $1,000 yearly on December 1 from 1899 to 1918, inclusive. Each proposal must be accompanied by a certified check for 3% of the amount bid. The official circular states that there is no dispute as to the legality of this issue, and that principal and interest of all former issues of bonds were paid without any litigation. Total assessed valuation for the county for 1898 is $2,060,343. Estimated real value, $4,000,000. The above issue is the only bonded indebtedness. Total floating debt about $8,000 in warrants which will soon be paid. Population is 11,000.

Riverhead (L. I.), N. Y.—*No Action Yet Taken in Regard to Bond Issue.*—We are again advised that no action has yet been taken looking towards the issuance of the $25,000 school bonds which, as stated in the CHRONICLE of September 10, 1898, the Board of Education has under consideration.

Rockton (Village), Montgomery Co., N. Y.—*Bond Sale.*—On October 17, 1898, the $12,000 road-improvement bonds were sold to the Amsterdam Savings Bank at par for a 3½% bond, their bid being the only one received. For description of bonds see CHRONICLE of last week, p. 811.

Roeding School District, Fresno County Cal.—*Bond Sale.*—This district has recently sold an issue of $2,000 bonds to the Oakland Bank of Savings at 104·25.

Rossville (Town), Ind.—*Bond Sale.*—We are advised that the $300 of school bonds recently offered for sale have been disposed of.

Salem, Ohio.—*Not a New Issue of Bonds.*—We are now advised that the $5,047 40 6% Lundy Street improvement bonds which this city is offering for sale on Oct. 25, 1898 (see CHRONICLE of last week, p. 811), are not a new issue, but are identical with those sold to The Lamprecht Bros. Co., Cleveland, on Sept. 6, 1898; they were not taken by that firm because it was discovered that the bonds had not been advertised quite the full time required by law, involving the legality of the issue, and it was, therefore, deemed best to re-advertise them.

Shakopee, Minn.—*Bond Sale.*—On October 11, 1898, $8,000 5% bonds were sold to the First National Bank, Shakopee, at 100 693. Principal will mature on November 1, $4,000 in 1899, $2,000 in 1900 and $2,000 in 1902.

Sharpsburg, Pa.—*Bids.*—On October 18, 1898, the following bids were received for the $60,000 4% street-improvement bonds:

Mercantile Tr. Co., Pittsburg.	$61,515 00	Metropolitan Nat. Bk., Pitts.	$60,600 00
Lamprecht Bros. Co., Cleve	61,302 00	Booth & Flinn	60,600 00
Penn Mut Life Ins. Co., Phila.	61,250 00	Briggs, Smith & Co., Cincin.	60,551 50
Denison, Prior & Co., Cleve.	61,007 00	Trowbridge, MacDonald &	
John K. Bryden	60,810 50	Niver Co., Chicago	60,365 00
W. J. Hayes & Sons, Cleve.	60,696 00	S. A. Kean, Chicago	60,150 00
Robinson Bros., Pittsburg	60,642 00	N. W. Harris & Co., Chicago	60,101 81
Ewd. C. Jones Co., N. Y.	60,601 50		

For description of bonds see CHRONICLE of last week, p. 812.

Shelby County, Ohio.—*Bond Sale.*—On October 18, 1898, the $30,000 6% county deficiency bonds were sold to Rudolph Kleybolte & Co., Cincinnati, at 111·275. Following are the bids:

Rudolph Kleybolte & Co.,	Cin. $33,382 50	German-Amer. Bk.,	Sidney $33,075 00
Denison, Prior & Co.,	Cleve. 33,376 25	S. A. Kean,	Chicago 33,037 50
Mason, Lewis & Co.,	Chic. 33,351 00	S. Kuhn & Sons,	Cincinnati 33,025 00
Seasongood & Mayer,	Cincin. 33,286 75	New First Nat. Bk.,	Columbus, 33,015 00
W. J. Hayes & Sons,	Cleve. 33,257 00	Briggs, Smith & Co.,	Cincin. 33,003 00
Lamprecht Bros. Co.,	Cleve. 33,183 00	Citizens' Bank,	Sidney 32,601 50
Society for Savings,	Cleve. 33,175 00	Peoples' Sav. & Ln. Ass.,	Sidn'y 31,400 00

Spitzer & Co., Toledo, bid $33,538 50, but bid was received two hours late. Principal will mature $1,500 on January 1, 1900, and $1,500 each six months thereafter up to and including July 1, 1909. For description of bonds see CHRONICLE of October 8, 1898, p. 759.

Shippensburg (Borough), Pa.—*Bond Election.*—At the general election to be held on November 8, 1898, this borough will vote on the proposition to issue $10,000 4% street-improvement bonds. The total debt at present is $33,682 and the latest assessed valuation was $805,391.

Shreveport, La.—*Petition for Bond Election.*—At a recent meeting of the City Council a resolution was passed providing that a petition be circulated among the taxpayers, calling on the Council to order an election to empower it to issue $40,000 of paving bonds, and to assess a 1 mill tax for 20 years for redeeming the same. If issued the bonds will probably be for $500 each, bear interest at 5% and mature in 20 years.

Somerville, Tenn.—*Bond Offering.*—Proposals will be received until 3 P. M., November 3, 1898, by the Finance Committee, for $10,000 5% water and light bonds. Securities are issued under authority of a special act of the State Legislature and voted at the election held August 29, 1898. Securities are in denomination of $500, dated December 1, 1898. Principal will mature 20 years from date of issue, one-fourth being optional every five years. A certified check for 2½%, payable to the City Treasurer, must accompany proposals.

South Chester—Chester, Pa.—*Bond Redemption.*—Bonds to the amount of $3,000 of the late borough of South Chester (which has been recently annexed to the city of Chester) are now overdue, and will be taken up by the city and paid for out of the sinking fund.

Spokane, Wash.—*Bond Sale.*—On October 12, 1898, the $10,000 5% park bonds were awarded to W. E. Bell, Spokane, at 100·57. W. J. Hayes & Sons, Cleveland, bid par, less $100 for expenses, and S. A. Kean, Chicago, bid 102 for 20-year bonds. Principal will mature August 1, 1908. For description of bonds see CHRONICLE of September 17, 1898, p. 605.

NEW LOANS.

$599,000

CITY OF NORFOLK, VA.,

30-YEAR 4% COUPON BONDS OF $1,000 EACH,

DUE NOVEMBER 1ST, 1928.

INTEREST PAYABLE MAY 1ST AND NOV. 1ST.

SEALED PROPOSALS will be received at the office of the City Treasurer of Norfolk, Va., until 12 o'clock M., THURSDAY, OCTOBER 27th, 1898, for $599,000 four per cent, semi-annual, 30-year Coupon Bonds, issued for the following purposes, viz:-

For additional Water Supply	$250,000 00
For Atlantic City Ward sewerage and Street Improvement	180,000 00
To retire Bonds maturing January 1st, 1899	77,000 00
For Iron Bridge over Smith's Creek	52,000 00
For Street Improvements, Fire Engine House and other Public Improvements	40,000 00
Total	$599,000 00

Bids may be for the whole or part of the said Bonds, and must state price and accrued interest.

Bonds issued in denominations of $1,000, and place of payment of interest to suit purchaser.

Bidders to enclose certified check for 1% of par value of amount bid for.

Immediately upon notification of allotment a further deposit of 4% of par value of amount allotted shall be made.

FOUR (4) per cent interest will be allowed successful bidders on the 5% paid in, from the time of receipt of the 4% until Bonds are ready to be delivered.

The remaining 95% to be paid immediately after purchasers are notified that bonds are ready for delivery.

Checks to be made payable to order of H. S. Herman, City Treasurer of the City of Norfolk, Va.

The right is reserved to reject any or all bids.

NATHANIEL BEAMAN,
Chairman Finance Committee Common Council.
CHAS. H. CONSOLVO,
Chairman Finance Committee Select Council.

Bonds.
BRIGGS, SMITH & CO.,
CINCINNATI, OHIO.

Stephens County, Texas.—*Bonds Approved and Registered.*—The Attorney-General has recently approved and the Comptroller has registered $8,900 5% 2-40-year court-house funding bonds of this county.

Tom Green County, Texas.—*Bonds Approved and Registered.* The Attorney General has recently approved and the Comptroller has registered $10,000 5% 10-30-year court-house and jail bonds of this county.

Topeka, Kan.—*Date of Election.*—According to official report, the election to vote on the question of issuing $440,000 water-works bonds will be held on November 12, 1898. The bonds, if issued, will be in denomination of not less than $10 and not more than $200, and will mature in 20 years or less; interest will be at a rate not to exceed 5%, payable semi-annually.

Trenton, N. J.—*Bond Issue.*—It is reported that this city is about to issue $34,950 paving bonds, bearing 4% interest and maturing in 10 years.

Troy, N. Y.—*Bond Offering.*—Proposals are asked until 12 M. to-day (October 22, 1898,) by the Mayor, Comptroller and Chamberlain for $52 000 3½% bonds known as "Public-Building Bonds of 1898." Securities will be issued in such denomination (but not less than $5,000) as the bidder shall desire, and will bear date of November 1, 1898; interest will be payable semi-annually at the City Chamberlain's office. Principal will mature on November 1, $10,000 yearly from 1909 to 1912, inclusive, and $12,000 in 1913. Bonds are issued under Chapter 670 of Laws of 1892 and in pursuance of a resolution of the Common Council adopted October 6, 1898, and approved October 13.

Tyrone (Borough), Pa.—*No Purchase to be Made at Present.*—In regard to the proposed purchase of the Tyrone Gas & Water Plant, mention of which was made in last week's CHRONICLE, we are advised by City Treasurer T. J. Gates that nothing will be done at present. Mr. Gates says: "There was some action taken, but it won't materialize; from all appearances it has fallen through."

Utica, N. Y.—*Bond Sale.*—On October 18, 1898, the $5,000 5% 1 year bonds were sold to Miss Anna S. Wells, Utica, at 101·12. Bids were also received from W. J. Hayes & Sons, Cleveland, Ohio; Louis Lombard, New York City; J. G. Gibson, Utica, and W. T. Baker, Utica.

Valparaiso, Ind.—*Bond Offering.*—Proposals will be received until October 28, 1898, for $51,000 4% refunding bonds. Interest will be payable in Chicago or New York, to suit buyer. Bonds will be issued as follows: $10,000 10-20 years, $20,000 15-20 years and $21,000 straight 20 years.

Walton, (N. Y.) School District.—*No Bond Election.*—It has been reported that an election would be held in this district on October 31, 1898, to submit to the people the question of issuing $32,000 school refunding bonds. Upon inquiry we learn from the President of the Board of Education that all bonds now to be issued have been sold, and that there will be no further sales until July 1, 1899.

Westerly (Town) R. I.—*Loan Negotiated.*—We are advised by Town Treasurer J. M. Pendleton that he has sold to George Mixter, Boston, a $25,000 note of the town to run for three months at 2¾%.

Wharton County, Tex.—*Bonds Approved and Registered.*—On October 12, 1898, the Attorney General approved and the Comptroller registered $37,500 court house and jail refunding and $9,500 county bridge refunding bonds of this county.

Wilson County, Tenn.—*Issue of Warrants.*—It is reported that warrants to the amount of $75,000, maturing in 1902, will be issued for the purpose of redeeming the same amount of railroad-aid bonds outstanding.

Winneshiek County (P. O. Decorah), Iowa.—*Bond Election.*—At the coming election the people will be asked to vote upon the question of issuing $75,000 court-house bonds.

Woodbury, N. J.—*Bonds Already Taken.*—This city is to issue $6,000 bonds for the purpose of building a fire engine-house. Securities will be in denomination of $1,000, dated November 1, 1898; interest not exceeding 4% will be payable annually at the City Treasurer's office. Principal will mature $1,000 yearly on November 1 from 1899 to 1904, inclusive. We are informed by the City Clerk that these bonds will not be advertised, but are already subscribed for by the Water Department Sinking Fund of the city.

Wooster, Ohio.—*Bond Election.*—At the general election to be held on November 8, 1898, the question of issuing $25,000 electric-light bonds will be submitted to a vote of the people.

Seven cities, 5 days	$927,338,298	$822,799,686	+12·7
Other cities, 5 days	173,988,416	151,942,103	+14·5
Total all cities, 5 days	$1,101,326,714	$974,741,791	+13·0
All cities, 1 day	221,004,007	199,559,955	+10·8
Total all cities for week	$1,322,330,721	$1,174,301,759	+12·6

The full details of clearings for the week covered by the above statement will be given next Saturday. We cannot, of course, furnish them to-day, bank clearings being made up by the various clearing houses at noon on Saturday, and hence in the above the last twenty-four hours of the week have to be in all cases estimated, as we go to press Friday night.

We present below our usual detailed figures for the previous week, covering the returns for the period ending with Saturday noon, October 22, and the results for the corresponding week in 1897, 1896 and 1895 are also given. In comparison with the preceding week, there is a decrease in the aggregate exchanges of about thirty-seven million dollars, and at New York alone the loss is twenty-six millions. Contrasted with the week of 1897 the total for the whole country shows an increase of 4·2 per cent. Compared with the week of 1896 the current returns record a gain of 32·0 per cent, and the excess over 1895 is 18·1 per cent. Outside of New York the increase over 1897 is 4·8 per cent. The excess over 1896 reaches 21·5 per cent, and making comparison with 1895 the gain is seen to be 10·9 per cent.

Clearings at—	*Week ending October 22* 1898.	1897.	1898. *P. Cent*	1896	1895.

OUR INVESTORS' SUPPLEMENT.

The usual quarterly number of the INVESTORS' SUPPLEMENT accompanies the present issue of the CHRONICLE. The SUPPLEMENT contains the following editorial articles:

ALL STEEL CARS
POOLING ENGINES AND CREWS.
STEEL PLATFORMS FOR PASSENGER CARS.
OILED RAILROAD TRACK.
LATERAL MOTION OF RAILS UNDER HEAT.
LOCOMOTIVE WATER SUPPLY.
GATES ON PASSENGER CARS.
LOCOMOTIVE COAL PREMIUMS.
LONG CAR FERRIES.
LONG LOCOMOTIVE RUNS.

THE FINANCIAL SITUATION.

The strength of our financial and security situation has seldom been so clearly demonstrated as it has been in New York this week, and especially on Tuesday. Monday had exhibited every appearance of a black day—the news was unfavorable from first to last. War between England and France seemed to grow more and more likely each succeeding hour. Consols and securities in London and rentes and securities in Paris fell in a disorderly sort of way. Our foreign exchange market also advanced sharply while Europe was reported to have sold here large blocks of our stocks. Finally came the announcement that the United States Supreme Court had filed its decision declaring the Joint Traffic Association illegal for the same reasons that ruled in the Trans-Missouri Freight Association case, decided in March 1897; holding also that all railroad agreements in any manner attempting to regulate rates and railroad traffic prevented free competition and were therefore in violation of the Anti-Trust Law, and consequently void. Although our stock market had opened strong Monday morning, it closed that day under this accumulation of bad news quite demoralized, stocks breaking materially in the last hour.

But on Tuesday, after a night for reflection, the market recovered tone and was strong from the opening to the close, notwithstanding the earlier dispatches showed a state of affairs in Europe indicating increased disorder, and the more closely the decision of the Court as to trusts was examined the broader in its application and in hostility to railroads it appeared. We should not omit to mention as a favoring circumstance as the day (Tuesday) advanced the idea of immediate war between England and France looked less imminent: that is, it had the appearance of being a more remote contingency, but still an evident possibility. On the other hand there was a new source of confusion. The meeting of the French Chamber of Deputies occurred on that day. This event was attended by the sensational resignation of General Chanoine, Minister of War, presented to the Chamber without his having previously given to his colleagues even a hint of his intention. Of course such a theatrical performance precipitated a crisis. Amid it all, however, it is a great satisfaction to be able to note that the Premier, M. Brisson, continued to exhibit the same high qualifications for the position he held that he has shown during all his official life, and it is a pity France has left his leading. Neither the outside mob nor the threatening language of the deputies moved him to modify in the least the purpose he has kept foremost all through his administration. In addressing the Assembly—after stating that Gen. Chanoine's declaration was a complete surprise to him, as the General had been present at the Cabinet meeting which decided to submit the documents in the Dreyfus case to the Court of Cassation, but did not then raise any objection—he remarked that the Government was fully determined to uphold the civil power against the military. When the Chamber had resumed its sitting in the afternoon of that day a vote of confidence in M. Brisson was moved and defeated by a vote of 296 to 243. Thereupon the Brisson Ministry presented its resignation and on Thursday M. Dupuy was selected to form a new cabinet. As the week closes the developments in the Dreyfus case and the reports current giving a new phase to the Fashoda dispute between England and France have in some measure revived the solicitude felt with reference to those matters. On subsequent pages we have discussed the general European situation.

Affairs in Wall Street have suffered no set-back since the recovery Tuesday morning, but sentiment and the prices of the more active railroad stocks have continued to improve. In the meantime domestic matters have been in control almost exclusively. Among these the breadstuffs situation and the promising outlook with reference to the elections remain the strong features. In the early part of the week wheat advanced materially; more recently as the war scare in Europe has lessened, a portion of the advance has been lost. The decline is no evidence of weaker conditions. We have a very considerable surplus to market, and it is coming forward in large volume. Consequently while the demand for export continues active and strong, and the facts as to Europe's needs appear to indicate greater urgency instead of less, the dominant feeling in the West as well as here wisely favors free marketing. Business conditions remain much the same as heretofore reported. The transactions are large in volume but profits remain extremely small. Some departments of manufacture are active, like iron, while others are notoriously in an unsatisfactory state. We have heretofore cited, as instances of the latter condition, cotton and woolen goods, neither of which show any improvement. The short-time movement in the New England cotton mills, the proposed action to reduce wages in the mills at Augusta, Georgia, and 4 15-16 cents per pound for low middling cotton at New York, tell plainly the position at the moment of large interests. The killing frost in the South this week ought to make a material improvement speedily in the price of cotton.

Returns of railway earnings are also beginning to show considerable irregularity. There is nothing surprising in this of course. We are comparing with results last year which were very satisfactory and which recorded considerable improvement over the year preceding; in the third week of October, for instance, returns for which are now coming in, the gain at that time was 11·09 per cent. Then also special circumstances and conditions have latterly been playing a prominent part in affecting the revenues of different roads and groups. But while the fact itself is easily explained, it is important that it should not be overlooked. It is a great mistake to suppose, because the Milwaukee & St. Paul is

making extremely favorable returns, that the whole railroad system is doing equally well. The spring-wheat harvest in the territory of the St. Paul has been of unusual dimensions, and the roads in that section are naturally feeling the benefit of this, especially at the present time, when better prices for wheat are ruling in the market; we should judge, likewise, that the St. Paul had an increased traffic in iron ore. But even in that part of the country the returns are not all of the same character, and we find some roads actually recording losses. Our compilation for the third week of October will serve to bring out the distinctions we have in mind. It will be seen from that statement that while the improvement on the St. Paul amounts to nearly 12 per cent, in the aggregate of the whole 64 roads included the increase amounts to not quite 4 per cent; furthermore that out of the 64 roads 28 have fallen behind in their receipts. The influence of special circumstances on the character of the comparisons is shown in the case of Southwestern roads like the Missouri Kansas & Texas and the Int. & Gt. Northern, which for a number of weeks reported losses because of the delay in the movement of cotton (the crop being backward), but which, now that the delayed cotton is coming forward, are showing exceptionally heavy gains.

It is worth remembering, too, that the roads making weekly or early preliminary returns have latterly been doing much better than those whose exhibits do not come in until after the lapse of a number of weeks. The truth of this remark is forcibly illustrated in the article which we present on another page giving the gross and net earnings for the month of August. When we published our early compilation for that month, in the issue of September 17, the increase in gross amounted to over 2¼ million dollars—$2,297,452. The present statement for the same month, covering many additional roads, shows a gain of only a million dollars—$1,005,465. The reason, of course, is that the later returns were largely unfavorable, pulling down the aggregate amount of increase. The anthracite coal roads, which are not included in the early statement, all did poorly, the trunk lines like the Erie and the Pennsylvania likewise sustained losses, and both the Southern Pacific and the Union Pacific, as also the Atchison, none of which are included in the early returns, had larger or smaller losses.

From present indications the exhibit for September will reveal the same variations as that for August. The returns received this week serve to bring out some of the distinctions referred to. The Northern Pacific, which like the Milwaukee & St. Paul, has been reporting noteworthy gains, continues the same record, and reports an increase of $293,939 in gross and of $260,400 in the net. The Southern Railway, which has been getting important benefits from the movement of United States troops, also again has a large improvement—$259,347 in the gross and $117,259 in the net. On the other hand the Union Pacific repeats the previous month's experience in having a loss ($44,086) in the gross, accompanied by a considerable saving in expenses, leaving an improvement in the net—$112,554. The New York Ontario & Western, we may suppose, reflects the demoralization in the anthracite coal trade in reporting diminished gross and net. The Lehigh Valley on its coal-mining business also shows a loss in both gross and net, though fortunately this is more than offset by improved results from the operations of the railroad lines. The Northern Central, too, is again obliged to report decreases—$43,337 in gross, $12,042 in net. The Atchison makes a very much better comparison than for August, as we clearly indicated would be the case when we analyzed the figures for that month. The September figures record $2,369 increase in gross, with $9,015 decrease in net.

The Pennsylvania Railroad statement for September, issued late yesterday afternoon, also confirms the remarks above with reference to the distinction that must be made between the character of the returns East and West. On the combined lines East and West of Pittsburg there was a small increase in the gross ($118,600), but on the Eastern lines alone there is a decrease ($69,500), just as there was the previous month. The return, however, must be considered very satisfactory, bearing in mind the contraction in the grain movement and the demoralization in rates prevailing in trunk line territory. Furthermore, it must be remembered that comparison is with exceptionally good results last year, the combined system then having shown $1,192,500 gain in gross and $735,000 gain in net. In view of all this the decrease of $69,500 in gross with $72,800 increase in net on the Eastern lines, and the $188,100 increase in gross with $14,300 increase in net on the Western lines is fully as favorable as could be expected.

Money on call, representing bankers' balances, has loaned at 1½ and at 2 per cent at the Stock Exchange during the week, with the bulk of the business at 2 and the average fully 1¾ per cent. Banks and trust companies quote 2 per cent as the minimum. Time contracts are freely offered, but the business is small, and rates are 2½ per cent for sixty to ninety days, 3 per cent for from four to five, and 3@3½ per cent for six months on good Stock Exchange collateral. There is a good demand for commercial paper not only from city banks and other institutions, but from Western banks, which generally speaking are well supplied with money which they are unable to employ at home. As an illustration of this abundance of money in the West, it is stated that a bank at Milwaukee, clearing for a large number of banks in that Clearing-House section, found upon analyzing the recent reports to the Comptroller that these banks were carrying an average of 37 per cent of cash reserve, whereas they were required to carry but 15 per cent. The supply of commercial paper in this city is comparatively small, and rates are 3¼@3½ per cent for sixty to ninety-day endorsed bills receivable, 3½@4¼ per cent for prime and 4½@5 per cent for good four to six months' single names. The deposits of public money in the specially-designated depository banks are still increasing, and they now aggregate nearly $95,000,000. The amount yet to be paid on the bonds is less than $7,000,000. The plethora of gold at this centre is indicated by the fact that gold payments at the Custom-House for the first twenty days of this month reached

80 per cent, the highest yet recorded. Gold continues to move hither from San Francisco, the supply being excessive in that city. Much of the Klondike gold which comes down to the Mint and Assay Office from the border finds a lodgment in the Pacific Coast cities. The payments at the New York Sub-Treasury continue largely in excess of the receipts, and reports to us from the banks show that the movement of money to the interior has been small and the receipts heavy. Transfers through the Treasury have been chiefly to the Northwest and the South, but these have been lighter than last week.

The Bank of England minimum rate of discount remains unchanged at 4 per cent. The cable reports discounts of sixty to ninety day Bank bills at London 3½@4 per cent. The open market rate at Paris is 2¾ per cent and at Berlin and Frankfort it is 4½ per cent. According to our special cable from London the Bank of England gained £464,687 bullion during the week and held £31,608,431 at the close of the week. Our correspondent further advises us that the gain was due to receipts of £274,000 *net* from the interior of Great Britain, to imports of £241,000 (of which £216,000 were from France and £25,000 from Australia) and to exports of £50,000 to Egypt.

The political and financial situation in Europe had a marked influence upon foreign exchange this week. On Monday dearer discounts and a demand for remittance caused a sharp advance in short sterling and in cable transfers, and on the following day there was a further rise in these bills, followed in the afternoon by a fall of nearly one cent, due to a recovery in the London market, and also to more assuring advices regarding the situation; but there was a partial recovery by the close. On Wednesday the market was steady until the afternoon, when reports of a transfer of capital from Paris to London and the sharp rise in exchange at Paris caused an advance in rates for short sterling and cables to the figures ruling on Monday. On the following day the market was easier on news of the more composed political situation. The abrupt changes this week have been largely due to the sensitive condition of the market. Owing to the uncertain political situation abroad bankers have drawn only in response to immediate requirements. Therefore an urgent demand for even a moderate amount of bills has served sharply to advance rates while offerings of ordinary amounts have brought about a decline. Buying of long sterling for investment continues, and the commercial bills drawn against cotton and grain have been promptly absorbed. The steamer leaving Sydney, N.S.W., on the 23d carried $2,750,000 gold for San Francisco. The arrivals of gold from Europe this week have been $1,324,918.

The range for nominal rates for exchange opened on Monday at from 4 82½ to 4 83½ for sixty day and from 4 85½ to 4 86½ for sight. On the following day and thereafter the range was from 4 83 to 4 83½ for the former and from 4 86 to 4 87 for the latter. Rates for actual business opened on Monday at an advance, compared with those at the close on Friday of last week, of one-quarter of a cent for long, at 4 82½@4 82½; of three-quarters of a cent for short, at 4 85½@4 86, and of one and a-quarter for cable transfers, at 4 86½@4 87. The market was active and strong, and it so continued on the following morning, when long sterling sold at 4 82¾, short at 4 86¼ and cables at 4 87½; but in the afternoon there was a sharp fall, as noted above, and compared with the previous day the market closed with rates for actual business unchanged for long at 4 82½@4 82½ and half a cent lower for short and for cables, at 4 85½@4 85½ for the former and 4 86½@4 86½ for the latter. On Wednesday the news of the sharp rise in exchange at Paris on London caused an advance in rates for actual business of one-quarter of a cent in long to 4 82½@4 82¾ and of half a cent in short and in cables, to 4 85¾@4 86 for the former and 4 86¾@4 87 for the latter, and the market closed quite strong. On Thursday the prevalence of more normal conditions abroad made the tone easier at a decline in rates for actual business of one-quarter of a cent for long and short, to 4 82½@4 82½ for the former and 4 85½@4 85¾ for the latter, while cables were unchanged at 4 86¾@4 87. The market was steady on Friday and cables declined one-quarter of a cent. The following shows daily posted rates for exchange by some of the leading drawers.

DAILY POSTED RATES FOR FOREIGN EXCHANGE.

	Sight.	86	86	87	87	87	87

The market closed steady on Friday, with rates for actual business 4 82½@4 82½ for long, 4 85½@4 85¾ for short and 4 86½@4 86¾ for cable transfers. Prime commercial 4 81½@4 81½ and documentary 4 81@4 82. Cotton for payment, 4 80¾@4 81¼; cotton for acceptance, 4 81¼@4 81½ and grain for payment 4 81½@4 82.

The following statement gives the week's movement of money to and from the interior by the New York banks.

Week Ending Oct. 28, 1898.	*Received by N. Y. Banks.*	*Shipped by N. Y. Banks.*	*Net Interior Movement.*
Currency	$5,218,000	$3,415,000	Gain. $1,803,000
Gold	1,894,000	428,000	Gain. 1,466,000
Total gold and legal tenders	$7,112,000	$3,843,000	Gain. $3,269,000

With the Sub-Treasury operations and gold imports the result is as follows.

Week Ending Oct. 28, 1898.	*Into Banks.*	*Out of Banks.*	*Net Change in Bank Holdings.*
Banks' interior movement, as above	$7,112,000	$3,843,000	Gain. $3,269,000
Sub-Treasury oper. and gold imp'ts	26,500,000	22,500,000	Gain. 4,000,000
Total gold and legal tenders	$33,612,000	$26,343,000	Gain. $7,269,000

The following table indicates the amount of bullion in the principal European banks.

Bank of	Oct. 27, 1898.			Oct. 28, 1897.

Tot. this week	296,792,622	93,731,128	392,523,750	320,351,791	99,476,809	419,777,600
Tot. prev. w'k	298,349,280	93,225,964	391,575,244	318,685,283	98,784,025	417,469,113

* The division (between gold and silver) given in our table of coin and bullion in the Bank of Germany and the Bank of Belgium is made from the best estimate we are able to obtain; in neither case is it claimed to be accurate, as those banks make no distinction in their weekly returns, merely reporting the total gold and silver, but we believe the division we make is a close approximation.

Note.—We receive the foregoing results weekly by cable, and while not all of the date given at the head of the column, they are the returns issued nearest to that date—that is the latest reported figures.

THE ANTI-TRUST LAW AND THE SUPREME COURT DECISION.

Why is it that the railroad decision referred to in the previous article has had so little influence on prices at our Stock Exchange this week? That is a reasonable question, one we have heard asked frequently since the decision was announced. There could not be a decree of the Court more sweeping in its character, for it certainly takes away every vestige of power from the railroads to make any kind of contract for the maintenance of rates, reasonable as well as unreasonable, or for the apportionment of traffic. Such a situation no doubt suggests a speedy fight for business, resulting in great confusion and wide and disastrous declines in traffic charges. As current Stock Exchange values have given no evidence that anything of the kind is anticipated, we must assume that either little fear of those consequences exists at present, or that a remedy is in sight.

We think that both of these ideas have had an influence on opinion and are reasonable conclusions. In the first place, the change from the old to the new situation is not so radical in the particular of rate cutting as many assume. During past years there has been very little stability in rates. Arrangements between the roads have been made without number, but apparently to be broken; so little power to enforce them existed that some delinquent has been found to kick over the traces almost as soon as the harness had been put on. The study of any twelve months will illustrate what we mean. Then again the important systems in the country are few now, and their security holders are in closer touch with the management and exercise a greater moral influence in the direction of a road's policy than they used to exercise. Whatever of binding force the more recent arrangements have had has been due to that condition more than to any inherent strength in the compact. Then, too, when freight is abundant, when as a rule the roads are getting all they can carry, as they are now, there is a minimum of temptation for rate wars. The more trying period will come in the dull season, especially when business is depressed; a time when the traffic agents jealously follow every bale of goods from the factory to the consumer, and fight for its carriage.

But there is another and more permanent kind of relief that railroads and investors in their securities must have in mind now, a relief which we think the decision will assist in advancing. All our carriers are wards of the Government, having been made such by the relations the Inter-State Commerce Act established. That law was a protest against unreasonable and discriminating charges and made the standard of rates reasonable and equitable. The framers of the Trust Act no doubt intended to preserve the same standard, but the law was so worded, either by incautious framers or by careless amendment, that the Court has felt constrained to interpret it as interdicting all attempts to regulate rates or the doing of any act which in any degree interferes with competition. The roads are consequently by this judicial interpretation left helpless. They may put into operation a schedule of charges lower than ever before, throughout all its details reasonable, and in every way equitable; and yet any bankrupt concern or any other fractious management may cut under the tariff so made, and, having forced a fight, destroy it. If there is no legal way for arresting or averting this kind of proceeding there is no assured end to the contests the law as now interpreted invites, except the survival of the fittest.

Not an individual in the country is interested in the perpetuity of a legal status of that character. It is the putting of antagonists in an arena from which there is no escape except to fight to the bitter end. We are all profited by carrying out the principle of "live and let live." In other words, every man—whether a produ er or a merchant or a consumer—is interested in allowing railroads to make reasonable and fixed charges for the work they do. Every one is interested too in the roads being fairly prosperous; moreover the Federal Courts have time and again interpreted "reasonable" judicially to mean rates that are fairly profitable to the carriers; a tariff that will pay interest on all bona fide securities. A condition prolonged in which less than a reasonable income is earned would mean lower wages, a reduction of the labor employed to a minimum, the railroad system in a process of decay, fewer trains, decreased speed, and all facilities lessened. We do not need to elaborate this thought. The results named are the evident outcome of the antecedent condition. No owners of capital fixed as railroad capital is will sit still serving the public for no return, either present or prospective. If put in such a position by legislation they will economize in all directions, seeking first to preserve their property, and after that to squeeze out a fair profit, which is their right; and in the nature of things every other interest must give way before that necessity. When it comes to a state wherein endless contests are normal, like the state which now opens before the whole system of roads, each will count the cost of crippling his adversary in case a fight is threatened, and let the contest go on until that end is accomplished.

In view of the state of affairs we have described, it has probably become obvious to the reader what is to be understood by the expression "permanent relief" which we have used above. For years the railroads, and more recently the Railroad Commissioners, have pressed upon the attention of the House and Senate at Washington the importance of amending the Inter-State Law by legalizing pooling contracts made under the supervision of the Commissioners. Our belief is that the conditions the Supreme Court decision has introduced, will make it clearer to Congress than it has been before, that legislation of that character is essential in the interest not only of the railroads but of all classes of the public. What we have said shows that only in this way can the efficiency and the continued growth in extent and facilities of our railroad properties be preserved. There could befall the country no greater calamity than to have not only our railroad development stopped, but to have its condition deteriorate. Legislation of the kind suggested is likewise requisite in the interest of a general industrial revival. There can be no wide activity in business in which our railroads do not share; they are the largest employers of labor and purchasers of material in the country; but to have them retrograde instead of progress is a condition the effect of which we need not describe. There is a bill now in the Senate which, it is claimed, legalizes pooling—that proposal as it stands is not what is needed. It has been amended until its usefulness is very questionable. Unless it can be put into a little different shape it had better

be left to die. There will be fewer Populists in the next Senate. We believe a law can and will be passed after the fourth of March which will give the country what it needs.

THE CRISIS IN FRENCH GOVERNMENT.

We pointed out last week, in reviewing the various diplomatic disturbances of Europe, that while Franco-English war was highly improbable, the general situation must be seriously affected by the Dreyfus complication. This week's events have provided startling proof of the correctness of this assumption. The only inference to be drawn from the violent movements of the week on the European markets is that the danger of war over territorial rights on the Upper Nile has from the first been greatly exaggerated, but that the governmental chaos in France is leading European politics no one knows whither.

The situation at Paris, so far as concerns the French Government, has been of the gravest possible character. But to the other political interests of Europe it appeared to be a far less serious matter than the Franco-English war which was thought, early this week, to be impending. The course of the European security markets, which in such cases are a perfectly trustworthy index to conservative opinion, has conclusively proved this fact. No security more accurately measures such opinion than British consols. Last week when the "Fashoda rumors" began to grow disquieting, the price of consols fell ⅛ on the London market, a decline of unusual severity. At the opening of this week, when reports of trouble thickened, when each ministry took an open stand by publishing its official documents, and when urgent work on naval equipment was begun both at Portsmouth and at Toulon, the price broke with extreme violence from 108⅛ to 106⅜. This low level was touched on Tuesday morning, immediately before the opening of the French Chamber. A few hours sufficed to show that the Deputies were too intent on the Cabinet's policy in the Dreyfus matter to excite themselves over foreign diplomacy; and in the very face of the Brisson Cabinet's downfall on a domestic issue, the price of consols rebounded 2 points or more, and with them the entire European stock market recovered.

We should infer from this rather extraordinary movement that London's apprehensions had attached themselves to a possible bellicose temper among the deputies at Paris. It is hardly safe to say, even now, whether these legislators as a body are peaceably inclined or not. Paris dispatches reported, shortly before the overthrow of the Brisson Ministry, that important factions in the Chamber had formally agreed, while opposing to the end the Government's domestic position (that is, of course, on the Dreyfus revision matter), to sustain its foreign policy. This declaration was indefinite, since the Brisson Cabinet had issued no ultimatum. Probably the deputies had in mind a policy of resistance to Great Britain's demands; but however that may be, their sentiments on the foreign matter became an affair of relative indifference in the face of what followed in the Chamber. The one immediate conclusion drawn from the events of last Tuesday in Paris was that under existing circumstances a demand for war with England was the least probable of all alternatives. So long at least as the question of government at home hung in the balance, no legislators were likely to plunge into dangerous foreign quarrels over the government of Bahr-el Ghazel.

The motive, then, for the sudden recovery of London from its pessimism and depression is clear enough. The situation which remained, so far as concerns the French Republic, is a very different matter. The worst of the situation is that the most capable and optimistic critics have confessed their inability to discern the outcome. Our readers are already familiar with the remarkable series of events which has led up to the present state of things. So far as concerns the case of Captain Dreyfus, the world is as far to-day from comprehending the real facts of the matter as it was when the court-martial passed sentence in 1894. It is aware, however, as it was not four years ago, that whether Captain Dreyfus is innocent or guilty, the forms of justice have been ignored or outraged. From the simple inquiry as to whether a French army officer had been justly or unjustly accused, the question broadened, first to the problem whether fair play and an unbiased verdict could be had at all on a public question, and finally to the very serious matter of a collision between the civil and military authorities.

At the present moment a witness of the first importance in the case for which a responsible ministry has asked fresh consideration is lying in a military prison, where he was haled on a trumped-up pretext from the very shelter of a civil court, the instant the Cabinet's decision for a "Dreyfus re-hearing" had become known. Few more dramatic and pregnant incidents have occurred, even in the checkered political history of France than that of Tuesday, when the Prime Minister of the Republic asserted to the Legislature his determination to uphold the civil power against the military, and when, almost immediately, he was voted out of office by a majority of 32. Nor indeed was this all; for a vote favoring in general terms the supremacy of the civil power—a motion which, as it was expressed, no sane legislator could deliberately oppose—was promptly followed by a large majority for a motion demanding that the existing civil power "cease the campaign of insult against the army." Considering that the "campaign of insult" has consisted in a sober effort to review the bearing on the Dreyfus case of an acknowledged forgery, perpetrated and fathered by the highest officers of the army, the significance of this last vote may be judged.

Not less extraordinary was the manner in which the Cabinet's downfall was precipitated. French ministries have on frequent occasions adopted the questionable practice of placing the War Department in the hands of an officer of the active army service. The resignation of M. Cavaignac last month on the discovery that his chosen bit of evidence in the Dreyfus matter was a forgery was presently followed by the appointment of Gen. Chanoine. Some legislative baiting of this officer began as soon as the deputies were called to order; it resulted promptly in an angry reply by the Minister of War in which, after the fashion of the various military spokesmen of the last eight months, he declared himself the "guardian of the honor of the army," washed his hands of the Dreyfus revision movement, and resigned his place in the Cabinet. The action was admitted, even by enemies of the Ministry, to be unprecedented. A Cabinet Minister accepts his trust from the Premier and resigns it into the Premier's hands. Chanoine, therefore, in

throwing up his office without a word to Brisson, was guilty not only of gross discourtesy but of deliberate violation of Parliamentary precedent. His act necessarily hastened the fall of the Cabinet which he had betrayed.

France, then, stands to-day face to face with the Dreyfus scandal in the most critical form which it has yet assumed. A new ministry must be obtained at once, and that new ministry, if it expects to outlive its first week of existence, must at once declare its policy on the Dreyfus revision matter. But the task is not enviable. If the new ministers oppose a re-hearing they must keep in mind the fate of Cavaignac, who by pursuing precisely such a policy forfeited not only office but public respect. If they favor revision, they must test for themselves the real significance of Tuesday's vote of the deputies. In the one case the ministry is confronted with ruin by the inevitable movement of events; for Col. Henry's confession can hardly have marked the end of the coming revelations. In the other case it must confront not only a hostile Chamber but a mob in the Place de la Concorde and an easily possible conspiracy in the army. How the most opportunist cabinet can steer its way in the face of such a situation it is not easy to conjecture.

What complicates still further this remarkable situation is the fact that the civil and military power are already in distinct collision over the custody of Col. Picquart, and that the papers in the Dreyfus revision case are already in the hands of the highest court of France. This court has already reassembled; the case has been presented; it may announce its decision at any moment. Unless a new ministry were to take the unprecedented step of withdrawing the case from court, it is at least conceivable that a re-hearing will be granted. If such re-hearing, on the other hand, were to be refused, there remains Col. Picquart, who is known to be in possession of conclusive evidence, and whose evidence will be extremely difficult to suppress if his civil trial, rudely obstructed a few weeks since by the military power, were to be continued.

We only repeat the judgment of the most competent home and foreign critics when we say that the outcome of this situation is impossible to guess. A strong and personally popular minister—one who, unlike Brisson, had a powerful individual following in the Chamber—might conceivably defy the army, and carry the revision movement to success. An equally powerful and more unscrupulous public man might possibly use the army influence and the anti-Semitic prejudice to overturn the existing Government of France. But no public man of sufficient calibre has appeared in either party. The call for revision comes chiefly from men, like Brisson and Clemenceau, who are under the ban of personal unpopularity. On the other hand, the tentative manifestos of the Bonapartist and Orleanist pretenders have excited ridicule, while there does not seem to be in the army ranks a man even of the calibre of Boulanger, much less a Napoleon. Much has been said of an army conspiracy, and the existence of such a plot was cautiously admitted by Brisson himself. But even the most alarming rumors reported only that the army proposed to unseat the revisionist element in the Cabinet, and not to upset the Government. But the move thus vaguely foreshadowed was not easy to conceive. An army with the victor of Naseby at its head was able in a similar emergency to turn a national legislature out of doors; a clever pretender, with the prestige of a great name and the backing of inside political intrigue, managed to execute the easy *coup d'etat* of 1852. But the politics of France have brought no Cromwell, and not even a Louis Napoleon, into sight this year. It is incumbent on a prophet of revolution to explain who is to head the movement and what his procedure is to be; and on these points no one is able to-day even to advance a theory. For ourselves, we think the necessary conclusion is that an actual overturn of the French Government is in the highest degree improbable.

We can hardly wonder, however, that such conviction gives little reassurance to the bewildered citizens of France. The stories brought by this week's cables of a heavy transfer of capital from Paris to London seem to us not intrinsically improbable. Invested capital takes flight, not alone when anarchy has gained control, but when anarchy is even remotely threatened. The legislative disorders and street riots of last Tuesday in Paris supplied motive enough for such preliminary fright of capital; the violent rise in French exchange on London on the ensuing day may very possibly have shown the transfer of funds in actual operation. It ought, however, to be scrupulously kept in mind that even if such significance were to be attached to the foreign markets of the week, the movement reflects apprehensions which the good fortune of France may prove to have been unfounded. Yesterday's news was in this regard favorable; it showed that strong men are willing to take the risk of responsible government under such conditions. There has, moreover, been an undercurrent of belief, based perhaps on the attitude of the Public Prosecutor in the Dreyfus rehearing case this week, that the conservative element in France will insist, at any cost, on carrying out the revision policy. This is the most encouraging news yet received in this deplorable affair. It is right to recognize that if a governmental crisis brings great peril to a nation, it brings also great opportunity.

SOUTHERN PACIFIC REPORT.

We printed last week the more important parts of the Southern Pacific Company report, selecting such statements and tables as would serve best to give a clear and comprehensive idea of the company's affairs and operations. The task of presenting within a reasonable compass an intelligent and complete account of the business and results of the year is not an easy one in the case of a concern like the Southern Pacific Company, and the auditing and accounting departments deserve credit for the earnest effort they are making, year by year, to simplify the character of the report, not so much by eliminating statistics previously given as by supplementing this matter with other facts and statements intended to show more fully the operations and condition of the property as a whole.

In the particulars mentioned the present report is undoubtedly an improvement on its predecessors. Indeed, the annual returns may be said to have undergone a process of evolution in recent years. Many changes have been made during this period, all having the one object of furnishing a better and more compact account of the company's affairs. Alterations in the form of a report or in the accounting methods are always to be avoided except where this end is clearly held in view. If there were no other objection,

the fact that comparisons with past reports are rendered more difficult and perhaps to an extent useless would by itself form a strong argument against such a course. In this case, as already stated, there is ample justification for the step, as in the new shape the report is obviously much better than before.

If in the amended form the report still seems intricate and involved to those unfamiliar with the property, it is because of the inherent difficulties in the problem. The situation in this respect resembles that of the Pennsylvania Railroad. The Southern Pacific system is of such magnitude, and its operations, by reason of the many separate companies controlled or operated, so complex, that a great deal of space is required to furnish even a bare outline of the work of the year. The report relates to the doings of no less than 7,614 miles of road and 3,565 miles of river and ocean lines. The property is in every sense of the word a complete trans-Continental system, the rail lines carrying the system from San Francisco and Portland on the Pacific Coast to New Orleans and Galveston on the Gulf of Mexico, and the steamship lines extending the system thence to all the important points on the North Atlantic Coast, and to Mexico, Central America, etc. The aggregate gross receipts in the late fiscal year fell but a trifle short of 58½ million dollars. Aside from the magnitude of the system and the extent of its operations, matters are further complicated by the fact that the mileage is all controlled through stock ownership or lease, and vexatious State laws make it necessary or expedient to maintain separate organizations for the various constituent companies.

Looking at the salient features of the year the results disclosed in the report are gratifying from a number of points. Turning first to that much discussed and rather monotonous subject, the decline in rates, we find that the Southern Pacific has fared much like the other important systems—that is, it had to move traffic at a further material reduction in the compensation paid by the public for the service rendered. The decrease as compared with the twelve months preceding has indeed been as much as 10½ per cent, in addition to the specially heavy and noteworthy decline of former years to which we made reference twelve months ago; the average realized per ton per mile on the entire system (including the Houston & Texas Central lines) was only 1·008 cents for 1897-8, against 1·126 cents for 1896-7. The Southern Pacific has frequently been charged with being a monopoly. But a monopoly that gives the public transportation services at only a trifle over a cent per ton per mile is evidently a very harmless and innocuous kind of evil. In truth, the very fact that the road is obliged to move traffic at such a low figure is convincing proof that there is no monopoly, but that competition is an active, potent factor with it as with other roads. Here in the East, to be sure, rates are even lower in many instances, but the character of the traffic is entirely different (it consisting largely of bulky freight, like coal), and it is also moved under different conditions. We may add that as recently as 1893—only five years ago—the Southern Pacific realized an average of over 1½ cents (1·595) per ton per mile.

It is gratifying to find that conditions were such that the road found it possible to adjust itself to the low average and further decline in rates referred to. Business prosperity in the United States having been on the increase, there was a very material expansion in the volume of traffic moved over the road. In addition the management gave very careful attention to the loading of cars and the tonnage rating of locomotives, and in other ways effected economies in operation. Evidence of this is furnished in the fact that on the Pacific system there was a further increase in train load of 7·14 per cent, while on the Atlantic properties the increase was as much as 17½ per cent, with the result of raising the average in the former case to 255·89 tons and in the latter case to 248·45 tons—both high figures, especially for a system like the Southern Pacific.

The expansion in the volume of business during the twelve months was simply marvelous. We had occasion in reviewing the report for the preceding year to note the very large increase in traffic which had been established during the four years preceding. The further increase now recorded is therefore all the more striking. Taking only revenue-earning freight, we find that the system handled 10,785,515 tons in 1897-8 against 9,305,269 tons in 1896-7. The increase, it will be observed, was roughly 1½ million tons, or 16 per cent. This is certainly large, but it is not until we refer to the traffic movement one mile—the true index of the amount of transportation work done—that we become aware how great has been the growth in this period of twelve months. In brief the system moved 3,343 million tons of freight one mile in the late year against only 2,593 million tons in 1896-7. The addition was thus not far from 30 per cent—in exact figures 28·91 per cent. In the passenger traffic there was also growth, though naturally in a smaller ratio. The increase is 5·14 per cent in number carried and 17·07 per cent in the number carried one mile. In the case of many Eastern roads, it will be remembered, the return of commercial activity and prosperity throughout the country was not attended by any increase of consequence in the passenger business.

It is needless to say that the gains here recorded have wrought a decided improvement in the revenues of the system, notwithstanding the decline in rates, enabling the company to recover the losses of the years immediately preceding. In the aggregate gross receipts (including in this not only the leased and proprietary lines, but also the income of the Southern Pacific Company from rents, investments, etc.) the increase for the twelve months has been not far from 7½ million dollars—$7,425,787. Comparing merely the earnings from operations, the addition is found to have been $6,908,436 in the gross and $3,964,651 in the net. It is a striking commentary on the part played by the decline in rates in affecting revenues that large though the increase in the late year has been, earnings for 1897-98, even after this increase, stand comparatively little larger than they were back in 1893. The comparison is $55,780,337 against $54,356,729 in the case of the gross and $21,160,611 against $19,541,202 in the case of the net. We say that the small improvement recorded in the comparison with this earlier year reflects the decline in rates, for we showed in analyzing the results for 1896-7 that the loss in revenues disclosed up to that time had occurred in face of a large expansion in traffic.

The late year's improvement in earnings enables the company to make a very satisfactory income exhibit The balance remaining on the operations of the twelve months, after allowing for expenses and fixed charges, was $4,122,602; out of this $1,299,258 was appropri-

ated for betterments and additions, leaving a surplus of $2,823,344. In the previous year, with $392,298 less appropriated for betterments, the surplus was only $1,090,754. It is to these betterment outlays, paid for out of earnings, that the company mainly owes its strength of position. We pointed out in our review of the previous report that since 1885 and up to 1897 $16,723,335 had been spent in this way for betterments. The further addition of $1,299,258 in the late year raises the total to $18,022,593. The money has been applied in various ways—in substituting steel and iron bridges for wooden structures; stone, brick or concrete foundations for timber ones; ballasting track and using creosoted and burnettized ties in renewals; providing new rolling stock, and in making various other improvements, additions and betterments.

These expenditures have served greatly to strengthen the physical condition of the property, thereby promoting efficiency in operations and permitting greater economy in the conduct of the work of transportation. Except for this wise policy, dating back so many years, the company could hardly have avoided disaster under the great reduction in rates which has occurred. It should be noted, too, that even the balance remaining from earnings after the appropriations for betterments has never been distributed to the shareholders, but has been retained and spent or used in one way or another for the benefit of the company. In short, no dividends have ever been paid on Southern Pacific stock, but whatever has been earned in excess of charges has been put back into the property.

As a result of the same policy the company is to-day financially in an easy condition, as may be seen by reference to the abstracts of the balance-sheet which we published last week. We may add that the assets and liabilities are classified with the intention of making their nature and character plain. This is particularly true of the current accounts and items; the latter are differentiated into classes, and as the distinctions employed should be clearly understood, it will not be out of place to refer to the company's methods in this respect. Under the designation "Current," the company groups the liabilities which are in current process of adjustment and the assets available for their payment; under "Deferred" such liabilities as are payable at some future day, either near or remote, and the assets available therefor; and under "Contingent" the amounts involved in the general accounting between the Southern Pacific Company and the proprietary companies; also accounts with leased lines, and accounts where the payments are subject to special conditions and adjustments, and such other accounts as the companies may have on their books opened with themselves for convenience in accounting with respect to certain funds.

COTTON CONSUMPTION OF EUROPE AND THE WORLD.

Mr. Ellison's Annual Review of the Cotton Trade was issued in Liverpool on Thursday of the current week, and following our usual custom we have obtained by cable all the results of interest contained therein, including the estimates of consumption for the year 1898-99. First we give the takings by European spinners in *actual* bales and pounds for the past season in comparison with the figures for 1896-97 and 1895-96.

October 1 to Oct. 1.	*Great Britain.*	*Continent.*	*Total.*
For 1897-98.			
Takings by spinners...bales	3,430,000	5,006,000	8,436,000
Average weight of bales lbs	504	488	494·5
Takings in pounds.....	1,728,680,000	2,443,093,000	4,171,773,000
For 1896-97.			
Takings by spinners...bales	3,251,000	4,547,000	7,798,000
Average weight of bales.lbs	497	478	486·1
Takings in pounds.....	1,615,623,000	2,173,626,000	3,789,249,000
For 1895-96.			
Takings by spinners...bales	3,265,000	4,160,000	7,425,000
Average weight of bales.lbs	495	469	480·5
Takings in pounds	1,616,541,000	1,950,866,000	3,567,407,000

It will be observed by the foregoing that spinners in Great Britain have increased their takings of raw material to a considerable extent the past season, and that on the Continent the takings have been much in excess of 1896-97—459,000 bales. The bales given in the above table are of ordinary weights, covering all varities of cotton. The weights of the various growths for 1897-98, as cabled to us, average as follows: American, 483 lbs.; Egyptian, 734 lbs.; East Indian, 400 lbs.; Brazilian, 237 lbs.; Smyrna, 385 lbs., and West Indian, &c , 189 lbs. In 1896-97 the weights were: American, 479 lbs.; Egyptian, 735 lbs.; East Indian, 400 lbs.; Brazilian, 230 lbs.; Smyrna, 385 lbs., and West Indian, &c., 182 lbs.

The figures of takings are of service in giving a fair idea of the results for the year, but the relation which one season bears to another is more clearly brought out by presenting in tabular form not only the takings but the consumption and stocks, all reduced to bales of uniform size. This has been done in the subjoined statement, which covers the items referred to expressed in *bales of 500 lbs.* This enables the reader to see at a glance the changes in each item for the last three years, both in Great Britain and on the Continent.

Bales of 500 lbs. each.	1897-98.	1896-97.	1895-96.
GREAT BRITAIN—			
Stock Oct. 1 (beginning of year)	31,000	24,000	67,000
Deliveries during year.....	3,457,000	3,231,000	3,233 000
Total supply for year.....	3,488,000	3,255,000	3,300,000
Total consumption for year.	3,380,000	3,224,000	3,276,000
Stock Oct. 1 (end of year).....	108,000	31,000	24,000
CONTINENT—			
Stock Oct. 1 (beginning of year)	183,000	204,000	462,000
Deliveries during year.....	4,886,000	4,347,000	3,902,000
Total supply for year.....	5,069,000	4,551,000	4,364,000
Consumption during year...	4,576,000	4,368,000	4,160,000
Stock Oct. 1 (end of year).....	493,000	183,000	204.000

The totals for the whole of Europe for the three years are as follows (in bales of 500 lbs.):

Gt. Britain and Continent.	1897-98.	1896-97.	1895-96.
Stock Oct. 1.....	214,000	228,000	529,000
Deliveries during year	8,343,000	7,578,000	7,135,000
Total supply.....	8,557,000	7,806.000	7,664,000
Total consumption.....	7,956,000	7,592,000	7,436,000
Stock Oct. 1 (end of year).....	601,000	214,000	228,000

Our cable also gives the average weekly consumption, in bales of 500 lbs., as follows:

Consumption per Week.	1897-98.	1896-97.	1895-96.
Great Britain.....	65,000	62,000	63,000
Continent.....	88,000	84,000	80,000
Total.....	153,000	146,000	143,000

This last table indicates that the rate of consumption has increased very materially the past season. These figures of takings and consumption of cotton it

is of course understood relate only to Great Britain and the Continent. To obtain an idea of the world's consumption the corresponding statistics for the United States and India must be added. The results for the United States were fully set forth in our annual crop report issued in September, and it was then seen that consumption of cotton in this country had been added to during the season of 1897-98. The returns for India indicate an increase in consumption compared with 1896-97, but the total is below that recorded in 1895-96. Bringing together the results for Europe and India, and adding the figures of the United States, we substantially cover the world. Below we give these returns combined for ten consecutive years, all bales being reduced to the uniform weight of 500 lbs.

World's Consumption.	Great Britain.	Continent	United States.	India.	Total.
1888-89	3,016,000	3,256,000	2,148,000	697,000	9,117,000
1889-90	3,227,000	3,432,000	2,185,000	791,000	9,635,000
1890-91	3,284,000	3,631,000	2,367,000	924,000	10,306,000
1891-92	3,181,000	3,619,000	2,576,000	914,000	10,290,000
1892-93	2,866,000	3,661,000	2,551,000	918,000	9,996,000
1893-94	3,233,000	3,927,000	2,264,000	959,000	10,243,000
1894-95	3,250,000	4,030,000	2,743,000	1,052,000	11,075,000
1895-96	3,276,000	4,160,000	2,572,000	1,103,000	11,113,000
1896-97	3,224,000	4,368,000	2,738,000	1,004,000	11,334,000
1897-98	3,390,000	4,576,000	2,962,000	1,058,000	11,976,000

NOTE.—The above does not include American cotton consumed in Canada, in Mexico, and burnt.

From the above we see that the world's increase in consumption in 1897-98 reached 642,000 bales of 500 lbs. each. Comparing the first year (1888-89) with the last (1897-98) we find there is a gain in the aggregate of over 31 per cent.

Our cable also states that Mr. Ellison estimates that Europe and the United States will in 1898-99 require for consumption 11,729,000 bales of 490·2 lbs. average weight, making 11,500,000 bales of 500 lbs. each, against 11,541,000 bales of 491·3 lbs. average weight, equaling 11,339,000 bales of 500 lbs. each in 1896-97. His calculations are based on an American crop of 11,500,000 bales. The estimate of requirements in detail is as follows:

	Estimated. 1898-99.	Actual. 1897-98.	Actual. 1896-97.
	Bales.	Bales.	Bales.
American	10,130,000	9,926,000	8,915,000
East Indian	640,000	641,000	964,000
Egyptian	800,000	926,000	748,000
Sundries	150,000	148,000	220,000
Total ordinary bales	11,720,000	11,541,000	10,877,000
Average weight	490·2	491·3	493·2
Bales, 500 lbs.	11,500,000	11,339,000	10,512,000

We have also received by cable Mr. Ellison's estimate of the number of spindles in Europe, America and India during 1898, and give it below, adding, for purposes of comparison, the figures for previous years:

Spindles.	1898.	1897.	1896.	1895.
Great Britain	44,900,000	44,900,000	44,900,000	45,400,000
Continent	31,350,000	30,320,000	29,350,000	28,250,000
United States	17,570,000	17,256,000	16,811,000	16,183,000
East Indies	4,100,000	4,000,000	3,933,000	3,810,000
Total	97,920,000	96,576,000	94,994,000	93,593,000

This shows an increase in the spinning power of the world of 1,344,000 spindles, in which excess all the countries except Great Britain share, but the Continent most largely.

RAILROAD GROSS AND NET EARNINGS FOR AUGUST.

Railway gross and net earnings for the month of August, according to the compilation which we publish to-day, make only an indifferent comparison with the results for last year. This is no surprise, since many of the leading conditions were plainly adverse, but a word of explanation is necessary in order to account for the fact that the showing is much less favorable than that made in our early preliminary statement given in the issue of September 17. The present statement covers a great many roads not included in the early return, and these as it happens did poorly, particularly the anthracite coal roads, like the Reading, Lehigh Valley and Central New Jersey, and the trunk lines, like the Erie, etc. In the aggregate the increase in the gross is only a million dollars ($1,005,465), while at the same time there has been an augmentation in expenses in excess of this increase in the gross, thus leaving a loss in the net. The loss, however, is very small—no more than $323,303, or 1·12 per cent. The following table furnishes a comparison of the totals.

	August. (143 roads.)			January 1 to August 31. (133 roads.)		
	1898.	1897.	Inc. or Dec.	1898.	1897.	Increase.
	$	$	$	$	$	$
Gross earn's	82,779,893	81,773,928	+1,005,465	574,810,898	528,796,319	46,014,579
Oper. exp...	54,333,360	53,004,092	+1,328,768	400,221,229	369,601,790	30,719,439
Net earn's	28,446,533	28,769,836	—323,303	174,589,669	159,194,529	15,295,140

Of course the reasons for the less favorable results are perfectly obvious. The roads the present year in August had the advantage arising from the fact that the month contained only four Sundays, whereas the same month last year contained five Sundays, from which it follows that there was an extra business day in 1898. Trade revival was also a favoring influence, and some roads, particularly a few special lines in the South, derived important benefits from the movement of United States troops. But on the other hand there was a tremendous falling off in the grain movement, the deliveries last year having been of unusual dimensions, while the present year they were hardly up to the average. Besides this the cotton movement was smaller than in 1897, and decidedly smaller than two years ago. Then also there was a contraction in the livestock movement in the West. Furthermore, as pointed out in our review of the month in the issue of September 17 the roads running to Buffalo lost the extra passenger traffic which they had last year by reason of the holding of the Grand Army Encampment at that point; the present year the Encampment was held at Cincinnati and did not occur until September. Lastly, comparison is with a month in 1897 which showed exceptionally heavy improvement in both gross and net. This fact will appear from the following table in our usual form, giving the comparisons for a series of years. It will be observed that the increase in the gross then was $9,376,030, and the increase in the net $4,599,421.

Year and number of roads.	Gross Earnings.			Net Earnings.		
	Year Given.	Year Preceding.	Increase or Decrease.	Year Given.	Year Preceding.	Increase or Decrease.
August.	$	$	$	$	$	$
1898 (130)	54,737,191	63,126,230	—8,389,039	17,495,30-	21,599,375	—4,104,067

1897 (131	453,599,-87	436,999,693	+15,619,194	137,455,755	124,845,231	+12,610,524
1898 (133	574,-10,-58	528,796,319	+46,014,579	174,589,66-	159,294,520	+15,295,140

The Eastern trunk lines suffered an important contraction of their traffic because of the shrinkage in

the grain movement, and this and the unsatisfactory condition of rates will explain the falling off in earnings recorded by several of these lines. The anthracite coal roads owe their losses to the depressed state of the anthracite trade. Most of the decreases of moment are found among these two classes of roads and among Southwestern roads that sustained a contraction in the grain or cotton movement. In the spring wheat sections of the Northwest, however, the wheat movement was quite free, and this and the revival in trade will account for the fact that these roads, and notably the Milwaukee & St. Paul, have done remarkably well, showing in many instances gains this year on top of heavy increases in the years preceding. The following brings together all gains and losses for the separate roads in excess of $30,000.

When the roads are arranged in groups the distinctive features already noted are further emphasized. The Anthracite Coal group, the Trunk line group, and the Southwestern group, all record a loss in both gross and net; and the Eastern and Middle group likewise shows a decrease in net, though not in gross. From the detailed statement above, showing the figures by groups, it will be observed that the Middle-Western group is the only one recording any considerable gain in the net. It is proper to say that in this section the Illinois Central always plays a conspicuous part in the results, and furthermore the roads in that group were adversely affected last year by the bituminous coal strike then prevailing.

DEBT STATEMENT SEPTEMBER 30 1898.

The following statement of the public debt of the United States on September 30 1898 is made up from official figures issued on that day. Further on we give an interesting exhibit of the bonds issued in aid of the Pacific Railroads, and the Treasury cash holdings, all of the same date.

INTEREST-BEARING DEBT SEPT. 30, 1898.

Title of Loan—	Interest payable.	Amount issued.	Amount outstanding. Registered.	Coupon.	Total.
		$	$	$	$
4½s, Fund. loan, 1891, Continued at 2 p.c.	Q.—M.	250,000,000	25,364,500	.....	25,364,500

NOTE.—Iron, woollens and cottons include all the branches of those manufactures; machinery includes implements and tools; lumber includes sawplaning, sash and door mills, carpenters and sawyers; clothing includes millinery and furnishings; hats include furs and gloves; chemicals include drugs, fertilizers, paints and oils; printing and books include engraving and maps; milling includes baking; leather and shoes include makers of harness, saddlery, trunks and rubber goods; liquors include tobacco, wines, brewers and beer; glass includes earthenware, pottery, brick, lime and cement; groceries include meats and fish; hotels include restaurants; dry goods include carpets and curtains; furniture includes crockery; hardware includes stoves and tools; and jewelry includes clocks and watches. Brokers include all real estate, note, insurance or produce dealers whose main business is not the handling of actual products, with mortgage and other loan concerns, and transporters include all except incorporated railway companies.

FAILURES FOR THIRD QUARTER AND SINCE JANUARY 1.—The following figures, prepared by Col. W. M. Grosvenor for Messrs. R. G. Dun & Co., show the number of failures in the United States during the quarter ending Sept. 30, 1898, and for the nine months ending with the same date. For purposes of comparison like figures for the corresponding periods of the preceding year are given:

Third Quarter.	1898. No. of Failures.	1898. Amount of Liabilities.	1897. No. of Failures.	1897. Amount of Liabilities.
New England States	394	$5,21 ,926	405	$3,891,691
Middle States	681	6,340,829	772	8,045,657

IMPORTS AND EXPORTS FOR SEPTEMBER.

The Bureau of Statistics at Washington has this week issued the statement of the country's foreign trade for September, and from it and from previous statements we have prepared the following interesting summaries. The tables are the same as those heretofore given by us in our article on the Financial Situation.

FOREIGN TRADE MOVEMENT OF THE UNITED STATES.
In the following tables three ciphers (000) are in all cases omitted.

	1898. Exports.	1898. Imports.	1898. Excess.	1897. Exports.	1897. Imports.	1897. Excess.

IMPORTS AND EXPORTS OF GOLD AND SILVER AT SAN FRANCISCO.

Through the courtesy of the Collector of Customs at San Francisco we have received this week the details of imports and exports of gold and silver through that port for the month of September, and they are given below, in conjunction with the figures for preceding months, thus completing the results for the nine months of the calendar year 1898. The imports of gold have been much heavier than in any preceding month of the current year, and $175,329 greater than in September of 1897. The amount received reached $3,905,975, of which $3,720,434 was in coin. Of silver there came in $237,420, of which $205,182 was bullion. During the nine months there has been received a total of $22,276,-

458 gold and $1,176,514 silver, which compares with $6,403,436 gold and $1,545,384 silver in 1897. The shipments of gold during September were $62,280, of which $60,680 coin, and the exports of silver have been $401,660 coin and $193,000 bullion. For the nine months the exports of gold have reached $454,766, against $408,881 in 1897, and $4,078,231 silver has been sent out, against $7,248,818 in 1897. The exhibit for September and the nine months is as follows:

Monetary and Commercial English News

[From our own correspondent.]

LONDON, Saturday, October 15, 1898.

The publication on Monday morning of the correspondence that had passed between the British and French governments respecting Fashoda has had much less influence upon the stock markets than might reasonably have been expected. Of course it has deepened the unwillingness of capitalists, great and small, to engage in new risks, and has, if possible, increased the stagnation in the markets. But it has caused no fall worth speaking of. The city is convinced that serious as the controversy between the two countries undoubtedly is there will be no quarrel. The impression everywhere is, here and on the Continent likewise, that France is not prepared for war and that the Ministers are well aware of the fact. And, furthermore, that Russia is even less prepared, and will not back up France if she plunges into a conflict.

Perhaps, however, the strongest reason for the comparative indifference of the market is the steadiness of the Paris Bourse. It is argued that if there were a serious intention in France to go to war the Bourse would be alarmed, and there would be a complete crash. However that may be, that impression undoubtedly prevails here.

So far as this country is concerned, all classes of people are united in the opinion that the French must retire from Fashoda, and that there must be no bargaining upon the question. Lord Rosebery's speech on Wednesday at Epsom proves that the feeling is shared by Liberals and Conservatives alike; and it is argued that when this is once understood in France the crisis will end.

But though the City is not disturbed, the crisis has undoubtedly obscured all other questions. There is very little discussion now respecting China, while the submission of the Sultan to the demand of the Powers for the withdrawal of the Turkish troops from Crete has passed off almost without comment. At another time it would have been felt as a great relief, and probably would have contributed to raise prices. Now it has had no influence.

Similarly the proof afforded by the crushings last month of the Czeelong and the Selukive companies that gold in payable quantities does exist, in at all events two districts, in Rhodesia, has had equally little result. For years there has been a keen controversy as to whether Rhodesia is or is not rich in gold. The evidence afforded that some districts, at all events, contain the metal was expected to give rise to an outburst of activity. It has done nothing of the kind. Even the extraordinary production of gold in the Transvaal has had no result. For the first time over 400,000 ounces have been produced in the Transvaal in a single month.

The anxiety caused by the Fashoda crisis is intensified by the internal disquiet in France. Visitors returned from Paris say that the city has all appearances of a town under martial law. At every street corner cavalry and infantry are massed. The whole garrison is kept always prepared and everything seems to show that the Government entertains the gravest apprehension. Indeed, the reports are so disquieting that several persons of influence here whose families were going to France have postponed doing so, as they are unwilling to expose their wives and daughters to possible danger.

Of course the military preparations in Paris were immediately called forth by the strike. But the relations of the civil and military authorities are such that many fear a *coup d'etat*.

Naturally the condition of France paralyzed the Paris Bourse. And the stagnation there has produced stagnation in almost all the other Continental centres. Moreover, in Berlin the speculation has been carried too far. At the end of September there was an extraordinary withdrawal of gold from the Imperial Bank of Germany for the interior. The metal is now coming back. But still there are fears that the tightness in the Berlin money market may bring about a collapse of the speculation. Everything possible is being done to avert that, for it is evident that no considerable amount of stock could be sold either in Paris or in London.

In Vienna there is as much stagnation as elsewhere, owing to the condition in France, the uncertainty regarding speculation in Germany and the dissensions at home. And matters are no better in Italy. In the meantime the trade of the country continues fairly good. There has been a set-back owing to the political apprehensions; but for all that trade is satisfactory.

The Directors of the Bank of England on Thursday raised the rate of discount from 3% to 4%. Immediately they were induced to do so by the advance in the rate of discount of the Imperial Bank of Germany on Monday to 5%. As already said, speculation in Germany has been carried too far, while the demand for moving the crops has been exceptionally great. The Bank, therefore, found it necessary to advance the rate. Some surprise has been caused by the fact that the outside market has not followed the Imperial Bank. The explanation generally accepted is that great unofficial banks have used all their efforts to keep the market easy so as to prevent a collapse of speculation. It is said that some of the banks have borrowed largely from the Austro-Hungarian Bank, and that they have likewise received supplies from St. Petersburg. However that may be, they have exerted themselves with so much effect that the outside market rate has not gone above 4%. And the withdrawals for Germany from the Bank of England have likewise been stopped, although Germany is still buying some gold in the outside market here. Naturally, impression is that the German banks wished to prevent, if possible, the advance in the Bank of England rate to 4 per cent, and therefore they deliberately applied for help to Vienna and St. Petersburg, so as to avoid disturbing the London market.

The gold withdrawals from the Bank of England for New York have not yet been resumed, although in the open market there is active purchasing of the metal. There is much diversity of opinion here as to whether gold in considerable amounts will be shipped to New York by-and-by. On that point you are in a better position to judge than any one can be here. But the general impression is that if the sound money party at the coming elections win, there will be considerable shipments of gold, and probably the impression has had some weight in the decision of the directors of the Bank of England.

It is also thought possible that some gold may be shipped to India. The closing of the Indian mints has now lasted for nearly five and a-half years. But no gold has been taken from this market for currency purposes. Now, however, the opinion is beginning to spread that gold will go. Firstly, because the value of the rupee has been kept at or about 1s. 4d for so long. And, secondly, because the scarcity of coin in India is such that it is feared when the active season begins next month something will have to be done to prevent even a greater stringency than has hitherto prevailed. Last year and the year before there was exceeding stringency. But the exchange banks were unwilling to send out gold, because they believed that the Government policy would fail. Now

they think that whatever may be the cause of the Government policy, they will have to take measures to supply the market more fully than formerly, and the best way of doing that is to send out gold and exchange it at the Presidency Treasuries for rupees.

Meantime the India Council continues to sell its drafts exceedingly well. On Wednesday it offered for tender 40 lacs of rupees and the applications exceeded 216 lacs. The whole 40 lacs were sold in bills only at prices ranging from 1s. 3 21-32d. to 1s. 4d. per rupee.

The following return shows the position of the Bank of England, the Bank rate of discount, the price of consols, &c., compared with the last three years:

Messrs. Pixley and Abell write as follows under date o Oct. 13:

Gold.—The demand has been very keen for America until to-day, when the rise in the Bank rate to 4 per cent stopped most of the orders. The Bank has bought £45,000 and sold £231,000 during the week. Arrivals: Cape, £200,000; Australia, £10,000; Bombay, £54,000, West Indies, £34,000. Total, £312,000. Shipments: Bombay, £87,000; Calcutta, £7,500. Total, £94,500. For month of September.—Arrivals: Germany, £40,849; France, £222,435; South Africa, $1,112,815; Japan, £14,000 Shipments: Germany, £851,759; France, £5v,715; Japan, £175,000; United States, £1,995,891.

Silver.—With India a good buyer, the market hardened to 23½d. but since then all support has been withdrawn, and the price has fallen to 27⅛d. The Bombay quotation is Rs. 70¾ per 100 Tolahs. Arrivals: New York, £166,000; West Indies, £25,000. Total, £191,000. Shipments: Bombay, £178,300; Calcutta, £15,000. Total, £ 93,300. For the month of September.—Arrivals: Belgium, £302,000; France, £129,000; Mexico, £106,000; United States, £1,008,000. Shipments, Belgium, £145,000; France, £452,000; Russia, £292,000; Spain, £207,000.

Mexican Dollars.—There is no demand excepting at melting value Shipments to Straits and China, £62,255.

The quotations for bullion are reported as follows:

Commercial and Miscellaneous News

GOVERNMENT REVENUE AND EXPENDITURES.—Through the courtesy of the Secretary of the Treasury, we are enabled to place before our readers to-day the details of Government receipts and disbursements for the month of September. From previous returns we obtain the figures for previous months, and in that manner complete the statement for the nine months of the calendar years 1898 and 1897.

RECEIPTS AND DISBURSEMENTS (000 omitted.)

000 omitted in all cases.	Jan.	Feb.	Mch.	April.	May.	June.	July.	Aug.	Sept.	Total 9 months.
RECEIPTS 1898—

WALL STREET, FRIDAY, OCT. 28, 1898.—5 P. M.

The Money Market and Financial Situation.—The restriction to financial operations which has been a conspicuous feature in Wall Street for several weeks past seems to be disappearing. The investment demand for securities is increasing, and the markets show a broadening tendency. The transactions in railway bonds at the Stock Exchange are larger than they have been since the early part of September, and prices are generally advancing. The stock market also shows evidence of an increasing outside interest.

These significant facts may be due in part to the less unsettled condition of foreign political affairs, but are doubtless owing in larger measure to the belief that the approaching elections in this country will show a strong public sentiment in favor of sound money. There is no doubt that other issues of the campaign are largely overshadowed by this great national question, which is a vital one to all parties and all business interests.

The export demand for wheat became somewhat less urgent as the peaceful outlook in Europe brightened, and a moderate decline in prices followed. The amount actually engaged for shipment is said to be large, however, and promises to keep transportation lines well employed for some time to come. Railway traffic returns show a degree of activity in the West which has rarely, if ever, been equaled; and the securities of railways directly benefited by this condition have been the strong feature of the market. The money market continues exceptionally easy for this season of the year, and rates are steady at about our last quotations.

The open market rates for call loans on the Stock Exchange during the week on stock and bond collaterals have ranged from 1½ to 2 per cent. To-day's rates on call were 1¾ to 2 per cent. Prime commercial paper quoted 3¼ to 4¼ per cent.

The Bank of England weekly statement on Thursday showed an increase in bullion of £464,687, and the percentage of reserve to liabilities was 48·65, against 49·00 last week; the discount rate remains unchanged at 4 per cent. The Bank of France shows a decrease of 550,000 francs in gold and an increase of 25,000 francs in silver.

The New York City Clearing-House banks in their statement of Oct. 22 showed an increase in the reserve held of $8,413,000 and a surplus over the required reserve of $23,412,325, against $19,661,550 the previous week.

State and Railroad Bonds.—Transactions in the railway bond market were limited to a trifle over $2,200,000 on Monday and were only about $1,900,000 par value on Tuesday. Business in this department has improved however, amounting to $3,400,000 on Thursday, the largest for any day since Sept. 9th, and were $5,100,000 to-day, against an average of $1,660,000 last week. The market has broadened with this increase of business, including a fair proportion of high-grade issues, and in many cases prices are notably higher. St. Louis & Southwestern 1sts and 2ds advanced 2¼ and 3 points respectively within the week and Missouri Kansas & Texas, St. Louis & Iron Mountain, San Antonio & Aranas Pass, Southern Railway and Union Pacific Denver & Gulf issues have gained from 1 to 1¾ points.

Stock and Bond Sales.—The following shows the volume of business in stocks and bonds on the New York Stock Exchange for the past week and since January 1.

Sales N. Y. Stock Exch.	Week ending Oct. 28.—1898.	1897.	Jan. 1 to Oct. 28.—1898.	1897.

Railroad and Miscellaneous Stocks.—In the stock market there has been a fair average amount of business this week. On Monday the market was weak under the influence of foreign selling, but the tone changed on Tuesday when the cable announced a more peaceful outlook abroad. Wednesday was the dullest day of the week in this department but prices were generally firm. On Thursday there was a further improvement, the transactions—amounting to about 370,000 shares—were better distributed than of late, and prices advanced. To-day's market was active and strong.

The grangers have continued to be strong features, and advanced an average of nearly 2 points, as traffic reports are uniformly favorable. Atchison preferred was unusually active, and advanced over 2 points from the prevailing price last week. Central of New Jersey gained 3½ points.

American Tobacco was the most active stock and, continuing its erratic movements, covered a range of 14½ points. United States Rubber was conspicuous in an advance of nearly 5 points. General Electric advanced on dividend news. American Sugar Refining was relatively steady.

Investment AND Railroad Intelligence.

RAILROAD EARNINGS.

The following table shows the gross earnings of every STEAM railroad from which regular weekly or monthly returns can be obtained. The first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for the period from January 1 to and including such latest week or month.

The returns of the street railways are brought together separately on a subsequent page.

Roads.	Latest Gross Earnings.			Jan. 1 to Latest Date.

a These figures include results on leased lines. *b* Includes earnings from ferries, etc., not given separately. *c* Includes Des Moines & Kansas City for all periods. *d* Includes operations of the Chic. Burlington & Northern in both years. *e* Includes results on A. T. & S. Fe, Gulf Col. & S. Fe, S. Fe Pacific (old Atlantic & Pacific) and So. Cal. Ry. *f* Includes the Pacific system, the Atlantic properties and the Houston & Texas Central system. *g* Beginning July, earnings of Memphis Division and Middlesborough & Aiken branches are included for both years. *h* Results on Cin. Lebanon Northern are included from September 1 in both years.

* Results on Kansas City & Independence Air Line are not included for either year.

† Includes Chesapeake & Ohio So'western for both years, but Ohio Valley and Chicago and Texas for 1898 only. Results on Yazoo Branch excluded after July 1, 1898.

‖ Mexican currency.

§ Covers results of lines directly operated east of Pittsburg.

Latest Gross Earnings by Weeks.—The latest weekly earnings in the foregoing are separately summed up as follows:

For the third week of October our preliminary statement covers 64 roads, and shows 3·91 per cent increase in the aggregate over the same week last year.

Net Earnings Monthly to Latest Dates.—The following shows the gross and net earnings to latest dates of all STEAM railroads furnishing monthly statements. The compilation includes every road from which we can get returns of this character and in that form is given once a month. Early returns are published from week to week, as soon as issued, but for the convenience of our readers all the roads making returns are brought together here in the week in which we publish our monthly article on net earnings—say on or about the 20th of the month.

The returns of the street railways we give by themselves under a separate head at the extreme end of these tabulations —see page 896.

a Net earnings here given are after deducting taxes.
b Net earnings here given are before deducting taxes.

c Deducting other expenditures for repairs, replacements and general expenses, net income applicable to interest on bonds in August was $110,468, against $119,343 last year, and for January 1 to August 31 $757,729, against $994,144. This is the result in Mexican dollars treated (according to the company's method of keeping its accounts) as equivalent to 80 cents in United States money—that is, depreciation beyond 20 per cent has already been allowed for.
d After July 1, 1897, expenses include taxes.
e Earnings here given do not include results on Cin. Lebanon & Northern trackage.
f Thirty per cent of gross earnings.
g After allowing for other income received, total net from July 1 to Sept. 30, 1898, was $113,708, against $116,019.
h Includes results on Des Moines & Kansas City for all periods.
i Includes besides the entire Pacific System and the Atlantic properties, the Houston & Texas Central, Austin & Northwestern, Central Texas & Northwestern and Ft. Worth & New Orleans.
m Figures for 1897 include results on Kansas City and Independence Air Line, but those for 1898 do not.
* Figures beginning with July, 1897, include At. T. & S. Fe, Gulf Col. & Santa Fe, Santa Fe Pacific (old Atlantic & Pacific) and So. California Ry., but not Sonora Ry. and N. M. & Arizona, which previous to July had been included.
† For Sept., 1898, taxes and rentals amounted to $139,329, against $140,915, and from July 1 to Sept. 30, $430,598, against $422,621, after deducting which net for Sept., 1898, was $918,834, against $124,264. From July 1 to Sept. 30, 1898, net after deducting taxes and rentals, is $1,487,819, against $2,028,597.
‡ Includes Chesapeake Ohio & Southwestern from July 1, 1897. Ohio Valley from August 1, 1897, and Chicago & Texas from October 1, 1897, but does not include the Yazoo Branch after July 1, 1898.
‖ Including income from ferries, &c.

b Net earnings here given are before deducting taxes.
* After deducting "reserve fund for repairs of steamers" balance in August, 1898, was $202,898, against $49,402, and from May 1 to August 31 $535,170, against $274,551. The reserve fund for depreciation and general and extraordinary repairs of steamers has been increased to the standard of the English companies, i. e., five per cent upon the value of the steamers.

Interest Charges and Surplus.—The following roads, in addition to their gross and net earnings given in the foregoing, also report charges for interest, &c., with the surplus or deficit above or below those charges

STREET RAILWAYS AND TRACTION COMPANIES.

The following table shows the *gross* earnings for the latest period of all STREET railways from which we are able to obtain weekly or monthly returns. The arrangement of the table is the same as that for the steam roads—that is, the first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for the calendar year from January 1 to and including such latest week or month.

STREET RAILWAYS AND TRACTION COMPANIES.

* Includes Baltimore Traction and City & Suburban for both years.
† Decrease in September due to extraordinary business in September, 1897, when many conventions were held and a public visit made to city by President McKinley.
‡ Increase in receipts in September due to encampment of 2d Army Corps at Meadville, Pa.

Street Railway Net Earnings.—In the following we show both the gross and the net earnings to latest dates of all STREET railways from which we have been able to procure monthly returns. As in the case of the steam roads, the returns of the different roads are published by us each week as soon as received, and once a month (on the third or the fourth Saturday of the month) we bring all the roads reporting together, as is done to-day.

Roads.	—Gross Earnings.— 1898.	1897.	—Net Earnings.— 1898	1897.

The following is a statement of the gross and net earnings of the Nashville St. Railway for the month of September and the five months of the fiscal year from May 1 to September 30. Figures for 1897 were extraordinarily large on account of Nashville Exposition, which lasted from May 1 to November 30, 1897, and therefore comparison is made with 1898.

Chicago Terminal Transfer RR. Co.

(For the year ending June 30, 1898.)

The report of this company for the first fiscal year of its operation, including the income account and balance sheet, and the remarks of the President, Mr. Edward D. Adams, will be found on pages 903 and 904.

New York Susquehanna & Western RR.

(Report for the fiscal year ending June 30th, 1898.)

President E. B. Thomas says in substance: The gross earnings for the year increased $33,239, or 2·79 per cent, while the operating expenses decreased $24,130, giving net earnings $87,368, or 9·35 per cent more than last year. The freight tonnage, including anthracite coal, decreased 25,250 tons. The general merchandise tonnage shows a very satisfactory increase, while the anthracite coal tonnage shows a falling off of 7·33 per cent. In producing its gross revenue the company expended $24,130 less than last year.

Maintenance.—Regarding physical condition he says:

During the year 6·28 miles of 71-pound steel rail were laid in the main line and 1,022 feet of 80-pound steel rail were laid on the main line bridges. There is now between West End and Stroudsburg 0 18 miles of 80 pound, 54·1 miles of 71-pound and 58·72 miles of 60-pound steel rail; 108,891 ties and 33,113 feet of switch timber have been used. Three new locomotives and four coaches and two milk cars were obtained upon the acquisition of the Susquehanna Connecting RR. and one passenger engine has been condemned and taken out of service. Six coal, one caboose, one flat, one box and nine gondola cars have been rebuilt. Two hundred and nine cars have been equipped with automatic couplers. Two box, two lime and four coal cars have been condemned.

Lease.—A lease of your property has been made to the Erie RR. Co. for one year, ending March 1, 1899, which company is operating the line separately from its own property.

Earnings, etc.—The following statement shows the operations for the fiscal year of all the company's property, including the Wilkesbarre & Eastern road, and, for comparative purposes, similar figures for the fiscal year of 1897:

New England Railroad.

(Report for the year ending June 30, 1898.)

President Charles P. Clark says:

Extension—Boston Terminal.—The extension of the Norwich & Worcester RR. from Allyn's Point to Groton was begun in May last, and after its completion the companies' trains will be run over it from Worcester to New London. The Boston Terminal Co. will probably so far complete its station for the use of the roads entering Boston on the south that the companies will begin to occupy it by the first of next January.

Lease.—Since the last annual report was made the company has leased its property to the New York New Haven & Hartford RR. Co. for ninety-nine years from July 1, 1898. A copy of the lease is attached to the report. The lessee

having been in possession of the New England RR. since July 1, 1898, the details of its operation will hereafter be included in the reports of the New York New Haven & Hartford RR. Co.

Exchange of Stock.—A contract was made by the New York New Haven & Hartford RR Co. for an exchange of its own shares of capital stock on certain terms (see V. 66, p. 1002) for the stock of this company. The exchange of stock under this contract has been so general that at the writing of this report (on Oct. 22) there are but 9,233 shares of common stock and 2,657 shares of the preferred stock of the New England RR. Co. which are not held by the New York New Haven & Hartford RR.

Statistics.—The operations, earnings, expenses and charges were as below given. The balance sheet was published in the CHRONICLE of Aug. 27, 1898, on p 425.

OPERATIONS.

—V. 67, p. 425, 428.

Cleveland Lorain & Wheeling Railway.

(Report for the year ending June 30, 1898.)

President M. D. Woodford says in substance:

General Results.—As compared with the preceding year the gross earnings increased $294,281, or 24·54 per cent, and the net $114,058, or 29·59 per cent. While this increase was largely due to the improved business conditions of the country, it was emphasized by the fact that during the year a number of the industries contributing to the business of the road increased their capacity and output to a very considerable extent. These net earnings have only once been exceeded. At the beginning of the year a general strike of coal miners lasted for eleven weeks, during which time the freight revenues were materially reduced.

Maintenance.—While rigid economy has been exercised, yet the condition of the property has been steadily improved, as follows.

A large number of coal cars have been entirely rebuilt, of increased capacity and equipped with automatic couplers, 51,060 ties have been laid in the main track, and 35,260 in side tracks, and in ballasting the main track 31,890 cubic yards of gravel and 37,750 cubic yards of furnace cinder have been used. The cost of all of the foregoing was charged to "operating expenses," and in addition thereto the sum of $35,854 has been charged to "car repairs," and credited to "replacement of equipment" on account of cars destroyed, or not worthy of rebuilding. The charges during the year to "construction account" amount only to $13,096.

Refunding.—The $700,000 Cleveland Tuscarawas Valley & Wheeling 7s mature Oct. 1, 1898, and will be replaced by an equal amount of your 5 per cent first mortgage bonds, thus effecting a reduction of $14,000 per annum in the fixed charges.

New Industries.—The Lorain Steel Co., the successor to the Johnson Co., is actively engaged in constructing two modern blast furnaces at Lorain, which will be the largest in the world. It is expected that they will be ready for operation about the first of January, and will then furnish largely increased freights to your road. The works of the Cleveland Shipbuilding Co. at Lorain have been in full operation, and give employment to 800 men. With the improvements which the city of Lorain is now making in Black River, by which it will be navigable for 4 miles from its mouth, and the harbor improvements contemplated by the United States Government, there seems to be no doubt that in the very near future Lorain will become one of the important manufacturing and commercial cities of the lakes, and your company, with its valuable and extensive terminals at that point, must necessarily derive great benefits therefrom.

Status of Coal Trade.—Since April 1, 1898, the coal business of this road, in common with other Ohio coal carriers, has been subject to severe and abnormal competition with West Virginia coals, owing to the great advantage enjoyed by the producers of the latter State in the price of mining, on account of the failure of the National Miners' Union to control the West Virginia mining rates in accordance with the understanding when the Ohio rates were fixed. The Ohio miners appreciate the injustice of the present situation alike to the Ohio carriers, producers and themselves, and will undoubtedly join in effecting an equalization of the mining rates at the earliest date practicable.

Changes in Traffic.—The classification of tonnage for six years shows that while the quantity of coal carried has not materially changed, its percentage of the entire tonnage has decreased, and the percentage of other commodities carried has correspondingly increased, this being largely due to the policy of encouraging the location of industries along the company's line, thus making the property less dependent upon the competitive coal traffic for its revenues. The benefit of this policy is strikingly shown by the fact that in 1896, when the coal tonnage was 54 per cent of the whole, the average rate per ton per mile received was 4·95 mills, while in 1898, with the coal tonnage only 43 per cent of the whole, the rate per ton per mile increased to 5·075 mills.

Prospects.—The new fiscal year has opened auspiciously, and aside from the unsatisfactory instability of freight rates, which seems to prevail everywhere, the prospects are favorable for a prosperous season.

Traffic.—The following tables compiled for the CHRONICLE contain important statistics for the years ending June 30:

	1897-8.	1896-7.	1895-6.	1894-5.
Tons (rev.) 1 mile	255,086,626	167,101,464	275,841,909	226,469,122

—V. 67, p. 631.

Evansville & Terre Haute Railroad.

(Report for the year ending June 30, 1898.)

President H. C. Barlow says in substance:—

General Results.—With the exception of the years 1892 and 1893, the gross receipts from the operation for the past year are the largest in the history of your company. Receipts from all sources show an increase as compared with last year of $229,919, or 23½ per cent. Operation expenses, however, increased, owing to the large expenditures occasioned by the severe floods in the country through which the road passes. Expenditures were also increased owing to the fact that a large amount of equipment became worthless, was destroyed, and its cost charged to operation. Had the necessity for these outlays not arisen, a surplus for the common stock would have been represented in the net earnings, besides a full dividend for the preferred.

Evansville & Richmond Settlement.—All complications growing out of the guaranty of principal and interest of the Evansville & Richmond bonds have been removed and the entire issue of bonds (with the exception of one bond that can not be located) has been exchanged for preferred stock. In September, 1897, all the securities of the reorganized company were sold to outside parties, thereby entirely severing your connection with the property.

Financial.—The litigation growing out of the alleged endorsement of certain notes given by the Peoria Decatur & Evansville RR Co. has been settled without expense to your company, and the name of this company has been erased from said notes. Your company has no floating debt. The net income of the Evansville & Terre Haute RR. for the year is $112,658: deficit $61,317.

Maintenance, Etc.—The following facts are given:

83,151 gross ties were put in track; 6·66 miles of 70-pound steel rail was laid during the current year, displacing 60-pound rail; 6,017 feet of side track was constructed; 358,601 feet of timber and 7,808 feet of piling was used during the current year in repairs to bridges. On the Mt. Vernon branch 48 feet of trestle were filled, cast iron pipe being used for water way and 160 feet of trestle were filled with earth. Motive power and equipment are in good condition.

Statistics.—The yearly statements compare as follows:

American Tobacco.—*Negotiations Pending.*—Negotiations for the consolidation of leading plug tobacco interests are still in progress.—V. 67, p. 841.

Atchison Topeka & Santa Fe Ry.—*Payment of Guarantee Fund Notes.*—The guarantee fund notes maturing Nov. 1 will be paid on and after that date at the office of the company. Coupon No. 20 of said guarantee fund notes will be paid at the same time—V. 67, p. 841.

Baltimore Storage & Lighterage—Atlantic Transport Line.—*Name Changed.*—The Baltimore Storage & Lighterage Co. has changed its name to the Atlantic Transport Co., chartered under the laws of West Virginia. The capital stock is $3,000,000. The company is owner of the Atlantic Transport Line of steamships and its shares are listed on the Baltimore Stock Exchange.—V. 67, p. 27.

Baltimore & Ohio R.R.—*Injunction Dissolved.*—Judges Morris and Goff, in the United States Circuit Court at Baltimore, Oct. 24, dissolved the injunction previously issued at the instance of the holders of preferred stock, and granted to the trustees of the various mortgages the right to foreclose, thus clearing the way for a complete reorganization. The Court took the ground that it was not proper to delay the reorganization by continuing the injunction. "The final terms of the foreclosure decree are within the control of this Court, and the terms of that decree will be moulded so as to do justice to all parties, and if it is necessary to protect the rights of the present petitioners to impose terms upon the purchaser, such terms can be put in the decree."—V. 67, p. 788.

Belt Ry. of Washington, D. C.—*Sale Nov. 15.*—The foreclosure sale is advertised for on Nov. 15.—V. 65, p. 1172.

Boston & Montana Consolidated Copper & Silver Mining Co.—*Official Statement.*—President A. S. Bigelow makes the following statement:

In relation to the unfavorable and untrue reports which have appeared in advertisements of daily papers of the last few days, the directors of this company wish to make the following statements to the stockholders, viz.:

The report of the operations for the year 1898 will show beyond a doubt that the company has earned free of all expenses of every nature something over $3,000,000, out of which it has declared dividends amounting to $2,400,000. Adding the balance to the surplus will bring this latter item up to the four-million dollar mark. In addition to this the stocks of material of various grades at the smelting works at Great Falls and the ore reserves in sight at the mines will undoubtedly show greater than in previous years. In regard to the threatened lawsuits, our attorneys advise us they cannot conceive of any condition of affairs in relation to the physical facts of the two properties that could, under any circumstances, lay the ground for a successful suit for damages on the part of the Butte & Boston Consolidated Mining Co. against this company, no matter how hostile the management of the Butte & Boston Co. might be to the Boston & Montana Co. Our attorneys likewise advise us that they do not know of any legal proceedings, nor can they suggest any possible way, by which the payment of this company's dividend payable Nov. 21, 1898, can be enjoined.—V. 66, p. 1139.

Brooklyn Rapid Transit—Brooklyn Heights RR.—Brooklyn Queens County & Suburban RR.—*Bonds Listed*—The New York Stock Exchange has listed an additional $227,000 first mortgage gold 5s of the Brooklyn Rapid Transit Co., making the total amount listed to date $6,625,000. The Exchange has listed also $2,255,000 first consolidated mortgage gold 5s of the Brooklyn Queens County & Suburban RR. bearing the guaranty of the Brooklyn Heights RR. Co.

The bonds of the Suburban Road, guaranteed as above stated, are part of a total outstanding issue of $2,834,000, secured by a mortgage dated 1894 for the authorized amount of $4,500 000, consisting of 5 per cent gold bonds due July 1, 1941, but subject to call July 1, 1916. The guarantee endorsed on the guaranteed bonds is as follows:

For value received the Brooklyn Heights RR. Co. hereby guarantees to the trustees of the within-mentioned mortgage, for the benefit of the holder of the within bond, the punctual payment of the principal of the within bond and the interest thereon at the time and in the manner therein specified and according to the tenor of the several coupons belonging thereto.

In witness whereof the said Brooklyn Heights RR. Co. has caused its corporate name to be signed hereto by its President, and its corporate seal to be affixed and attested by its Secretary this 26th day of July, 1898.

(Seal.) THE BROOKLYN HEIGHTS RAILROAD COMPANY.
Attest: T. S. WILLIAMS, Secretary. By C. L. ROSSITER, President.

The following data is also furnished to the Exchange:

The Brooklyn Queens County & Suburban RR. consists of 45·03 miles of single track, located principally in the business and residence portion of the borough of Brooklyn. The company has particular advantages in having tracks on all the principal streets of approach to the new East River Bridge now in process of construction. The real estate owned by the company consists of an office building, several car houses, dock facilities, stables, blacksmith shop, and unimproved real estate, all valued at not less than $150,000. The track is all built with nine inch girder rail, and the equipment consists of 316 electric cars. The entire capital stock of the company is owned by the Brooklyn Rapid Transit Co., and the railroad is leased to the Brooklyn Heights RR. Company, whose stock is also owned by the Brooklyn Rapid Transit Co. The first consolidated mortgage is a first mortgage on 3·12 miles of single track built since Jan., 1894, and on 77¼ miles of perpetual franchises yet unbuilt through streets in the boroughs of Brooklyn and Queens mostly in the former, and is a second mortgage on previously constructed routes, on real estate and rolling stock. The property of the company, except as to the franchises and extensions since 1894, is subject to a first mortgage of $3,500,000, and a further mortgage of $240,000 upon the Jamaica & Brooklyn Road Company.

Official Statement.—Statement of this company's affairs under date of Oct. 14 was made to the New York Stock Exchange and will be found in a subsequent column. It gives a list of the securities owned and a balance sheet, also the results from the operation of the system for the year ending Sept. 30.—V. 67, p. 788, 318.

Brooklyn Union Gas.—*$158,000 Bonds Listed.*—The New York Stock Exchange has listed $158 000 additional consolidated mortgage 5s of 1945, making total amount listed to date $13,239,000. These additional bonds have been issued in redemption of a like amount of underlying bonds of the companies heretofore acquired. There are still outstanding the following old bonds, aggregating $1,761,000, viz.:

Citizens' consolidated mortgage, $167,000; Union consolidated mortgage' [illegible] Fulton Municipal 1st mortgage, $197,000; Metropolitan Gas Light Co. 1st mortgage, [illegible]; Peoples' Gas Light Co. debentures, $4,000; Williamsburg Gas Light Co. 1st mortgage, $30,000.—V. 64, p. 1054.

Cambria Steel Co.—Cambria Iron Co.—*Lease Ratified.*—The stockholders of the Cambria Iron Co. on Wednesday ratified the lease of their property to the Cambria Steel Co. for a guaranteed rental of 4 per cent per annum upon the capital stock.—V. 67, p. 688.

Central Branch Union Pacific Ry.—*$2,500,000 Bonds Listed.*—The $2,500,000 bonds of this company, the successor after foreclosure of the old railroad company, have been placed on the regular list of the New York Stock Exchange. The bonds are described as follows:

$2,500,000 first mortgage 4 per cent gold bonds, dated June 30, 1896, maturing June 1, 1936, and not redeemable before that time; both principal and interest payable in the city of New York, in United States gold coin of the present standard of weight and fineness, without deduction for any taxes, the interest being payable June 1 and December 1. The bonds are in coupon form for $1,000 each and may be registered as to principal only or fully registered on the books of the company upon the surrender of the unmatured coupons for cancellation. Union Trust Co. of New York is mortgage trustee. The mortgage is a first and only mortgage lien on the railroad from Atchison to Waterville, Kan., 100 miles, together with the telegraph line and all lands, buildings, rolling stock, appurtenances, income, franchises, etc. The company owns 35 locomotives, 12 passenger and baggage cars, 497 freight cars and 55 service cars.

The earnings for the eight months ending August 31 were:

8 months to Aug. 31.	Gross earnings.	Net earnings.	Interest charge.	Balance, surplus.
1898	$455,032	$187,460	$66,667	$120,802
1897	386,414	171,740	.....	.....

—V. 67, p. 73.

Central Ohio RR.—Baltimore & Ohio RR.—*Opposition to Plan.*—A circular has been issued by the Stockholders' Executive Committee of the Central Ohio RR., William H. Conklin, Chairman, advising the stockholders not to deposit their stock under the plan of reorganization recently announced.—V. 67, p. 738.

Central Vermont RR.—*Plan Ratified.*—The modifications of the reorganization plan of Oct. 12, 1897, were ratified this week by a unanimous vote at the bondholders' meeting.—V. 67, p. 736.

Chicago Great Western.—*Quarterly.*—Earnings for the quarter ending Sept. 30 have been reported:

3 months ending Sept. 30.—	Gross earnings.	Net earnings.	Interest, taxes, &c.	Div. on 4% deb. stock.	Balance
1898	$1,469,212	$880,480	$736,414	$123,783	$170,283
1897	1,395,545	470,942	212,502	122,670	144,610

Dividends on preferred stock "A" at 4 per cent per annum would call for $118,724 quarterly.—V. 67, p. 633.

Chicago & Milwaukee Electric Ry.—*Official Statement.*—Vice-President and Treasurer A. C. Frost has favored the Chronicle with the following:

Our road will run between Waukegan, Ill., and Chicago, a distance of 30 miles. It is in operation between Waukegan and the southern limits of Highland Park, Lake Co., about 16 miles. Work is now being done on the extension south, but we do not expect to have the road completed to Evanston until the early part of next summer. We shall then have on the north shore of Lake Michigan a straight line of 30 miles in length, connecting fifteen cities and towns, a most beautiful suburban residence district, having a population of 70,000 people, with Chicago, a city of two million people. A large portion of our road is being built on private right of way, and we have not a single steam or electric railroad crossing on our entire line. From Waukegan to North Chicago we run west of the Milwaukee branch of the Chicago & North Western Railway, at which point we run under their tracks by means of a fine sub-way built for our exclusive use and from there south we run east of the North Western Railway tracks to Evanston. Our average grade is about 1 per cent and the highest grade on the entire line is less than 3 per cent, being one of the approaches to the sub-way.

Of the $1,000,000 of bonds authorized $400,000, are delivered by the Trustee upon the company's power plant and the 16 miles of road built and in operation, the balance to be delivered at the rate of 75 per cent of the actual cost of betterments and extensions. The cost of the road between Waukegan and Highland Park and the franchises which we purchased from the Bluff City Electric Street Railway Co. is about $510,000. While the road between Waukegan and Highland Park has been under construction all this summer, the gross earnings for the three months ending Oct. 1st amounted to $12,025; operating expenses, $7,672, leaving net profits of $4,353.

Officers are: President, G. A. Hall; Vice-President, A. C. Frost; Treasurer, J. W. Manck; Secretary, G. M. Seward.—V. 67, p. 689.

Cincinnati & Muskingum Valley RR.—*Mortgage Filed.*—This reorganized company has filed its new mortgage for $1,000,000.—V. 67, p. 282.

Citizens' Light & Power, Kokomo, Ind.—*Sale Nov. 12.*—The receiver's sale is set for Nov. 12.—V. 67, p. 370.

Colorado Midland Ry.—*Listed.*—The New York Stock Exchange has listed $135,000 additional preferred stock voting trust certificates, making total amount listed to date $1,779,400. Of the additional stock $10,000 was issued on account of $20,000 equipment bonds redeemed Jan. 1, 1898, and $125,000 for 2 per cent unearned interest on 2 3 4 per cent bonds, numbered from 1 to 6,250, inclusive, payable on July 1, 1898, in scrip convertible into preferred stock.

Annual Report.—The report for the first fiscal year, including six months under the late receivership, shows gross earnings from operation $4,731,443, an increase of $59,899 over 1897; operating expenses $1,393,695, an increase of $49,516; net earnings $345,747, an increase of $10,383, and net earnings, after deducting taxes, $345,747, an increase of $13,293 over 1897. Maintenance, roadway, structures and equipment received $539,103. While there was an increase of over 100,000 tons of freight carried during the year, the tonnage rate per ton per mile decreased.—V. 67, p. 578.

Columbus & Cincinnati Midland RR.—Baltimore & Ohio RR.—*Opposition to Plan.*—Strong interests holding Columbus & Cincinnati Midland bonds have declined to deposit their bonds under the Baltimore & Ohio plan of reorganization.—V. 67, p. 788.

Columbus Sandusky & Hocking RR.—*Majority of Bonds Deposited.*—The reorganization committee, Louis Fitzgerald, Chairman, announces that a majority of the outstanding first mortgage or prior lien bonds and the general mortgage bonds have been deposited under the plan of May 17, 1898, which is therefore declared operative. The plan was given in the Chronicle May 21, 1898, page 1001. The time for deposits has been extended to Dec. 1st, after which date no securities will be received except upon such terms as the committee may dictate.

Foreclosure.—The Metropolitan Trust Co., as mortgage trustee, on Tuesday filed an ancillary bill in the United States Court at Columbus, O., asking for the foreclosure of the general mortgage of 1895 for $10,000,000.—V. 67, p. 842.

Council Bluffs (Ia.) Gas & Electric.—*Incorporated.*—This company, with $250,000 capital stock, was incorporated at Trenton, N. J., Oct. 23, to supply light in Council Bluffs.—V. 67, p. 529.

Erie RR.—New York Susquehanna & Western RR.—*New Treasurer.*—Edward White, Treasurer for many years past of the Erie RR. Co. and recently also Treasurer of the New York Susquehanna & Western RR. Co., has resigned both positions. His successor in each company is A. Donaldson, who will still retain his position as Third Vice-President of the Erie.—V. 67, p. 74.

General Electric Co.—*Preferred Stock Listed.*—The New York Stock Exchange has listed the $2,551,200 new preferred 7 per cent cumulative stock, being the total amount of the preferred stock as reduced to 60 per cent of the original issue. The preferential right is expressed upon the face of the certificates as follows:

"This preferred stock is entitled in preference and priority over the common stock of said company to dividends to be paid semi-annually out of the net profits of the company at the rate of seven per centum per annum. Such dividends are to be cumulative, and this stock is entitled to no other or further share of the profits, and is without preference as to principal."

There is now no litigation affecting the validity of the reduction of the stock of the company. The new certificates of stock have the following on the back thereof:

"The shares within mentioned are shares of the reduced capital stock of the General Electric Co., as set forth in the certificate of reduction, filed in the office of the Secretary of State of New York, Aug. 17, 1898. The assignment or transfer of any of the within-mentioned shares includes all right, title and interest of the holder thereof, in respect of the original shares represented by the same."

Dividend.—A dividend of 11⅔ per cent was declared this week, payable Nov. 15, on the preferred shares. This is the first distribution on account of the accumulated dividends, which on July 1, 1898, aggregated 35 per cent. The intention is to pay the remainder of the accumulated dividends in instalments, and at the same time to pay the current dividends at the rate of 7 per cent per annum upon the par amount of the reduced preferred stock from Aug. 17, 1898. The net earnings since that date, we are officially informed, aggregate $500,000, from which were deducted debts and interest charge aggregating $150,000, leaving $350 000 available for dividends. The present payment calls for $297,640.

A circular to the stockholders says:

"Your board of directors has resolved to begin the payment of the unpaid accumulated dividends and the current dividends upon the preferred stock of the company. These dividends now amount to:

"1. Unpaid accumulated dividends amounting in the aggregate to $1,527,885 33 for the period commencing July 1, 1893, and ending August 17, 1898 (the date of the reduction of the capital stock), being dividends at the rate of 7 per centum per annum for the period named upon the par amount of the preferred stock prior to the reduction, namely, $4,252 000. As each share of the reduced preferred stock represents one and two-thirds shares of the preferred stock as the same stood prior to the reduction, the amount payable upon each share of the reduced preferred stock in respect of such unpaid accumulated dividends will be $59 89.

"2. Current dividends at the rate of 7 per centum per annum upon the par amount of the reduced preferred stock after August 17, 1898.

"Your board of directors has accordingly declared a dividend of $11 66⅔ per share on the reduced preferred stock, payable on and after Nov. 15, 1898, to the holders of the preferred stock of record at the close of the transfer books on the fifth day of November, 1898. The amount of this dividend equals the unpaid accumulated dividends upon the preferred stock for the year beginning July 1, 1893, and ending June 30, 1894."

In other words, the dividend of 11 66⅔ per cent declared this week is equivalent to one year's dividend of 7 per cent on the old preferred shares, and leaves due on the reduced preferred stock 48 22⅓ per cent. This amount must be paid before dividends are resumed on the common stock. In the meantime, however, the regular 7 per cent per annum will be paid as it accrues on the reduced preference shares concurrently with the payment of the past accumulations. The dividend period of the old preferred stock was January and July and nothing is said of any change in this respect.—V. 67, p. 634.

Houston & Texas Central RR.—*New Mortgage.*—The stockholders will vote Nov. 15 on a proposition to issue bonds to be secured by first mortgage upon that portion of the company's property heretofore known as the Waco & Northwestern RR., extending from the town of Bremond in Robertson County, Texas, to the town of Ross in McLennan County, Texas, a distance of 54 miles.—V. 67, p. 177.

Indiana Illinois & Iowa RR.—*Bonds Listed.*—The $2,500,000 first mortgage 5s of 1948 have been listed on the New York Stock Exchange.—V. 67, p. 634.

International Tobacco Co. of Manhattan Borough.—*Incorporated.*—This company with capital stock of $150,000 was incorporated at Albany on Wednesday. Its directors are J. Edward Stoke, of Stapleton, S. I.; Herman Wassermann and Joseph H. Harris, of New York City.

Joint Traffic Association Trunk Lines.—*Decision.*—*Traffic Contract Illegal.*—At Washington on Monday the Supreme Court decided that the agreement of the Joint Traffic Association for the regulation and maintenance of rates is in restraint of trade and for that reason contrary to the Anti-Trust Act. Following are extracts from the opinion:

NO ESSENTIAL DIFFERENCE FROM TRANS-MISSOURI COMPACT.

So far as the establishment of rates and fares is concerned, we do not see any substantial difference between this agreement and the one set forth in the Trans-Missouri case. In that case the rates were established by the agreement, and any company violating the schedule of rates as established under the agreement was liable to a penalty. A company could withdraw from the Association on giving thirty days' notice, but while it continued a member it was bound to charge the fixed rates under a penalty for not doing so. In this case the companies are bound to charge the rates fixed upon originally in the agreement or subsequently recommended by the Board of Managers, and the failure to observe their recommendations is deemed a violation of the agreement. The only alternative is the adoption of a resolution by the board of directors of any company providing for a change of rates, so far as that company is concerned, and the service of a copy thereof upon the board of managers. It is this provision which is referred to by counsel as most material and important, and one which constitutes a material and important distinction between the two agreements.

The natural and direct effect of the two agreements is the same—viz.: To maintain rates at a higher level than would otherwise prevail, and the differences between them are not sufficiently important or material to call for different judgments in the two cases on any such ground.

RIGHT OF CONGRESS TO REGULATE.

Has not Congress with regard to inter-State commerce, and in the course of regulating it, in the case of railroad companies, the power to say that no contract or combination shall be legal which shall restrain trade and commerce by shutting out the operation of the general law of competition? We think it has. * * * When the grantees of this public franchise are competing railroad companies for inter-State commerce, we think Congress is competent to forbid any agreement or combination among them by means of which competition is to be smothered. * *

EFFECT OF COMPETITION.

The natural, direct and immediate effect of competition is to lower rates, and thereby to increase the demand for commodities, the supplying of which increases commerce, and an agreement whose first and direct effect is to prevent this play of competition restrains, instead of promotes, trade and commerce. Whether, in the absence of an agreement as to rates, the consequences described by counsel will in fact follow is a matter of very great uncertainty. Railroads may, and often do, continue in existence, and engage in their lawful traffic at some profit, although they are competing railroads, and are without combination on rates.

CONCLUSION.

It is not only possible, but probable, that good sense and integrity of purpose would prevail among the managers, and, while making no agreement and entering into no combination by which the whole railroad interest as herein represented should act as one combined and consolidated body, the managers of each road might yet make such reasonable charges for the business done by it as the facts might justify. An agreement of the nature of this one, which directly and effectually stifles competition, must be regarded under the statute as one in restraint of trade, notwithstanding there are possibilities that a restraint of trade may also follow a competition that may be indulged in until the weaker roads are completely destroyed, and the survivor thereafter raises rates and maintains them. Coming to the conclusion we do in regard to the various questions herein discussed, we think it unnecessary to further allude to the other reasons which have been advanced for a reconsideration of the decision of the Trans-Missouri case.

Justice Peckham announced the decision, Chief Justice Fuller and Justices Harlan, Brewer, Brown and Peckham assenting, and Justices Gray, Shiras and White dissenting. Justice McKenna took no part in the case, as the suit was begun while he was Attorney-General.

An editorial on the decision will be found on a previous page. The full text of the agreement was in the CHRONICLE, V. 61, p. 903, 953.—V. 65, p. 778.

Kansas City Stock Yards.—*Associations Not Contrary to Anti-Trust Law.*—At Washington on Monday Justice Peckham in the United States Supreme Court handed down decisions holding that the Kansas City live stock associations are not acting in violation of the Anti-Trust Law. The facts, which will be more fully discussed in an editorial next week, are briefly set forth as follows:

The business of the Kansas City Live Stock Exchange is carried on at the Kansas City Stock Yard, partly in Kansas and partly in Missouri. Its members receive shipments of cattle from Nebraska, Colorado, Texas, Missouri, Iowa, Kansas and the Territories, selling them to the big packing houses, particularly in Chicago, St. Louis and New York. Justice Peckham's opinion, in which all the Justices except Justice Harlan concur, states that the Kansas City Exchange is merely a local aid to inter-State shipments, and that it cannot be considered an inter-State association. A similar ruling was made in the case of the United States against J. C. Anderson and others, involving the Kansas City Association known as the Traders' Live Stock Exchange.—V. 67, p. 28.

Kings County Elevated RR.—*Temporary Bridge Agreement.*—The receiver on Thursday made a temporary agreement with the Brooklyn Elevated RR. and Bridge Commissioner Shea for the operation of the trains of the Kings County road across the Brooklyn Bridge. The Brooklyn Elevated RR. Co. in its modified contract with the Bridge Commissioner, as cited in the CHRONICLE of July 2, page 27, agreed to pay as part consideration for the use of the bridge ten cents per car per round trip and guaranteed that the amount so to be paid should not be less than $250 a day up to the time when the cars of the Kings County Elevated RR. should cross the structure and $166 67 a day thereafter. Under the present temporary agreement the Kings County road does not assume the full one-third of the obligation of way of rental, etc., but it does undertake to pay to the Brooklyn Company $83 34 per day for the operation of not exceeding 833 cars, and to the city 10 cents for each additional car.

The Kings County will pay also its share of the maintenance of the local bridge road in proportion to the number of passengers using its cars, but it will have no share in the profits or losses of said local road. One Kings County train is to be operated to two Brooklyn trains. The agreement does not affect any existing agreement between the Kings County road and the city, and may be terminated by either party on fifteen days' notice. Its effect will be to give the Kings County road an opportunity to test the profitableness of the bridge connection before agreeing to submit to a final modification of its original contract.—V. 67, p. 689.

Kingston & Pembroke Ry.—*Meeting Nov. 21 to Authorize Preferred Stock.*—The stockholders will vote Nov. 21 on a proposition to issue preferred stock of such an amount, not to exceed $1,000,000, and at such price as will pay the interest on the company's bonds and debentures up to and including Jan. 1, 1899, and the floating liabilities of the company. This proceeding is preparatory to carrying out the plan of reorganization described in the CHRONICLE of Aug. 6, p. 274.—V. 67, p. 274.

Lima—Honeoye Light & RR.—*Mortgage Filed.*—The company has made a mortgage for $40,000 to the Buffalo Loan, Trust & Safe Deposit Co. to cover its road recently completed between Lima and Honeoye Falls.

Little Rock & Memphis RR.—Choctaw & Memphis—Choctaw Oklahoma & Gulf RR.—*Foreclosure Sale and Reorganization.*—At Little Rock, Ark., on the 25th inst., the Little Rock & Memphis road was sold under foreclosure of the first mortgage to the bondholders' committee for $325,000. As already announced the road will be reorganized under the name of the Choctaw & Memphis and will be leased to the Choctow Oklahoma & Gulf RR. Under the agreement the latter company will pay the floating debt and reorganization expenses and will bring the road up to the standard of the C. O. & G. New 65 pound steel rail will be laid and $200,000 spent for betterments and improvements.

The Little Rock & Memphis bondholders will receive $1,200,000 in Choctaw & Memphis fifty-year 5 per cent first mortgage bonds, which is equivalent to about 38 in the new loan for the $3,163,000 deposited bonds. The Choctaw & Memphis bonds will cover the road from Memphis to a connection with the Choctaw Oklahoma & Gulf, a total distance of about 283 miles, being 135 of the old Little Rock & Memphis and 148 miles to be constructed. The bonds are authorized at $12,500 a mile, of which $2,000 per mile on the extension is to be reserved for equipment.—V. 67, p. 529.

Louisville & Nashville RR.—*Called Bonds.*—Forty Evansville Henderson & Nashville Division bonds, having been drawn for the sinking fund, will be redeemed at 110 at the office, 120 Broadway, on and after Dec. 1.—V. 67, p. 731, 738.

Mechanics & Traders' Bank of New York.—*New President.*—Fernando Baltes has been succeeded by Leo Schlesinger as President of this institution.

Metropolitan Street Railway (N. Y.)—*Quarterly.*—Earnings for the quarter ending Sept. 30 have been:

3 mos. ending Sept. 30.	Gross earnings.	Net earnings.	Other income.	Interest, taxes, etc.	Balance, surplus.
1898	$2,907,562	$1,440,921	$181,737	$1,070,849	$551,809
1897	2,217,942	1,003,591	164,386	783,791	384,186

—V. 67, p. 736.

Mexico Cuernavaca & Pacific Ry.—*Construction and Finance.*—President J. H Hampson writes us as follows:

The road is in operation from Mexico to Cocula, 160 miles, and the remaining portion to Acapulco, 150 miles, is in course of construction. The company receives a subsidy from the Mexican Government (the largest and most valuable subsidy ever granted by this Government) of something over $38,000 per mile, payable in 5 per cent (silver) bonds of the Mexican Government at their par value. These bonds range in price from 76 to 80; and there is a constant active demand for them at the leading banks here for their customers in Mexico and London and Germany. We receive the bonds on the completion of every section of 5 kilometers (about 3·1 miles), and as fast as received we dispose of them and use the proceeds for the construction of the railway.

The concession from the Government was transferred to this company June 9, 1891. Capital stock, authorized, $6,000,000 (gold); par, $100; outstanding this date (but all held by ourselves, none being on the market for sale), $2,432,000.

This company is authorized by its trust deed, made in 1893 to the Mercantile Trust Co., New York, as Trustee, to issue first mortgage 5 per cent gold bonds on completed road, at the rate of $25,000 per mile. There have been issued to date $2,500,000 (par value) of these bonds, but there are only $130,000 outstanding, the balance being retained by myself and the company. You mention that you have seen it stated that we propose to cancel the 1893 mortgage and issue new securities. Nothing has been done in that direction and there is no certainty that anything will be done. The present mortgage is entirely satisfactory so far and there is no telling when any change will be acted upon, if at all. As stated in my former letter, we are still issuing bonds at the rate of $25,000 gold per mile, as the road is constructed, but as yet we have not placed any of them on the market with the exception of 130.

Officers—President and General Manager, J. H Hampson, City of Mexico; Secretary and Treasurer, Charles Wheeler, Denver, Colorado; General offices, City of Mexico.—V. 63, p. 154.

Mystic Valley Street of Wakefield, Mass.—*New Bonds.*—The company has petitioned the State Railroad Commissioners for permission to issue $30,000 5 per cent gold bonds.

National Linseed Oil Co.—*Reorganization Notice.*—The reorganization committee consisting now of Frederic P. Olcott, Chairman, Samuel Thomas, Henry W. Poor, James H. Eckles, Ezra H Linley, with Adrian H. Joline as Counsel and James N. Wallace 54 Wall Street, as Secretary, New York, having at the request of holders of a large amount of stock, and also of creditors of the company, undertaken the reorganization of its properties, and to effect a proper adjustment of its financial affairs, requests the holders of stock to deposit their certificates with the Central Trust Co. of New York in exchange for negotiable receipts. Copies of the committee's agreement may be obtained at the office of the Trust company or from any one of the committee.—V. 67, p. 736.

National Starch.—*Dividend Passed.*—The company decided this week to omit the payment of the usual dividend of 2 per cent due Nov. 2 on its first preferred shares. No dividends were paid on these shares in 1894 and 1895, but for the two and a-half years ending May 1st, 1898, the rate was 4 per cent per annum. The first preferred is an 8 per cent cumulative stock.—V. 66, p. 334.

Newport News & Old Point Railway & Electric Co.—*Sale of Securities.*—This company has sold to a syndicate headed by Alexander Brown & Sons of Baltimore, $300,000 of its forty-year 5 per cent gold bonds and $400,000 5 per cent cumulative preferred stock, being the entire issue of the latter and all but $100,000 of the authorized issue of bonds. The proceeds from the sale will be used in part in improving and extending the lines of the railway and enlarging the electric light and ice plants. The company has acquired the Chesapeake Light & Power Co. at Newport News, and has purchased, or is about to purchase, the Newport News Hampton & Old Point Railway Co. This last named corporation was formed by the consolidation of the Hampton & Old Point Railway, the Newport News Street Railway and the Old Point Beach RR.

New York Gas & Coke Co.—*Incorporated.*—This company was incorporated at Albany on Tuesday to operate a gas plant in New York City. The authorized capital stock is $300,000. The directors are P. H. Childs and J. A. Hawes of New York City and F. E. Mygatt of Brooklyn.

Oconee & Western RR.—*Sale.*—The owners of the certificates issued by the Metropolitan Trust Co. on the deposit of the company's bonds yesterday ratified the sale of the bonds by the committee at a price to net the owners $450 per $1,000 bond. The purchaser was a broker, but for whom he acted is a matter of surmise. The road runs from Dublin on the Central of Georgia Ry. and the Macon Dublin & Savannah to Hawkinsville, Ga., 40 miles, and an extension to Grovania, 14 miles, is graded.

Oregon Short Line RR.—*New Officers.*—At the annual meeting Thursday the following directors were re-elected:

Winslow S. Pierce, Oliver Ames, Francis S. Bangs, Samuel Carr, Thomas Jefferson Coolidge, Jr., W. E. Glyn, Gardiner M. Lane, James Loeb and O. W. Mink. The new members elected to the board are George J. Gould, O. H. Kahn, E. H. Harriman, Horace G. Burt and W. D. Cornish.

Mr. Cornish was elected President, with the following executive committee: Oliver Ames, Horace G. Burt, E. H. Harriman, O. H. Kahn and Winslow S. Pierce. Four members of the executive committee are also members of the Union Pacific Railroad Company's executive committee, including President Burt.—V. 67, p. 782.

Pueblo Electric Street Ry.—Pueblo Light and Power.—*Consolidation of Light Companies.*—Referring to the item in the Chronicle of Sept. 10, page 530, President M. D. Thacher of the Pueblo Electric Street Ry. says:

The plan of consolidation of the three electric-lighting companies with the street railway of this city did not contemplate the organization of a new company. A new lighting company was incorporated and to it were conveyed all of the plants and franchises of the three old electric-lighting companies, viz: Pueblo Gas & Electric Light Co., Pueblo Light, Heat & Power Co., and the Citizens' Electric Light & Power Co. The stock of this new company, which is called the Pueblo Light & Power Co., to the amount of $250,000, the total issue, was then transferred to the Pueblo Electric Street Railway Co. The property of the Light & Power Co. was mortgaged to secure the outstanding bonds of the Pueblo Electric Street Railway Co., simply serving as additional security for the payment of such bonds.

At the time of this consolidation the bonds of the Street Railway Co., issued and outstanding, amounted to $500,000; the authorized issue was $750,000. The remaining $250,000 of bonds authorized under the mortgage could only be issued for improvements and additions to the plant, evidenced by actual expenditures, the additional issue to be certified to by the trustee, the American Loan & Trust Co. of Boston. Since the consolidation there have been an additional $75,000 of these reserve bonds executed, $50,000 of which have been in fact issued, and the balance of $25,000 will probably be issued during the present year.

The issued and outstanding stock of the Railway Co. is $500,000, which is the full capitalization of the company. This stock was issued and outstanding at the time of the consolidation. Up to this time no dividends have been paid or declared for the reason that the company has expended its entire net income for additions, improvements and betterments. These improvements are now about completed, and are of a permanent character. The consolidated company is doing a large and profitable business, showing a very large increase over former years."—V. 67, p. 530.

Pullman's Palace Car Co.—*New Stock to be Listed Nov. 15.*—New York Stock Exchange has ordered that the $18,000,000 additional capital stock be added on Nov. 15 to amount now on the list, making total amount listed at that date $54,000,000.

Litigation.—The Supreme Court of Illinois decided on Monday that the action instituted against the company by Attorney-General Moloney in 1895 for violation of its charter limitations should stand, and be remanded to the Circuit Court of Cook County for trial. The contention is that the company was incorporated simply for the purpose of making, selling and leasing railroad and street cars, and that its action in establishing and conducting real estate, gas, water, heating, brick-making and other enterprises at the town of Pullman and elsewhere is *ultra vires.*—V. 67, p. 840.

Royal Electric Co. of Montreal.—*Meeting.*—The stockholders on Oct. 18th voted to increase the company's holdings of Chambly Manufacturing Company's stock from $200,000 to $300,000, but voted down the proposition to issue $500,000 preference stock.

St. Louis Kansas & Southwestern RR.—St. Louis & San Francisco RR.—*Sold.*—At the foreclosure sale Oct. 22 the St. Louis Kansas & Southwestern was purchased for $150,000 by Samuel Baker of Hamilton, Ontario. The line extends from Arkansas City to Anthony, Kan., 59 miles, and was formerly leased to the St. Louis & San Francisco *Ry.* Co. The new St. Louis & San Francisco RR. Co. last April acquired all except $175,000 of the $340,000 bonds, giving therefor $1,800 of its common stock for each $1,000 bond. The purchaser, however, at the above sale, was not acting in the interests of the St. L. & S. F.—V. 67, p. 579, 631, 644.

St. Louis Peoria & Northern Ry.—*New Bonds for Extensions—Cancellation of Old Mortgage.*—Regarding the extension of this road referred to in our last issue, we learn that it is proposed to issue a 4 per cent mortgage covering the entire line at the rate of about $30,000 a mile, including $5,000 a mile for equipment. Strong interests in St. Louis and New York have subscribed for $8,000,000 of the company's 4 per cent bonds, and foreign interests, including the Deutsche Bank, have taken an additional $5,000,000 of the bonds. The Chicago Terminal Transfer RR. receives $1,000,000 of the loan for a ten-years rental of terminal facilities in Chicago. The St. Louis Peoria & Northern mortgage of 1896 will be canceled. It is unnerstood that the work of construction will be pushed with all possible despatch.—V. 67, p. 843.

St. Louis Southwestern Ry.—*New President*—At the annual meeting of directors held recently, Col. S. W. Fordyce declined re-election as President for the ensuing year and nominated Edwin Gould, who was unanimously elected. Russell Harding, General Superintendent, of the Great Northern Railway, was elected Vice-President to succeed Edwin Gould.—V. 67, p. 786.

Sioux City & Northern RR.—Sioux City O'Neill & Western RR.—*End of Litigation.*—The United States Supreme Court has affirmed the decision of Judge Shiras of the Federal Court of the Northern District of Iowa, awarding the title to J. Kennedy Tod & Co. of New York to $2,340,000 first mortgage bonds of the Sioux City O'Neill & Western and to $1,060,000 stock of the Sioux City & Northern, which were issued to secure a loan of $1,500,000. The decree affirmed provides that E. H. Hubbard, the assignee of the Union Loan & Trust Co. of Sioux City, the plaintiff in the suit, may redeem the securities within 45 days after the entry of the decree, upon payment of $1,500,000 with interest compounded every six months, and that in case he shall fail so to do, then his equity of redemption be barred and foreclosed.

Decree of foreclosure for the Sioux City & Northern was filed in July, 1894, and for the Sioux City O'Neill & Western in January, 1895. The decision just rendered clears the way for the sales under foreclosure.—V. 66, p. 39.

State Line & Sullivan RR.—*Refunding.*—The purpose of the stockholders' meeting on Dec. 8 is to authorize the refunding of the $300,000 6 per cent bonds maturing Jan. 1 next into $300,000 new 4½ per cent 30-year bonds subject to call after fifteen years.—V. 67, p. 801.

Southern New England Telephone.—*New Bonds.*—*Old Bonds Called.*—The directors on Thursday adopted a plan for refunding the mortgage debt. The company now has outstanding bonds to the amount of $500,000, which are subject to call at 102. It was resolved to pay these bonds on March 1, 1899. In order to provide funds for this payment, and for future extensions and developments, it was determined to make an issue of new bonds, running fifty years at 5 per cent interest, secured by first mortgage on real estate and plant of the corporation. The total issue authorized is to be $1,000,000, but of this only enough to pay the outstanding bonds and floating indebtedness incurred in construction will now be sold.

On Dec. 1 the company will advertise that it will pay all its outstanding bonds, which are of two issues on March 1, 1899, and the interest on the bonds will cease at that time. Holders of the present bonds who desire to exchange for the new issue have the option up to Feb. 1, 1899, of taking the new bonds instead of cash, the old bonds to be valued at 102 and interest and the new bonds at 100 and interest. It is expected that the new bonds will be ready for issuance on Dec. 1, 1898, which is the date they will bear. The new mortgage will be a first lien on the property of the corporation, existing mortgages being released on payment of the outstanding bonds, and will be made to the New Haven Trust Company as trustee for the bondholders. The entire amount of the present issue has been under-written.—V. 66, p. 334.

Terre Haute & Logansport RR.—*Foreclosure Sale Nov. 18.*—On representations that the interest in default on the extension mortgage might be paid—the cash in the sinking fund, some $9i,000, being used as part of the payment—Judge Baker, in the Federal Court at Indianapolis, granted an order postponing the sale from Oct. 20 to Nov. 18.—V. 67.p.843.

Reports and Documents.

CHICAGO TERMINAL TRANSFER RAILROAD COMPANY.

ANNUAL REPORT FOR THE YEAR ENDING JUNE 30, 1898.

OFFICE OF THE PRESIDENT,
35 WALL STREET,
NEW YORK, October 1, 1898.

To the Stockholders of the Chicago Terminal Transfer Railroad Company:

The following report covers the operation of this Company for its first fiscal year ending June 30, 1898:

ANNUAL MEETING.

Pursuant to the by-laws adopted upon the organization of the Company June 5, 1897, the first annual meeting of its stockholders was held at the office of the Company in Chicago on June 8, 1898.

As the Company entered into possession and commenced the operation of its properties on July 1, 1897, and on January 1, 1898, issued an Interim Report, giving full details of its organization and condition to its stockholders and bondholders, no further report for the incomplete year was presented to the stockholders at their first annual meeting, June 5, 1898.

The fiscal year of the Company ends on the 30th day of June, in conformity with its accountability to the Inter-State Commerce Commission.

In order that the annual report may be presented to the stockholders soon after its preparation and immediately prior to their annual meeting, it has been considered desirable to change the date of the meeting.

The by-laws have accordingly been changed so that they now provide that "The annual meetings of the stockholders shall be held at the Company's office in Chicago, Illinois, at eleven o'clock in the forenoon, on the second Wednesday of October in the year 1899 and in each year thereafter, for the election of Directors and for the transaction of such other business as may come before them. Such annual meetings may from time to time adjourn to a date or dates certain until such business shall have been completed."

EARNINGS.

The following statement shows the results of the first year of the operations of this Company:

Gross Earnings—		
Rentals and trackage	$669,867 16	
Traffic	449,393 97	
Total earnings		$1,119,261 13
Operating expenses and taxes		455,504 65
		$663,756 48
Less interest charges		562,156 56
Surplus net earnings		$101,599 92

The Working Capital of the Company has been increased to the extent of the above surplus earnings for the past year.

CAPITAL LIABILITIES.

There has been no change in the outstanding amount of the Capital Stock during the past year.

The Funded Debt has been increased by the issue of $290,000 of the First Mortgage Bonds to provide for the extension of the exterior Belt Line to connections with the Chicago & North Western and Chicago Milwaukee & St. Paul Railway systems at Mayfair, and for other additions to the Estate of the Company.

The $258,800 bonds held as Treasury Securities December 31, 1897, when the Interim Report was issued, were sold during the latter half-year, and their proceeds were applied on account of expenditures made on Capital Account.

To reimburse the Company for these expenditures, $290,000 bonds have been received from the Trustees of the mortgage and are now in the Treasury of the Company.

CAPITAL ASSETS.

The cost of the Estate of this Company has been increased to the extent of $290,000 by the following charges for additions to the property during the past fiscal year:

Main Line—		
Elevation of tracks by requirements of ordinances of the City of Chicago		$39,026 30
Exterior Belt Line—		
Extension from Franklin Park to Mayfair—		
Real estate and right of way	$145,661 49	
Construction, incomplete	13,257 06	
	$158,918 55	
Second track	37,280 19	
		196,198 74
Industrial spurs and sidings		12,284 43
Tracey Avenue Warehouse construction commenced		100 98
		$247,610 45
Discount—		
14·62% on $290,000 bonds received from the Trustees at average price of $85·38%		42,389 55
Total charges to Capital Account		$290,000 00

FINANCIAL CONDITION.

By reference to the Balance Sheet it will be seen that on June 30, 1898, this Company held the following Current Assets:

Cash and Cash Assets	$710,227 42
Treasury Securities (market value, $358,464)	294,216 45
Materials on hand	72,285 80
Total Current Assets	$1,076,729 67

On the same date the unfunded liabilities, as shown in detail in the Balance Sheet, were as follows:

Current Liabilities, including interest and taxes, both due and accrued	$516,102 18	
Contingent Liabilities, balance of reserve account for liquidation of unsettled affairs of former owners of this Company's Estate	87,260 49	
Total Current and Contingent Liabilities		603,362 67

WORKING CAPITAL.

Surplus of Current Assets over all Current Liabilities, matured, accrued and contingent	$473,367 00
When this Company acquired possession of its present property, July 1, 1897, its Working Capital amounted to	371,767 08
Increase of Working Capital by the Net Income for the fiscal year ending June 30, 1898	$101,599 02

BOND RESERVES.

650,000 Chicago School Board Mortgage	812,500	
$1,044,000 provided for in reserved bonds at 80%		$1,305,000
For the protection and development of the Estate of this Company under restrictions as set forth in the mortgage, and as may be authorized by the Board of Directors		1,905,000
Total authorized issue		$16,500,000

TREASURY SECURITIES.

The following-described bonds and stocks of this Company are available for any corporate purposes, and are a part of the surplus of current resources over current and contingent liabilities, that constitute the working capital of $473,367, in which these securities are valued at $294,216 45, although their market value June 30, 1898, was $358,464.

Description.	*Par. val.*	*Value of market quotations, June 30,'98.*		*Book valuation.*	
1st Mortgage Bonds	$290,000	87%	$252,300	77·24%	$224,015 45
Pref. Stock, 3,510 shares	351,000	30%	105,300	20%	70,200 00
Common Stock, 108 shares	10 800	8%	864		1 00
Totals	$651,800		$358,464		$294,216 45

DEBT AND INTEREST.

The total debt of the Company, direct and assumed, exclusive of current liabilities incurred in the daily operation of the property, amounts to $14,044,000, with interest charges thereon averaging 4·074 per cent and amounting to $572,200 per annum.

The details of this debt and its interest charges are as follows:

Title of Debt.	PRINCIPAL.		INTEREST.		
	Public.	*Due.*	*Rate.*	*Due.*	*Amount.*
First Mort. Gold Bonds: Outstanding $13,290,000 Treas'y asset 290,000	$13,000,000	July 1, 1947	4%	Jan. 1-July 1	$520,000
Obligations of predecessor companies assumed by the Chicago Terminal Transfer RR. Co.: Purchase money mort. given to the Chicago School Board in purchase of the land in Chicago on which the Grand Central Passenger Station was subsequently erected	650,000	May 1, 1938	5%	May 1-Nov. 1	32,500
Remainder of Bond issue on Chicago & Great Western Division	394,000	June 1, 1936	5%	June 1-Dec. 1	19,700
Total principal	$14,044,000		Annual interest		$572,200

During the past year the Chicago & Calumet Terminal Railroad, hitherto operated under lease, was purchased in fee simple. A deed of all that Company's property has been received, subject to its first mortgage bonds, all of which are held by the Trustees of the mortgage as additional security for the bonds of this Company.

Although there has been no increase in the number of tenants using the terminal facilities of this Company, ample facilities are still available for additional trunk lines, and considerable progress has been made in the negotiations for an additional lessee.

By order of the Board of Directors,

EDWARD D. ADAMS,
President.

BROOKLYN RAPID TRANSIT COMPANY.

STATEMENT TO NEW YORK STOCK EXCHANGE.

Brooklyn, N. Y., October 14, 1898.

Referring to its application of December 10, 1897, the Brooklyn Rapid Transit Company hereby makes application for the listing of 227 additional Brooklyn Rapid Transit Bonds, issued under mortgage dated October 1, 1895, and given to secure an issue of $7,000,000 Five per Cent 50-Year Gold Bonds, numbered from 1 to 7,000, and due October 1, 1945. Under date of June 10, 1896, April 14, 1897, and December 22, 1897, the Governing Committee of the Stock Exchange adopted the recommendation of the Committee on Stock List that bonds to the amount of $6,398,000, numbered 1 to 6,398, both inclusive, be admitted to the list. The application hereby made covers 227 additional bonds, numbered consecutively from 6,399 to 6,625, both inclusive.

The mortgage under which said bonds were issued bears date of October 1, 1895; is for the amount of $7,000,000; becomes due October 1, 1945; is issued to the Central Trust Company of New York as trustee; and the bonds bear interest at the rate of five per cent per annum, coupons being paid April 1 and October 1 at the office of the Central Trust Company of New York. The property covered by the mortgage is described on pages 5-7 in the printed copy of the mortgage, paragraphs I-IV, a copy of which is herewith submitted.

The additional bonds covered by this present application were issued under authority of the board of directors. Ten of them were applied toward the purchase of ten First Mortgage Six Per Cent Bonds of the Sea View Railroad Company issued in part payment of the reconstruction of that railroad as an electric railroad, and the proceeds of the remaining 217 bonds have been applied to the cost of the construction of extensions, additions and improvements on the Brooklyn City Railroad Company, of which the Brooklyn Heights Railroad Company is the lessee, the amount of such construction expenditures being repayable by the Brooklyn City Railroad Company at the termination of the lease. Since the last application to your Committee for the listing of bonds, the equity of the Brooklyn Rapid Transit Company in such expenditures has increased $749,291 to September 30, 1898, and the money for such construction other than the proceeds of the 217 bonds referred to above has been provided out of the surplus profits of the Brooklyn Rapid Transit Company and other funds. The purposes for which these amounts were expended include the extension of the company's lines over the New York & Brooklyn Bridge, the continued conversion of tracks from horse railroad construction to electric construction, extensions of tracks and additions to power plant and car equipment.

Revenue stamps were affixed as required by law to all of the above bonds issued since July 1, 1898.

The following is a statement of the stocks, bonds and equities owned by the Brooklyn Rapid Transit Company:

Entire capital stock Brooklyn Heights Railroad Company, par value	$200,000 00
Equity in 999-year lease of Brooklyn City Railroad Company to Brooklyn Heights Railroad Company: Construction account of Brooklyn Heights Railroad Company against Brooklyn City Railroad Company for extensions and improvements on leased lines, amounting Sept. 30, 1898, to	4,387,356 79
Entire capital stock Brooklyn Queens County & Suburban Railroad Company, par value	2,060,000 00
Entire capital stock Sea Beach Railway Co., par value	650,000 00
Entire capital stock Sea View Railroad Co., par value	190,752 54
First mortgage 6 per cent bonds Sea View Railroad Company, par value	52,500 00
First consolidated mortgage 5 per cent bonds Brooklyn Queens County & Suburban Railroad Co., par value	255,000 00
* First mortgage 5 per cent bonds Brooklyn Queens County & Suburban Railroad Co., par value	2,000,000 00
* First mortgage 5 per cent bonds Brooklyn City Railroad Co., par value	1,627,000 00

* Composing guaranty fund for performance of Brooklyn City Railroad Company's lease.

Respectfully submitted,
C. L. ROSSITER, PRESIDENT.

The Committee recommended that the above-mentioned $227,000 additional Mortgage Five Per Cent Gold Coupon Bonds, Nos. 6,399 to 6,625, inclusive, be added to the amount now on the list, making total amount listed to date $6,625,000, Nos. 1 to 6,625, inclusive.

Adopted by the Governing Committee, October 26, 1898.

Union Pacific RR.—*Report of Government Directors.*—The report of the Government Directors to Secretary Bliss is quoted by the press dispatches as saying:

The Government indebtedness for subsidy bonds issued on the line of the Kansas Pacific RR., including interest to April 1, 1897, was $12,891,900; after deducting the $6,303,000 realized at the sale, there still remains due to the United States $6,588,900. Proceedings have been instituted against the Union Pacific by the Department of Justice for allowing to the United States the sum of $6,588,900, together with interest on the $12,891,900 from April 1, 1897, to Feb. 16, 1898, and also interest on $6,588,900 from Feb. 16, 1898. The value of the assets in the hands of the receivers of the Union Pacific Railway in the suit in which Oliver Ames and others are complainants, which are not covered by any specific lien or incumbrance, and which are available for the payment or part payment of the general obligations of the company which remain unsatisfied, is not exactly known, but the directors are informed such assets exceed $4,000,000 in amount. The amount of the claims which have been presented and which claim right of participation in the assets approximates $60,000, 00.—V. 67, p. 786, 790, 802.

Union Pacific Denver & Gulf Ry.—*Deposits under plan.*—At the Central Trust Co. it was stated yesterday that practically all the bonds had been deposited under the plan, and that over $26,000,000 of the stock had paid the first instalment of the assessment of $5. The balance of the assessment is payable Nov. 28.

Stockholder's suit.—Arthur Ritter, of Hoboken, holder of 100 shares of stock, brought suit this week to stop the pending reorganization on the ground that it is inequitable to the stock.—V. 67, p. 842, 843.

Union Ry.—Southern Boulevard RR.—Earnings for the quarter ending Sept. 30 were:

3 mos. ending Sept. 30—	Gross earnings.	Net earnings.	Other income.	Interest, taxes, &c.	Balance, surplus.
1898.....	$193,620	$89,123	$167	$ 69,510	$19,780
1897.....	163,017	81,322	107	35,105	46,294
SOUTHERN BOULEVARD RR.					
3 months—					
1898.....	$14,853	$8,030	.....	$4,164	$3,872
1897.....	16,956	4,270	.....	4,277	def.7

Union Ry. loans and bills payable Sept. 30, $569,226, against $473,400 on June 30.—V. 67, p. 635.

United Electric Securities Co.—*Dividends.*—The company has declared a regular semi-annual dividend of $3 50 per share on the preferred stock and a dividend of $3 50 on the preferred which was due Aug. 1, 1893, but hitherto remained unpaid. Both are payable Nov. 1.—V. 67, p. 540.

Union Tobacco of New York.—*Incorporated.*—This company, which proposes to manufacture and sell tobacco in all its forms, and to have its main office in this city, filed a certificate of incorporation with the Secretary of State, at Albany, on Tuesday. The authorized capital stock is $2,000,000 preferred and $8,000,000 common. The directors are Francis G. Ingersoll and Charles M. Billings of Manhattan, and William M. Coleman of Brooklyn. The company paid a corporation tax of $12,500. Persons interested in the American Tobacco Co. profess to have no knowledge of the enterprise.

United States Rubber Co.—*New Stock Listed—Official Statement as to the Boston Co.*—The New York Stock Exchange has listed $4,125,000 additional preferred stock and $3,500,000 additional common stock, making total amount listed to date $23,525,500 preferred stock and $23,666,000 common stock. The company's statement to the Exchange says:

These shares, together with $1,000,000 paid in cash, are in payment for the entire capital stock of $5,000,000 of the Boston Rubber Shoe Co., a Massachusetts corporation, by which purchase of stock we acquire title to the entire properties of the Boston Rubber Shoe Co. Prior to the sale of said stock, the Boston Rubber Shoe Co. issued to its stockholders $5,000,000 of 5 per cent ten-year gold debenture bonds. The property of the Boston Rubber Shoe Co. consists of two large, fully equipped factories, No. 1 situated at Malden, Mass., and No. 2 at Melrose, Mass. The daily capacity of No. 1 is 32,000 pairs of rubber boots and shoes, and of No. 2, 23,000 pairs of rubber boots and shoes, making a total of 55,000 pairs. There is upwards of 130 acres of land and 85 tenements. The number of employes at both factories is approximately 3,600. In addition to the above the company has net quick assets of a cash value of over $5,000,000.

The assets and liabilities of the Boston Rubber Shoe Co., according to its statement of May 1, 1898, were as follows:

Assets.		*Liabilities.*	
Real estate in Malden.....	$330,500	Capital stock	$5,000,000
do. Melrose	388,325	Balance profit and loss.....	1,549,162
Land and water power, buildings, machinery—		Reserve for depreciation.....	200,000
Malden	210,000		
Melrose	125,000		
Cash and debts receivable...	2,677,043		
Manufactures, materials, etc.	2,548,294		
Miscellaneous....	480,000		
Total.....	$6,749,162	Total	$6,749,162

The total net sales of the Boston Rubber Shoe Co. for the past three years have been: 1895-96, $3,768,000; 1896-97, 6,376,000; 1897-98, $7,993,000. Net earnings for the year ending May 1, 1896, $1,800,000; for the year ending May 1, 1897, $1,500,000; for the year ending May 1, 1898, $1,270,000, making the average yearly net earnings, $1,523,333. During the three years the dividends paid have been 10 per cent per annum on the capital stock of $5,000,000, which would be $500,000 per annum.—V. 67, p. 802.

West End Street Ry. of Boston.—*Called Bonds.*—Thirty Cambridge RR. 5 per cent bonds due April 1, 1903, have been drawn for payment at 105 per cent and accrued interest at the office of the New England Trust Co., Boston, on Nov. 1, 1898.—V. 66, p. 80.

Wisconsin Central Co.—*Listing of Reorganization Certificates for Junior Securities.*—The New York Stock Exchange has listed the Old Colony Trust Co. (of Boston) certificates of deposit, stamped "issued at New York Transfer Office, Manhattan Trust Co.," for $7,943,300 common stock and $2,454,200 preferred stock deposited under the agreement with the committee consisting of Francis R. Hart, Alpheus H. Hardy and I. W. Chick. The stock list committee is also empowered to add to the list from time to time additional certificates of deposit to the aggregate issue of $12,000,000 common stock and $3,000,000 preferred stock. The Manhattan Trust Co. will receive deposits and issue the above-described certificates therefor without the payment of penalty up to and including the 19th of November, 1898.

Reorganization Matters.—In its application to the Exchange the Hart Committee above referred to says: "The representatives of the various Wisconsin Central interests are earnestly endeavoring to bring about an early settlement of all matters which have delayed the reorganization of the property, and it is the intention to settle all disputed points, either by friendly discussion or by as speedy decision of competent courts as possible."—V. 67, p. 647.

York Southern RR.—*Injunction Denied.*—Judge Bittenger at York, Pa., Oct. 15, refused to interfere in the transfer of the stocks and bonds of this company to the Security Title & Trust Co.—V. 67, p. 510.

—N. W. Harris & Co. will pay dividends on a number of securities, list of which will be found in another column.

—Winslow, Lanier & Co. will pay dividends on a number of securities, a list of which will be found in another column.

—The Liberty National Bank of New York now has undivided profits of $335,900. This is an increase of $65,000 over the figures of a year ago.

—Attention is called to the list of investment bonds and guaranteed stocks advertised on page viii. by Messrs. Redmond, Kerr & Co. 41 Wall Street.

— A very interesting list of uncurrent railroad bonds is offered in another column by Messrs. F. J. Lisman & Co., specialists in this class of bonds. While this firm does not recommend these securities at all, still some issues offered by them in like manner have turned out to be very cheap. For instance, they offered in the CHRONICLE of June 12, 1897, Pittsburg & Western 2ds, at 32, recently paid off at 72½; Wisconsin Central Improvement 5s, at 28, now selling in the 50s; Wheeling & Lake Erie 4s at 34, now selling in the 40s. The list is well worthy of perusal.

The Commercial Times.

COMMERCIAL EPITOME.

FRIDAY NIGHT, Oct. 28, 1898.

Changes in the general business situation have been few and of an unimportant nature. The keen interest shown in the coming election has had a tendency to detract from business activity; merchants as a rule have continued to show a disposition to hold back, awaiting the result. The export business in breadstuffs, has continued on a large scale, although showing a slight falling off from the record-breaking demand experienced last week. The unsettled political situation in Europe had a disturbing influence in speculative circles early in the week. Subsequently, however, developments were of a more reassuring nature. Advices received from Paris have shown a French political crisis, and on Tuesday the Ministry resigned.

Lard on the spot has had only a limited sale, as both exporters and refiners have been slow buyers, and prices have gradually weakened. The close was quiet at 5·20c. for prime Western and 4·90c. for prime City. Refined lard has been quiet, and prices have declined to 5·30c. for refined for the Continent. Speculation in lard for future delivery has been spiritless, and prices have declined under large receipts of swine and in sympathy with easier markets for grain. The close was quiet.

DAILY CLOSING PRICES OF LARD FUTURES.

	Sat.	Mon.	Tues.	Wed.	Thurs.	Fri.
October delivery.....c.	5·32	5·37	5·32	5·30	5·25	5·20

Pork has had a fair sale, the demand coming principally from exporters, closing steady at $9@9 25 for mess, $12 75@14 for family and $11@13 for short clear. Cut meats have been firmer for pickled bellies, but quiet and easy for other meats; closing at 5⅞@6½c. for pickled bellies 14@10 lbs. average, 4@4¼c. for pickled shoulders and 7@7½c. for pickled hams. Beef has had only a moderate sale, but values have held steady at $8 50@9 50 for mess, $9@10 for packet, $10 50@11 for family and $14 50@15 50 for extra India mess. Beef hams have been steady at $19. Tallow has been quiet and the close was barely steady at 3⅝c. Oleo stearine has been firmer, closing at 5¼c. Lard stearine has been easier, closing at 6¼c. Cotton seed oil has weakened slightly, closing at 22½c. Butter has had a fair sale and desirable grades have been firmer, closing at 15½@23c. for creamery. Cheese has been quiet but steady at 7@9c. for State factory, full cream. Fresh eggs have advanced for desirable grades, closing at 20c. for choice Western.

Brazil grades of coffee have continued to have a slow distributing sale, and prices have been easier. There has been a fair amount of trading in the market for invoices, principally on a cost and freight basis, Rio closing at 5⅜c. for No. 7 on the spot. Sales during the week included Santos No. 4 on the spot at 6⅝c., Rio No. 7 at 5⅞c. and do. at 5½c., cost and freight. Mild grades have been quiet and unchanged at 8½c. for good Cucuta. East India growths have held steady at 24½c. for standard Java. Speculation in the market for contracts has been moderately active, but at lower prices under liquidation by tired longs, prompted by favorable crop prospects. Following are the final asking prices:

Oct	4·95c.	Jan	5·30c.	May	5·60c.
Nov	5·00c	Mar	5·50c.	July	5·70c.
Dec	5·20c.	April	5·55c.	Sept	5·80c.

Raw sugars have been in fair demand. Offerings have been limited and prices have advanced to 4 5-16c. for centrifugals, 96 deg. test, and 3 13 16c. for muscovado, 89 deg. test. Refined sugar has had a fairly large sale and some independent refiners have advanced prices ⅛c., closing at 5c. for granulated. Other staple groceries have been without changes.

Kentucky tobacco has sold slowly, but values have been well maintained. Seed leaf tobacco has been less active, but steady. Sales for the week were 1,350 cases, as follows: 400 cases 1897 crop, Wisconsin Havana, 9½@13c; 300 cases 1897 crop, Zimmers, 16@18c.; 250 cases 1897 crop, State Havanas, 10@18c.; 100 cases 1897 crop, Dutch, 17c.; 100 cases 1894 5crops, Pennsylvania seed leaf, 12½@13½c.; 100 cases 1897 crop, New England Havana, 10@16c.; 50 cases 1896 crop, New England Havana, 35@45c., and 50 cases 1896 crop, New England seed leaf, 30@37½c.; also 500 bales Havana at 53@$1 00 in bond and 150 bales Sumatra at 85@$1 05 in bond.

Straits tin has continued in fairly brisk demand and values have been well maintained, closing firm at 17·10@17·95c. Ingot copper has continued to meet with a good call and prices have held firm at 12½c. for Lake. Lead has sold slowly and prices have further declined, closing at 3·62½c for domestic. Spelter has been firmly maintained at 5·10@5·15c. for domestic. Business, however, has been limited. Pig iron has had a fairly large sale at steady prices, closing at $9 75@11 50 for domestic.

Refined petroleum has been firm, closing at 7·40c. in bbls., 4·40c. in bulk and 8·15c. in cases; naphtha steady at 7c. Crude certificates have been firmer, closing at $1 20½; credit balances have been unchanged at $1 18. Spirits turpentine has been decidedly higher, owing to absence of supplies, the stock having been destroyed by fire. The close was easier at 29½c. Rosins have also advanced for the same reason, closing at $1 45 for common and good strained. Wool has been dull and without change. Hops have continued in fair demand and firm.

COTTON.

FRIDAY NIGHT, October 28, 1898.

THE MOVEMENT OF THE CROP, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening the total receipts have reached 407,383 bales, against 422,370 bales last week and 395,905 bales the previous week, making the total receipts since the 1st of Sept., 1898, 2,269,682 bales, against 2,155,232 bales for the same period of 1897, showing an increase since Sept. 1, 1898, of 114,450 bales.

Speculation in cotton for future delivery has continued without animation, and there has been a gradual downward drift to values. Advices received from the South during the latter part of the week reported killing frosts in many sections of the cotton belt, but these reports received comparatively little attention. The movement of the crop has continued large, and this, together with selling by local dealers against free offerings from the South and liquidation by longs, prompted by nervousness over the outcome of the unsettled political European situation, resulted in lower prices early in the week. Tuesday reports of wet weather in the South stimulated some buying by shorts to cover contracts, and there was a slight recovery in values. Wednesday and Thursday, however, prices were again lower under selling against free offers of cotton from the South. Advices from Liverpool stating that indications were that the demand from the United Kingdom for actual cotton was falling off, despite the low prices ruling also had its effect against values. To-day there was a dull but steady market, prices barely changing in the absence of new developments of an important nature. The close showed prices unchanged to 1 point higher for the day. Cotton on the spot has been quiet. Prices declined 1-16c. on Monday and on Thursday. To-day the market was dull and unchanged at 5⅜c. for middling uplands.

The rates on and off middling, as established Sept. 15, 1898 by the Revision Committee, at which grades other than middling may be delivered on contract, are as follows.

Fair	c. 1 on	Good Ordinary	c. 11/16 off
Middling Fair	¾ on	Good Middling Tinged	Even
Strict Good Middling	7/16 on	Strict Middling Stained	7/32 off
Good Middling	8/16 on	Middling Stained	7/16 off
Strict Low Middling	3/16 off	Strict Low Mid. Stained	1 off
Low Middling	7/16 off	Low Middling Stained	1 3/2 off
Strict Good Ordinary	¾ off		

On this basis the official prices for a few of the grades for the past week—Oct. 22 to Oct. 28—would be as follows.

UPLANDS.	Sat.	Mon	Tues	Wed	Th.	Fri.
Good Ordinary	4 7/16	4 3/8	4 3/8	4 3/8	4 5/16	4 5/16
Low Middling	5 1/16	5	5	5	4 15/16	4 15/16
Middling	5 1/2	5 7/16	5 7/16	5 7/16	5 3/8	5 3/8
Good Middling	5 13/16	5¾	5¾	5¾	5 11/16	5 11/16
Middling Fair	6¼	6 5/16	6 3/16	6 3/16	6 1/8	6 1/8

GULF.	Sat.	Mon	Tues	Wed	Th.	Fri.
Good Ordinary	4 1/16	4 5/8	4 5/8	4 5/8	4 9/16	4 9/16
Low Middling	5 5/16	5¼	5¼	5¼	5 3/16	5 3/16
Middling	5¾	5 11/16	5 11/16	5 11/16	5 5/8	5 5/8

Middling Fair	6 1/2	6 7/16	6 7/16	6 7/16	6 3/8	6 3/8

STAINED.	Sat.	Mon	Tues	Wed	Th.	Fri.
Low Middling	4 1/8	4 1/16	4 1/16	4 1/16	4	4
Middling	5 1/16	5	5	5	4 15/16	4 15/16
Strict Middling	5 2/32	5 7/32	5 7/32	5 7/32	5 3/32	5 3/32
Good Middling Tinged	5 1/2	5 7/16	5 7/16	5 7/16	5 3/8	5 3/8

The quotations for middling upland at New York on Oct. 28 for each of the past 32 years have been as follows.

1898	c. 5 3/8	1890	c. 6.10	1882	c. 6.10 11/16	1874	c. 6.14 3/8
1897	6 1/16	1889	10 1/2	1881	11 5/8	1873	15 1/4
1896	7 15/16	1888	9 13/16	1880	11 1/16	1872	19 7/8
1895	8 11/16	1887	9 5/8	1879	11 1/4	1871	18 3/8
1894	5 13/16	1886	9 1/4	1878	9 1/2	1870	16 3/4
1893	8 3/16	1885	9 11/16	1877	11 1/4	1869	26 1/4
1892	8 1/4	1884	9 3/4	1876	11 1/8	1868	25 1/2
1891	8 3/8	1883	10 5/8	1875	14 3/8	1867	20

NOTE.—On Oct. 1, 1874, grades of cotton as quoted were changed. According to the new classification Middling was on that day quoted 3/8c. lower than Middling of the old classification.

MARKET AND SALES.

The total sales of cotton on the spot each day during the week are indicated in the following statement. For the convenience of the reader we also add columns which show at a glance how the market for spots and futures closed on same days.

	Spot Market Closed.	Futures Market Closed.	Sales of Spot & Contract.

☞ The imports into Continental ports the past week have been 81,000 bales.

The above figures indicate an *increase* in the cotton in sight to-night of 811,573 bales as compared with the same date of 1897, a gain of 232,534 bales over the corresponding date of 1896 and an excess of 22,939 bales over 1895.

AT THE INTERIOR TOWNS the movement—that is the receipts for the week and since September 1, the shipments for the week and the stocks to-night, and the same items for the corresponding period of 1897—is set out in detail below.

Towns.	Movement to October 28, 1898.				Movement to October 29, 1897.

* Last year's figures are for Columbia, S. C.

The above totals show that the interior stocks have *increased* during the week 54,352 bales, and are to-night 161,629 bales *more* than at the same period last year. The receipts at all the towns have been 53,185 bales *more* than the same week last year and since Sept. 1 they are 281,493 bales *more* than for the same time in 1897.

OVERLAND MOVEMENT FOR THE WEEK AND SINCE SEPT. 1.—We give below a statement showing the overland movement for the week and since Sept. 1, as made up from telegraphic reports received Friday night. The results for the week ending Oct. 28 and since Sept. 1 in the last two years are as follows.

October 28	1898.		1897	
	Week	Since Sept. 1	Week.	Since Sept. 1
Shipped—				
Via St. Louis	24,731	109,889	36,759	144,369
Via Cairo	11,151	50,686	12,672	59,607
Via Parker	.....	465	.....	2,472
Via Rock Island	3,798	12,526	2,211	5,676
Via Louisville	4,247	18,944	2,539	13,148
Via Cincinnati	2,609	13,581	4,492	11,036
Via other routes, &c.	4,362	18,248	6,049	16,310
Total gross overland	50,800	219,874	65,126	252,617
Deduct shipments—				
Over and to N. Y., Boston, &c.	18,594	45,470	9,904	37 613
Between interior towns	148	1,863	274	1,727
Inland, &c., from South	1,062	7,121	780	7,315
Total to be deducted	19,624	54,404	10,908	46,655
Leaving total net overland*	31,206	164,470	54,218	205,962

* Including movement by rail to Canada.

The foregoing shows that the week's net overland movement this year has been 31,206 bales, against 54,218 bales for the week in 1897, and that for the season to date the aggregate net overland exhibits a decrease from a year ago of 41,492 bales.

The closing quotations to-day (Friday) at other important Southern markets were as follows.

Athens	5 1/16	Columbus, Miss	4 5/8	Nashville	4 7/8
Atlanta	4 15/16	Eufaula	.....	Natchez	4 15/16
Charlotte	4 3/4	Little Rock	4 1/2	Raleigh	5
Columbus, Ga.	4 5/8	Montgomery	4 5/8	Shreveport	4 1/2

WEATHER REPORTS BY TELEGRAPH.—Our telegraphic advices this evening indicate that the temperature has been lower at the South during the week, with killing frost at many points. The precipitation has generally been light. The gathering of the crop has made excellent progress, and cotton is being freely marketed.

Galveston, Texas.—We have had a trace of rain on one day during the week. The thermometer has averaged 56, the highest being 78 and the lowest 34.

Palestine, Texas.—There has been rain on one day during the week, to the extent of one hundredth of an inch. The thermometer has averaged 57, ranging from 34 to 80.

Huntsville, Texas.—We have had no rain during the week. The thermometer has ranged from 37 to 81, averaging 59.

Dallas, Texas.—Dry all the week and cold latterly. Average thermometer 57, highest 81 and lowest 32.

San Antonio, Texas.—We have had no rain the past week. Minimum temperature 38.

Luling, Texas.—There has been no rain the past week. The thermometer has averaged 59, ranging from 35 to 85.

Columbia, Texas.—Freezing on the 27th and 28th. It has rained on one day of the week to an inappreciable extent. The thermometer has ranged from 31 to 82, averaging 57.

Cuero, Texas.—There has been no rain during the week. Average thermometer 56, highest 81 and lowest 31.

Brenham, Texas.—We have had no rain during the week. The thermometer has averaged 61, the highest being 83 and the lowest 38.

Corpus Christi, Texas.—Cold weather on the 27th and 28th. We have had no rain during the week. The thermometer has averaged 63, ranging from 46 to 80.

Weatherford, Texas.—Freezing weather on the 22d. We have had no rain the past week. Average thermometer 59, highest 86, lowest 31.

New Orleans, Louisiana.—There has been no rain during the week. The thermometer has averaged 57.

Shreveport, Louisiana.—It has rained on one day of the week, the precipitation reaching two hundredths of an inch. The thermometer has averaged 52, ranging from 35 to 73.

Columbus, Mississippi.—Killing frost occurred on the 27th. Negroes are very slow about picking. There has been no rain during the past week. The thermometer has ranged from 30 to 84, averaging 70.

Greenville, Mississippi.—Weather clear and colder.

Meridian, Mississippi.—Frost has occurred on a few days and ice formed Thursday. All late and bottom-land cotton is stated to have been killed. Loss 10 per cent or more. The thermometer here ranged from 29 to 65.

Vicksburg, Mississippi.—Rain has fallen during the week, but to an inappreciable extent. The thermometer has averaged 52·5, the highest being 73 and the lowest 36.

Little Rock, Arkansas.—There has been rain on one day the past week, the precipitation reaching three hundredths of an inch. The thermometer has averaged 49, ranging from 32 to 72.

Helena, Arkansas.—Frost has killed cotton; no more making. Much cotton in the field but pickers are scarce and weather too cold. We have had rain on two days of the week to the extent of nine hundredths of an inch. The thermometer has ranged from 30 to 75, averaging 48.

Memphis, Tennessee.—Killing frost occurred on Saturday morning, or four days earlier than the average date. Rain has fallen on two days of the week, to the extent of five hundredths of an inch. Average thermometer 49 7, highest 68 and lowest 34·0.

Mobile, Alabama.—Reports from the interior are to the effect that heavy to killing frosts occurred early in the week and freezing weather yesterday and to-day. There has been rain on one day during the week, to the extent of eighteen hundredths of an inch. The thermometer has averaged 53, ranging from 37 to 74.

Montgomery, Alabama.—Frost has occurred on four days, on two of which, yesterday and to-day, it was killing. Picking and marketing continue active, and the crop turns out

larger than formerly reported. We have had rain during the week, the precipitation being four hundredths of an inch. The thermometer has ranged from 34 to 75, averaging 54.

Selma, Alabama.—Killing frost occurred on Oct. 27, which compares with November 30 last year. Rain has fallen on three days of the week, to the extent of eighty hundredths of an inch. Average thermometer 52, highest 72 and lowest 29.

Madison, Florida.—It has rained on one day of the week, the rainfall reaching fifty hundredths of an inch. The thermometer has averaged 62, ranging from 39 to 82.

Savannah, Georgia. There has been rain on four days during the week, the rainfall reaching sixty-seven hundredths of an inch. The thermometer has ranged from 39 to 80, averaging 60.

Augusta, Georgia.—Killing frost on the 27th. We have had rain on two days of the week, the rainfall being eighty-five hundredths of an inch. Average thermometer 55, highest 81, lowest 35.
